This House Is Mine Dörte Hansen 2016-11-15 Told in skillfully-crafted alternating points of view and a non-linear storyline, Hansen's bestselling debut novel showcases her impressive talent for characterization and dialog in an unusual book that combines emotional depth and humor. She immerses the reader in a series of brightly lit or obscure scenes that call for close reading and offer many rewards. The author's sparse language and sometimes oblique references make for a deeply immersive reading experience, and the characters will resonate long after the last page has been turned. Readers of Anthony Doerr and M.L. Stedman will find much to love here. All her life Vera has felt like a stranger in the old and drafty farmhouse she arrived in as a five-year-old refugee from East Prussia in 1945, and yet she can't seem to let it go. 60 years later, her niece Anne suddenly shows up at her door with her small son- Anne has fled the trendy Hamburg neighborhood she never fit into when her relationship implodes. Vera and Anne are strangers to each other, but have much more in common than they think. As the two strong-willed and very different women share the great old house, they surprisingly find what they have never searched for: a family.

Destined to Witness Hans Massaquoi 2009-10-13 This is a story of the unexpected. In *Destined to Witness*, Hans Massaquoi has crafted a beautifully rendered memoir -- an astonishing true tale of how he came of age as a black child in Nazi Germany. The son of a prominent African and a German nurse, Hans remained behind with his mother when Hitler came to power, due to concerns about his fragile health, after his father returned to Liberia. Like other German boys, Hans went to school; like other German boys, he swiftly fell under the Fuhrer's spell. So he was crushed to learn that, as a black child, he was ineligible for the Hitler Youth. His path to a secondary education and an eventual profession was blocked. He now lived in fear that, at any moment, he might hear the Gestapo banging on the door -- or Allied bombs falling on his home. Ironic, moving, and deeply human, Massaquoi's account of this lonely struggle for survival brims with courage and intelligence.

desperate prayers and sobbing from the passengers in the sinking boat above her. Between the waves, her elder sister Sarah screamed at her to get back on the boat. But Mardini was determined. She was not going to let Sarah do this alone. Grabbing the rope with one hand, she began kicking up the black water, inching the boat towards the distant shore. This bold act of bravery saved the lives of a boatload of refugees heading to Turkey from Syria. After her arrival in Greece, Mardini, focused and undeterred, worked toward a lifelong goal: to compete in the Olympics. She succeeded, and competed in 2016 on the Refugee Olympic Team in Rio de Janeiro. Butterfly tells her story, from Syria to the Olympics to her current work with the UN as a Goodwill Ambassador. Mardini is eager to tell her story in the hopes that readers will remember that refugees are ordinary people in extraordinary circumstances, chased from their homes by a devastating war. In today's political climate, this story is guaranteed to inspire and educate readers from every background.

Introduction to Classical Chinese Kai Vogelsang 2021-08-25 This textbook provides a comprehensive scholarly introduction to Classical Chinese and its texts. Classical Chinese is the language of Confucius and Mencius and their contemporaries, who wrote the seminal texts of Chinese philosophy more than 2,000 years ago. Although it was used as a living language for only a relatively short time, it was the foundation of Chinese education throughout the Imperial age, and formed the basis of a literary tradition that continues to the present day. This book offers students all the necessary tools to read, understand, and analyse Classical Chinese texts, including: step-by-step clearly illustrated descriptions of syntactic features; core vocabulary lists; introductions to relevant historical and cultural topics; selected readings from classical literature with original commentaries and in-depth explanations; introductions to dictionaries and other reference works on the study of ancient China; and a guide to philological methods used in the critical analysis of Classical Chinese texts. The extensive glossary provides phonological reconstructions, word classes, English translations, and citations to illustrate usage, while the up-to-date bibliography serves as a valuable starting point for further research.

We Will Meet Again in Heaven Christel Zachert 1995 The inspiring story of a family that finds strength in the struggles of a 15-year old daughter with cancer.

