Planning Memorial Celebrations Rob Baker 2013-03-13 Memorial services are not so much rites for the dead as celebrations by the living and for the living of the lives of those who have died. Such ceremonies are an important way of saying good-bye, yet most people are not sure exactly what to do when the task of arranging one falls to them. Here is a practical and supportive guide, explaining how to cope with all the details when efficiency is furthest from your mind: Timing, place, and who should participate Selecting a minister or spiritual leader Choosing the right words and music Writing a eulogy Setting the scene with flowers, photos, and mementos Bringing closure by providing food, drink, and companionship afterward In addition to two sample memorial services, an annotated bibliography and discography, and a listing of memorial societies throughout the country, Rob Baker offers helpful information and advice on funerals, cremation, undertakers (including where to look on the Web to evaluate what they have to offer), donating the body or its organs for medical purposes, as well as a brief history of funerary traditions.

Memorializing the Anglo-Boer War of 1899-1902 Valerie B. Parkhouse 2015-01-28 Memorializing the Anglo-Boer War of 1899-1902 is a study of a group of memorials to soldiers who fought in a now nearly forgotten war, and deals with the many factors influencing why there was such an unprecedented number of memorials compared to those to previous conflicts like the Crimean War, fifty years earlier. One of the most important issues was the impact of changes in the organization of the British Army in the late 1800s, particularly the creation of locally-based regiments, heavily manned by volunteers drawn from local communities. The book includes a detailed commentary on the social conditions in England that also account for the unprecedented number of commemorations of this conflict. It discusses the variety of forms memorials took: informal – drinking fountains, ‘Spion Kop’ stands at football stadiums; formal – stained glass windows, statues, etc., and the numerous and diverse places where they were located: cathedrals, town squares, public schools and universities. The growth of the national press and the rise of literacy is dealt with in detail, as well as the telegraph, whose invention meant that news became available overnight. Space is given to discuss the expression of Victorian prosperity in public works. The part played by the established church is well documented and an insight is given into the contribution of Imperialism, patriotism and jingoism. All these factors explain the motivation for the memorials’ creation. The book is illustrated with photographs and articles from newspapers of the day. Appendices cover those who are not commemorated, lost memorials, those who unveiled the memorials, colonial involvement and more. Memorializing the Anglo-Boer War of 1899-1902 will appeal particularly to social historians and students of military and social history.

Between Memory and Hope Maxwell E. Johnson 2000 This anthology surveys the development and theology of the liturgical year in the order of its historical evolution: "From Sabbath to Sunday"; "From Passover to Pascha" (Lent, Holy Week, Easter, and Pentecost); and "From Pascha to Parousia" (Epiphany, Christmas, and Advent). In addition, introductory essays on the meaning of the liturgical year and a short concluding section on the sanctoral cycle ("From Parousia to Persons") are also provided. While written as a companion to standard works in the field, beginning with graduate students in liturgy and seminarians, this book is intended for all?pastors, liturgists, catechists, religious educators?who seek to live according to the Church's theology of time as it is reflected in its calendar of feasts and seasons. Through feast and fast, through festival and preparation, the liturgical year celebrates the presence of the already crucified and risen Christ among us today. Between Memory and Hope shows that to live between past and future, between memory and hope, is to remember Christ's passion as we encounter his presence among us now and as we await his coming again in glory. Funerals Without God Jane Wynne Willson 2009-12-02 The main purpose of this booklet is twofold: to help Humanists who are thinking of becoming officiants on a regular basis; and to help families and friends who are faced with the need to organize a ceremony themselves at short notice. A third group who may find parts of it useful are funeral directors coping with funerals where there is no officiant and the family has no wish to play an active role. The booklet aims to set out clearly the basic format of a Humanist ceremony, to suggest possible readings and turns of phrase, and to state simply the various practical measures that need to be taken. In short, it is a straightforward working manual. "[It was] the first funeral I had attended where I felt comfortable, and comforted by the words spoken." ". . . it gave me a sense of great peace." "To hear others publicly proclaim their love, respect and admiration for my husband made the funeral an uplifting experience. Afterwards so many who had attended told me that it was the most interesting, most moving, most relevant and best funeral that they had ever been to. Their remarks gave me a great deal of comfort and I knew that I had treated my husband's atheism with the respect and dignity that it deserved." "A large number of those present, from a wide range of beliefs and backgrounds, later expressed what we can only call enthusiasm for an experience that was new to them, and in many cases compared very favourable with the often awkward and impersonal alternatives with which they were familiar." "Bearing in mind that this is a form of ceremony which has not yet gained wide acceptance, we consider ourselves fortunate . . . to have received such expert and personal attention."

Funeral Homilies William J. Bausch 2009 Father Bill Bausch's homilies are always outstanding. He brings a deep pastoral presence and much thought and preparation to each of them. This has never been more evident than here in this book of funeral homilies. Each is crafted to reflect the person remembered as well as the message of Scripture. Each reflects the communal nature of a Catholic funeral and is sensitive to the status of the mourners: non-Catholics, lapsed Catholics, faithful parishioners, relatives, and friends. Father Bill's words are faith-filled and compassionate, comforting and challenging, communal and personal. He regards the funeral liturgy as one of the greatest teachable moments the Church offers and here this is very evident. Highly recommended for all priests, deacons, and preachers. Book jacket.

Context and Text Kevin W. Irwin 2018-07-12 One of the most influential works in the debate over the

concept and definitions of liturgical theology, *Context and Text* by Monsignor Kevin W. Irwin is now available in a completely rewritten, new edition. In light of the historical, theological, and pastoral mandates of the Constitution on the Sacred Liturgy, *Context and Text* is both a proposal for and an example of an investigation of the Church's liturgical praxis from a liturgical-theological perspective. This second edition, which includes an expanded introduction, covers: · new liturgical and ecclesial contexts resulting from newly promulgated liturgies · further research in method for liturgical studies · consideration for changes in the cultural contexts in which people celebrate the liturgy. Besides brand-new chapters on time and sacramentality, and additions to the chapter on the arts, this edition also considers the “ongoing ‘texts and contexts’ of the liturgy as always a new event in the life and ongoing discussion of liturgical theology within Christianity.

Cyber Worship in Multifaith Perspectives Mohamed Taher 2006 *Cyber Worship in Multifaith Perspectives*, as is implied by its name, explores worship (i.e., Prayer, Praise, Scripture, Sacrament, Rituals, Confessions, Eucharist, Rites, Pilgrimages, Reflection, Contemplation, etc.) on the Internet. It is not an "everything you need to know" guide about the subjects of faith and belief, religions-online, religions on the Net, or religions in cyberspace. Rather, it is a book about religious and spiritual experience under the rubric, cyber worship, which is the variety of ways religious devotion is performed and carried out on the Internet. The term 'Cyber Worship' is a catchall phrase, which includes variants such as online worship, virtual worship, electronic prayer, cyber puja, cyber synagogue, and so on. Dr. Mohamed Taher has thus assembled a quick reference for two groups: those communities that are involved in Cyber Worship and business Webs that collaborate in sustaining wired environments. As such, this book provides an interesting and current perspective on a practice that will continue to grow in the future.
