Word Into Silence John Main 2006-01-01 We now take it for granted that aspects of the monastic life can sustain our daily lives in the world, but we owe this understanding to John Main, whose vision of a 'monastery without walls' has grown into a worldwide network of people who today practice Christian meditation. This is his classic book on how to practice contemplative prayer, or Christian meditation. Stepping aside from the busyness of our daily lives and being still in the presence of God is the key to discovering our true selves and knowing God as 'the ground of our being'.

Beyond the Walls Paul Wilkes 2010 Paul Wilkes believes that monastic spiritual wisdom can and should be accessible to all. Over the course of one year, he made monthly trips to the brothers at Mepkin Abbey, a Trappist Monastery. During each visit he focused on a particular aspect of monastic life, and each month's visit comprises a chapter of this book. Each chapter opens with a description of Wilkes' physical visit to the monastery, which he uses to lead into difficult explorations of issues such as faith, prayer, community, and discernment. Each chapter closes as Wilkes searches for the proper ways to integrate what he has learned during his time at the Abbey into his life as a father, husband, teach, writer, and lay minister. He uses monastic wisdom to speak to the journey of faith itself, letting readers discover their own path "beyond the walls."

Path of the Purified Heart Laura Dunham 2012-02-01 Path of the Purified Heart traces the classic Christian spiritual journey toward transformation into the likeness of Christ in a unique, fascinating way. Drawing on the voices of wise elders from the past and present, Dunham illumines the common path all Christians and spiritual seekers may take toward union with God. Through the motifs of the liturgical year and the labyrinth, the author weaves in her own journey on this path during her "year of purification."

Monastery Without Walls John Main (O.S.B.) 2006-01-01 The Benedictine monk John Main was one of the most profoundly influential spiritual teachers of recent times. His belief that the desert tradition of

meditative prayer practised by the earliest monastic communities had an immediate and contemporary relevance gave rise to the vision of a totally new kind of community, one made up of men and women scattered throughout the world yet united in their daily practice of Christian meditation. It was to be, literally, a monastery without walls.

Finding Sanctuary Christopher Jamison 2008-09-18 Abbot Christopher Jamison, from BBC2's THE MONASTERY and new show THE SILENCE, suggests ways in which the teachings of St Benedict can be helpful in everyday life. Have you ever wondered why everybody these days seems so busy? In FINDING SANCTUARY, Father Christopher Jamison offers practical wisdom from the monastic tradition on how to build sanctuary into your life. No matter how hard you work, being too busy is not inevitable. Silence and contemplation are not just for monks and nuns, they are natural parts of life. Yet to keep hold of this truth in the rush of modern living you need the support of other people and sensible advice from wise guides. By learning to listen in new ways, people's lives can change and the abbot offers some monastic steps that help this transition to a more spiritual life. In the face of many easy assumptions about the irrelevance of religion today, Father Christopher makes religion accessible for those in search of life's meaning and offers a vision of the world's religions working together as a unique source of hope for the 21st century.

The Calling of Joy! Bruce Davis 2006-02 The Calling of Joy is a calling to find the part of us that is more than what we do, how much we have, and what we think. It is a calling to our inner river, our passion, our well of being, our truth. Joy does not come by accident or coincidence. It does not come from hard work or simply good luck. Joy is remembering, trusting, being, rediscovering our inner resources. Joy is creativity, tears, and laughter. Joy is our guide through life's many choices. We can feel joy in our body. Joy is slowing down from the fearful energy of the daily world to life's beauty, innocence, the ocean of peace in this moment. It is joy that heals the separation from our mind and heart. And it is joy that heals the separation from our heart and our soul. Each of us is called to listen and honor our hearts, to nourish ourselves deeply and unfold our true self into the world. Joy found in the midst of great difficulty is joy found forever. We have choices everyday, to wrestle with the current plot of our lives or find the possible joy. There are many golden silent moments each day which can be real food for a busy mind and hurting heart. Are we open to the moments of pure life that feed us no matter how easy or difficult, light or challenging our lives maybe?