The Accusation Bandi 2017-03-04 Authored by an anonymous writer and smuggled out of North Korea, *The Accusation* is the first work of fiction to come out of the country and a moving portrayal of life under a totalitarian regime. In 1989, a North Korean dissident writer, known to us only by the pseudonym Bandi, began to write a series of stories about life under Kim Il-sung's totalitarian regime. Smuggled out of North Korea and published around the world, *The Accusation* provides a unique and shocking window into this most secretive of countries. Bandi's profound, deeply moving, vividly characterized stories tell of ordinary men and women facing the terrible absurdity of daily life in North Korea: a factory supervisor caught between loyalty to an old friend and loyalty

to the Party; a woman struggling to feed her husband through the great famine; the staunch Party man whose actor son reveals to him the theatre that is their reality; the mother raising her child in a world where the all-pervasive propaganda is the very stuff of childhood nightmare. The Accusation is a heartbreaking portrayal of the realities of life in North Korea. It is also a reminder that humanity can sustain hope even in the most desperate of circumstances – and that the courage of free thought has a power far beyond those who seek to suppress it.

Mut zur Freiheit Yeonmi Park 2015-10-19 Yeonmi Park träumte nicht von der Freiheit, als sie im Alter von erst 13 Jahren aus Nordkorea floh. Sie wusste nicht einmal, was Freiheit ist. Alles, was sie wusste war, dass sie um ihr Leben lief, dass sie und ihre Familie sterben würde, wenn sie bliebe - vor Hunger, an einer Krankheit oder gar durch Exekution. In ihrem Buch erzählt Yeonmi Park von ihrem Kampf ums Überleben in einem der dunkelsten und repressivsten Regime unserer Zeit; sie erzählt von ihrer grauenhaften Odyssee durch die chinesische Unterwelt, bevölkert von Schmugglern und Menschenhändlern, bis nach Südkorea; und sie erzählt von ihrem erstaunlichen Weg zur führenden Menschenrechts-Aktivistin mit noch nicht einmal 21 Jahren.

Kamala's Way Dan Morain 2022-01-18 A revelatory biography of the first Black woman to stand for Vice President, charting how the daughter of two immigrants in segregated California became one of this country's most effective power players. There's very little that's conventional about Kamala Harris, and yet her personal story also represents the best of America. She grew up the eldest daughter of a single mother, a no-nonsense cancer researcher who emigrated from India at the age of nineteen in search of a better education. She and her husband, an accomplished economist from Jamaica, split up when Kamala was only five. The Kamala Harris the public knows today is tough, smart, quick-witted, and demanding. She's a prosecutor—her one-liners are legendary—but she's more reticent when it comes to sharing much about herself, even in her memoirs. Fortunately, former Los Angeles Times reporter Dan Morain has been there from the start. In *Kamala's Way*, he “offers an essential roadmap” (Politico) to her career from its beginnings handling child molestation cases and homicides for the Alameda County District Attorney's office and her relationship as a twenty-nine-year-old with the most powerful man in the state: married Assembly Speaker Willie Brown, a relationship that would prove life-changing. Morain takes readers through Harris's years in the San Francisco District Attorney's Office, explores her audacious embrace of the little-known Barack Obama, and shows the sharp elbows she deployed to make it to the US Senate. He analyzes her failure as a presidential candidate and the behind-the-scenes campaign she waged to land the Vice President spot. Along the way, he paints a “revealing portrait” (The New York Times Book Review) of her values and priorities, the sorts of problems she's good at solving, and the missteps, risks, and bold moves she's made on her way to the top. *Kamala's Way* is essential reading for all Americans curious about the woman standing by Joe Biden's side.

