Writings on an Ethical Life Peter Singer 2015-04-14 The essential collection of writings by one of the most visionary and daring philosophers of our time Since bursting sensationally into the public consciousness in 1975 with his groundbreaking work *Animal Liberation*, Peter Singer has remained one of the most provocative ethicists of the modern age. His reputation, built largely on isolated incendiary quotations and outrage-of-the-moment news coverage, has preceded him ever since. Aiming to present a more accurate and thoughtful picture of Singer's pioneering work, *Writings on an Ethical Life* features twenty-seven excerpts from some of his most lauded and controversial essays and books. The reflections on life, death, murder, vegetarianism, poverty, and ethical living found in these pages come together in a must-read collection for anyone seeking a better understanding of the issues that shape our world today. This ebook features an illustrated biography of Peter Singer, including rare photos from the author's personal collection.

BANKING THEORY LAW & PRACTICE SUNDHARAM & VARSHNEY 2003-01-01 The book is unique -it admirably combines the theory, law and practice of banking in India. The book is divided into two parts. The first part on 'Banking theory' gives a detailed analysis of commercial banking: functions, asset distribution, credit creation, recent trends in commercial banking in India, Narasimhan committee reports, reforms, role and management of central banks, RBI - monetary policy, control of money market, evolution of bill market scheme, development banking, agricultural banking as well as capital market. Part 2 on Banking Law and practice explains relationship between banker and customer, negotiable instruments, employment of bank funds, investment in securities... Lastly some landmark judgements by Supreme Court relevant to Banking sector.

Sexiest Billionaire Sierra Cartwright 2018-07-01 Forbidden romance.... An exclusive society of the world's most powerful gentlemen. Nothing will get between them and the women they want. Jaxon Mills is stunned—then furious—when sees his biggest investor's daughter at one of the most exclusive clubs in New Orleans, dressed in a scandalous outfit and wearing an inviting smile. The

tempting woman with the compassionate heart is supposed to be tucked away at grad school, where's she safe from men like him. Willow Henderson has one escape from her overprotective family—the French Quarter. There, she can be anonymous, even if only for a short time. But she never expects to come face-to-face with Jaxon, a sexy self-made billionaire Dom whose arrogance is matched only by his bank account. Jax, an avowed workaholic determined to outrun his troubled past, has never allowed a woman to distract him. Until Willow. And when he discovers she's a virgin, it's more than a dominant urge that flares. It's an honorable instinct he hadn't known he was capable of. He will do anything to make her his.

Jainism Agustin Panikar 2010-01-01 Jainism is a tradition which dates back thousands of years, which is unbelievably rich and profound, and which has certain unmistakable signs of identity. Contrary to what some might think, it is not in any sense a poor relation of Buddhism, nor is a strange, atheistic and ascetic sect within Hinduism. Jainism is, above all, the religion of non-violence (ahimsa), an ideal which all other religions of India were subsequently to make theirs and which was made universal by Gandhi in the 20th century. Like Buddhism, Jainism is a religion without God which paradoxically opens to the truly sacred in the deepest reaches of all living beings in the cosmos. And it is also the religion of non-absolutism (anekantavada), a particular form of philosophical pluralism, which seems astonishingly modern.

Procedural Environmental Rights Jerzy Jendrośka 2017 "This volume is not a random collection of papers presented at the conference but rather a monograph presenting in a structured manner some of the topical issues related to this subject. It provides an overview of various aspects of the current status, development and practice of rights of access to information, public participation in decision-making and access to justice in environmental matters following their codification as non-binding principles in Principle X of the Rio Declaration. The book goes far beyond presenting merely the issues related to environmental procedural rights in Europe: it brings together the expertise of worldwide legal scholars, representing a wide range of legal cultures, to discuss the adoption and implementation of procedural environmental rights in different jurisdictions and under various legal instruments. Furthermore, it provides insight into the various aspects of procedural environmental rights ranging from theoretical issues of global application to practical problems at local level"--Back cover.

World Regional Geography Joseph J. Hobbs 2008-03-13 Cooperation and conflict, resource abundance and scarcity, poverty and prosperity, floods and droughts--all play roles in transforming the Earth's surface. This insightful text presents world regional geography as a way to comprehend the world's connections and continuous interplay between features of place, populations, resources, cultures, and political systems. Retaining its balanced cultural and physical geographic perspectives on the world's eight regions, the sixth edition includes new illustrations, examples, and cross-references to show students how human activities and natural processes reshape places and landscapes. From current information on the geographies of energy and terrorism to the repercussions of China's booming economy, **WORLD REGIONAL GEOGRAPHY, Sixth Edition**, presents a meaningful context to help students grasp the geographic issues underlying today's headlines. The result? Students develop their own deeper understanding of how the world works--and what can happen when natural events or human decisions make things go wrong. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Combinatorial Algorithms T. C. Hu 2012-04-26 This updated edition presents algorithms for shortest paths, maximum flows, dynamic programming and backtracking. Also discusses binary trees, heuristic and near optimums, matrix multiplication, and NP-complete problems. Includes 153 black-and-white illustrations and 23 tables.

