Snow Crash Neal Stephenson 2003-08-26 The “brilliantly realized” (The New York Times Book Review) modern classic that coined the term “metaverse”—one of Time’s 100 best English-language novels and “a foundational text of the cyberpunk movement” (Wired) In reality, Hiro Protagonist delivers pizza for Uncle Enzo’s CosoNostra Pizza Inc., but in the Metaverse he’s a warrior prince. Plunging headlong into the enigma of a new computer virus that’s striking down hackers everywhere, he races along the neon-lit streets on a search-and-destroy mission for the shadowy virtual villain threatening to bring about infocalypse. Snow Crash is a mind-altering romp through a future America so bizarre, so outrageous . . . you’ll recognize it immediately.

Chemical Reaction Engineering Octave Levenspiel 1998-09-01 Chemical reaction engineering is concerned with the exploitation of chemical reactions on a commercial scale. It's goal is the successful design and operation of chemical reactors. This text emphasizes qualitative arguments, simple design methods, graphical procedures, and frequent comparison of capabilities of the major reactor types. Simple ideas are treated first, and are then extended to the more complex.

Origin Dan Brown 2017-10-03 The #1 New York Times Bestseller (October 2017) from the author of The Da Vinci Code. Robert Langdon, Harvard professor of symbology, arrives at the ultramodern Guggenheim Museum Bilbao to attend the unveiling of a discovery that “will change the face of science forever.” The evening’s host is Edmond Kirsch, a forty-year-old billionaire and futurist, and one of Langdon’s first students. But the meticulously orchestrated evening suddenly erupts into chaos, and Kirsch’s precious discovery teeters on the brink of being lost forever. Facing an imminent threat, Langdon is forced to flee. With him is Ambra Vidal, the elegant museum director who worked with Kirsch. They travel to Barcelona on a perilous quest to locate a cryptic password that will unlock Kirsch’s secret. Navigating the dark corridors of hidden history and extreme religion, Langdon and Vidal must evade an enemy whose all-knowing power seems to emanate from Spain’s Royal Palace. They uncover clues that ultimately bring them face-to-face with Kirsch’s shocking discovery...and the breathtaking truth that has long eluded us.

Dracula Bram Stoker 2022-04-05T00:00:00 Disfruta de este clásico de Bram Stoker en versión original. Drácula (en inglés, Dracula), es una novela de fantasía gótica escrita por Bram Stoker, publicada en 1897. Publicada en castellano por Ediciones Hymnsa bajo la colección 'La novela aventura' en 1935, con portada de Juan Pablo Bocquet e ilustraciones de 'Femenía'. Drácula, fue elogiada por Arthur Conan Doyle y es considerada como la novela de terror más hermosa jamás escrita. Hasta el día de hoy no ha dejado de publicarse, ha sido traducida a más de 50 idiomas y ha logrado vender alrededor de 12 millones de copias.

Rich Dad, Poor Dad Robert T. Kiyosaki 2016-04-27 Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home

disillusioned with school. He was bored and tired of studying. “Why should I put time into studying subjects I will never use in real life?” he protested. Without thinking, I responded, “Because if you don't get good grades, you won't get into college.” “Regardless of whether I go to college,” he replied, “I'm going to be rich.”

The Adventures of Tom Sawyer Illustrated Mark Twain 2021-01-23 "The Adventures of Tom Sawyer by Mark Twain is an 1876 novel about a young boy growing up along the Mississippi River. It is set in the 1840 in the fictional town of St. Petersburg, inspired by Hannibal, Missouri, where Twain lived as a boy. In the novel Tom Sawyer has several adventures, often with his friend Huckleberry Finn. Originally a commercial failure, the book ended up being the best selling of any of Twain's works during his lifetime. Though overshadowed by its sequel, Adventures of Huckleberry Finn, the book is by many considered a masterpiece of American literature, and was one of the first novels to be written on a typewriter."

