Herederas Lulu Taylor 2012-03-09 Fama, moda y escándalo podrían ser fácilmente los nombres de las tres hermanas Trevellyan. Jemima, Tara y Poppy viven en la cresta de la ola, en las cimas inalcanzables del glamour y el estilo absolutos, si bien no debería pasarse por alto que tienen ciertos asuntos por resolver, sobre todo si hablamos de# RIQUEZA: El manirroto estilo de vida de Jemima no conoce límites. El único objetivo en la vida de Tara es independizarse económicamente de su marido a toda costa. Y Poppy quiere huir de la alargada sombra de su familia pero sin perder las comodidades que la fortuna doméstica le facilita. SEXO: Es la obsesión de Jemima, lo único que la ayuda a mitigar su aburrido matrimonio. Por su parte, la vida en apariencia perfecta de Tara no le depara tales placeres. Y Poppy, mimada y malcriada en exceso, aún está por enfrentarse con las emociones que la vida real, y el amor real, le pueda proporcionar. FAMILIA: Es la única verdad que han conocido en sus vidas, y ahora el legado de sus padres, un vasto imperio de la perfumería, ha quedado en las manos de ellas tres# y se encuentra en plena decadencia. ¿Serán capaces de convertir su pasión por el lujo en un negocio rentable? Aún más: tras empezar de cero, ¿podrán enfrentarse al pasado familiar? «Literatura de evasión de la buena. Tan buena, que es como irse de vacaciones.» Daily Mail

Infectious Disease Ecology and Conservation Johannes Foufopoulos 2022-02-10 Emerging infectious diseases pose an increasingly serious threat to a number of endangered or sensitive species and are increasingly recognized as one of the major factors driving species extinction. Despite the significant impact of pathogens on conservation, no single book has yet integrated the theoretical principles underlying disease transmission with the practical health considerations for helping wildlife professionals and conservation biologists to manage disease outbreaks and conserve biodiversity. This novel and accessible book starts with a foundational section focusing on the role of pathogens in natural ecosystems, the dynamics of transmission in different environments, and the factors driving wildlife disease outbreaks. It then moves on to more applied issues concerned with the acquisition of field data including sampling, experimental design and analysis, as well as diagnostic analyses in both the laboratory and field. Guidelines for effective modelling and data analysis follow, before a final section is devoted to disease prevention and control including the prevention of novel outbreaks, the use of diseases as biocontrol agents, and the associated issues of ethics, public communication, and outreach. Infectious Disease Ecology and Conservation is primarily aimed at advanced undergraduates, graduate students, and established researchers in the fields of conservation biology, disease ecology, population ecology, and veterinary science. It will also be a valuable reference for conservation practitioners, land managers, and wildlife professionals who are required to deal with disease outbreak problems.

Gravetat zero Woody Allen 2022-09-27 *Gravetat zero*, el nou recull de relats de Woody Allen, aplega dinou narracions inèdites escrites amb una prosa de traca, un humor a prova d'escèptics i una habilitat inimitable per barrejar la cultura popular amb la seva pedanteria habitual. Amb la ciutat de Nova York com a escenari dels embolics que descriu, i tracti de cavalls que pinten, de cotxes que pensen, de la vida sexual de les celebritats, dels inconvenients d'assistir a una orgia amb la parella o bé de la injustícia de reencarnar-se en un llamàntol, l'humor de Woody Allen és sempre original i transgressor, popular i sofisticat i, alhora, políticament incorrecte, agudament observador i, més important que cap altra cosa, implacablement divertit. Amb aquest nou volum de relats, en el qual no queda mai clar si l'autor es burla d'ell mateix o més aviat de tota la humanitat, Woody Allen es confirma com el darrer gran humorista de la tradició que van iniciar Groucho Marx, S. J. Perelman i Lenny Bruce. Al breu pròleg que presenta el llibre, l'escriptora Daphne Merkin repassa la trajectòria narrativa de Woody Allen i les claus del seu sentit de l'humor tan eficaç.

Pope John Paul II The Poynter Institute 2013-02-05 Pope John Paul II was one of the most significant world figures in the 20th century and one of the most famous popes in the history of the Catholic church. His unprecedented willingness to travel the world and his media savvy allowed him to reach over 1 billion Catholic parishioners in over 100 countries during his long tenure as pope. He drew huge crowds of devoted followers wherever he went, and no doubt many of them will seek to remember him long after his reign has ended. The Poynter Institute has put together a full-color collection of front page newspaper stories from the day of Pope John Paul II's death in order to chronicle the historic event. The book includes approximately 150 reproductions of front pages from newspapers in all 50 U.S. states as well as major newspapers from around the world. The covers are presented without commentary, in order to allow the reader to appreciate the event in his or her own way.

The Affordable Insider's Guide to Johannesburg John Ostrowick 2017-01-03 Johannesburg is severely underrated as a tourist destination. This could be because it has no beaches, no snow-capped mountains, and no ancient buildings. But Johannesburg has something else - it is a cultural and industrial centre, with an enormous array of entertainment events running day and night. Johannesburg is also the scene of the fall of the abominable Apartheid system. So Johannesburg is not only a cultural centre, but it is also politically one of the most significant cities in Africa, and the most economically powerful. Furthermore, the human race evolved in the Johannesburg area. So there are many reasons to visit. This book gives an introduction to South Africa and Johannesburg in particular. It covers all the things to see and visit in Johannesburg and its surrounds. It provides addresses, phone numbers and GPS coordinates of each tourist attraction, so that you can find them easily. This edition contains a black-and-white interior to make the book affordable.

The Midnight Zoo Sonya Hartnett 2011-09-13 Master storyteller Sonya Hartnett crafts a magical and moving fable about war and redemption . . . and what it means to be free. When the Germans attack their Romany encampment during World War II, Andrej and his younger brother, Tomas, flee through a ravaged countryside under cover of darkness, guarding a secret bundle. Their journey leads to a bombed-out town, where the boys discover a hidden wonder: a zoo filled with creatures in need of hope. Like Andrej and Tomas, the animals--wolf and eagle, monkey and bear, lioness and seal, kangaroo and llama-- have stories to share and a mission to reclaim their lives.
