Secrets of the Millionaire Mind T. Harv Eker 2009-10-13 *Secrets of the Millionaire Mind* reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking *Secrets of the Millionaire Mind*, T. Harv Eker states: "Give me five minutes, and I can predict your financial future for the rest of your life!" Eker does this by identifying your "money and success blueprint." We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. *Secrets of the Millionaire Mind* is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and "revise" it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen "Wealth Files," which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to

T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

Gatekeeping Theory Pamela J. Shoemaker 2009-09-10 Gatekeeping is one of the media's central roles in public life: people rely on mediators to transform information about billions of events into a manageable number of media messages. This process determines not only which information is selected, but also what the content and nature of messages, such as news, will be. Gatekeeping Theory describes the powerful process through which events are covered by the mass media, explaining how and why certain information either passes through gates or is closed off from media attention. This book is essential for understanding how even single, seemingly trivial gatekeeping decisions can come together to shape an audience's view of the world, and illustrates what is at stake in the process.

The Soulmate Equation Christina Lauren 2021-05-18 The New York Times bestselling author of *The Unhoneymooners* returns with a witty and effervescent novel about what happens when two people with everything on the line are thrown together by science—or is it fate? Perfect for fans of *The Rosie Project* and *One Plus One*. Single mom Jess Davis is a data and statistics wizard, but no amount of number crunching can convince her to step back into the dating world. Raised by her grandparents—who now help raise her seven-year-old daughter, Juno—Jess has been left behind too often to feel comfortable letting anyone in. After all, her father's never been around, her hard-partying mother disappeared when she was six, and her ex decided he wasn't "father material" before Juno

was even born. Jess holds her loved ones close, but working constantly to stay afloat is hard...and lonely. But then Jess hears about GeneticAlly, a buzzy new DNA-based matchmaking company that's predicted to change dating forever. Finding a soulmate through DNA? The reliability of numbers: This Jess understands. At least she thought she did, until her test shows an unheard-of 98% compatibility with another subject in the database: GeneticAlly's founder, Dr. River Pena. This is one number she can't wrap her head around, because she already knows Dr. Pena. The stuck-up, stubborn man is without a doubt not her soulmate. But GeneticAlly has a proposition: Get to know him and we'll pay you. Jess—who is barely making ends meet—is in no position to turn it down, despite her skepticism about the project and her dislike for River. As the pair are dragged from one event to the next as the "Diamond" pairing that could make GeneticAlly a mint in stock prices, Jess begins to realize that there might be more to the scientist—and the science behind a soulmate—than she thought. Funny, warm, and full of heart, *The Soulmate Equation* proves that the delicate balance between fate and choice can never be calculated.

Netflixed Gina Keating 2012-10-11 Netflix has come a long way since 1997, when two Silicon Valley entrepreneurs, Marc Randolph and Reed Hastings, decided to start an online DVD store before most people owned a DVD player. They were surprised and elated when launch-day traffic in April 1998 crashed their server and resulted in 150 sales. Today, Netflix has more than 25 million subscribers and annual revenues above \$3 billion. Yet long-term success—or even survival—is still far from guaranteed. Journalist Gina Keating recounts the absorbing, fast-paced drama of the company's turbulent rise to the top and its attempt to invent two new kinds of business. First it engaged in a grueling war against video-store behemoth Blockbuster, transforming movie rental forever. Then it jumped into an even bigger battle for online video streaming against Google, Hulu, Amazon, and the big cable companies. Netflix ushered in such innovations as DVD rental by mail, a patented online queue of upcoming rentals, and a recommendation algorithm called Cinematch that proved crucial in its struggle against bigger rivals. Yet for all its success, Netflix is still a polarizing company. Hastings is often heralded as a visionary—he was named Business Person of the Year in 2010 by *Fortune*—even as he has been called the nation's worst

CEO. Netflix also faces disgruntled customers after price increases and other stumbles that could tarnish the brand forever. The quest to become the world's portal for premium video on demand will determine nothing less than the future of entertainment and the Internet. Drawing on extensive new interviews and her years covering Netflix as a financial and entertainment reporter, Keating makes this tale as absorbing as it is important.

