From Notes to Narrative Kristen Ghodsee 2016-05-10 Ethnography centers on the culture of everyday life. So it is ironic that most scholars who do research on the intimate experiences of ordinary people write their books in a style that those people cannot understand. In recent years, the ethnographic method has spread from its original home in cultural anthropology to fields such as sociology, marketing, media studies, law, criminology, education, cultural

studies, history, geography, and political science. Yet, while more and more students and practitioners are learning how to write ethnographies, there is little or no training on how to write ethnographies well. From Notes to Narrative picks up where methodological training leaves off. Kristen Ghodsee, an award-winning ethnographer, addresses common issues that arise in ethnographic writing. Ghodsee works through sentence-level details, such as word choice and structure. She also tackles bigger-picture elements, such as how to incorporate theory and ethnographic details, how to effectively deploy dialogue, and how to avoid distracting elements such as long block quotations and in-text citations. She includes excerpts and examples from model ethnographies. The book concludes with a bibliography of other useful writing guides and nearly one hundred examples of eminently readable ethnographic books.

*Welcome to Japan, Ms. Elf! Volume 6* Makishima Suzuki 2021-05-17 Kazuhiro and Marie officially start dating after he confesses his love to her. After taking care of the aftermath of defeating Zarish, the gang discusses the details of how to spend their summer in Japan. Kazuhiro and Marie are excited to have Wridra visit Earth for the first time in a while, but when they awaken, they realize Shirley tagged along for the ride..

**Happy Money** Ken Honda 2019-06-04 Ken Honda—Japan’s #1 bestselling personal development guru—teaches you how to achieve peace of mind when it comes to money with this instant national bestseller. Too often, money is a source of fear, stress, and anger, often breaking apart relationships and even ruining lives. We like to think money is just a number or a piece of paper, but it is so much more than that. Money has the ability to smile, it changes when it is given with a certain feeling, and the energy with which it imbues us impacts not only ourselves, but others as well. Although Ken Honda is often called a “money guru,” his real job over the past decade has been to help others discover the tools they already possess to heal their own lives and relationships with money. Learn how to treat money as a welcome guest, allowing it to come and go with respect and without resentment; understand and improve your money EQ; unpack the myth of scarcity; and embrace the process of giving money, not just receiving it. This book isn’t to fix you, because as Ken Honda says, you’re already okay!

*Routledge Library Editions: Peace Studies* Various 2021-09-30 Routledge Library Editions: Peace Studies (12 Volume set) contains titles, originally published between 1928 and 1985. Looking at peace movements and the people involved in them around the world, who seek to learn lessons from war and find solutions to a peaceful existence. It includes titles from a number of well-known pacifists, both pre- and post-war who have influenced ideas and policy throughout the twentieth century.

Governing Japan J. A. A. Stockwin 2008-04-07 This fourth edition provides an in-depth, up-to-date, chronological analysis of Japan’s current political system and the contributions of its leaders. It emphasizes why Japan and its

politics matters in a global society. Ideal for college courses on Japanese or comparative politics as well as for those interested in Japanese war memory, constitutional revision, and Japan's relationship with the US, China, and North and South Korea Investigates the divided aspects existing below the veneer of consensus in Japanese politics Explores conflicts between power-hungry political groups as well as fundamental differences regarding Japan's constitution, the interpretation of Japanese actions in the Asia-Pacific War, and Japan's place in today's world Advocates a system that readily permits changes of party in power for the present system dominated by the Liberal Democratic Party Examines the extreme statements of high profile politicians to determine whether a "nationalist resurgence" in Japan is real or not Sheds light on the official incompetence and the spectacular rise of civil society following the Kobe earthquake Features numerous Japanese sources

