Vinyl Junkies Brett Milano 2003-11-10 Not too far away from the flea markets, dusty attics, cluttered used record stores and Ebay is the world of the vinyl junkies. Brett Milano dives deep into the piles of old vinyl to uncover the subculture of record collecting. A vinyl junkie is not the person who has a few old 45s shoved in the cuboard from their days in high school. Vinyl Junkies are the people who will travel over 3,000 miles to hear a rare b-side by a German band that has only recorded two songs since 1962, vinyl junkies are the people who own every copy of every record produced by the favorite artist from every pressing and printing in existence, vinyl junkies are the people who may just love that black plastic more than anything else in their lives. Brett Milano traveled the U.S. seeking out the most die-hard and fanatical collectors to capture all that it means to be a vinyl junkie. Includes interviews with Thurston Moore of Sonic Youth, Peter Buck from R.E.M and Robert Crumb, creator of Fritz the cat and many more underground comics.

**All Good People Here** Ashley Flowers 2022-08-16 #1 NEW YORK TIMES BESTSELLER • In the propulsive debut novel from the host of the #1 true crime podcast Crime Junkie, a journalist uncovers her hometown's dark secrets when she becomes obsessed with the unsolved murder of her childhood neighbor—and the disappearance of another girl twenty years later. You can't ever know for sure what happens behind closed doors. Everyone from Wakarusa, Indiana, remembers the infamous case of January Jacobs, who was discovered in a ditch hours after her family awoke to find her gone. Margot Davies was six at the time, the same age as January—and they were next-door neighbors. In the twenty years since, Margot has grown up, moved away, and become a big-city journalist. But she's always been haunted by the feeling that it could've been her. And the worst part is, January's killer has never been brought to justice. When Margot returns home to help care for her uncle after he is diagnosed with early-onset dementia, she feels like she's walked into a time capsule. Wakarusa is exactly how she remembers—genial, stifled, secretive. Then news breaks about five-year-old Natalie Clark from the next town over, who's gone missing under circumstances eerily similar to January's. With all the old feelings rushing back, Margot vows to find Natalie and to solve January's murder once and for all. But the police, Natalie's family, the townspeople—they all seem to be hiding something. And the deeper Margot digs into Natalie's disappearance, the more resistance she encounters, and the colder January's case feels. Could January's killer still be out there? Is it the same person who took Natalie? And what will it cost to finally discover what truly happened that night twenty years ago? Twisty, chilling, and intense, *All Good People Here* is a searing tale that asks: What are your neighbors capable of when they think no one is watching?

*Human Chemistry (Volume One)* Libb Thims 2007-09-01 Human chemistry is the study of bond-forming and bond-breaking reactions between people and the structures they form. People often speak of having either good or bad chemistry together: whereby, according to consensus, the phenomenon of love is a chemical reaction. The new science of human chemistry is the study of these reactions. Historically, human chemistry was founded with the 1809 publication of the classic novella *Elective Affinities*, by German polymath Johann von Goethe, a chemical treatise on the origin of love. Goethe based his human chemistry on Swedish chemist Torbern Bergman's 1775 chemistry textbook *A Dissertation on Elective Attractions*, which itself was founded on Isaac Newton's 1687 supposition that the cause of chemical phenomena may 'all depend upon certain forces by which the particles of bodies, by some causes hitherto unknown, are either mutually impelled towards each other, and cohere in regular figures, or are repelled and recede from one another'; which thus defines life.

**Your Fierce Love** Layla Hagen 2017-07-31 They say Blake Bennett is downright irresistible. They're mostly right. I've never had to work too hard to fill my bed. One smile is usually all it takes. I like it like that. With the men of my family dropping like flies into true love and marriage, it's nice to know one of us can still maintain the famous Bennett bachelor lifestyle. Even if they are starting to pressure me to join them. So how has Clara Abernathy managed to resist all my charms? Her sweetness and sass are a lethal combination, and I'm dying for just one taste. Our family has treated her like one of our own for years. After spending her life in group homes, we've given her a place to belong. And after she needs a place to stay, I offer her a literal home next door to me. Yeah, maybe hooking up with me would be crossing a line. Just a little. I know family friends are off-limits. She has professional conflicts on top of it. But she's filling a hole in me I didn't even know I had. Soon I have this bizarre compulsion to make her this happy too. I've always liked bending the rules, but will this be the one that finally breaks me?

Placebo Junkies J.C. Carleson 2015-10-27 Going Bovine meets Trainspotting in this gritty portrait of at-risk teens gaming the prescription drug trial system. Meet Audie: Professional lab rat. Guinea pig. Serial human test subject. For Audie and her friends, "volunteering" for pharmaceutical drug trials means a quick fix and easy cash. Sure, there's the occasional nasty side effect, but Audie's got things under control. If Monday's pill causes a rash, Tuesday's ointment usually clears it right up. Wednesday's injection soothes the sting from Tuesday's "cure," and Thursday's procedure makes her forget all about Wednesday's headache. By the time Friday rolls around, there's plenty of cash in hand and perhaps even a slot in a government-funded psilocybin study, because WEEKEND! But the best fix of all is her boyfriend, Dylan, whose terminal illness just makes them even more compatible. He's turning eighteen soon, so Audie is saving up to make it an unforgettable birthday. That means more drug trials than ever before, but Dylan is worth it. No pain, no gain, Audie tells herself as the pills wear away at her body and mind. No pain, no gain, she repeats as her grip on reality starts to slide. . . . Raw and irreverent, Placebo Junkies will captivate readers until the very end, when author J. C. Carleson leans in for a final twist of the knife.

