Producing Masculinity Michele White 2019-03-01 Thoughtful, witty, and illuminating, in this book Michele White explores the ways normative masculinity is associated with computers and the Internet and is a commonly enacted online gender practice. Through close readings and a series of case studies that range from wedding forums to men's makeup video tutorials, White considers the ways masculinities are structured through people's collaborations and contestations over the establishment of empowered positions, including debates about such key terms and positions as "the nice guy," "nerd," "bro," and "groom." She asserts that cultural notions of masculinity are reliant on figurations of women and femininity, and explores cultural conceptions of masculinity and the association of normative white heterosexual masculinity with men and women. A counterpart to her earlier book, *Producing Women*, White has crafted an excellent primer for scholars of gender, media, and Internet studies.

Just Enough Liebling A. J. Liebling 2005-10-05 The restaurants of the Latin Quarter and the city rooms of midtown Manhattan; the beachhead of Normandy and the boxing gyms of Times Square; the trackside haunts of bookmakers and the shadowy redoubts of Southern politicians--these are the places that A.J. Liebling shows to us in his unforgettable New Yorker articles, brought together here so that a new generation of readers might discover Liebling as if for the first time. Born a hundred years ago, Abbott Joseph "Joe" Liebling was the first of the great New Yorker writers, a colorful and tireless figure who helped set the magazine's urbane style. Today, he is best known as a celebrant of the "sweet science" of boxing or as a "feeder" who ravishes the reader with his descriptions of food and wine. But as David Remnick, a Liebling devotee, suggests in his fond and insightful introduction, Liebling was a writer bounded only by his intelligence, taste, and ardor for life. Like his nemesis William Randolph Hearst, he changed the rules of modern journalism, banishing the distinctions between reporting and storytelling, between news and art. Whatever his role, Liebling is a most companionable figure, and to read the pieces in this grand and generous book is to be swept along on a thrilling adventure in a world of confidence men, rogues, press barons and political cronies, with an inimitable writer as one's guide.

Couples That Work Jennifer Petriglieri 2019-10-08 Finding fulfillment in both love and work isn't easy--but it's possible. The majority of couples today are dual-career couples. As anyone who's part of such a relationship knows, this presents big challenges: trying to raise kids and achieve career goals while caring for and supporting your partner can seem impossible. Yet most advice for dual-career couples fails, framing the challenges as a zero-sum game in which one partner's gain is the other's loss and solutions feel like sacrifices or unsatisfactory trade-offs. This book is different. In *Couples That Work*, INSEAD professor Jennifer Petriglieri rejects conventional, one-size-fits-all solutions and instead focuses on how dual-career couples can tackle and resolve the challenges they face throughout their lives--together. She identifies three key phases of exploration and personal growth in every couple's work-life journey, showing how partners must navigate these together to strengthen their bond. Each phase is crystallized with a question: How can we make this work? The first phase focuses on the logistics of combining two busy lives and often involves the demands of young children. What do we really want? In the second phase, couples learn to navigate their midlife crises in ways that allow each partner to continue to feel happy and fulfilled. Who are we now? With careers winding down and kids grown up, this last phase offers new freedoms--and uncertainties. Based on a five-year research project, the book includes interviews with couples from over thirty countries--from executives to entrepreneurs and from twentysomething newlyweds to dual-career grandparents. Filled with vivid real-life stories, keen insights, and engaging exercises, *Couples That Work* will help couples develop their own unique answers to that most pressing question: How can we successfully combine love and work?

Called to Existence through Love... for Love John S. Hamlon 2021-02-03 *Called to Existence through Love... for Love* is the "do-it-yourself" version of an introductory class on John Paul II's thought that has had a long and lively run. This tutorial is for those who like to poke their noses into places where they "don't belong," in this case, material considered too difficult for "non-academic" persons to comprehend. Although the target audience is the inquiring, motivated Catholic, the content is universal--one does not have to be Catholic to benefit from the thought of John Paul II and other notable sages like Edith Stein, Dietrich von Hildebrand, and Paul VI. Welcome to a timely look at love and truth, marriage and family!