Federal Taxation 2013 James Pratt 2012-05-18 Provide your students with a solid foundation in individual and corporate taxation using the book that pioneered an unforgettable, clear and engaging approach to tax law more than 25 years ago. A ground-breaking, first-of-its-kind text, Pratt/Kulsrud's **FEDERAL TAXATION** today continues the momentum of success for your students with the most timely updates of the latest tax legislation. The book is built upon the authors' unwavering belief that the key to mastering taxation is to understand the underlying purpose behind every rule. To support this understanding, **FEDERAL TAXATION 2013, 7E** provides a strong conceptual background and places all material within a significant historical context. Specific learning objectives, intriguing special features, more on tax planning in this edition, and ongoing coverage of the continuing impact of recent legislative acts further your students' full comprehension of tax issues today. In addition to rich online instructional support, this edition includes leading professional software, such as H&R BLOCK At Home and CPAexcel for CPA Exam study. **FEDERAL TAXATION 2013, 7E** provides everything today's students need for a full understanding of individual and corporate taxation as it's practiced today. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Global Environmental Constitutionalism James R. May 2015 Reflecting a global trend, scores of countries have affirmed that their citizens are entitled to

healthy air, water, and land and that their constitution should guarantee certain environmental rights. This book examines the increasing recognition that the environment is a proper subject for protection in constitutional texts and for vindication by constitutional courts. This phenomenon, which the authors call environmental constitutionalism, represents the confluence of constitutional law, international law, human rights, and environmental law. National apex and constitutional courts are exhibiting a growing interest in environmental rights, and as courts become more aware of what their peers are doing, this momentum is likely to increase. This book explains why such provisions came into being, how they are expressed, and the extent to which they have been, and might be, enforced judicially. It is a singular resource for evaluating the content of and hope for constitutional environmental rights.

Styles of Radical Will Susan Sontag 2013-10-01 *Styles of Radical Will*, Susan Sontag's second collection of essays, extends the investigations she undertook in *Against Interpretation* with essays on film, literature, politics, and a groundbreaking study of pornography.

Refresher Course in B.Sc. Physics (Vol . II) C L Arora 2010 REVISED AS PER UGC MODEL CURRICULUM FOR B.Sc. (PASS/HONS.) OF ALL INDIAN UNIVERSITIES

Speaking in God's Name Khaled Abou El Fadl 2014-10-01 Drawing on both religious and secular sources, this challenging book argues that divinely ordained law is frequently misinterpreted by Muslim authorities at the expense of certain groups, including women. Khaled Abou El Fadl cites a series of injustices in Islamic society and ultimately proposes a return to the original ethics at the heart of the Muslim legal system.

From Atlantis to the Sphinx Colin Wilson 2004-07-01 In this compelling book, Colin Wilson argues that thousands of years before ancient Egypt and Greece held sway, there was a great civilization whose ships traveled the world from China to Antarctica. Their advanced knowledge of science, mathematics, and astronomy was passed on to descendants who escaped to Egypt and South America. *From Atlantis to the Sphinx* bases this assertion on a true fact: that archaeologists and geologists are at odds over the age of the Sphinx. Archaeologists claim that the Sphinx dates to classical dynastic Egypt, around 2,400 b.c. But some geologists claim that it could have been built as early as 7,000 to 10,500 b.c. The geologists' claim is based on the curious fact that the erosion of the Sphinx is more characteristic of water erosion than that of wind and sand. Starting from the assumption that there was an advanced civilization in existence much earlier than previously thought, Wilson goes on to claim that it could very well be Atlantis--not a literal island that sank, but more of a great civilization that either declined naturally or experienced a great catastrophe, passing on only a fraction of its knowledge to other peoples. *From Atlantis to the Sphinx* delves into what might have been a completely different knowledge system from that of modern man--one as alien to us as that of the Martians. The book sets out to reconstruct that ancient knowledge in a fascinating exploration of the remote depths of history, a ground-breaking attempt to understand how these long-forgotten peoples thought, felt, and communicated with the universe.

A Journey Into the Philosophy of Alain Locke Johnny Washington 1994 This book provides a detailed guide to the influence and impact of Alain Locke, one of the most significant African American philosophers and educators of our time.

Cambridge Readings in Spanish Literature J. Fitzmaurice-Kelly 2012-03-29 A 1920 selection of extracts that are mainly characteristic of their authors.

Australian Financial Accounting Craig Michael Deegan 2009 Australia's market-leading financial accounting text provides students with a detailed grasp of reporting requirements in an accessible and engaging manner. Fully updated throughout, AUSTRALIAN FINANCIAL ACCOUNTING further develops and extends its coverage of consolidations and encompasses topical issues such as social and environmental accounting. Renowned for his clear writing style, Craig Deegan successfully communicates the detail necessary to understand, challenge and critically evaluate financial reporting. Complete in theoretical and practical coverage, this text gives students a strong foundation for current study and their future professional lives.

