Revisiting Moroccan Migrations Mohammed Berriane 2018-02-02 Over the 20th century, Morocco has become one of the world's major emigration countries. But since 2000, growing immigration and settlement of migrants from sub-Saharan Africa, the Middle East, and Europe confronts Morocco with an entirely new set of social, cultural, political and legal issues. This book explores how continued emigration and increasing immigration is transforming contemporary Moroccan society, with a particular emphasis on the way the Moroccan state is dealing with shifting migratory realities. The authors of this collective volume embark on a dialogue between theory and empirical research, showcasing how contemporary migration theories help understanding recent trends in Moroccan migration, and, vice-versa, how the specific Moroccan case enriches migration theory. This perspective helps to overcome the still predominant Western-centric research view that artificially divide the world into 'receiving' and 'sending' countries and largely disregards the dynamics of and experiences with migration in countries in the Global South. This book was previously published as a special issue of The Journal of North African Studies.

A History of Saudi Arabia Madawi al-Rasheed 2002-07-11 Saudi Arabia is a wealthy and powerful country which wields influence in the West and across the Islamic world. Yet it remains a closed society. Its history in the twentieth century is dominated by the story of state formation. After the collapse of the Ottoman Empire, Ibn Sa'ud fought a long campaign to bring together a disparate people from across the Arabian peninsula. In 1932 the Kingdom of Saudi Arabia was born. Madawi al-Rasheed traces its extraordinary history from the age of emirates in the nineteenth century, through the 1990 Gulf War, to the present day. She fuses chronology with analysis, personal experience with oral histories, and draws on local and foreign documents to illuminate the social and cultural life of the Saudis. This is a rich and rewarding book which will be invaluable to students, and to all those trying to understand the enigma of Saudi Arabia.

The Tongue Set Free Elias Canetti 2021-11-30 Winner of the 1981 Nobel Prize, this first volume of the author's autobiography provides a searching portrait of his personal background and creative development. Elias Canetti was one of the major intellectual figures and polymaths of the twentieth century. A master of many genres, he is known especially for his novel, *Auto-da-Fe*, and his great work of social theory, *Crowds and Power*. But Canetti's genius is perhaps nowhere more evident than in the three volumes of his autobiography. This first volume, *Tongue Set Free*, provides a searching portrait of the author's personal background and creative development as it presents the events, personalities (especially Canetti's mother), and intellectual forces that shaped the growth of the artist as a young man.

Oil and Sovereignty Rüdiger Graf 2018-04-23 In the decades that followed World War II, cheap and plentiful oil helped to fuel rapid economic growth, ensure political stability, and reinforce the legitimacy of liberal democracies. Yet waves of price increases and the use of the so-called "oil weapon" by a group of Arab oil-producing countries in the early 1970s demonstrated the West's dependence on this vital resource and its vulnerability to economic volatility and political conflicts. *Oil and Sovereignty* analyzes the national and international strategies that American and European governments formulated to restructure the world of oil and deal with the era's disruptions. It shows how a variety of different actors combined diplomacy, knowledge creation, economic restructuring, and public relations in their attempts to impose stability and reassert national sovereignty.

Wilhelm Herzberg's Jewish Family Papers (1868) Manja Herrmann 2021-01-18 Wilhelm Herzberg's novel *Jewish Family Papers*, which was first published under a pseudonym in 1868, was one of the bestselling German-Jewish books of the nineteenth century. Its numerous editions, reviews, and translations – into Dutch, English, and Hebrew – are ample proof of its impact. Herzberg's *Jewish Family Papers* picks up on some of the most central contemporary philosophical, religious, and social debates and discusses aspects such as emancipation, antisemitism, Jewishness and Judaism, nationalism, and the Christian religion and culture, as well as gender roles. So far, however, the novel has not received the scholarly attention it so assuredly deserves. This bilingual volume is the first attempt to acknowledge how this outstanding source can contribute to our understanding of German-Jewish literature and culture in the nineteenth century and beyond. Through interdisciplinary readings, it will discuss this forgotten bestseller, embedding it within various contemporary discourses: religion, literature, emancipation, nationalism, culture, transnationalism, gender, theology, and philosophy.

As such, the book will attract students and researchers in discourse, gender studies and religious studies.

The Oxford Handbook of Arabic Linguistics Jonathan Owens 2013-10-03 Until about 60 years ago, linguistic research on the Arabic language in the West was restricted to inquiries on Classical Arabic and the Classical tradition, and spoken Arabic dialects, with historical studies embedded within the broader field of Semitic languages. This situation is changing quickly, not only through the continuation of older research traditions, but also with the integration of new research fields and perspectives. With this expansion comes the danger of specialists in Arabic losing an overview of the field, and of leaving non-specialists without basic resources for evaluating domains of research which they may be interested in for comparative purposes. The Oxford Handbook of Arabic Linguistics will confront this problem by combining state-of-the-art overviews with essays on issues of perspective, controversy, and point of view. In twenty-four chapters, leading experts from around the world will lay out their own stances on controversial issues. The book not only evaluates ways in which questions and theories established in general linguistics and its sub-fields elucidate Arabic, but also challenges approaches which might result in accommodating Arabic to "non-Arabic" interpretations, and brings out the Arabic specificity of individual problems. The Handbook, in one compact volume, gives critical expression to a language which covers large populations and geographical areas, has a long written tradition, and has been the locus of major intellectual fervor and debate.

A Slap in the Face Abbas Khider 2022-03-22 Now in paperback, the touching, timely story of an Iraqi refugee in Germany. In our era of mass migration, much of it driven by war and its aftermath, *A Slap in the Face* could not be more timely. It tells the story of Karim, an Iraqi refugee living in Germany whose right to asylum has been revoked in the wake of Saddam Hussein's defeat. But Hussein wasn't the only reason Karim left, and as Abbas Khider unfolds his story, we learn both the secret struggles he faced in his homeland and the battles with prejudice, distrust, poverty, and bureaucracy he has to endure in his attempts to make a new life in Germany. As he erupts in frustration at his caseworker, and finally forces her to listen to his story, we get an account of a contemporary life upended by politics and violence, told with a warmth and humor that, while surprising us, does nothing to lessen the outrages Karim describes.

Bandarshah Tayeb Salih 1996 This long-awaited new book by the acclaimed Sudanese author Tayeb Salih is an evocative masterpiece. Consisting of two volumes originally entitled *Dau al-Beit* and *Meryoud*, it tells the story of a green-eyed stranger who, wounded and hungry, appears on the banks of the river near the village of Wad Hamid, this work recounts the life of a man who cannot remember his name, race, nor religion, and speaks a language no one understands. The villagers take him in, teach him the Koran, and give him a name, *Dau al-Beit*. Restored to strength, *Dau al-Beit* transforms the lives of the people who cared for him,

invigorating them with his ideas and enriching them with the merchandise he trades and the crops he harvests. Marrying a village girl, he remains in Wad Hamid for five years until he is lost to the river he came from. His son is later given the nickname Bandarshah. The continuing narrative revolves around the part-mythical figure of Bandarshah, his eleven sons, and his grandson Meryoud. As readers, we become the amazed spectators of village politics, initiation ceremonies, weddings, floggings and burials - scenes peopled with a cast of genies, devils, and houris - and encounter the mysticism of the Arab world described in a prose so absorbing and fascinating that we want to return to read it again and again.