Love and Friendship in Plato and Aristotle A. W. Price 1989-01-26 This book fully explores for the first time an idea common to Plato and Aristotle, which unites their treatments - otherwise very different - of love and friendship. The idea is that although persons are separate, their lives need not be. One person's life may overflow into another's, and as such, helping another person is a way of serving oneself. The author shows how their view of love and friendship, within not only personal relationships, but also the household and even the city-state, promises to resolve the old dichotomy between egoism and altruism. - ;Friendship and desire in the Lysis; Love in the Symposium; Love in the Phaedrus; Perfect friendship in Aristotle; Aristotle on the varieties of friendship; The household; The City; Epilogue; Appendices; Homogeneity and beauty in the Symposium; Psychoanalysis looks at the Phaedrus ; Plato's sexual morality; Aristotle on erotic love; List of modern works cited. -

Liberty and Politics Owen Harries 2013-10-22 Liberty and Politics: Studies in Social Theory is a collection of papers that describes the conservative stance in dealing and preserving liberal and democratic values and institutions. The book deals with education, political, and social theory and presents the philosophy of Harry Eddy who was a realist, pluralist, and libertarian. One paper defines the nature of tradition as a series of acts of which the enactments of a tradition involve certain regularities of conduct. Other papers then discuss ethics as the theory of history and as an ethic of responsibility different from moral cynicism and moral futurism. One paper confronts the points of teaching sex education so as to correct sexual myths, to help pupils make appropriate decisions regarding sexuality, and to prepare them for love and responsibility. Another paper then discusses socialism, liberty, and the law where the author acknowledges the need for deeper thoughts over ideology and for acceptance of complexity over "black and white" thinking. The book then presents one author's reflection of The Gulag Archipelago that it offers something new and different from those of Nazism and Stalinism. The text will prove a stimulating reading for political scientists, historians, students and academicians in education and humanities, and for the general readers who like social history and political ideas.

All You Need Is Love and Other Lies About Marriage John W. Jacobs, M.D. 2009-03-17 Why is it so difficult to remain married in the twenty-first century, and what can you do about it? We all know that half of today's marriages end in divorce, but we tend to believe that our own marriages are safe. As psychiatrist John Jacobs explains in this fresh and impassioned book, marriages today are incredibly fragile, and unless a couple understands what is making contemporary marriage so vulnerable to dissolution, the marriage is at risk. Part of the problem is that people refuse to see how social and historical forces have changed the very meaning of marriage, causing serious interpersonal unhappiness. Because of increased longevity, married people live together longer than at any time in history. There's been an erosion of the social and cultural forces that traditionally kept marriages together. Confusion over gender-role responsibilities, increased expectations of sexual satisfaction, and intense time pressures on couples to work and be successful all create

marital stress. And yet, most people don't acknowledge the problems in their marriage until it is too late. We tend to believe in the "lies of marriage" -- such concepts as soul mates, unconditional love, that children improve a relationship, that the sexual revolution has made marital sex more pleasurable, or that egalitarian marriage offers couples easy solutions -- and forget to engage in the constant hardwork required to keep our marriages alive. Dr. Jacobs believes that most marriages have significant problems at some time, but until we recognize the new realities of marriage and develop the skills required to sustain a loving, intimate relationship, marriages are at risk. Of course marriage is about love. But that's just the beginning.

Women and Gaming J. Gee 2010-05-10 The authors argue that women gamers, too often ignored as gamers, are in many respects leading the way in this trend towards design, cultural production, new learning communities, and the combination of technical proficiency with emotional and social intelligence.

The Tribal Knot Rebecca McClanahan 2013-03-18 Are we responsible for, and to, those forces that have formed our families, friends, and communities? Where do we leave off and others begin? In *The Tribal Knot*, Rebecca McClanahan looks for answers in the history of her family. Poring over letters, artifacts, and documents that span more than a century, she discovers a tribe of hardscrabble Midwest farmers, hunters, trappers, and laborers struggling to hold tight to the ties that bind them, through poverty, war, political upheavals, illness and accident, filicide and suicide, economic depressions, personal crises, and global disasters. Like the practitioners of Victorian "hair art" who wove strands of family members' hair into a single design, McClanahan braids her ancestors' stories into a single intimate narrative of her search to understand herself and her place in the family's complex past.