Miss Peregrine's Home for Peculiar Children Ransom Riggs 2011-06-07 Read the #1 New York Times best-selling series before it continues in A Map of Days. Bonus features • Q&A with author Ransom Riggs

• Eight pages of color stills from the film • Sneak preview of Hollow City, the next novel in the series A mysterious island. An abandoned orphanage. A strange collection of very curious photographs. It all waits to be discovered in Miss Peregrine's Home for Peculiar Children, an unforgettable novel that mixes fiction and photography in a thrilling reading experience. As our story opens, a horrific family tragedy sets sixteen-year-old Jacob journeying to a remote island off the coast of Wales, where he discovers the crumbling ruins of Miss Peregrine's Home for Peculiar Children. As Jacob explores its abandoned bedrooms and hallways, it becomes clear that the children were more than just peculiar. They may have been dangerous. They may have been quarantined on a deserted island for good reason. And somehow—impossible though it seems—they may still be alive. A spine-tingling fantasy illustrated with haunting vintage photography, Miss Peregrine's Home for Peculiar Children will delight adults, teens, and anyone who relishes an adventure in the shadows. "A tense, moving, and wondrously strange first novel. The photographs and text work together brilliantly to create an unforgettable story."—John Green, New York Times best-selling author of *The Fault in Our Stars* "With its X-Men: First Class-meets-time-travel story line, David Lynchian imagery, and rich, eerie detail, it's no wonder Miss Peregrine's Home for Peculiar Children has been snapped up by Twentieth Century Fox. B+"—Entertainment Weekly "Peculiar doesn't even begin to cover it. Riggs' chilling, wondrous novel is already headed to the movies."—People "You'll love it if you want a good thriller for the summer. It's a mystery, and you'll race to solve it before Jacob figures it out for himself."—Seventeen

Horrid Henry's Underpants Francesca Simon 2009-09-01 DISCOVER THE SERIES BOYS AND GIRLS AROUND THE WORLD LOVE TO READ! Horrid Henry makes a deal with his parents in return for eating his veggies; accidentally wears girls' underwear to school; tries to prove he is sicker than his brother; and writes the meanest thank-you cards ever (and makes money on it too). Francesca Simon is one of the world's best-loved children's authors. She is the only American to have ever won the Galaxy Book Award, and her creation, Horrid Henry, is the #1 bestselling chapter book series in the UK—with a hit TV show and over fifteen million copies sold! Each book contains four easy-to-read stories and hilarious illustrations by the one and only Tony Ross, so even the most reluctant of readers won't be able to resist Henry's amazing talent for trouble! PRAISE FOR HORRID HENRY "Henry's over-the-top behavior, the characters' snappy dialogue, and Ross's hyperbolic line art will engage even the most reluctant readers."

Publishers Weekly "Like Dennis the Menace and Curious George, Horrid Henry is either finding trouble or creating it, and the kids are crazy about his antics." Meredith Smith, grade school teacher, DolceBellezza.blogspot.com "Kids will love reading the laugh-out-loud funny stories about someone whose behavior is even worse than their own." School Library Journal "Will make you laugh out loud." Sunday Times Why Horrid Henry? Kids love it! "I love the Horrid Henry books by Francesca Simon. They have lots of funny bits in. And Henry always gets into trouble!" Mia, age 6, BBC Learning is Fun "It's easy to see why Horrid Henry is the bestselling character for 5-8 year olds." Liverpool Echo Because it's funny "My two boys love this book and I have actually had tears running down my face and had to stop reading because of laughing so hard. My oldest son is rereading all the books in this series on his own now and he still loves them. Happy reading!" T. Franklin, Parent "A modern comic classic." SF Said, Guardian Children's Books Supplement Kids get to be harmlessly rebellious "Henry is a beguiling hero who has entranced millions of reluctant readers... little rebels will love this collection and even little angels will be secretly thrilled by Henry's anti-heroic behaviour." Herald Henry's naughtiness is a yardstick against which children can get a sense of their own moral goodness and social justice "What is brilliant about the books is that Henry never does anything that is subversive. She creates an aura of supreme naughtiness (of which children are in awe) but points out that he operates within a safe and secure world." Emily Turner, Angels And Urchins Magazine Reaches the most important age group - children who are learning to read "I have tried out the Horrid Henry books with groups of children as a parent, as a babysitter, and as a teacher. Children love to either hear them read aloud or to read them themselves. The books are spot on for the 5-8 age range and are fun for the adults who share them too." Danielle Hall, Teacher The structure provides new readers with a real sense of accomplishment "My son is 7 years old and a big Horrid Henry fan. This book lived up to his expectations! Horrid Henry is like most boys: he always has a plan and is always getting into mischief! It was amusing, and he could not put it down. Can't wait for the next. He read it cover to cover by himself in 2 days! That for me sells a book! He can't wait for the next one to be published. He has recommended it to all his friends." Mrs. Tami Gold, Parent Reaches both boys and girls equally "Wonderfully appealing to girls and boys alike, a precious rarity at this age." Judith Woods, Times Books A global publishing phenomenon with 12 million copies sold! WHAT PEOPLE ARE SAYING ABOUT HORRID HENRY: "Parents reading them aloud may be consoled to discover that Henry can always be relied upon to behave worse than any of their own offspring." Independent "An absolutely