that I was born in North Korea, and that I escaped from North Korea.” - Yeonmi Park "One of the most harrowing stories I have ever heard - and one of the most inspiring." - The Bookseller "Park's remarkable and inspiring story shines a light on a country whose inhabitants live in misery beyond comprehension. Park's important memoir showcases the strength of the human spirit and one young woman's incredible determination to never be hungry again." –Publishers Weekly In *In Order to Live*, Yeonmi Park shines a light not just into the darkest corners of life in North Korea, describing the deprivation and deception she endured and which millions of North Korean people continue to endure to this day, but also onto her own most painful and difficult memories. She tells with bravery and dignity for the first time the story of how she and her mother were betrayed and sold into sexual slavery in China and forced to suffer terrible psychological and physical hardship before they finally made their way to Seoul, South Korea—and to freedom. Park confronts her past with a startling resilience. In spite of everything, she has never stopped being proud of where she is from, and never stopped striving for a better life. Indeed, today she is a human rights activist working determinedly to bring attention to the oppression taking place in her home country. Park's testimony is heartbreaking and unimaginable, but never without hope. This is the human spirit at its most indomitable.

Escape from Camp 14 Blaine Harden 2012-03-29 With a New Foreword The heartwrenching New York Times bestseller about the only known person born inside a North Korean prison camp to have escaped. North Korea's political prison camps have existed twice as long as Stalin's Soviet gulags and twelve times as long as the Nazi concentration camps. No one born and raised in these camps is known to have escaped. No one, that is, except Shin Dong-hyuk. In *Escape From Camp 14*, Blaine Harden unlocks the secrets of the world's most repressive totalitarian state through the story of Shin's shocking imprisonment and his astounding getaway. Shin knew nothing of civilized existence—he saw his mother as a competitor for food, guards raised him to be a snitch, and he witnessed the execution of his mother and brother. The late “Dear Leader” Kim Jong Il was recognized throughout the world, but his country remains sealed as his third son and chosen heir, Kim Jong Eun, consolidates power. Few foreigners

are allowed in, and few North Koreans are able to leave. North Korea is hungry, bankrupt, and armed with nuclear weapons. It is also a human rights catastrophe. Between 150,000 and 200,000 people work as slaves in its political prison camps. These camps are clearly visible in satellite photographs, yet North Korea's government denies they exist. Harden's harrowing narrative exposes this hidden dystopia, focusing on an extraordinary young man who came of age inside the highest security prison in the highest security state. Escape from Camp 14 offers an unequalled inside account of one of the world's darkest nations. It is a tale of endurance and courage, survival and hope.

Beyond Belief Jenna Miscavige Hill 2013-02-05 Jenna Miscavige Hill, niece of Church of Scientology leader David Miscavige, was raised as a Scientologist but left the controversial religion in 2005. In *Beyond Belief*, she shares her true story of life inside the upper ranks of the sect, details her experiences as a member Sea Org—the church's highest ministry, speaks of her "disconnection" from family outside of the organization, and tells the story of her ultimate escape. Piercing the veil of secrecy that has long shrouded the world of Scientology, this insider reveals unprecedented firsthand knowledge of the religion, its obscure rituals, and its mysterious leader—David Miscavige. From her prolonged separation from her parents as a small child to being indoctrinated to serve the greater good of the Church, from her lack of personal freedoms to the organization's emphasis on celebrity recruitment, Jenna goes behind the scenes of Scientology's oppressive and alienating culture, detailing an environment rooted in control in which the most devoted followers often face the harshest punishments when they fall out of line. Addressing some of the Church's most notorious practices in startling detail, she also describes a childhood of isolation and neglect—a childhood that, painful as it was, prepared her for a tough life in the Church's most devoted order, the Sea Org. Despite this hardship, it is only when her family approaches dissolution and her world begins to unravel that she is finally able to see the patterns of stifling conformity and psychological control that have ruled her life. Faced with a heartbreaking choice, she mounts a courageous escape, but not before being put through the ultimate test of family, faith, and love. At once captivating and disturbing, *Beyond Belief* is an eye-opening exploration of the limits of religion and the lengths to which one woman went to break free.

