Viking Knits and Ancient Ornaments Elsebeth Lavold 2021-10-30 Traditional knot and interlace patterns, combined to form uniquely striking contemporary designs. Ever since her ground-breaking book *Viking Patterns for Knitting* was published, Elsebeth Lavold has been recognized as one of the world's leading experts on cabling. It was within the pages of her international bestseller—described as “an indispensable milestone in 20th century knitting literature”—that Lavold first introduced the world to her own innovation: using lifted increases to create interlace patterns, and bringing new life to the ornamental heritage of the Vikings as adornment on modern knitwear. In the years since, Lavold has sought new ideas and “design cousins” to Viking patterns to explore with her needles, and has undertaken a fascinating journey through archives, museums, libraries, and the internet. In more than a decade of continued research, she has studied cultures from all over the globe in search of similar types of ornamental expression, creating the foundation for this exciting new book: a glorious collection rich in imagery, history, patterns, and designs. Dozens of different sources of inspiration, catalogued and placed within their cultural and historical context, from all around the world. Complete, step-by-step instructions for an abundance of fresh and stunningly beautiful knit designs, presented in the book with full-color

photographs. Lavold's own painstaking analysis of a huge number of interlace motif types, displayed in both swatch and chart form, to allow you to compose your own patterns based on her research.

knitwear boom. As well as selling ready-made knitwear to stores, several designers made their patterns available as home knitting kits. Classic Knits of the 1980s features a range of innovative designs from Sandy Black knitting kits, many published here for the first time. The patterns are suitable for a broad range of knitting skills, from those with good basic knowledge of knitting to the more experienced knitter. Made up of two parts: Part 1 establishes the fashion and knitwear context of the period and its influence on the development of the designs, examining the entire creative process from inspiration to final pattern. Lavishly illustrated with photographs, diagrams and charts, special features include patchwork (modular) designs and intarsia or colour-block knitting, with techniques and tips for pattern calculations, working from charts and handling several colours. Part 2 then offers twenty-one original patterns and designs, grouped into themes of textural, graphic, heraldic and ornamental, plus the unique Siamese cat, leopard and tiger accessories. Contemporary photography, together with original images from the 1980s, illustrates the designs' timeless appeal, with close-up images of intricate pattern details and suggested design variations to aid creative knitters inspired by this pivotal decade.