fantastic series and surely a winner with all children. My son took this book as his favourite during book week at his school and converted a few children to the cause. Long live Francesca Simon and her brilliant books! More, more please!" "My 5-year-old adores them so much he couldn't wait to start reading because of them." "I really like Horrid Henry and like reading it to my dad. It's funny!" Matthew, 9, St. Albans "Horrid Henry is a fabulous anti-hero: monstrously selfish and greedy, he does things most children only dream about... a modern comic classic." The Guardian "My 6-year-old son has now read the whole series unaided and is quite content to re-read the stories again and again. My 5-year-old is dying to be able to read well enough so she can read them independently too!" "Henry is really naughty and makes me laugh. He's very funny and he has lots of adventures." Martha, age 5, Bella "A flicker of recognition must pass through most teachers and parents when they read Horrid Henry. There's a tiny bit of him in all of us." Child Education "It didn't even make it to the library shelves and there's a long waiting list for it! Enough said." Nancy Astee, Child Education "A definite must for every teacher - reading about Henry makes your naughtiest child seem like a saint!" "As a teacher of 8-year-olds, it's great to get a series of books my class love... They torment me to lend them the books so they can read them on their own. Need I say more?"

The Fractal Geometry of Nature Benoit Mandelbrot 2021-07-16 The Essential Guide that Introduced Fractals to the World Explore the wondrously complex repeating shapes of the natural world in The Fractal Geometry of Nature. Written in a style that is accessible to a wide audience, computer scientist, professor, mathematician, economist, and visionary Benoit B Mandelbrot's fascinating work has inspired popular interest in the geometry inherent in the natural world. Unlike the squares, circles, spheres, and cones of fundamental geometry, nature has rough edges and no straight lines or perfect curves. Mandelbrot observed that, even with this roughness, there still exists a kind of symmetry, which he dedicated his work to document and study. This became the basis for his development of a new kind of geometry; indeed, he coined the term "fractal." Mandelbrot spent 35 years with IBM, which allowed him access to the level of computing power that would enable him to manipulate computer-generated images and develop his theory of a geometry found throughout our natural environment. He was among the first to use computer graphics to illustrate and test these kinds of concepts, demonstrating that natural phenomena which appear to be rough or chaotic actually have a certain degree of order and predictability. This definitive overview builds on Mandelbrot's 1977 work, *Fractals: Form, Chance and Dimension* (also published by Echo Point Books), revealing an in depth look at this still-emerging field. Richly illustrated and presented in an engaging manner which embraces geometric and visual dimensions interspersed with aspects of theory, this book will inspire curiosity and wonder in artists, mathematicians and naturalists alike. This book is also available from Echo Point Books in hardcover (ISBN 1648370403). Be sure to check out Benoit Mandelbrot's other definitive work, also available from Echo Point books: *Fractals: Form, Chance and Dimension* (use the web address <https://www.amazon.com/dp/1635619025/>).

Nineteen Eighty-Four George Orwell 2021-01-09 "Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled

the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

Shola and the Lions Bernardo Atxaga 2016-01-05 It is clear to Shola that she is not, in fact, a dog. People may have been trying to tell her otherwise for dog years, but a trip to her owner's library finally has her convinced: she is, in fact, descended from the Kings of the Savannah. But how will she take to her new-found lineage? Will she finally get the respect she deserves from her fellow citizens? Most importantly, now that she has been identified as a powerful predator, does this mean no chips again... ever?

Lord of the Flies William Golding 2003-12-16 Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler.

At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.