Maria Montessori Rita Kramer 2017-05-21 The definitive biography of a physician, feminist, social reformer, educator, and one of the most influential, and controversial women of the 20th century. Maria Montessori effected a worldwide revolution in the classroom. She developed a new method of educating the young and inspired a movement that carried it into every corner of the world. This is the story of the woman behind the public figure—her accomplishments, her ideas, and her passions. Montessori broke the mold imposed on women in the nineteenth century and forged a new one, first for herself and eventually for those who came after her. Against formidable odds she became the first woman to graduate from the medical school of the University of Rome and then devoted herself to the condition of children considered uneducable at the time. She developed a teaching method that enabled them to do as well as normal children, a method which then led her to found a new kind of school—the Casa dei Bambini, or House of Children—which gained her worldwide fame and still

pervades classrooms wherever young children learn. This biography is not only the story of a groundbreaking feminist but a vital chapter in the history of education. "Highly recommended for educators, parents, and moderate feminists who seek inspiration from one of the most accomplished women of this or any other age."—Publishers Weekly

Hidden Valley Road Robert Kolker 2020-04-07 #1 NEW YORK TIMES BESTSELLER • OPRAH'S BOOK CLUB PICK • ONE OF GQ'S TOP 50 BOOKS OF LITERARY JOURNALISM IN THE 21st CENTURY • The heartrending story of a midcentury American family with twelve children, six of them diagnosed with schizophrenia, that became science's great hope in the quest to understand the disease. "Reads like a medical detective journey and sheds light on a topic so many of us face: mental illness." —Oprah Winfrey Don and Mimi Galvin seemed to be living the American dream. After World War II, Don's work with the Air Force brought them to Colorado, where their twelve children perfectly spanned the baby boom: the oldest born in 1945, the youngest in 1965. In those years, there was an established script for a family like the Galvins--aspiration, hard work, upward mobility, domestic harmony--and they worked hard to play their parts. But behind the scenes was a different story: psychological breakdown, sudden shocking violence, hidden abuse. By the mid-1970s, six of the ten Galvin boys, one after another, were diagnosed as schizophrenic. How could all this happen to one family? What took place inside the house on Hidden Valley Road was so extraordinary that the Galvins became one of the first families to be studied by the National Institute of Mental Health. Their story offers a shadow history of the science of schizophrenia, from the era of institutionalization, lobotomy, and the schizophrenogenic mother to the search for genetic markers for the disease, always amid profound disagreements about the nature of the illness itself. And unbeknownst to the Galvins, samples of their DNA informed decades of genetic research that continues today, offering paths to treatment, prediction, and even eradication of the disease for future generations. With clarity and compassion, bestselling and award-winning author Robert Kolker uncovers one family's unforgettable legacy of suffering, love, and hope.

As a child Eunsun loved her country...despite her school field trips to public executions, daily self-criticism sessions, and the increasing gnaw of hunger as the country-wide famine escalated. By the time she was eleven years old, Eunsun's father and grandparents had died of starvation, and Eunsun was in danger of the same. Finally, her mother decided to escape North Korea with Eunsun and her sister, not knowing that they were embarking on a journey that would take them nine long years to complete. Before finally reaching South Korea and freedom, Eunsun and her family would live homeless, fall into the hands of Chinese human traffickers, survive a North Korean labor camp, and cross the deserts of Mongolia on foot. Told with grace and courage, her memoir is a riveting exposé of North Korea's totalitarian regime and, ultimately, a testament to the strength and

