Occupational Therapy Practice Framework American Occupational Therapy Association 2008-01-01 The Framework, an official AOTA document, presents a summary of interrelated constructs that define and guide occupational therapy practice. The Framework was developed to articulate occupational therapy's contribution to promoting the health and participation of people, organizations, and populations through engagement in occupation. The revisions included in this second edition are intended to refine the document and include language and concepts relevant to current and emerging occupational therapy practice. Implicit within this summary are the profession's core beliefs in the positive relationship between occupation and health and its view of people as occupational beings. Numerous resource materials include a glossary, references and a bibliography, as well as a table of changes between the editions.

Medical Licensing and Discipline in America David A. Johnson 2012 *Medical Licensing and Discipline in America* traces the evolution of the U.S. medical licensing system from its historical antecedents in the 18th and 19th century to its modern structure, emphasizing a focus on public accountability and the policies, guidelines and practices of medical boards. In doing so, the book underscores the role of the Federation of State Medical Boards in facilitating state-based licensure and discipline and the promotion of quality health care.
