Men Explain Things to Me Rebecca Solnit 2014-04-14 The National Book Critics Circle Award-winning author delivers a collection of essays that serve as the perfect “antidote to mansplaining” (The Stranger). In her comic, scathing essay “Men Explain Things to Me,” Rebecca Solnit took on what often goes wrong in conversations between men and women. She wrote about men who wrongly assume they know things and wrongly assume women don’t, about why this arises, and how this aspect of the gender wars works, airing some of her own hilariously awful encounters. She ends on a serious note— because the ultimate problem is the silencing of women who have something to say, including those saying things like, “He’s trying to kill me!” This book features that now-classic essay with six perfect complements, including an examination of the great feminist writer Virginia Woolf’s embrace of mystery, of not knowing, of doubt and ambiguity, a highly original inquiry into marriage equality, and a terrifying survey of the scope of contemporary violence against women. “In this series of personal but unsentimental essays, Solnit gives succinct shorthand to a familiar female experience that before had gone unarticulated, perhaps even unrecognized.” —The New York Times “Essential feminist reading.” —The New Republic “This slim book hums with power and wit.” —Boston Globe “Solnit tackles big themes of gender and power in these accessible essays. Honest and full of wit, this is an integral read that furthers the conversation on feminism and contemporary society.” —San Francisco Chronicle “Essential.” —Marketplace “Feminist, frequently funny, unflinchingly honest and often scathing in its conclusions.” —Salon

Mr. New Orleans Matthew Randazzo V 2014-06-19 Wiseguys called him "the Keith Richards of the American Mafia" and JFK hero Jim Garrison denounced him as "one of the most notorious vice operators in the history of New Orleans" ... but you can just call him MR. NEW ORLEANS. Mr. New Orleans tells the incredible story of Frenchy Brouillette, a redneck Cajun teenager who stole his big brother's motorcycle and embarked on a 60-year vacation to New Orleans, where he became a legendary gangster and the underworld political fixer for his cousin, Louisiana Governor Edwin Edwards. Written by Crescent City native Matthew Randazzo V, the wickedly funny Mr. New Orleans is the first book to ever break the code of secrecy of the New Orleans Mafia Family, the oldest and most mysterious criminal secret society in America. "Mr. New Orleans is a rollicking, disturbing ride through the underbelly of a bygone New Orleans, lined with moments of dark, side-splitting hilarity. If you're a fan of James Lee Burke, drop what you're reading and pick this one up. In an era when popular wisdom tells us T.V. has stolen all depth from the literary true-crime narrative, Matthew Randazzo has found a way to beat that trend mightily; he's gone straight to the source and captured the singular, confounding voice of the New Orleans' mafia's top political fixer with fast-paced, riveting prose and a fine journalist's eye for detail." Chris Rice, New York Times Bestselling Author "Mr. New Orleans is a total knockout: Take everything you ever imagined about the sleazy good times to be had in New Orleans -- the sleazy good times capital of America -- and quadruple it, and you have a hint of what's inside these sticky pages." Bill Tonelli, Author of The Italian American Reader and Editor for Esquire and Rolling Stone

To Paradise Hanya Yanagihara 2022-01-11 #1 NEW YORK TIMES BEST SELLER • From the award-winning, best-selling author of the classic *A Little Life*—a bold, brilliant novel spanning three centuries and three different versions of the American experiment, about lovers, family, loss and the elusive promise of utopia. *To Paradise* is a fin de siècle novel of marvelous literary effect, but above all it is a work of emotional genius. The great power of this remarkable novel is driven by Yanagihara’s understanding of the aching desire to protect those we love—partners, lovers, children, friends, family, and even our fellow citizens—and the pain that ensues when we cannot. In an alternate version of 1893 America, New York is part of the Free States, where people may live and love whomever they please (or so it seems). The fragile young scion of a distinguished family resists betrothal to a worthy suitor, drawn to a charming music teacher of no means. In a 1993 Manhattan besieged by the AIDS epidemic, a young Hawaiian man lives with his much older, wealthier partner, hiding his troubled childhood and the fate of his father. And in 2093, in a world riven by plagues and governed by totalitarian rule, a powerful scientist’s damaged granddaughter tries to navigate life without him—and solve the mystery of her husband’s disappearances. These three sections comprise an ingenious symphony, as recurring notes and themes deepen and enrich one another: A townhouse in Washington Square Park in Greenwich Village; illness, and treatments that come at a terrible cost; wealth and squalor; the weak and the strong; race; the definition of family, and of nationhood; the dangerous righteousness of the powerful, and of revolutionaries; the longing to find a place in an earthly paradise, and the gradual realization that it can’t exist. What unites not just the characters, but these Americas, are their reckonings with the qualities that make us human: Fear. Love. Shame. Need. Loneliness.

Mr. Know-It-All John Waters 2019-05-21 No one knows more about everything—especially everything rude, clever, and offensively compelling—than John Waters. The man in the pencil-thin mustache, auteur of the transgressive movie classics *Pink Flamingos*, *Polyester*, *Hairspray*, *Cry-Baby*, and *A Dirty Shame*, is one of the world’s great sophisticates, and in *Mr. Know-It-All* he serves it up raw: how to fail upward in Hollywood; how to develop musical taste, from *Nervous Norvus* to *Maria Callas*; how to build a home so ugly and trendy that no one but you would dare live in it; more important, how to tell someone you love them without emotional risk; and yes, how to cheat death itself. Through it all, Waters swears by one undeniable truth: “Whatever you might have heard, there is absolutely no downside to being famous. None at all.” Studded with cameos, from *Divine* and *Mink Stole* to *Johnny Depp*, *Kathleen Turner*, *Patricia Hearst*, and *Tracey Ullman*, and illustrated with unseen photos from the author’s personal collection, *Mr. Know-It-All* is Waters’ most hypnotically readable, upsetting, revelatory book—another instant Waters classic. “Waters doesn’t kowtow to the received wisdom, he flips it the bird . . . [Waters] has the ability to show humanity at its most ridiculous and make that funny rather than repellent.” —Jonathan Yardley, *The Washington Post* “Carsick becomes a portrait not just of America’s desolate freeway nodes—though they’re brilliantly evoked—but of American fame itself.” —Lawrence Osborne, *The New York Times Book Review*