Grassroots Pacifism in Post-War Japan Mari Yamamoto 2004-11-04 Grassroots Pacifism in Post-War Japan presents new material on grassroots peace activism and pacifism in two major groups active in the post-World War 2 peace movement - workers and housewives. Yamamoto contends that the peace movement, which was organised in tandem with other activities to promote democratic, economic and humanitarian issues, served as a popular lever which helped to eliminate feudal remnants that lingered in Japanese society and individual attitudes after the war, thereby modernizing the political process and the outlook of the ordinary Japanese. Including extensive primary material such as letters, essays, memoirs and interviews, specialists in Japanese history, peace studies and women's studies will appreciate the richness of the text supporting Yamamoto's narrative of how workers' and women's political awareness developed under the influence of organizational and ideological interests and contemporary events.

**Japan's Quest** Warren S. Hunsberger 1996-12-23 An international team of ten specialists in Japanese and American foreign relations address the crucial question: what role should Japan play in international affairs? This question has not found a fully satisfactory answer since the forced opening to foreign contacts in the mid-nineteenth century. Having copied foreign models and achieved a series of stunning successes -- and some failures -- in many aspects of private and public life, Japan today stands at a pinnacle of economic power and affluence. Despite this, both economics and politics are undergoing major strains and changes during the 1990s, and the quest for true internationalization is fraught with problems and only partially fulfilled. This book is a joint project of the American University in Washington and Ritsumeikan University in Kyoto.

## The Friend 1906

The Making of the New Japan IPS Chiyoda-ku 2012-12-06 Yasuhiro Nakasone's rise to political prominence began under the watchful eye of the American occupation with which he had a direct and confrontational relationship, arguing for the ending of the occupation and the restoration of sovereignty to Japan. Nakasone argued for Japan's need to become a 'normal' nation which in his view involved an enhanced international role for Japan and an enhanced role for the prime minister in domestic policy-making. Both ideas have come to win an increasingly broad acceptance, although Nakasone's slow rise to the position of prime minister bears testament to the controversy aroused by his views. These political memoirs chart the journey from his youth in the aftermath of the First World War to his appearance on the world stage at the side of President Reagan. They conclude with his thoughts, on the eve of the domestic upheavals which saw the fall of the LDP, on the prospects for a third 'opening' of Japan to rival the Meiji Restoration and the MacArthur reforms. Now an adviser to a younger generation of politicians, he is regarded by many as a modern-day Genro for Japan.

Creating Japan's Ground Self-Defense Force, 1945–2015 David Hunter-Chester 2016-11-30 This study provides a comprehensive institutional history of Japan's post-1945 army. It also analyzes representations of the military in popular culture, the place of soldiers in the formation of the country's postwar national identity, and the social and political impact of constitutional restrictions on the military.

**China and Japan in the Russian Imagination, 1685-1922** Susanna Soojung Lim  
2013-03-05 Throughout the centuries, as Russia strove to build itself into an imperial power equal to those in the West, China and Japan came to occupy a special place in Russians' view of the orient. Never colonised by Russia or the West, China and Japan were linked not only to the greatest of Russian imperial fantasies, but also, conversely, to a deep sense of insecurity regarding Russia's place in the world, a sense of insecurity which deepened as China and Japan began to modernise in the later nineteenth century. Drawing on a wide range of works by Russian writers and thinkers, Lim sets out how Russian perceptions of China and Japan were formed from Muscovy's first contacts with China in the late seventeenth century, through to the aftermath of Russia's defeat by Japan in the early twentieth century.