Insomnia Amer Hussein 2012-04-18 On the shores of Lake Como a man and a woman talk about longing and belonging; a translator finds himself drawn into the personal and political turmoil of the poet he translates; a woman's quiet world is eroded by World War II and the division of her country. Charting the geographies of leave-taking and homecoming, the consolations and rivalries of friendship, adolescent yearnings and maturity's tentative acceptance of longing, these exquisite stories engage with the grand narratives of our time. 'Both disconcerting and alluring...the further the reader travels into Hussein's landscape of erosion, the more potent his capacity to find beauty becomes.' *Times Literary Supplement* 'Profound but low key; spiritual, but pragmatic; full of longing, but also acceptance.' *Independent on Sunday* 'Emotionally as well as intellectually charged.' *New Statesman* 'Hauntingly convincing.' *The Daily Telegraph* 'Lovely short stories...sharp, bitter, subtle comedy.' *The Times* 'Fresh, personal and profoundly moving.' Kamila Shamsie, *Literary Review* 'Superbly written short fiction...the writing is both delicate and powerful: these are very fine stories indeed.' *Independent* 'A gem-like collection...Amer Hussein is a consummate stylist...His prose is restrained, precise and yet deeply moving. He is a sensuous writer in whose stories nature acts as a balm on even the most weary of sensibilities.' Moni Mohsin, *Literary*

Chimes of a Lost Cathedral Janet Fitch 2019-07-02 A young Russian woman comes into her own in the midst of revolution and civil war in this "brilliant" novel set in "a world of furious beauty" (Los Angeles Review of Books). After the loves and betrayals of The Revolution of Marina M., young poet Marina Makarova finds herself alone amid the devastation of the Russian Civil War -- pregnant and adrift, forced to rely on her own resourcefulness to find a place to wait out the birth of her child and eventually make her way back to her native city, Petrograd. After two years of revolution, the city that was once St. Petersburg is almost unrecognizable, the haunted, half-emptied, starving Capital of Once Had Been, its streets teeming with homeless children. Moved by their plight, though hardly better off herself, she takes on the challenge of caring for these orphans, until they become the tool of tragedy from an unexpected direction. Shaped by her country's ordeals and her own trials -- betrayal and privation and inconceivable loss -- Marina evolves as a poet and a woman of sensibility and substance hardly imaginable at the beginning of her transformative odyssey. Chimes of a Lost Cathedral is the culmination of one woman's s journey through some of the most dramatic events of the last century -- the epic story of an artist who discovers her full power, passion, and creativity just as her revolution reveals its true direction for the future.

A Neutral Corner A. J. Liebling 2016-09-13 Fifteen previously unpublished boxing pieces written between 1952 and 1963. Demonstrating A.J. Liebling's abiding passion for the "sweet science" of boxing, A Neutral Corner brings together fifteen previously unpublished pieces written between 1952 and 1963. Antic, clear-eyed, and wildly entertaining, these essays showcase a The New Yorker journalist at the top of his form. Here one relives the high drama of the classic Patterson-Johansson championship bout of 1959, and Liebling's early prescient portrayal of Cassius Clay's style as a boxer and a poet is not to be missed. Liebling always finds the human story that makes these essays appealing to aficionados of boxing and prose alike. Alive with a true fan's reverence for the sport, yet balanced by a true skeptic's disdain for sentiment, A Neutral Corner is an American treasure.

Married Life in the Middle Ages, 900-1300 Elisabeth van Houts 2019-02-06

Married Life in the Middle Ages, 900-1300 contains an analysis of the experience of married life by men and women in Christian medieval Europe, c. 900-1300. The study focusses on the social and emotional life of the married couple rather than on the institutional history of marriage, breaking it into three parts: Getting Married - the process of getting married and wedding celebrations; Married Life - the married life of lay couples and clergy, their sexuality, and any remarriage; and Alternative Living - which explores concubinage and polygyny, as well as the single life in contrast to monogamous sexual unions. In this volume, van Houts deals with four central themes. First, the tension between patriarchal family strategies and the individual family member's freedom of choice to marry and, if so, to what partner; second, the role played by the married priesthood in their quest to have individual agency and self-determination accepted in their own lives in the face of the growing imposition of clerical celibacy; third, the role played by women in helping society accept some degree of gender equality and self-determination to marry and in shaping the norms for married life incorporating these principles;

fourth, the role played by emotion in the establishment of marriage and in married life at a time when sexual and spiritual love feature prominently in medieval literature.
