The EARTH Book (Illustrated Edition) Todd Parr 2011-02-21 "I take care of the earth because I know I can do little things every day to make a BIG difference..." With his signature blend of playfulness and sensitivy, Todd Parr explores the important, timely subject of environmental protection and conservation in this eco-friendly picture book. Featuing a circular die-cut Earth on the cover, and printed entirely with recycled materials and nontoxic soy inks, this book includes lots of easy, smart ideas on how we can all work together to make the Earth feel good - from planting a tree and using both sides of the paper, to saving energy and reusing old things in new ways. Best of all, the book includes an interior gatefold with a poster with tips/reminders on how kids can "go green" everyday. Equally whimsical and heartfelt, this sweet homage to our beautiful planet is sure to inspire readers of all ages to do their part in keeping the Earth happy and healthy.

Vlad C.C. Humphreys 2011-05-01 "Trust nothing that you've heard." Winter 1431, a son is born to the Prince of Transylvania. His father christened him "Vlad." His people knew him as "The Dragon's Son." His enemies reviled him as "Tepes"-The Impaler. He became the hero of a nation. We know him as Dracula. Vlad: The Last Confession is a novel about the real man behind the Bram Stoker myth. It tells of the Prince, the warrior, the lover, the torturer, the survivor and, ultimately, the hero. "A great tale, finely woven with action, palpably real characters and terrific twists of fate." -Simon Scarrow

Life William K. Purves 2001 Authoritative, thorough, and engaging, *Life: The Science of Biology* achieves an optimal balance of scholarship and teachability, never losing sight of either the science or the student. The first introductory text to present biological concepts through the research that revealed them, *Life* covers the full range of topics with an integrated experimental focus that flows naturally from the narrative. This approach helps to bring the drama of classic and cutting-edge research to the classroom - but always in the context of reinforcing core ideas and the innovative scientific thinking behind them. Students will experience biology not just as a litany of facts or a highlight reel of experiments, but as a rich, coherent discipline.

The Merry Adventures of Robin Hood Illustrated Howard Pyle 2020-10-12 The Merry Adventures of

Robin Hood of Great Renown in Nottinghamshire is an 1883 novel by the American illustrator and writer Howard Pyle. Consisting of a series of episodes in the story of the English outlaw Robin Hood and his band of Merry Men, the novel compiles traditional material into a coherent narrative in a colorful, invented "old English" idiom that preserves some flavor of the ballads, and adapts it for children. The novel is notable for taking the subject of Robin Hood, which had been increasingly popular through the 19th century, in a new direction that influenced later writers, artists, and filmmakers through the next century

Six Thinking Hats Edward De Bono 2009-11-05 The classic work about meetings and decision-making. Meetings are a crucial part of all our lives, but too often they go nowhere and waste valuable time. In Six Thinking Hats, Edward de Bono shows how meetings can be transformed to produce quick, decisive results every time. The Six Hats method is a devastatingly simple technique based on the brain's different modes of thinking. The intelligence, experience and information of everyone is harnessed to reach the right conclusions quickly. These principles have been adopted by businesses and governments around the world, ending conflict and confusion in favour of harmony and productivity. The Six Hats strategy will fundamentally change the way you work and interact. 'An inspiring man with brilliant ideas. De Bono never ceases to amaze with his clarity of thought.' Sir Richard Branson