Übersündig Ameise 2017-01-01 Der Roman handelt ab dem Jahr 1986 und beginnt mit einer Auslandsreise nach Nordkorea. Der Beginn der Reise erfolgte unmittelbar nach dem Reaktorunfall in der Sowjetunion. Die Welt war aufgeschreckt, auch die Nordkoreaner, denn auf ihrem Territorium wurde schon seit den Kriegszeiten mit Japan an einer Bombe gebastelt. Und sie basteln immer noch, und sie basteln auch an Mittelstrecken- und Langstrecken- Raketen. Die Muster sollen heimlich aus der Ukraine, gegen Dollars ins Land gekommen sein. Der Aufenthalt für die Montage war in Kimcha ék im Hafen gebucht. Der Monteur hatte eigentlich gedacht, dass er bei dem Aufenthalt in Nordkorea Land und Leute kennen lernen würde, doch frei im Land bewegen, das gab es nicht. Dort in der Hafenstadt hatte der Monteur aus der DDR eine Vietnamesin, eine reizende Ärztin kennengelernt und sich in sie verliebt. Sie hatte ihn über die alten sexuellen Bräuche in den asiatischen Ländern aufgeklärt und mit ihm die Praktiken ausprobiert. Später sah er Gefangene aus den sogenannten Besserungslager unter unwürdigsten Bedingungen schufteten. Er versuchte Kontakt zu den Gefangenen aufzunehmen und wurde dabei denunziert, verhaftet und zu 20 Jahren Haft in ein Besserungslager geschickt. Die ganzen Verfahrensweisen bei den Untersuchungen zum Gerichtsprozess, die Haftbedingungen und die schrecklichen Lagerhaft-Bedingungen werden dokumentiert. Was Menschen mit Menschen in diesem System machen, ist furchtbar. Nach einigen Jahren hatte der Monteur einen Fluchtplan geschmiedet. Die DDR gab es zu diesem Zeitpunkt schon nicht mehr, aber er und seine Mithäftlinge im Besserungslager hatten nichts davon erfahren. Sie hatten alle Besuchsverbot und auch Schreib-verbot zu ihren Familien vom Gericht ausgesprochen bekommen. Unser Monteur ist mit einer alten japanischen Lokomotive aus dem Besserungslager entwischt und viele Kilometer in Richtung Nordosten gefahren und später gelaufen. Sein Ziel war die Hafenstadt Changjin, dort hatte er die Anschrift

Barbara Sichtermann beschreibt in fesselnden Porträts nicht nur die Lebensgeschichten dieser Weltenretterinnen, sondern widmet sich auch den Zuständen und Problemen im jeweiligen Land und Kulturraum, den Protestbewegungen, der Situation der jungen Menschen, den Formen der Auflehnung, der Politik der Machthaber. Nicht zuletzt wird die Bedeutung internationaler Vernetzung sichtbar, ebenso wie die Organisationen und spontanen Widerstandsbewegungen vor Ort.

Auflage dieses Bandes versammelt Berichte von 22 Autoren - Journalisten, Wissenschaftler, Mitarbeiter von Hilfswerken, Künstler und Touristen -, die ein überraschend facettenreiches Bild von der Lebenswirklichkeit in Nordkorea zeichnen.

Sozialismus ist zum Kotzen Robert Lawson 2020-06-22 "Ich wusste, dass die Jungs großartig sind; aber diese Seite von ihnen kannte ich noch nicht. Kauft dieses Buch! Gebt es euren Kindern und Enkelkindern und jedem, der den modisch gewordenen Nonsens propagiert, dass Staatsmacht glücklicher macht als persönliche Freiheit." Richter Andrew P. Napolitano, leitender juristischer Analyst für Fox News "Von der Verelendung Venezuelas bis zur Befreiung Georgiens stellen die Autoren jeden Sozialisten, Ex-Sozialisten, Halb-Sozialisten und wahrscheinlich jedes sozialistische Experiment, Bier für Bier, auf die Probe." Matt Ridley, Autor von "The Evolution of Everything" "In der Theorie ist Sozialismus zum Kotzen, und Ökonomen wissen, wieso. Hier sind zwei Ökonomen, die sich weit aus dem Elfenbeinturm gewagt haben, um in der Praxis herauszufinden, dass die Theorie korrekt ist. Dies ist die tragische Geschichte der Massenverelendung im Namen einer wahnsinnigen Idee, erzählt mit Sympathie, Einsicht und einer nicht geringen Menge schwarzen Humors. Lesen Sie und weinen Sie; lesen Sie und lachen Sie; lesen Sie und lernen Sie." Steven Landsburg, Wirtschaftsprofessor, Universität von Rochester "Sozialismus? Robert Lawson und Benjamin Powell verpassen Ihnen das Konterbier." P. J. O'Rourke, Autor der Bestseller "Parliament of Whores" und "Holidays in Hell"

