Where Is the Mango Princess? Cathy Crimmins 2012-02-22 Humorist Cathy Crimmins has written a deeply personal, wrenching, and often hilarious account of the effects of traumatic brain injury, not only on the victim, in this case her husband, but on the family. When her husband Alan is injured in a speedboat accident, Cathy Crimmins reluctantly assumes the role of caregiver and learns to cope with the person he has become. No longer the man who loved obscure Japanese cinema and wry humor, Crimmins' husband has emerged from the accident a childlike and unpredictable replica of his former self with a short attention span and a penchant for inane cartoons. *Where Is the Mango Princess?* is a breathtaking account that explores the very nature of personality-and the complexities of the heart. Outstanding Book Award Winner from the American Society of Journalists and Authors

York: The Clockwork Ghost Laura Ruby 2019-05-14 National Book Award finalist Laura Ruby returns with the middle chapter in her epic alternate-history adventure—a journey that will test Tess, Theo, and Jaime and change their lives forever. It was only a few weeks ago that the Biedermann twins, Tess and Theo, along with their friend Jaime Cruz, followed the secrets of the Morningstarrs' cipher further than anyone had in its century-and a-half history—and destroyed their beloved home in the process. But the Old York Cipher still isn't solved. The demolition of 354 W. 73rd Street only revealed the next clue in the greatest mystery of the modern world, and if Tess, Theo, and Jaime want to discover what lies at the end of the puzzle laid into the buildings of New York by its brilliant, enigmatic architects, they will need to press on. But doing so could prove even more dangerous than they know. It is clear that the Morningstarr twins marshaled all the strange technology they had spent their lives creating in the construction of the Cipher, and that technology has its own plans for those who pursue it. The Castle of Dreams Michel Jovet 2008 "In his chateau and elsewhere, la Sceve undertakes a series of complex and often comic experiments: he records his own dreams and speculates on their relation to waking life; he studies sleeping cats, rabbits, and other animals (and observes rapid eye movement almost two centuries before modern science discovers it); he records the sleep and dream experiences of a Swiss soldier and a pair of Siamese twins. And, because sleep and dreams are often in close proximity to the erotic, he considers the relation of dreaming and sexual activity, heroically undertaking firsthand research with various women (with the notable exception of his wife).".
