*Shinto and the State, 1868-1988* Helen Hardacre 2020-11-10 Helen Hardacre, a leading scholar of religious life in modern Japan, examines the Japanese state's involvement in and manipulation of shinto from the Meiji Restoration to the present. Nowhere else in modern history do we find so pronounced an example of government sponsorship of a religion as in Japan's support of shinto. How did that sponsorship come about and how was it maintained? How was it dismantled after World War II? What attempts are being made today to reconstruct it? In answering these questions, Hardacre shows why State shinto symbols, such as the Yasukuni Shrine and its prefectural branches, are still the focus for bitter struggles over who will have the right to articulate their significance. Where previous studies have emphasized the state bureaucracy responsible for the administration of shinto, Hardacre goes to the periphery of Japanese society. She demonstrates that leaders and adherents of popular religious movements, independent religious entrepreneurs, women seeking to raise the prestige of their households, and men with political ambitions all found an association with shinto useful for self-promotion; local-level civil administrations and parish organizations have consistently patronized shinto as a way to raise the prospects of provincial communities. A conduit for access to the prestige of the state, shinto has increased not only the power of the center of society over the periphery but also the power of the periphery over the center.

**Child Protective Services** Diane DePanfilis 2003 From the Preface: This manual, *Child Protective Services: A Guide for Caseworkers*, examines the roles and responsibilities of child protective services (CPS) workers, who are at the forefront of every community's child protection efforts. The manual describes the basic stages of the CPS process and the steps necessary to accomplish each stage: intake, initial assessment or investigation, family assessment, case planning, service provision, evaluation of family progress, and case closure. Best practices and

critical issues in casework practice are underscored throughout. The primary audience for this manual includes CPS caseworkers, supervisors, and administrators. State and local CPS agency trainers may use the manual for preservice or inservice training of CPS caseworkers, while schools of social work may add it to class reading lists to orient students to the field of child protection. In addition, other professionals and concerned community members may consult the manual for a greater understanding of the child protection process. This manual builds on the information presented in *A Coordinated Response to Child Abuse and Neglect: The Foundation for Practice*. Readers are encouraged to begin with that manual as it addresses important information on which CPS practice is based-including definitions of child maltreatment, risk factors, consequences, and the Federal and State basis for intervention. Some manuals in the series also may be of interest in understanding the roles of other professional groups in responding to child abuse and neglect, including: Substance abuse treatment providers; Domestic violence victim advocates; Educators; Law enforcement personnel. Other manuals address special issues, such as building partnerships and working with the courts on CPS cases.

It was also intended to detect and prosecute, where warranted, any other crimes that surfaced during the course of the investigation. The report consists of a detailed summary of the various investigations and inquiries that the Special Counsel and colleagues carried out in these areas. The investigation was initiated in the aftermath of the firing of FBI Director James Comey by Donald Trump on May 9, 2017. campaign. Mueller submitted his report to Attorney General William Barr on March 22, 2019, and the Department of Justice released the redacted report one month later.