**Trust** Alphonso Lingis 2004 Trust is inherent in travel. We ask a stranger for directions, or for a ride. We live among people whose language, culture, and motivations we don't understand. Trust binds us to another with an intoxicating energy; it is brave, giddy, joyous, and lustful. A sudden attraction careens into sexual surrender, and trust becomes unconditional. Trust laughs at danger and leaps into the unknown. The author of *Abuses and Foreign Bodies*, Alphonso Lingis has traveled the globe for many years, and in *Trust* he reflects on journeys from Latin America to Asia to Antarctica. Whether feeding chocolate sauce and tuna to the baboons who visit his campsite in Ethiopia, celebrating the millennial New Year in Mongolia, or indulging in a passionate love affair in Vietnam, Lingis evaluates what happens around him and how it affects him and others. From these experiences he gains new understandings about spirituality, masculinity, love, death, ecstasy, and change. In the tradition of such international travelers as Paul Theroux, Pico Iyer, and Ryszard Kapuscinski, and with insight reminiscent of John Berger and Joan Didion, Lingis shares both the private revelations and the universal connections he acquires on his exotic journeys. "Travel far enough," he concludes, "and we find ourselves happily back in the infantile world"-where trust is ultimate. Alphonso Lingis is author of *The Community of Those Who Have Nothing in Common*, *Dangerous Emotions*, *Abuses*, and *Foreign Bodies*. He is professor emeritus of philosophy at Pennsylvania State University.

**Chasing Rocky** J.P. Flain 2011-12-08 Boxers do what the vast majority of us will never do: they stand toe-to-toe and try to inflict as much punishment upon each other as possible. In *Chasing Rocky*, J. P. Flain, a suburban father of two and cohost of *The Sports Junkies* on 106.7 *The Fan* in Washington, DC, became a part of that small percentage of people drawn to become a boxer. What started as a crazy idea from the arena seats of a professional boxing match transforms into a personal challenge that the deejay cannot ignore. This memoir follows the journey of this average Joe who chases his dream and discovers there's more to boxing than what can be seen inside the ropes. *Chasing Rocky* narrates Flain's foray into the boxing world, where he encounters a dubious boxing promoter who

sees only dollar signs, a no-nonsense trainer who tests his resolve, an aspiring pro who longs for a title shot, and an icon who has inspired millions. Chasing Rocky presents an inside look at the brutal training boxers endure. From facing fears to dealing with the pain of getting punched, Flaim tackles the sacrifices boxers make and explores the promotional aspects from choosing the perfect heel to creating a grand ring entrance. He shows what happens when the bell sounds and a radio promotion idea becomes a boxing reality.

*Check the Technique* Brian Coleman 2009-03-12 A Tribe Called Quest • Beastie Boys • De La Soul • Eric B. & Rakim • The Fugees • KRS-One • Pete Rock & CL Smooth • Public Enemy • The Roots • Run-DMC • Wu-Tang Clan • and twenty-five more hip-hop immortals It's a sad fact: hip-hop album liners have always been reduced to a list of producer and sample credits, a publicity photo or two, and some hastily composed shout-outs. That's a damn shame, because few outside the game know about the true creative forces behind influential masterpieces like PE's *It Takes a Nation of Millions*. . . , De La's *3 Feet High and Rising*, and Wu-Tang's *Enter the Wu-Tang (36 Chambers)*. A longtime scribe for the hip-hop nation, Brian Coleman fills this void, and delivers a thrilling, knockout oral history of the albums that define this dynamic and iconoclastic art form. The format: One chapter, one artist, one album, blow-by-blow and track-by-track, delivered straight from the original sources. Performers, producers, DJs, and b-boys—including Big Daddy Kane, Muggs and B-Real, Biz Markie, RZA, Ice-T, and Wyclef—step to the mic to talk about the influences, environment, equipment, samples, beats, beefs, and surprises that went into making each classic record. Studio craft and street smarts, sonic inspiration and skate ramps, triumph, tragedy, and take-out food—all played their part in creating these essential albums of the hip-hop canon. Insightful, raucous, and addictive, *Check the Technique* transports you back to hip-hop's golden age with the greatest artists of the '80s and '90s. This is the book that belongs on the stacks next to your wax. "Brian Coleman's writing is a lot like the albums he covers: direct, uproarious, and more than six-fifths genius." —Jeff Chang, author of *Can't Stop Won't Stop* "All producers and hip-hop fans must read this book. It really shows how these albums were made and touches the music fiend in everyone." —DJ Evil Dee of *Black Moon* and *Da Beatminerz* "A rarity in mainstream publishing: a truly essential rap history." —Ronin Ro, author of *Have Gun Will Travel*