a search for meaning in their lives, there is a vast array of competing belief systems, therapies, and guides available. Above the noise and clamor of this busy marketplace, a centuries-old voice speaks words of invitation: Who is there with a love of true life and a longing for days of real fulfillment? If you should hear that call and answer 'I, ' this is the answer that you will receive from God. . . . So begins the ancient Rule of St. Benedict, written fifteen hundred years ago as a simple manual for monks living in community together. Because of its gentle wisdom, realism, and depth, the Rule has always stretched beyond the walls of monasteries. Today, growing numbers of men and women are discovering that it can teach them something invaluable about themselves and how to live meaningful lives. Wisdom from the Monastery contains a contemporary translation of the Rule of St. Benedict and short reflections on the seven basic elements of Benedictine spirituality that are a tried and true recipe for healthy, balanced, and purposeful living. An ideal place to begin a lifetime of exploration and discovery, Wisdom from the Monastery is an excerpt from *The Benedictine Handbook*, also available from Liturgical Press.

Jung to Live by Eugene Pascal 2009-11-29 Far from mystical, Jung's theories can be easily applied to everyday life, and this book shows readers how. It includes important issues such as how to determine personality style, what inner forces influence likes and dislikes, spotting different complexes, how to transform one's world, and more.

An Infinity of Little Hours Nancy Klein Maguire 2007-03-13 In 1960, five young men arrived at the imposing gates of Parkminster, the largest center of the most rigorous and ascetic monastic order in the Western world: the Carthusians. This is the story of their five-year journey into a society virtually unchanged in its behavior and lifestyle since its foundation in 1084. *An Infinity of Little Hours* is a uniquely intimate portrait of the customs and practices of a monastic order almost entirely unknown until now. It is also a drama of the men's struggle as they avoid the 1960s—the decade of hedonism, music, fashion, and amorality—and enter an entirely different era and a spiritual world of their own making. After five years each must face a choice: to make "solemn profession" and never leave Parkminster; or to turn his back on his life's ambition to find God in solitude. A remarkable investigative work, the book combines first-hand testimony with unique source material to describe the Carthusian life. And in the final chapter, which recounts a reunion forty years after the events described elsewhere in the book, Nancy Klein Maguire reveals which of the five succeeded in their quest, and which did not.

Unveiling the Heart of Awareness Bruce Davis 2022-11-16 Underneath the waves of daily thought is our ocean of being. As the world pulls on our attention, occupying our awareness, there is the ocean of our awareness without busy thought to explore and receive. There is the great silence within our heart. This is the contemplative path. The pilgrimage into the heart is found in all religions, enjoyed by mystics in all cultures. We let go. We let be. Our attention comes deeper within. Underneath the thinking world we discover another world, the world of quiet, connectedness, oneness, infinite heart. As the waves of so much thinking become less, our knowing of the ocean of our awareness grows. Our heart, our beingness is present, brilliant, and loving. We realize we are on the journey of awakening. We are coming home.

Monastic Visions Elizabeth S. Bolman 2002-01-01 The book reproduces the cleaned paintings for the first time. It also describes and analyzes their amalgam of Coptic (Egyptian Christian), Byzantine, and Arab styles and motifs as well as the religious culture to which they belong. In 1996, funded by the United States Agency for International Development and at the request of the Monastery of St. Antony, the Antiquities Development Project of the American Research Center in Egypt began the conservation of the paintings in the church. The paintings revealed by the conservators are of extremely high quality, both stylistically and conceptually. While rooted in the Christian tradition of Egypt, they also reveal explicit connections with Byzantine and Islamic art of the twelfth and thirteenth centuries. Some newly discovered paintings can even be dated back to the sixth or seventh century.

Monastery Without Walls Bruce Davis 2001-06 There is a part of each of us that is a monk or a mystic. We yearn for perfect peace yet live our lives far removed from traditional monasteries--yet most of us would not want to give up our personal and spiritual freedom to join monastic life. We seek wholeness but realize that wholeness is not possible without sacredness. Sacred life takes root in solitude, in the time we take to develop a relationship with our inner life--in the kind of setting a monastery would offer. This book speaks to the monk or mystic within us. It affirms our place in the sacred silence of solitude and inner reflection, showing how even everyday life is filled with opportunities to live fully in the world--as if it were a holy monastery. Here we learn to live within the limits as well as the spirit of everyday life, how to appreciate our most human self as the path to explore the divine. How we encounter a world that is clearly available to us, a world filled with nothing less than the gift of sacred silence within the monastery without walls.
