Anders Edström : Hanezawa gardens Anders Edström 2015-11-01 Hanezawa garden' is an illicit trail through a walled garden in Tokyo, between thick foliage, slender bamboo and semi-inhabited outhouses, their plastic roofs heavy with leaves, as if reclaimed by the jealous trees. The protagonist, like a detective, catalogues the garden obsessively, registering strange and peripheral details: a sealed cardboard box, lingering on a sill, or the receding body of a workman.0Time is loose, and the seasons slip by. The sightlines through Hanezawa are multiple and mutable, and the assembled images grow in weight through repetition and proximity. The minor characters of this elusive narrative are ordinary objects: a shell, half buried in the soil, whose brief significance is acute and unreadable, before it slips back into entropy. The surfaces, too, are iridescent, ungovernable - garden huts with smeared panes that reflect sky or reveal the bulge of something, vegetating, behind. The windows, like the images themselves, always promise something - a revelation - just out of reach.0'Hanezawa garden' was demolished by the real estate developer Mitsubishi Estate in 2012, despite countless attempts by local residence to preserve the house and gardens.

Art School Steven Henry Madoff 2009-09-11 Leading international artists and art educators consider the challenges of art education in today's dramatically changed art world. The last explosive change in art education came nearly a century ago, when the German Bauhaus was formed. Today, dramatic changes in the art world—its increasing professionalization, the pervasive power of the art market, and fundamental shifts in art-making itself in our post-Duchampian era—combined with a revolution in information technology, raise fundamental questions about the education of today's artists. *Art School* (Propositions for the 21st Century) brings together more than thirty leading international artists and art educators to reconsider the practices of art education in academic, practical, ethical, and philosophical terms. The essays in the book range over continents, histories, traditions, experiments, and fantasies of education. Accompanying the essays are conversations with such prominent artist/educators as John Baldessari, Michael Craig-Martin, Hans Haacke, and Marina Abramovic, as well as questionnaire responses from a dozen important artists—among them Mike Kelley, Ann Hamilton, Guillermo Kuitca, and Shirin Neshat—about their own experiences as students. A fascinating analysis of the architecture of major historical art schools throughout the world looks at the relationship of the principles of their designs to the principles of the pedagogy practiced within their halls. And throughout the volume, attention is paid to new initiatives and proposals about what an art school can and should be in the twenty-first century—and what it shouldn't be. No other book on the subject covers more of the questions concerning art education today or offers more insight into the pressures, challenges, risks, and opportunities for artists and art educators in the years ahead. Contributors Marina Abramovic, Dennis Adams, John Baldessari, Ute Meta Bauer, Daniel Birnbaum, Saskia Bos, Tania Bruguera, Luis Camnitzer, Michael Craig-Martin, Thierry de Duve, Clémentine Deliss, Charles Esche, Liam Gillick, Boris Groys, Hans Haacke, Ann Lauterbach, Ken Lum, Steven Henry Madoff, Brendan D. Violence Girl Alice Bag 2011-09-27 The birth of the 1970's punk movement as seen through the eyes of Chicana feminist and punk musician Alice Bag.

On the Road with Bob Dylan Larry Sloman 2010-06-09 Hailed as “the War and Peace of rock and roll” by Bob Dylan himself, this is the ultimate backstage pass to Dylan’s legendary 1975 tour across America—by a former Rolling Stone reporter prominently featured in Martin Scorsese’s Netflix documentary *Rolling Thunder Revue: A Bob Dylan Story*. In 1975, as Bob Dylan emerged from eight years of seclusion, he dreamed of putting together a traveling music show that would trek across the country like a psychedelic carnival. The dream became reality, and *On the Road with Bob Dylan* is the behind-the-scenes look at what happened when Dylan and the Rolling Thunder Revue took to the streets of America. With the intimate detail of a diary, Larry “Ratso” Sloman’s mesmerizing account both transports us to a celebrated period in rock history and provides us with a vivid snapshot of Dylan during this extraordinary time. This reissue of the 1978 classic resonates more than ever as it chronicles one of the most glittering rock circuses ever assembled, with a cast that includes Joan Baez, Robbie Robertson, Joni Mitchell, Allen Ginsberg, Ramblin’ Jack Elliott, and a wild entourage of groupies, misfits, sinners, and saints who trailed along for the ride. Sloman candidly captures the all-night revelry and musical prowess—from the backstage antics to impromptu jams—that made the tour a nearly mystical experience. Complete with vintage photos and a new introduction by renowned Texas musician, mystery writer, and Revue member Kinky Friedman, this is an unparalleled treat for Dylan fans old and new. Without question, *On the Road with Bob Dylan* is a remarkable, revealing piece of writing and a rare up-close and personal view of Dylan on tour.

