[Treat!](#) 2017-09-26 Who's a good dog? In the tradition of bestselling photography books like Underwater Dogs and Shake comes an adorable and hilarious collection of dog photographs capturing our best friends at one of their favorite moments--treat time. Photographer Christian Vieler caught these eager dogs anticipating, catching--some more successfully than others--and enjoying a scrumptious tidbit. From a tenacious terrier to a goofy golden retriever, these often hilarious and surprisingly beautiful photographs capture each dog's unique personality in a way any dog owner will recognize and that all dog lovers will enjoy!

Rei - Reini Hilmar Schmuck 2020-03-09

Underwater Dogs Seth Casteel 2012-10-23 The exuberant, exhilarating photographs of dogs underwater that have become a sensation From the water's surface, it's a simple exercise: a dog's leap, a splash, and then a wet head surfacing with a ball, triumphant. But beneath the water is a chaotic ballet of bared teeth and bubbles, paddling paws, fur and ears billowing in the currents. From leaping Lab to diving Dachshund, the water is where a dog's distinct personality shines through; some lounge in the current, paddling slowly, but others arch their bodies to cut through the water with the focus and determination of a shark. In more than eighty portraits, award-winning pet photographer and animal rights activist Seth Casteel captures new sides of our old friends with vibrant underwater photography that makes it impossible to look away. Each image

bubbles with exuberance and life, a striking reminder that even in the most loveable and domesticated dog, there are more primal forces at work. In *Underwater Dogs*, Seth Casteel gives playful and energetic testament to the rough-and-tumble joy that our dogs bring into our lives.

Not Quite Narwhal Jessie Sima 2017-02-14 Born deep in the ocean, Kelp is not like the other narwhals and one day, when he spies a creature on land that looks like him, he learns why.

Thoughts of Dog Matt Nelson 2020-10-27 Based on the beloved Twitter sensation, *Thoughts of Dog* contains never-before-seen, sweet and funny reflections on life from the pup-spective of a goooob dog, who, above all else, loves their human. Join a dog and their stuffed "fren" sebastian as they navigate life's adventures through the most wholesome lens imaginable. The mastermind behind *WeRateDogs*, Matt Nelson, expands the *Thoughts of Dog* universe born on social media with his new book for anyone looking for a smile.

Grumpy Monkey Suzanne Lang 2019-10-15 The hilarious #1 New York Times bestselling picture book about a chimpanzee in a very bad mood--perfect for young children learning how to deal with confusing feelings, especially during the transition back to school. Jim the chimpanzee is in a terrible mood for no good reason. His friends can't understand it--how can he be in a bad mood when it's SUCH a beautiful day? They have lots of suggestions for how to make him feel better. But Jim can't take all the advice...and has a BIT of a meltdown. Could it be that he just needs a day to feel grumpy? Suzanne and Max Lang bring hilarity and levity to this very important lesson on emotional literacy, demonstrating to kids that they are allowed to feel their feelings. Jim Panzee is back and grumpier than ever in *Grumpy Monkey: Party Time* and *Grumpy Monkey: Up All Night!*

Dark Heart of Magic Jennifer Estep 2015-11-01 The New York Times bestselling author "deposits the reader back into the wonderful world of Cloudburst Falls, West Virginia where mortals and magicks mix."--Book Swoon As a thief, I stick to the shadows as much as possible. But when the head of the Sinclair Family picks me to compete in the Tournament of Blades, there's no escaping the spotlight--or the danger. Even though he's my competition, Devon Sinclair thinks I have the best shot at winning what's supposed to be a friendly contest. But when the competitors start having mysterious "accidents," it looks like someone will do anything to win--no matter who they hurt. As if I didn't have enough to worry about, mobster Victor Draconi is plotting against Devon and the rest of my friends, and someone's going around Cloudburst Falls murdering monsters. One thing's for sure. Sometimes, humans can be more monstrous than anything else . . . Praise for *Cold Burn of Magic*, the first Black Blade novel "An adventurous ride you will never want to get off."--Jennifer L. Armentrout, #1 New York Times bestselling author "Jennifer Estep is a genius!"--Simply Nerdy "Packed with action and a nice twist, this is just the book for fans of the Mythos Academy series who want more Jennifer Estep."--Bristol Herald Courier

Mr. Happy and Miss Grimm Antonie Schneider 2015-01-01 When Mr. Happy moves next door to Miss Grimm and begins planting gardens and making friendly gestures, Miss Grimm is not pleased but soon, she feels something strange taking over her bleak little house.

