world's most respected Christian leaders. This book contains the talks that are given on Alpha, and in it Nicky explores key themes, questions, and objections to faith, leading us on an engaging, personal journey of discovery. Alpha creates an environment of hospitality where people can bring their friends, family, and work colleagues to explore the Christian faith, ask questions, and share their point of view. Alpha makes it easy to invite friends to have spiritual conversations which explore life's biggest questions in a safe and respectful way. Alpha's approach to hospitality, faith, and discussion is designed to welcome everyone, especially those who might not describe themselves as Christians or church-goers. Each session includes time for a large group meal, short teaching, and small group discussion.

A March of Kings (Book #2 in the Sorcerer's Ring) Morgan Rice 2013-01-01 After he escapes from the dungeon, Thor is horrified to learn of another assassination attempt on King MacGil. When MacGil dies, the kingdom is set into turmoil. As everyone vies for the throne, King's Court is more rife than ever with its family dramas, power struggles, ambitions, jealousy, violence and betrayal. An heir must be chosen from among the children, and the ancient Dynasty Sword, the source of all their power, will have a chance to be wielded by someone new. But all this might be upended: the murder weapon is recovered, and the noose tightens on finding the assassin. Simultaneously, the MacGils face a new threat by the McClouds, who are set to attack again from within the Ring. Thor fights to win back Gwendolyn's love, but there may not be time: he is told to pack up, to prepare with his brothers in arms for The Hundred, a hundred grueling days of hell that all Legion members must survive. The Legion will have to cross the Canyon, beyond the protection of the Ring, into the Wilds, and set sail across the Tartuvian Sea for the Isle of Mist, said to be patrolled by a dragon, for their initiation into manhood. Will they make it back? Will the Ring survive in their absence? And will Thor finally learn the secret of his destiny? With its sophisticated world-building and characterization, A MARCH OF KINGS is an epic tale of friends and lovers, of rivals and suitors, of knights and dragons, of intrigues and political machinations, of coming of age, of broken hearts, of deception, ambition and betrayal. It is a tale of honor and courage, of fate and destiny, of sorcery. It is a fantasy that brings us into a world we will never forget, and which will appeal to all ages and genders. It is 60,000 words. Book #3 in the series will be published soon.

group performance. This Guide presents easy-to-follow instructions which can be used by those who desire to acquire these skills. This Guide focuses on the training needs of Muslim young men and women by providing the experience acquired by Muslim leaders over the last several decades. Thus, the new generation of leaders will be able to start from where their leaders left off, rather than having to duplicate their predecessors' successes and/or failures. Using a simple Do's and Don'ts format, this Guide enables the user to optimize his/her understanding of the art and science of da'wah and how it can be applied in today's world. Like genius, leadership entails harder work for the one who was born without this skill. It is to such people that this Guide is addressed. We are confident that, with the help of Allah, the user will be able to make a quantum leap forward in the areas of growth and improvement through the proper use of the methods outlined in this Guide. Over time, there will be noticeable improvements in the areas of concepts, management, administration, and communication as well as the skills needed for conducting camps, conferences, and meetings. This Guide is supplemented by suggested workbooks which will lead to an even deeper understanding of the skills needed for successful leaders.

Scripture Twisting James W. Sire 2009-09-20 How often have you encountered some bizarre doctrine only to be stunned to hear a Bible verse quoted to support it? With new religious cults springing up almost daily and old ones growing rapidly, this is more and more common. How are they seemingly able to twist Scripture to mean something orthodox Christians have never believed it to mean in two thousand years? James Sire, author of *The Universe Next Door* and *How to Read Slowly*, has isolated twenty

separate kinds of reading errors which are characteristically made by cultists as they interpret the Bible. He covers the full range from simple misquotation to complex argumentation which links one slightly eccentric interpretation to another, mixes in a few orthodox readings and ends with a conclusion totally foreign to the biblical world view. Sire also handles twisted translation, overspecification, virtue by association, ignoring the context and other flawed interpretations. A book to help us all become better readers of the Scriptures.

Huawei Tian Tao 2016-10-11 The inspirational business story of Huawei: how to grow from start up to world leader in two decades... With over 170,000 employees in more than 170 countries and regions, serving more than one-third of the world's population, how does entrepreneur Ren Zhengfei manage a telcoms giant called Huawei? What is the secret to Huawei's global success? In 1987, a 44-year-old man founded a telecom equipment-trading firm in Shenzhen, China, with start-up capital of \$5,000. In 29 years, it grew to become the largest telcoms company in the world. This book goes behind the scenes to explore the story of what Ren Zhengfei did differently, how the company he started reached the top spot, and why Huawei is known as a "collective" and not a private company: Learn how this Chinese start up business became an international success Understand the business strategy, leadership skills and management philosophy of Huawei's entrepreneurial founder Get tips, inspiration and motivation for your own business start-up. 14 years of meticulous research and 136 senior management and employee interviews reveal how Huawei's international business success lies in its ability to transform the intellectual elite into a band of soldiers with the same set of values and resolve, while at the same time preventing a culture of subservience. This fascinating story provides a unique glimpse into the machinations of one of the world's most powerful companies. "The company serves as an example for many Chinese entrepreneurs striving to go global, and also presents valuable lessons for Western companies striving to integrate Eastern and Western values and ways of looking at business." - Co-author David De Cremer, KPMG Professor of Management Studies at Cambridge Judge Business School