The Gutenberg Galaxy Marshall McLuhan 2017-06-22 The Gutenberg Galaxy catapulted Marshall McLuhan to fame as a media theorist and, in time, a new media prognosticator. Fifty years after its initial publication, this landmark text is more significant than ever before. This new edition of The Gutenberg Galaxy celebrates both the centennial of McLuhan's birth and the fifty-year anniversary of the book's publication. A new interior design updates The Gutenberg Galaxy for twenty-first-century readers, while honouring the innovative, avant-garde spirit of the original. This edition also includes new introductory essays that illuminate McLuhan's lasting effect on a variety of scholarly fields and popular culture. A must-read for those who inhabit today's global village, The Gutenberg Galaxy is an indispensable road map for our evolving communication landscape.

Powers of Darkness Bram Stoker 2017-02-07 Powers of Darkness is an incredible literary discovery: In 1900, Icelandic publisher and writer Valdimar àsmundsson set out to translate Bram Stoker's world-famous 1897 novel Dracula.

Called *Makt Myrkranna* (literally, "Powers of Darkness"), this Icelandic edition included an original preface written by Stoker himself. *Makt Myrkranna* was published in Iceland in 1901 but remained undiscovered outside of the country until 1986, when Dracula scholar John Edgar Browning was astonished by the discovery of Stoker's preface to the book. However, no one looked beyond the preface and deeper into Jón Þorgrímur Þorsson's story. In 2014, literary researcher Hans de Roos dove into the full text of *Makt Myrkranna*, only to discover that Þorsson hadn't merely translated *Dracula* but had penned an entirely new version of the story, with all new characters and a totally re-worked plot. The resulting narrative is one that is shorter, punchier, more erotic, and perhaps even more suspenseful than Stoker's *Dracula*. Incredibly, *Makt Myrkranna* has never been translated or even read outside of Iceland until now. *Powers of Darkness* presents the first ever translation into English of Stoker and Þorsson's *Makt Myrkranna*. With marginal annotations by de Roos providing readers with fascinating historical, cultural, and literary context; a foreword by Dacre Stoker, Bram Stoker's great-grandnephew and bestselling author; and an afterword by Dracula scholar John Edgar Browning, *Powers of Darkness* will amaze and entertain legions of fans of Gothic literature, horror, and vampire fiction.

The Medium Is the Message Marshall McLuhan 2011-06 *The Medium is the Message* remains Marshall McLuhan's most popular book, perhaps as influential as *Understanding Media*. With every technological and social advance, McLuhan's theories reveal how prescient his insights actually proved to be. McLuhan's proclamation that 'the media work us over completely' becomes more evident every day. In his words, 'so pervasive are they in their personal, political, economic, aesthetic, psychological, moral, ethical and social consequences that they leave no part of us untouched, unaffected, or unaltered.'

Mein Kampf Adolf Hitler 2021-03-19 ‘MEIN KAMPF’ is the autobiography of Adolf Hitler gives detailed insight into the mission and vision of Adolf Hitler that shook the world. This book is the merger of two volumes. The first volume of MEIN KAMPF’ was written while the author was imprisoned in a Bavarian fortress. The book deals with events which brought the author into this blight. It was the hour of Germany’s deepest humiliation, when Napoleon has dismembered the old German Empire and French soldiers occupied almost the whole of Germany. The books narrates how Hitler was arrested with several of his comrades and imprisoned in the fortress of Landsberg on the river Lech. The Anarchist Cookbook William Powell 2018-03-11 The Anarchist Cookbook will shock, it will disturb, it will provoke. It places in historical perspective an era when "Turn on, Burn down, Blow up" are revolutionary slogans of the day. Says the author "This book... is not written for the members of fringe political groups, such as the Weatherman, or The Minutemen. Those radical groups don't need this book. They already know everything that's in here. If the real people of America, the silent majority, are going to survive, they must educate themselves. That is the purpose of this book." In what the author considers a survival guide, there is explicit information on the uses and effects of drugs, ranging from pot to heroin to peanuts. There i detailed advice concerning electronics, sabotage, and surveillance, with data on everything from bugs to scramblers.
