Beauvoir in Time Meryl Altman 2020 "Beauvoir in Time situates Simone de Beauvoir's *The Second Sex* in the historical context of its writing and in later contexts of its international reception, from then till now. The book takes up three aspects of Beauvoir's work more recent feminists find embarrassing: "bad sex," "dated" views about lesbians, and intersections with race and class. Through close reading of her writing in many genres, alongside contemporaneous discourses (good and bad novels in French and English, outmoded psychoanalytic and sexological authorities, ethnographic surrealism, the writing of Richard Wright and Franz Fanon), and in light of her travels to the U.S. and China, the author uncovers insights more recent feminist methodologies obscure, showing Beauvoir is still good to think with today"--

Travelling Concepts in the Humanities Mieke Bal 2002-11-02 Attempting to bridge the gap between specialised scholarship in the humanistic disciplines and an interdisciplinary project of cultural analysis, Mieke Bal has written an intellectual travel guide that charts the course 'beyond' cultural studies. As with any guide, it can be used in a number of ways and the reader can follow or willfully ignore any of the paths it maps or signposts. Bal's focus for this book is the idea that interdisciplinarity in the humanities - necessary, exciting, serious - must seek its heuristic and methodological basis in concepts rather than its methods. Concepts are not grids to put over an object. The counterpart of any given concept is the cultural text or work or 'thing' that constitutes the object of analysis. No concept is meaningful for cultural analysis unless it helps us to understand the object better on its own terms. Bal offers the reader a sustained theoretical reflection on how to 'do' cultural analysis through a tentative practice of doing just that. This offers a concrete practice to theoretical constructs, and allows the proposed method more accessibility. Music and Fantasy in the Age of Berlioz Francesca Brittan 2017-09-14 The centrality of fantasy to French literary culture has long been accepted by critics, but the sonorous dimensions of the mode and its wider implications for musical production have gone largely unexplored. In this book, Francesca Brittan invites us to listen to fantasy, attending both to literary descriptions of sound in otherworldly narratives, and to the wave of 'fantastique' musical works published in France through the middle decades of the nineteenth century, including Berlioz's 1830 *Symphonie fantastique*, and pieces by Liszt, Adam, Meyerbeer, and others. Following the musico-literary aesthetics of E. T. A. Hoffmann, they allowed waking and dreaming, reality and unreality to converge, yoking fairy sound to insect song, demonic noise to colonial 'babbling', and divine music to the strains of water and wind. Fantastic soundworlds disrupted

France's native tradition of marvellous illusion, replacing it with a magical materialism inextricable from republican activism, theological heterodoxy, and the advent of 'radical' romanticism.

On Diary Philippe Lejeune 2009-04-30 Summary: "On Diary is the second collection in English of the groundbreaking and profoundly influential work of one of the best-known and provocative theorists of autobiography and diary. Ranging from the diary's historical origins to its pervasive presence on the Internet, from the spiritual journey of the sixteenth century to the diary of Anne Frank, and from the materials and methods of diary writing to the question of how diaries end, these essays display Philippe Lejeune's expertise, eloquence, passion, and humor as a commentator on the functions, practices, and significance of keeping or reading a diary. Two substantial introductory essays by Jeremy Popkin and Julie Rak place Lejeune's work within its critical and theoretical traditions and comment on his central importance within the fields of life writing, literary genetic studies, and cultural studies."--Publisher description.

In My Father's House Kwame Anthony Appiah 1993-05-27 The beating of Rodney King and the resulting riots in South Central Los Angeles. The violent clash between Hasidim and African-Americans in Crown Heights. The boats of Haitian refugees being turned away from the Land of Opportunity. These are among the many racially-charged images that have burst across our television screens in the last year

alone, images that show that for all our complacent beliefs in a melting-pot society, race is as much of a problem as ever in America. In this vastly important, widely-acclaimed volume, Kwame Anthony Appiah, a Ghanaian philosopher who now teaches at Harvard, explores, in his words, "the possibilities and pitfalls of an African identity in the late twentieth century." In the process he sheds new light on what it means to be an African-American, on the many preconceptions that have muddled discussions of race, Africa, and Afrocentrism since the end of the nineteenth century, and, in the end, to move beyond the idea of race. In *My Father's House* is especially wide-ranging, covering everything from Pan Africanism, to the works of early African-American intellectuals such as Alexander Crummell and W.E.B. Du Bois, to the ways in which African identity influences African literature. In his discussion of the latter subject, Appiah demonstrates how attempts to construct a uniquely African literature have ignored not only the inescapable influences that centuries of contact with the West have imposed, but also the multicultural nature of Africa itself. Emphasizing this last point is Appiah's eloquent title essay which offers a fitting finale to the volume. In a moving first-person account of his father's death and funeral in Ghana, Appiah offers a brilliant metaphor for the tension between Africa's aspirations to modernity and its desire to draw on its ancient cultural roots. During the Los Angeles riots, Rodney King appeared on television to make his now famous plea: "People, can we all get along?" In this beautiful, elegantly written volume, Appiah steers us along a path toward answering a question of the utmost importance to us all.

