Material Bernini Evonne Levy 2016-04-14 Bringing together established and emerging specialists in seventeenth-century Italian sculpture, *Material Bernini* is the first sustained examination of the conspicuous materiality of Bernini's work in sculpture, architecture, and paint. The various essays demonstrate that material Bernini has always been tied (whether theologically, geologically, politically, or in terms of art theory) to his immaterial twin. Here immaterial Bernini and the historiography that sustains him is finally confronted by material Bernini. Central to the volume are Bernini's works in clay, a fragmentary record of a large body of preparatory works by a sculptor who denied any direct relation between sketches of any kind and final works. Read together, the essays call into question why those works in which Bernini's bodily relation to the material of his art is most evident, his clay studies, have been configured as a point of unmediated access to the artist's mind, to his immaterial ideas. This insight reveals a set of values and assumptions that have profoundly shaped Bernini studies from their inception, and opens up new and compelling avenues of inquiry within a field that has long remained remarkably self-enclosed.

L'assassino Sa Il Perché Yannis Mitsopoulos 2011-07-19 Al contrario di quanto avviene solitamente nei romanzi del genere noir, gli eroi in questo libro di delitti e misteri agiscono alla luce del luminoso sole di Grecia. Storie del tutto imprevedibili, che avvengono ora nella casa accanto, ora nelle bianche isole greche o talvolta nelle azzurre profondità del mare. Tra i misteri e i codici del teatro antico, o sul sedile di una rossa Ferrari, alla fine matura sempre un atroce delitto. L'assassino sa il perché! La signora Gilda si impossessa della Casa degli oleandri; Nassos rincorre la rossa delle donne di Facebook; davanti al faro dell'isola di Paros, sotto lo scio della telecamera della CNN avviene la scoperta di un singolare delitto; Oreste nell'antico teatro di Epidauro indaga i misteri di Asclepio e trova la sua Elena. Un rasta va alla ricerca dei segreti della sirena tra le rocce della fortezza veneziana di Monenvassia; il marinaio Mimis decide di porre fine all'angoscia che gli procurano i sofismi del Maestro; Uninnocua amicizia entra nella vita di un marito geloso. *Art and Music in the Early Modern Period* Katherine A. McIver 2017-07-05 The relationship between music and painting in the Early Modern period is the focus of this collection of essays by an international group of distinguished art historians and musicologists. Each writer takes a multidisciplinary approach as he or she explores the interface between music performance and painting, or between music and art theory. The essays reflect a variety and range of approaches and offer methodologies which might usefully be employed in future research in this field. The volume is dedicated to the memory of Franca Trinchieri Camiz, an art historian who worked extensively on topics related to art and music, and who participated in some of the conference panels from which many of these essays originate. Three of Professor Camiz's own essays are included in the final section of this volume, together with a bibliography of her writings in this field. They are preceded by two thematic groups of essays covering aspects of musical imagery in portraits, issues in iconography and theory, and the relationship between music and art in religious imagery.

*Cross-linguistic and Cross-cultural Perspectives on Academic Discourse* Eija Suomela-Salmi 2009 The goal of this volume is to examine academic discourse (AD) from cross-linguistic and cross-cultural perspectives. The adjective "Cross-cultural" in the volume title is not just limited to national contexts but also includes a cross-disciplinary perspective. Twelve scientific fields are under scrutiny in the articles. One of the unique aspects of the volume is the inclusion of a variety of foreign languages (English (as a lingua franca), Spanish, French, Swedish, Russian, German, Italian, and Norwegian). Besides, in several articles dealing with oral AD, comparisons and parallels are also established with written AD. The research methodologies used in the studies are varied and they offer an overview of the diversity and richness of approaches to AD. All in all, it is hoped that the volume appeals not only to young researchers but also to confirmed scholars interested in cross-linguistic and cross-cultural aspects of AD. It will also be of interest to language teachers
