Biography of the Tripitaka Master of the Great Ci'en Monastery of the Great Tang Dynasty, A 1995-08 The Tripitaka Master Xuanzang (A.D. 600-64), whose deeds and career as a Buddhist monk are described in this biography, was a prominent figure not only in the history of Buddhist learning but also in other fields of culture. He played a role in the establishment of friendly contacts between China and the countries through which he traveled in search of more knowledge of Buddhism and incidentally but not insignificantly provided posterity with data of historical value in his detailed records about regions in central Asia and particularly in ancient India. He is thus respected not only by the Buddhists and people of China but also by the peoples of other eastern Asian countries who have benefited from the Buddhist lore that he acquired through many hardships and perils during his seventeen-year journey, from 629 to 645, in foreign lands. Because of his translation of Buddhist text into Chinese, Xuanzang was an epoch-making figure in the history of Buddhism in China. Huili, the author of this biography, was born in 614 and became a monk at the age of fifteen. Out of his admiration for the Venerable Xuanzang, he wrote this biography about how the Master went to India to seek Buddhist texts and translate them into Chinese. The biography relates events up

to the Master's arrival in the capital at the conclusion of his return journey from India and was compiled and edited by the monk Yancong, who added five fascicles to the original to relate the Master's activities after his return to China up to his death. He thus produced a more complete biography of the Venerable Tripitaka Master Xuanzang, which is presented here in the English version.

The Cost of Living Arundhati Roy 1999 From the bestselling author of "The God of Small Things" comes a scathing and passionate indictment of big government's disregard for the individual. In her Booker Prize-winning novel, "The God of Small Things," Arundhati Roy turned a compassionate but unrelenting eye on one family in India. Now she lavishes the same acrobatic language and fierce humanity on the future of her beloved country. In this spirited polemic, Roy dares to take on two of the great illusions of India's progress: the massive dam projects that were supposed to haul this sprawling subcontinent into the modern age--but which instead have displaced untold millions--and the detonation of India's first nuclear bomb, with all its attendant Faustian bargains. Merging her inimitable voice with a great moral outrage and imaginative sweep, Roy peels away the mask of democracy and prosperity to show the true costs hidden beneath. For those who have been mesmerized by her vision of India, here is a sketch, traced in fire, of its topsy-turvy society, where the lives of the many are sacrificed for the comforts of the few.

Visualizing the invisible with the human body J. Cale Johnson 2019-11-05 Physiognomy and ekphrasis are two of the most important modes of description in antiquity and represent the necessary precursors of scientific description. The primary way of divining the characteristics and fate of an individual, whether inborn or acquired, was to observe the patient's external characteristics and behaviour. This volume focuses initially on two types of descriptive literature in Mesopotamia: physiognomic omens and what we might call ekphrastic description. These modalities are traced through ancient India, Ugaritic and the Hebrew Bible, before arriving at the physiognomic features of famous historical figures such as Themistocles, Socrates or Augustus in the Graeco-Roman world, where physiognomic discussions become intertwined with typological analyses of human characters. The Arabic compendial culture absorbed and remade these different physiognomic and ekphrastic traditions, incorporating both Mesopotamian links between physiognomy and medicine and the interest in

characterological 'types' that had emerged in the Hellenistic period. This volume offer the first wide-ranging picture of these modalities of description in antiquity.

Learning to Lead Together Janet H. Chrispeels 2004-04-05 Through real-life single and multiple case studies, *Learning to Lead Together* addresses how principals and their staffs struggle with the challenge of shared leadership, how they encourage teacher growth and development, and how shared leadership can lead to higher levels of student learning. The cases show how shared leadership, a powerful adaptive change, is socially constructed across contexts and evolves as teachers and principals learn how to work together. The book also illustrates how principal preparation and professional development programs that utilize problem-based learning and provide opportunities for genuine collaboration with colleagues can provide school leaders with the skills they need to share leadership and accountability effectively.

From Birdland to Broadway Bill Crow 1993-09-09 In the 1950s, New York City's Birdland was the center of the world of modern jazz--and a revelation to Bill Crow, a wet-behind-the-ears twenty-two-year-old from Washington State. Located on Broadway between 52nd and 53rd streets, the club named for the incomparable Charlie "Bird" Parker boasted lifesize photo murals of modern jazzmen like Dizzy Gillespie, Lennie Tristano, and, of course, Bird himself, looming large against jet black walls. Exotic live birds perched in cages behind the bar. The midget master of ceremonies, 3'9" Pee Wee Marquette, dressed in a zoot suit and loud tie, smoked huge cigars and screeched mispronounced introductions into the microphone. And the jazz-struck young Crow would park in the bleachers till 4 am, blissfully enveloped by the heady music of Bird, Bud Powell, Max Roach, and a host of other jazz giants. *From Birdland to Broadway* is an enthralling insider's account of four decades of a life in jazz. Bill Crow, journeyman bass player, superb storyteller, and author of the successful *Jazz Anecdotes*, here narrates many moving and delightful tales of the pioneers of modern jazz he played with and was befriended by. We find Dizzy Gillespie, with whom Crow, because of prior commitments, regretfully declined steady work, dancing at the Royal Roost, Stan Getz sadly teetering on the brink of losing himself to drugs, and Harry Belafonte (known then as "the Cinderella Gentleman") running a lunch counter in New York's Sheridan Square between music dates. And we also witness many of the highlights of Crow's career, such as in 1955 when the Marian McPartland Trio (with Crow on bass) was named "Small Group of the Year" by *Metronome*; Crow playing with the Gerry Mulligan Quartet at venues like Storyville in Boston and Harlem's Apollo Theater (where they appeared with Dinah Washington); and the tour of the Soviet Union with Benny Goodman, a journey that might have been a high point of Crow's travels abroad but was marred by Goodman's legendary mistreatment of his band. Moving beyond jazz clubs to the Broadway concert pit and a variety of studio gigs in the '60s, Crow encounters actors such as Yul Brynner and pop-rock acts like Simon and Garfunkel. From the great to the near-great, from Billie Holiday to Judy Holliday, Bill Crow's wealth of personal anecdotes takes the reader from Birdland, to the Half Note, to the Playboy Club, to the footlights of Broadway. This revealing book is a marvelous portrait of the jazz world, told by someone who's been there.

A Walk Between Heaven and Earth Burghild Nina Holzer 1994-05-31 "Talking to paper is talking to the divine. Paper is infinitely patient. Each time you scratch on it, you trace part of yourself, and thus part of the world, and thus part of the grammar of the universe. It is a huge language, but each of us tracks his or her particular understanding of it." —from *A Walk Between Heaven and Earth* Unlike any other guide to journal writing, *A Walk Between Heaven and Earth* is itself written as a personal journal and as a meditation on the flow of creation. Burghild Nina Holzer demonstrates that the creative process is in fact a large, ongoing movement in our lives and that we may gradually discover the pattern and direction of it by trusting whatever it is we choose to confide to the page. She helps would-be writers recognize the power and importance of opening themselves to the present moment and recording whatever they find there. Holzer's book is both inspiration and model. It will appeal not only to those who wish to explore the creative process as a mystical path, but to all who desire to express themselves through writing.