Twelve Years a Slave Solomon Northup 2021-01-01 "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Safeguarding Traditional Cultures Peter Seitel 2001 Proceedings from a conference "A global assessment of the 1989 recommendation on the safeguarding of traditional culture and folklore" held at the Smithsonian Institution June 27-30 1999. The purpose of the conference was to assess the implementation of the Recommendation (an international normative instrument adopted by UNESCO in 1989), to bring together points of view and perspectives on the Recommendation from around the world, and suggest ways in which the Recommendation might develop in the future so that its purpose, the safeguarding of traditional culture and folklore, might be achieved.

The Letters of Henry Adams Henry Adams 1982 Henry Adams' letters are among the best in the language. They are, in Alfred Kazin's words, "magnificent, his most spontaneous and freest literary works." With the completion of this edition, they may well be judged his most significant achievement. "The letters are not a gloss on a life's work; in a real sense they are his life's work" the reviewer for American Literature stated. We encounter Adams in 1892 at a turning point in his career, at the beginning of the period in which his leading ideas would be crystallized and his major literary works take shape. He had survived the shock of his wife's suicide and had completed his great History of the Jefferson era, and after his long journey in the South Seas his frustrated passion for Elizabeth Cameron had begun to calm. His wanderlust now took him to the Carolinas and the Rockies, to Mexico, Cuba, Egypt, the Near East, Greece, Italy, central Europe, Russia, and the North Cape. His interest came increasingly to center on the geopolitical present and the medieval past. Prompted by the Panic of 1893, he began an intensive study of the new finance capitalism and the imperial power it created; by the end of the decade he was beginning to foresee the shift of global dominance from Britain to the United States and Russia. Meanwhile a tour of the churches and abbeys of Normandy fired his imagination and led to the absorption in the art and culture of medieval France that would bear fruit in Mont-Saint-Michel and Chartres. At his home on Lafayette Square, across from the White House, he became an informal adviser to statesmen, John Hay and Theodore Roosevelt among them. Out of his friendly association with scientists and his own study of science came his conviction that the dynamo and radium were bringing a revolution in physics. His germinating ideas about science, technology, and economic power were conveyed in his letters over many years before they were formulated in *The Education of Henry Adams*, his "Study of Twentieth-Century Multiplicity." The Adams who emerges from the letters is far more complex, contradictory, and human than the protagonist of the Education. He writes to women, Mrs. Cameron above all, about politics, economics, and science as well as social news and palace gossip, just as he writes to men about art as well as power. The multiplicity of his interests, his sharp perceptions, eye for telling detail, and passion for generalization, together with his irony and wit, make his letters the engrossing record of an extraordinary life-in-progress and an incomparable commentary upon his age.

Chatting with Henri Matisse Henri Matisse 2013 In 1941 the Swiss art critic Pierre Courthion interviewed Henri Matisse while the artist was in bed recovering from a serious operation. It was an extensive interview, seen at the time as a vital assessment of Matisse's career and set to be published by Albert Skira's then newly established Swiss press. After months of complicated discussions between Courthion and Matisse, and just weeks before the book was to come out--the artist even had approved the cover design--Matisse suddenly refused its publication. A typescript of the interview now resides in Courthion's papers at the Getty Research Institute. This rich conversation, conducted during the Nazi occupation of France, is published for the first time in this volume, where it appears both in English translation and in the original French version. Matisse unravels memories of his youth and his life as a bohemian student in Gustave Moreau's atelier. He recounts his experience with collectors, including Albert C. Barnes. He discusses fame, writers, musicians, politicians, and, most fascinatingly, his travels. *Chatting with Henri Matisse*, introduced by Serge Guilbaut, contains a preface by Claude Duthuit, Matisse's grandson, and

essays by Yve-Alain Bois and Laurence Bertrand Dorléac. The book includes unpublished correspondence and other original documents related to Courthion's interview and abounds with details about avant-garde life, tactics, and artistic creativity in the first half of the twentieth century.