Profit with Honor Daniel Yankelovich 2008-10-01 This wise and optimistic book examines the rampant scandals that plague American corporations today and shows how companies can reverse the resulting climate of mistrust. By seizing the opportunity to address some of the nation's—and the world's—most serious problems, business can strengthen its reputation for integrity and service and advance to a new stage of ethical legitimacy. Daniel Yankelovich, a social scientist and an experienced member of the corporate boardroom, describes the toxic convergence of cultural and business trends that has led inexorably to corporate scandals. Yet he offers reassurance that opportunity exists for positive change. Creative business leaders can advance market capitalism to its next stage of evolution, building upon business norms that simultaneously emphasize the legitimacy of profit making and the importance of the care that companies give to employees, customers, and the larger society. The book asserts that American culture has abandoned its old tradition of enlightened self-interest, of “doing well by doing good.” A narrow legalism has taken over (“I didn’t break the law; therefore I didn’t do anything wrong”). Yankelovich argues that attempts to deal with such flawed ethical norms by means of more laws and regulations cannot succeed. He offers a series of case histories to show how and why stewardship ethics can strengthen individuals, corporations, the nation, and the world economy.

A History of Crime Dinah Holman 2014-05 "The most dangerous people are those with the most to lose. It is 1887. The young colony of New Zealand is in the grip of a deep depression. Insolvent speculators conspire with corrupt politicians while Maori land slips from the hands of its owners. Into this

landscape of barely suppressed conflict steps a young Anglo-French-Maori soprano, visiting New Zealand for the first time. Frederique Bonnell - known to her family as Riki - meets another performer, the Italian tenor Francesco Bartellin. Unofficially, Bartellin has been persuaded to spy on lawyer Thomas Russell and his powerful associates, whose tentacles penetrate the political establishment. Riki is pitched into this treacherous underworld when she witnesses the attempted murder of Kaituhi, a young Maori man apprehended in Russell's shipboard cabin. Kaituhi and Riki are thrown overboard yet manage to save each other's lives. Their plans to expose Russell are complicated by a growing attraction between Riki and Bartellin. There are three murders as a noose of suspicion closes around them. A breathless pursuit through the wilderness leads to further attempts on Riki's life and an unexpected intervention by Signor Bartellin. Mingling timeless themes of misunderstanding and betrayal, *A History of Crime* interweaves real and fictional crimes in 19th century New Zealand. It explores the seamy side of Victorian society, with echoes that resonate into the present day"--Back cover.

Like Normal People Karen E. Bender 2015-12-01 This "luminous, meditative novel on the boundaries between childhood, adulthood, and old age" follows one day in the lives of three generations of women (Entertainment Weekly). *Like Normal People* charts a family constellation that revolves around an off-kilter center: Lena is forty-eight years old, but mentally locked in childhood. Moving deftly between present and past, the novel follows Lena's day-long escape from her residential home with her troubled twelve-year-old niece. While this odd couple takes refuge on a honky-tonk southern California beach, Lena's widowed mother, Ella, goes in search of them. In the process, Ella relives her own life's dreams and disappointments: her marriage to a sweet, loving shoe salesman; her discovery of Lena's disability; and her aching attempts to give her daughter a "normal" childhood. For so long, Lena has been the focus of Ella's world—but now, she must contemplate the prospect of letting her daughter go. Covering three entire lifetimes in the course of one day, this powerful, emotional story from the author of *Refund*, a National Book Award finalist, is "an uplifting and bittersweet testament to uncompromising love" (The New York Post).

Small Firms in Tourism Rhodri Thomas 2013-06-17 This book provides a varied collection of recent research relating to small businesses in tourism. In doing so it reflects the eclecticism of interest and method associated with this under-researched and under-theorised area of investigation. Topics range from the potential contribution of small firms to achieving social or economic goals to understanding more about business performance and growth. As is common in tourism research, disciplinary boundaries are routinely transgressed in the interests of gaining greater illumination. Insights from a variety of countries are offered, sometimes as a result of trans-national collaboration initiated specifically for this book.