The State of the World's Land and Water Resources for Food and Agriculture Food and Agriculture Organization of the United Nations 2013-06-17 *The State of the World's Land and Water Resources for Food and Agriculture* is FAO's first flagship publication on the global status of land and water resources. It is an 'advocacy' report, to be published every three to five years, and targeted at senior level decision makers in agriculture as well as in other sectors. SOLAW is aimed at sensitizing its target audience on the status of land resources at global and regional levels and FAO's viewpoint on appropriate recommendations for policy formulation. SOLAW focuses on these key dimensions of analysis: (i) quantity, quality of land and water resources, (ii) the rate of use and sustainable management of these resources in the context of relevant socio-economic driving factors and concerns, including food security and poverty, and climate change. This is the first time that a global, baseline status report on land and water resources has been made. It is based on several global spatial databases (e.g. land suitability for agriculture, land use and management, land and water degradation and depletion) for which FAO is the world-recognized data source. Topical and emerging issues on land and water are dealt with in an integrated rather than sectoral manner. The implications of the status and trends are used to advocate remedial interventions which are tailored to major farming systems within different geographic regions.

The Mueller Report Robert S. Mueller 2019-04-26 This is the full Mueller Report, as released on April 18, 2019, by the U.S. Department of Justice. A reprint of the report exactly as it was issued by the government, it is without analysis or commentary from any other source and with nothing subtracted except for the material redacted by the Department of Justice. The mission of the Mueller investigation was to examine Russian interference in the 2016 Presidential election, consisting of possible links, or "collusion," between the Donald Trump campaign and the Russian government of Vladimir Putin as well as any allegations of obstruction of justice in this regard. It was also intended to detect and prosecute, where warranted, any other crimes that surfaced during the course of the investigation. The report consists of a detailed summary of the various investigations and inquiries that the Special Counsel and colleagues carried out in these areas. The investigation was initiated in the aftermath of the firing of FBI Director James Comey by Donald Trump on May 9, 2017. The FBI, under Director Comey, had already been investigating links between Russia and the Trump campaign. Mueller submitted his report to Attorney General William Barr on March 22, 2019, and the Department of Justice released the redacted report one month later.

Mr. Penumbra's 24-Hour Bookstore Robin Sloan 2012-10-02 The Great Recession has shuffled Clay Jannon out of his life as a web-design drone, and serendipity, sheer curiosity and the ability to climb a ladder like a monkey have landed him a new gig working the night shift at Mr. Penumbra's 24-Hour Bookstore. But Clay begins to realize that this store is even more curious than its name suggests. There are only a few customers, but they come in repeatedly and never seem to actually buy anything. Instead they "check out" impossibly obscure volumes from strange corners of the store, all according to some elaborate, long-standing arrangement with the gnomic Mr. Penumbra. The store must be a front for

something larger, Clay concludes, and soon he has embarked on a complex analysis of the customers' behaviour and roped his friends into helping him figure out just what's going on. But once they take their findings to Mr. Penumbra, they discover the secrets extend far beyond the walls of the bookstore. Evoking both the fairy-tale charm of Haruki Murakami and the enthusiastic novel-of-ideas wizardry of Neal Stephenson or Umberto Eco, Mr. Penumbra's 24-Hour Bookstore is exactly what it sounds like—an establishment you have to enter and will never want to leave.

Public Domain Encyclopedia Vol. I C. Sesselego 2013-12-25 The Public Domain Encyclopedia (or PDE) is a book series dedicated to the lost treasures of the Golden Age comics industry that are freely available to all. No cost, no charge. The 1st volume is dedicated to the Superheroes of the Better/Nedor/Standard/Pines Publications, a now dead publisher that issued comic books during the Golden Age (1938-1956). Recently, these characters raised the attention of many established modern comic book experts, readers and publishers, contributing to re-invent the way old comics are read, interpreted and understood in light of the historical events of the 20th Century. The Better/Nedor/Standard characters are supposed to be in the public domain and are used as such, however it is not totally clear if they are publicly available or not. This volume of the PDE aims at shading more light on the riddle entangling the Black Terror, Fighting Yank, Miss Masque and other less famous Mystery Men that fought the good fight in simpler times. This volume is divided in 4 macro-sections: an introduction describing the history of the Better/Nedor/Standards imprints and a timeline of their brilliant founder, the late Ned Pines; section 2 focuses on 28 characters, proving insights on their creation and conceptualization, their publishing life and their actual copyright and trademark status. A comprehensive analysis of the characters follows, including a description of their market trends, success factors and archetypal references. The last part is an updated summary of the copyright status of the Better/Nedor/Standard Golden Age titles, providing registration and renewal numbers dates and owners. A trademark table completes this section summarizing the registered trademark of each of the characters. All sections are fully illustrated with black & white fully original illustrations, pin-ups and splash-pages, granting a reading that goes far beyond the simple understanding of historical data, proving that the Funny Pages of the past are still enjoyable for all.