Herbst in Nordkorea Rudolf Bussmann 2021-03-17 Der Autor Rudolf Bussmann ist 2018 in den kaum besuchten Norden des Landes gereist. Seither lässt ihn dieses vereinsamte Land nicht mehr los. Aus seinen Tagesnotizen und all seinem Hintergrundwissen ist ein bildstarker, berührender, nachdenklicher Reiseessay entstanden. Aus Nordkorea dringen kaum gesicherte Nachrichten zu uns. Wie sehen die Verhältnisse fernab der Hauptstadt aus? Bussmann hat zusammen mit der in der Schweiz lebenden südkoreanischen Journalistin Hoo Nam Seelmann die abgelegene Nordprovinz bereist. Die beiden haben Schulen und Fabriken besucht, Wanderungen in die Berge unternommen. Sie sind Menschen begegnet, die aber kaum auf sie reagierten, Gesichtern, die Fragen aufwerfen – zum Beispiel nach der Situation von Minderheiten und auch danach, was Freiheit in einem Land wie diesem eigentlich bedeutet. Und hier in der Ferne scheint die Mentalitätsspanne zwischen den Freunden in jedem ihrer mit feiner Selbstironie dokumentierten Gespräche auf – mehr als je in Europa. Da von ihren zwei Führern nur spärliche Auskünfte über Kim Jong-uns Staat zu erhalten waren, machte sich der Autor auf eine zweite Reise, die in die Geschichte Nordkoreas führte, in Statistiken und Wirtschaftsdaten, in die Erzählungen geflohener Nordkoreaner. Seine Reportage zeigt ein Land voller Schönheit und voller Rätsel, mit einer unbewältigten Vergangenheit und einer ungewissen Zukunft.

Becoming Kim Jong Un Jung H. Pak 2021-04-06 A groundbreaking account of the rise of North Korea's Kim Jong Un—from his nuclear ambitions to his summits with President Donald J. Trump—by a leading American expert “Shrewdly sheds light on the world's most recognizable mysterious leader, his life and what's really going on behind the curtain.”—Newsweek When Kim Jong Un became the leader of North Korea following his father's death in 2011, predictions about his imminent fall were rife. North Korea was isolated, poor, unable to feed its people, and clinging to its nuclear program for legitimacy. Surely this twentysomething with a bizarre haircut and no leadership experience would soon be usurped by his elders. Instead, the opposite happened. Now in his midthirties, Kim Jong Un has solidified his grip on his country and brought the United States and the region to the brink of war. Still, we know so little about him—or how he rules. Enter former CIA analyst Jung Pak, whose brilliant Brookings Institution essay “The Education of Kim Jong Un” cemented her status as the go-to authority on the calculating young leader. From the beginning of Kim's reign, Pak has been at the forefront of shaping U.S. policy on North Korea and providing strategic assessments for leadership at the highest levels in the government. Now, in this masterly book, she traces and explains Kim's ascent on the world stage, from his brutal power-consolidating purges to his

abrupt pivot toward diplomatic engagement that led to his historic—and still poorly understood—summits with President Trump. She also sheds light on how a top intelligence analyst assesses thorny national security problems: avoiding biases, questioning assumptions, and identifying risks as well as opportunities. In piecing together Kim's wholly unique life, Pak argues that his personality, perceptions, and preferences are underestimated by Washington policy wonks, who assume he sees the world as they do. As the North Korean nuclear threat grows, *Becoming Kim Jong Un* gives readers the first authoritative, behind-the-scenes look at Kim's character and motivations, creating an insightful biography of the enigmatic man who could rule the hermit kingdom for decades—and has already left an indelible imprint on world history.
