Fourth Uncle in the Mountain Marjorie Pivar 2006-10-03 Set during the French and American wars, Fourth Uncle in the Mountain is a true story about an orphan, Quang Van Nguyen, who is adopted by a sixty-four year old monk, Thau, who carries great responsibility for his people as a barefoot doctor. Thau manages, against all odds to raise his son to follow in his footsteps and in doing so, saves his son, as well as a part of Vietnam's esoteric knowledge from the Vietnam holocaust. Thau is wanted by the French regime, and occasionally

must flee into the jungle, where he is perfectly at home living among the animals. Thau is not the average monk; he practices an ancient lineage of Chinese medicine and uses magic to protect animals and help people. As wise and resourceful as Thau is, he meets his match in his mischievous son. Quang is more interested in learning Cambodian sorcery and martial arts than in developing his skills and wisdom according to his father's plan. It is a classic story, complete with humor, tragedy, and insight from a country where ghosts and magic are real.

A Thousand Rooms of Dream and Fear Atiq Rahimi 2011-01-11 Farhad is a typical student, twenty-one years old, interested in wine, women, and poetry, and negligent of the religious conservatism of his grandfather. But he lives in Kabul in 1979, and the early days of the pro-Soviet coup are about to change his life forever. One night Farhad goes out drinking with a friend who is about to flee to Pakistan, and is brutally abused by a group soldiers. A few hours later he slowly regains consciousness in an unfamiliar house, beaten and confused, and thinks at first that he is dead. A strange and beautiful woman has dragged him into her home for safekeeping, and slowly Farhad begins to feel a forbidden love for her—a love that embodies an angry compassion for the suffering of Afghanistan’s women. As his mind sifts through its memories, fears, and hallucinations, and the outlines of reality start to harden, he realizes that, if he is to escape the soldiers who wish to finish the job they

started, he must leave everything he loves behind and find a way to get to Pakistan. Rahimi uses his tight, spare prose to send the reader deep into the fractured mind and emotions of a country caught between religion and the political machinations of the world's superpowers.

The Super Market Guy Daren Doucet 2011-05 The Supermarket Guy is a hilarious story that takes you on a Ferris wheel ride of fun and unexpected twists and odd situations. In the end, it offers that sort of spirit and camaraderie that truly makes any country great. It's people looking after its people. The Supermarket Guy, known as Harold, starts his normal routine off to work at his uncle's grocery store, causing a few destructive incidents at work. Unfairly blamed for the chaos created at the grocery store, he gets demoted. While having to suffer profusely, watching his alcoholic rival take charge of the store, he makes his best attempts to please his new master. With love in full blossom at the time-love is always on Harold's mind-he mistakenly meets up with a high-class hottie named Shelly, which changes a lot of things for the better. At the same time, an investment opportunity with an old friend conjures up future fortunes. Life seems to be looking up for old Harry-or is it just a mirage at the market? Can Harold stomach entering into his workplace demoted just when meeting his new high-class love interest? Growing up, my main interest was art sketching, and I got plenty of inspiration for practice through the comic books I bought locally. I became a big fan of Marvel and Archie comics. Then there was the calmness and serenity that was only offered by small-village life, with the art of fishing and wading in its rivers in the hot summer months. Being a nature lover, sometimes a thirst came to just escape into the wild where the scent of pines and fir trees abounded in massive quantities. Then the yellow colors of birches, red maple leaves, and the fall rustle of leaves on the ground provided for myself a strange sort of reflection and admiration of the cycle of nature. The solace of winter and the fresh powder base allowed us to rush out again to enjoy cross-country skiing, sliding, and downhill skiing.