Justin, Philosopher and Martyr Denis Minns 2009-08-13 Justin Martyr (c.100-165) was one of the key apologists of the Early Church. Oxford Early Christian Texts presents a new critical edition of the Greek text of the Apologies with introduction, English translation, and textual commentary. Editors Denis Minns and Paul Parvis take a searching look at the text transmitted by the single fourteenth-century manuscript containing the works of Justin. They attempt to see behind the work of the Byzantine editor, and his predecessors, who sought to make sense of the badly damaged text before them. The commentary is designed not merely to annotate the text but to identify and draw out Justin's train of thought and the structure of his argument. It explains the readings adopted in the text by setting Justin's Greek within his Christian, Hellenistic, and philosophical contexts. The introduction traces the complex history of the text in manuscript and print and discusses the puzzling relationship of the Second Apology to the First, and suggests a new solution. Justin is located against the background of the diversity of Christianity in the second century. A new understanding of Justin emerges from this work. His thought is often sharper, and his language more pointed than has been recognised, and the difficulty of the task he set himself of bridging the enormous gap between two cultures is

Advanced Social Psychology Heather Moore 2021-11-16 The scientific study of how the imagined, actual and implied presence of others influence an individual's feelings, behaviors and thoughts is referred to as social psychology. It studies and measures the psychological variables in humans. Social psychology explains human behavior as the result of the interaction of social situations and mental states. It focuses on the intrapersonal phenomena such as attitudes, persuasion, social cognition and self-concept as well as on the interpersonal phenomena including social influence, group dynamics and interpersonal attraction. Different approaches, evaluations, methodologies and advanced studies on social psychology have been included in this book. The topics covered herein deal with the core aspects of this discipline. This book aims to serve as a resource guide for students and experts alike and contribute to the growth of the discipline.

The Shadow President Michael D'Antonio 2018-08-28 "It presents an entirely damning portrait of Pence. You've seen his colors before, but not so vividly and in this detail." –Frank Bruni, The New York Times "Producing a biography of a living, controversial politician is always difficult. D'Antonio and Eisner have succeeded in this well-documented, damning book. Cue the outrage from Sean Hannity et al." –Kirkus Reviews (starred review) In this well-rounded, deeply-investigated biography, the first full look at the vice president, two award-winning journalists unmask the real Mike Pence. Little-known outside his home state until Donald Trump made him his running mate, Mike Pence—who proclaims himself a Christian first, a conservative second, and a Republican third—has long worn a carefully-constructed mask of Midwestern nice. Behind his self-proclaimed humility and self-abasing deference, however, hides a man whose own presidential ambitions have blazed since high school. Pence's drive for power, perhaps inspired by his belief that God might have big plans for him, explains why he shocked his allies by lending Christian credibility to a scandal-plagued candidate like Trump. In this landmark biography, Pulitzer Prize-winner Michael D'Antonio and Emmy-nominated journalist Peter Eisner follow the path Pence followed from Catholic Democrat to conservative evangelical Republican. They reveal how he used his time as rightwing radio star to build connections with powerful donors; how he was a lackluster lawmaker in Congress but a prodigious fundraiser from the GOP's billionaire benefactors; and how, once he locked in his views on the issues—anti-gay, pro-gun, anti-abortion, pro big-business—he became laser-focused on his own pursuit of power. As THE SHADOW PRESIDENT reveals, Mike Pence is the most important and powerful Christian Right politician America has ever seen. Driven as much by theology as personal ambition, Pence is now positioned to seize the big prize—the presidency—and use it to fashion a nation more pleasing to his god and corporate sponsors.

The Dare Harley Laroux 2021-01-26 Warning: This erotica contains scenes and elements that may be disturbing to some readers. Please review the full content warning below. Jessica Martin is not a nice girl. As Prom Queen and Captain of the cheer squad, she'd ruled her school mercilessly, looking down her nose at everyone she deemed unworthy. The most unworthy of them all? The "freak," Manson Reed: her favorite victim. But a lot changes after high school. A freak like him never should have ended up at the same Halloween party as her. He never should have been able to beat her at a game of Drink or Dare. He never should have been able to humiliate her in front of everyone. Losing the game means taking the dare: a dare to serve Manson for the entire night as his slave. It's a dare that Jessica's pride - and curiosity - won't allow her to refuse. What ensues is a dark game of pleasure and pain, fear and desire. Is it only a game? Only revenge? Only a dare? Or is it something more? This book contains intense fantasy scenes of hard kinks/edgeplay, graphic sex, and harsh language. It is intended only for an adult audience. Beware: this is a dark, weird, kinky read. The activities depicted therein are dangerous and are not meant to be an example of realistic BDSM. Reader discretion is advised. Kinks/Fetishes within: erotic humiliation, fearplay, painplay, knifeplay, consensual non-consent (CNC), orgasm denial, boot worship, spanking, crying, blowjobs, clowns, group sexual activities, spit, bondage, public play, bloodplay.
