The Double Tongue William Golding 2013-03-21 With an introduction by Meg Rosoff William Golding's final novel, left in draft at his death, tells the story of a priestess of Apollo. Arieka is one of the last to prophesy at Delphi, in the shadowy years when the Romans were securing their grip on the tribes and cities of Greece. The plain, unloved daughter of a local grandee, she is rescued from the contempt and neglect of her family by her Delphic role. Her ambiguous attitude to the god and her belief in him seem to move in parallel with the decline of the god himself - but things are more complicated than they appear. 'A remarkable work ... A compelling storyteller as well as a clear-eyed philosopher of the dangerous puzzles of being human.' The Times 'A wonderful central character. The story stretches out as clean and dry and clear as the beach in Lord of the Flies.' Independent 'Feline, deadpan and at moments hilarious.' Observer

Everything, Everything Nicola Yoon 2015-09-01 Risk everything . . . for love with this #1 New York Times bestseller. What if you couldn't touch anything in the outside world? Never breathe in the fresh air,

feel the sun warm your face . . . or kiss the boy next door? In *Everything, Everything*, Maddy is a girl who's literally allergic to the outside world, and Olly is the boy who moves in next door . . . and becomes the greatest risk she's ever taken. My disease is as rare as it is famous. Basically, I'm allergic to the world. I don't leave my house, have not left my house in seventeen years. The only people I ever see are my mom and my nurse, Carla. But then one day, a moving truck arrives next door. I look out my window, and I see him. He's tall, lean and wearing all black—black T-shirt, black jeans, black sneakers, and a black knit cap that covers his hair completely. He catches me looking and stares at me. I stare right back. His name is Olly. Maybe we can't predict the future, but we can predict some things. For example, I am certainly going to fall in love with Olly. It's almost certainly going to be a disaster. *Everything, Everything* will make you laugh, cry, and feel everything in between. It's an innovative, inspiring, and heartbreakingly romantic debut novel that unfolds via vignettes, diary entries, illustrations, and more. And don't miss Nicola Yoon's *The Sun Is Also A Star*, the #1 New York Times bestseller in which two teens are brought together just when it seems like the universe is sending them in opposite directions.

Fame, fortune, alcoholism, a failing marriage: for novelist Wilfred Barclay, his final unbearable irritation is his would-be-biographer, the young academic Professor Rick L. Tucker, who is determined to become The Barclay Man. Locked in a lethal relationship, the two men stumble across Europe, shedding wives, self-respect and identities in a game of literary cat and mouse - and the climax of their odyssey, when it comes, is as inevitable as it is unexpected . . . 'A complex literary comedy from an extraordinarily powerful writer, which holds us right through to the end.' Malcolm Bradbury 'Rich as a compost heap . . . It moves you and at times it can shake you.' Melvyn Bragg '[Golding's] splendid comic gift is used to often hilarious effect, running the whole gamut of comedy, from irony to farce . . . The Spire William Golding 2013-11-05 Succumb to one churchman's apocalyptic vision in this prophetic tale by the radical Nobel Laureate and author of *Lord of the Flies*, William Golding (recorded by Benedict Cumberbatch as an audiobook). There were three sorts of people. Those who ran, those who stayed, and those who were built in. Dean Jocelin has a vision: that God has chosen him to erect a great spire. His master builder fearfully advises against it, for the old cathedral was miraculously built without foundations. But Jocelin is obsessed with fashioning his prayer in stone. As his halo of hair grows wilder and his dark angel darker, the spire rises octagon upon octagon, pinnacle by pinnacle, watched over by the gargoyles - until the stone pillars shriek, the earth beneath creeps, and the spire's shadow falls like an axe on the medieval world below ... 'Astounding ... So recklessly beautiful, so sad and so strange ... Holds such a place in my soul that it's more or less a sacred text.' Sarah Perry 'A kind of miracle ... Genius.' *Guardian* 'Quite simply, a marvel.' *NYRB* 'Superb ... A classic.' Rebecca West 'A master fabulist .. An iconoclast.' John Fowles 'A visionary ... His masterwork [of] faith, folly and desperate desire ... Golding at his best.' Benjamin Myers

'Golding depicts with subtle skill all the pains of growing up and growing old. He treats us to some superb comic episodes.' *Daily Telegraph* 'Golding's most approachable novel and a curiously personal one, that returns to the mind again and again as if the shames and idylls were one's own.' *Guardian* 'Neatly drawn, funny and touching . . . The snap, the tang, and the tension in Golding's prose is always a pleasure.' Harper's

