**Genome Editing in Agriculture** Christian Dürnberger 2019-02-05 Neue Pflanzenzüchtungstechnologien wie CRISPR/Cas haben das Potenzial zur Verbesserung der Nachhaltigkeit in der Landwirtschaft. Mit den Techniken des Genome Editing können die Erträge bei gleichzeitig reduziertem Pestizideinsatz gesteigert werden. Auch an der Verbesserung des Nährwerts von Pflanzen wird weltweit geforscht. Ob die neuen Techniken allerdings in Europa zum Einsatz kommen, ist gegenwärtig fraglich. Soll Genome Editing wie die "klassische" Gentechnik reguliert werden? Und wie kann eine verantwortliche Auslegung des Vorsorgeprinzips beim Einsatz der neuen Technologien aussehen? Die politische Diskussion um die Bewertung der neuen Pflanzenzüchtungstechnologien ist in vollem Gange. Die Beiträge dieses Sammelbands präsentieren rechtliche, soziale und ethische Aspekten zum Thema, die auf einer Summer School des Instituts Technik-Theologie-Naturwissenschaften (TTN) an der Ludwig-Maximilians-Universität München zur Diskussion standen. *The Boy and the Gorilla* Jackie Azúa Kramer 2020-10-13 This profoundly moving tale about a grieving boy and an imaginary gorilla makes real the power of talking about loss. On the day of his mother's funeral, a young boy conjures the very visitor he needs to see: a gorilla. Wise and gentle, the gorilla stays on to answer the heart-heavy questions the boy hesitates to ask his father: Where did his mother go? Will she come back home? Will we all die? Yet with the gorilla's friendship, the boy slowly begins to discover moments of comfort in tending flowers, playing catch, and climbing trees. Most of all, the gorilla knows that it helps to simply talk about the loss--especially with those who share your grief and who may feel alone, too. Author Jackie Azúa Kramer's quietly thoughtful text and illustrator Cindy Derby's beautiful impressionistic artwork depict how this tender relationship leads the boy to open up to his father and find a path forward. Told entirely in dialogue, this direct and deeply affecting picture book will inspire conversations about grief, empathy, and healing beyond the final hope-filled scene.

Süsser Die Glocken Nie Klingen Eberhard Michaely 2017-12 In this trombone duet, "Süsser die Glocken nie klingen," the theme is presented in 4/4, which appears to be a rather unusual measure to be chosen for this Christmas carol. The Latin groove is to be played rather laid back throughout the entire piece. The variations of the theme alternate between the two voices so that the lead voice and the accompaniment merge into one another. Arranged by Eberhard Michaely.

**Re-** Christoph F. E. Holzhey 2019-01-22 What's in a prefix? How to read a prefix as short as 're-'? Does 're-' really signify? Can it point into a specific direction? Can it reverse? Can it become the shibboleth of a 'postcritical' reboot? At first glance transparent and directional, 're-' complicates the linear and teleological models commonly accepted as structuring the relations between past, present, and future, opening onto errant temporalities.

**Religion and Difference** Trygve Wyller 2019-11-11 In democracies of advanced plurality, religion is a contested and powerful part of public discussions and practices. Today, religious difference is articulated and negotiated controversially in interaction with other spheres of society. While there are clear tendencies of increasing polarization, we also encounter moments of acknowledgement and appreciation of plurality. Facing these complexities and challenges of our time, this volume scrutinizes contested practices where religious difference

matters. Committed to an interdisciplinary exchange between theology, the study of religion and political philosophy, this volume is grounded in the attention for concrete practices and phenomena as well as the conviction that difference is both a productive concept and an enriching experience. Exploring practices of shared places, sexuality, justice and the commitment to the human being in education, migration and violent conflicts, the volume as a whole contributes to the analysis of contested social and political practices in order to investigate the significance and role of religion in contemporary societies, and thus it further develops theoretical reflection about religion in contemporary research.