Contents: Autobiography The Naval War of 1812 Hero Tales from American History The Winning of the West Through the Brazilian Wilderness Letters to His Children The Rough Riders A Book-Lover's Holidays in the Open Hunting The Grisly And Other Sketches America and the World War Average Americans The Strenuous Life Expansion and Peace Fellow-Feeling as Political Factor Character & Success History as Literature Biological Analogies in History The World Movement The Thralldom of Names Productive Scholarship Dante and the Bowery The Foundations of the Nineteenth Century The Search for Truth in a Reverent Spirit The Ancient Irish Sagas An Art Exhibition The Duties of American Citizenship Professionalism in Sports Practical Work in Politics Resignation Letter Colonel Roosevelt's Reports Strength & Decency The Square Deal Nobel Peace Prize Acceptance Speech The Man With the Muck Rake Sons of the Puritans Where We Can Work With Socialists Where We Cannot Work With Socialists Citizenship in a Republic (the Man in the Arena) International Peace The New Nationalism Duty & Self-control The Right of the People to Rule I Have Just Been Shot Address to the Boys Progressive League Address to the Knights of Columbus

## The World Tomorrow 1921

*China Monthly Review* 1917 Vol. 37 includes "Special number on extraterritoriality", issued June 19, 1926.

The Making of the "Rape of Nanking" Takashi Yoshida 2009-03-04 On December 13, 1937, the Japanese army attacked and captured the Chinese capital city of Nanjing, planting the rising-sun flag atop the city's outer walls. What occurred in the ensuing weeks and months has been the source of a tempestuous debate ever since. It is well known that the Japanese military committed wholesale atrocities after the fall of the city, massacring large numbers of Chinese during the both the Battle of Nanjing and in its aftermath. Yet the exact details of the war crimes--how many people were killed during the battle? How many after? How many women were raped? Were prisoners executed? How unspeakable were the acts committed?--are the source of controversy among Japanese, Chinese, and American historians to this day. In *The Making of the "Rape of Nanking"* Takashi Yoshida examines how views of the Nanjing Massacre have evolved in history writing and public memory in Japan, China, and the United States. For these nations, the question of how to treat the legacy of Nanjing--whether to deplore it, sanitize it, rationalize it, or even ignore it--has aroused passions revolving around ethics, nationality, and historical identity. Drawing on a rich analysis of Chinese, Japanese, and American history textbooks and newspapers, Yoshida traces the evolving--and often conflicting--understandings of the Nanjing Massacre, revealing how changing social and political environments have influenced the debate. Yoshida suggests that, from the 1970s on, the dispute over Nanjing has become more lively, more globalized, and immeasurably more intense, due in part to Japanese revisionist history and a renewed emphasis on patriotic education in China. While today it is easy to assume that the Nanjing Massacre has always been viewed as an emblem of Japan's wartime aggression in China, the image of the "Rape of Nanking" is a much more recent icon in public consciousness. Takashi Yoshida analyzes the process by which the Nanjing Massacre has become an international symbol, and provides a fair and respectful treatment of the politically charged and controversial debate over its history.

National Identity and Japanese Revisionism Michal Kolmas 2018-09-26 Over the course of the twentieth century, Japan has experienced a radical shift in its self-perception. After World War II, Japan embraced a peaceful and anti-militarist identity, which was based on its war-prohibiting Constitution and the foreign policy of the Yoshida doctrine. For most of the twentieth century, this identity was unusually stable. In the last couple of decades, however, Japan's self-perception and foreign policy seem to have changed. Tokyo has conducted a number of foreign policy actions as well as symbolic internal gestures that would have been unthinkable a few decades ago and that symbolize a new and more confident Japan. Japanese politicians – including Prime Minister Abe Shinzō – have adopted a new discourse depicting pacifism as a hindrance, rather than asset, to Japan's foreign policy. Does that mean that "Japan is back"? In order to better understand the dynamics of contemporary Japan, Kolmas

joins up the dots between national identity theory and Japanese revisionism. The book shows that while political elites and a portion of the Japanese public call for re-articulation of Japan's peaceful identity, there are still societal and institutional forces that prevent this change from entirely materializing.

China and Japan Ezra F. Vogel 2019-07-30 China and Japan have cultural and political connections that stretch back 1,500 years. But today they need to reset their strained relationship. Ezra Vogel underscores the need for Japan to offer a thorough apology for its atrocities during WWII, but he also urges China to recognize Japan as a potential vital partner in the region.