Closing the Writing Gap Alex Quigley 2022-05-16 This book explains seven critical steps to improve children's writing. Though seemingly 'natural', writing proves devilishly difficult for far too many school pupils and closing this gap can have a lasting impact on their academic and life success. With the goal of giving every teacher the knowledge and skill to teach writing with confidence, it makes sense of the history and 'science' of writing, synthesising the debates and presenting a wealth of usable evidence about how children develop most efficiently as successful writers. It trains teachers to be an expert in how pupils learn to write, from the big picture of planning, editing and revising your writing, to the vital importance of grammar and spelling with accuracy. Highly practical strategies and easy-to-use classroom activities are included to help teachers seize opportunities across the curriculum every school day to teach the critical writing process. The Threat of Pandemic Influenza Institute of Medicine 2005-04-09 Public health officials and organizations around the world remain on high alert because of increasing concerns about the prospect of an influenza pandemic, which many experts believe to be inevitable. Moreover, recent problems with the availability and strain-specificity of vaccine for annual flu epidemics in some countries and the rise of pandemic strains of avian flu in disparate geographic regions have alarmed experts about the world's ability to prevent or contain a human pandemic. The workshop summary, *The Threat of Pandemic Influenza: Are We Ready?* addresses these urgent concerns. The report describes what steps the United States and other countries have taken thus far to prepare for the next outbreak of "killer flu." It also looks at gaps in readiness, including hospitals' inability to absorb a surge of patients and many nations' incapacity to monitor and detect flu outbreaks. The report points to the need for international agreements to share flu vaccine and antiviral stockpiles to ensure that the 88 percent of nations that cannot manufacture or stockpile these products have access to them. It chronicles the toll of the H5N1 strain of avian flu currently circulating among poultry in many parts of Asia, which now accounts for the culling of millions of birds and the death of at least 50 persons. And it compares the costs of preparations with the costs of illness and death that could arise during an outbreak.

But their destinies will soon collide in an apocalyptic climax - one that illuminates the inner and outer darkness of modern humanity. 'Exceptional ... Irresistibly transcendent ... Golding seduces us. He transfixes, bewitches and confounds us.' Nicola Barker 'Extraordinary ... A hallucinatory, incantatory force ... Obsessed Allison Britz 2017-09-19 A brave teen recounts her debilitating struggle with obsessive-compulsive disorder—and brings readers through every painful step as she finds her way to the other side—in this powerful and inspiring memoir. Until sophomore year of high school, fifteen-year-old Allison Britz lived a comfortable life in an idyllic town. She was a dedicated student with tons of extracurricular activities, friends, and loving parents at home. But after awakening from a vivid nightmare in which she was diagnosed with brain cancer, she was convinced the dream had been a warning. Allison believed that she must do something to stop the cancer in her dream from becoming a reality. It started with avoiding sidewalk cracks and quickly grew to counting steps as loudly as possible. Over the following weeks, her brain listed more dangers and fixes. She had to avoid hair dryers, calculators, cell phones, computers, anything green, bananas, oatmeal, and most of her own clothing. Unable to act “normal,” the once-popular Allison became an outcast. Her parents questioned her behavior, leading to explosive fights. When notebook paper, pencils, and most schoolbooks were declared dangerous to her health, her GPA imploded, along with her plans for the future. Finally, she allowed herself to ask for help and was diagnosed with obsessive-compulsive disorder. This brave memoir tracks Allison’s descent and ultimately hopeful climb out of the depths.

Edible Insects Arnold van Huis 2013 Edible insects have always been a part of human diets, but in some societies there remains a degree of disdain and disgust for their consumption. Insects offer a significant opportunity to merge traditional knowledge and modern science to improve human food security worldwide. This publication describes the contribution of insects to food security and examines future prospects for raising insects at a commercial scale to improve food and feed production, diversify diets, and support livelihoods in both developing and developed countries. Edible insects are a promising alternative to the conventional production of meat, either for direct human consumption or for indirect use as feedstock. This publication will boost awareness of the many valuable roles that insects play in sustaining nature and human life, and it will stimulate debate on the expansion of the use of insects as food and feed.

A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That's what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That's where Will's now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother's gun. He gets on the elevator, seventh floor, stoked. He knows who he's after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that's when Will sees that one bullet is missing. And the only one who could have fired Shawn's gun was Shawn. Huh. Will didn't know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck's in the elevator? Just as Will's trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck's cigarette. Will doesn't know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, Long Way Down is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.