Going to the Mountain Ndaba Mandela 2018-06-26 The first-ever book to tell Nelson Mandela's life through the eyes of the grandson who was raised by him,

chronicling Ndaba Mandela's life living with, and learning from, one of the greatest leaders and humanitarians the world has ever known. To the rest of the world, Nelson Mandela was a giant: an anti-apartheid revolutionary, a world-renowned humanitarian, and South Africa's first black president. To Ndaba Mandela, he was simply "Granddad." In *Going to the Mountain*, Ndaba tells how he came to live with Mandela shortly after he turned eleven--having met each other only once, years before, when Mandela was imprisoned at Victor Verster Prison--and how the two of them slowly, cautiously built a relationship that would affect both their lives in extraordinary ways. It wasn't an easy transition. Mandela had high expectations for those around him, especially his family, and Ndaba chafed at the strict rules and exacting guidelines in his grandfather's home. But at the same time--through overheard calls from foreign dignitaries as well as the Xhosa folk wisdom that his grandfather shared with him at every opportunity--Ndaba was learning how to be a man. On a scale both personal and epic, Ndaba's extraordinary journey mirrors that of South Africa's coming of age--from the segregated Soweto ghettos into which he was born to the privileged life in which he grew up and the turbulent yet exciting times in which he carries on his grandfather's legacy. *Going to the Mountain* is, in the end, a story about unlocking the power within each of us. It's a cautionary tale about how a child's life can go one way or the other, depending upon the intervention of a caring soul--and about the awesome power of love to serve as a catalyst for change.

Practical Mitochondriology Alexander Panov 2013 Mitochondria are not just another organelles in the cell, Mitochondria are the Fundamental Organelles. They provide Energy for all functions and are the Center of all types of Metabolic Pathways, and finally, they determine the Life& Death of a Cell by generating ROS and by controlling Apoptotic or Necrotic Death pathways of a Cell. Mitochondria are as infinite as genes, and in many respects to study mitochondrial functions is a much more difficult task than to study genes. In this book I share with the Reader some of my experiences in solving problems and pitfalls I have encountered during my studies of mitochondrial functions.

Twelve Years a Slave Solomon Northup 2021-01-01 "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State--and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years--it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Veterinary Acupuncture Alan M. Klide 2002-09-20 A resource for veterinarians interested in alternative medical treatments for animals.

Guardians of Being Eckhart Tolle 2011-03-21 This wonderfully unique collaboration brings together two masters of their fields, joining original words by spiritual teacher Eckhart Tolle with delightful illustrations by Patrick McDonnell, the creator of the acclaimed comic strip MUTTS. Every heartwarming page provokes thought, insight, and smiling reverence for all beings and each moment. More than a collection of witty and charming drawings, the marriage of Patrick McDonnell's art and Eckhart Tolle's words conveys a profound love of nature, of animals, of humans, of all life-forms. *Guardians of Being* celebrates and reminds us of not only the oneness of all life but also the wonder and joy to be found in the present moment, amid the beauty we sometimes forget to notice all around us.

A Little Bit Brave Nicola Kinnear 2020-04-07 Logan has always been a stay-at-home bunny, too scared to join his best friend Luna in her adventures; but one day after she has stormed out he works up the courage to follow her--and when he finds that she is in trouble he even has the courage to save her.

Bad Karma David Safier 2010 This debut novel follows the trials and tribulations of Kim Karlsen, a television personality whose career obsession brings her some serious cosmic repercussions. In her quest to dominate the airwaves, Kim cheats on her husband, neglects her daughter, and mistreats her staff. It all seems worth it when she wins the biggest German Television Award, but sadly on the very same night she is crushed to death by debris falling from a Russian space station.... At the gates of Heaven, Kim is informed that she has collected too much bad karma in her life, and has a long road of atonement ahead. Reincarnation as an ant teaches her a few lessons in humility, and she experiences life as a guinea pig and as a beagle before regaining human form just in time to sabotage the marriage of her husband to her back-stabbing best friend.

Taxi Ride with Victor Sara Trofa 2019-09-17 This sci-fi inspired taxi trip will have kids roaring with laughter. Victor is everyone's favorite extraterrestrial taxi driver, but he has a big problem. His memory is terrible! He can never remember his way around the galaxy. When he drops off his passengers at the wrong locations, there are some unexpected and hilarious high jinks. Elsa Klever's wonderful drawings incorporate every day experiences--like going to the dentist, the library, or the post office--into otherworldly scenes with friendly aliens, talking clouds, grumpy ghosts, and an enormous octopus. The book offers gentle lessons about friendship and opportunity, and children will want to join Victor again and again on his funny, mixed-up, and carefree rides.

Sex and the Single Panda Dahlia Gallin Ramirez 2022-02-15 All about the absurdities of animal courtship, *Sex and the Single Panda: The Revolting Pursuit of Love in the Animal Kingdom* is an illustrated humor book detailing the factual--and often disgusting--mating habits of a wide variety of animals gone wild--from big beasts to wee beasties. Through a series of funny dating profiles, find out more about the unbelievably weird mating habits of a variety of bachelors, bachelorettes, and gender non-binary bachelorx, from capuchin monkeys and praying mantises to hyenas and hippos. Raunchy, yet informational, and packed with helpful infographics, guides, and more, this is a laugh-out-loud delight for animal lovers and comedy fans alike. HILARIOUS YET EDUCATIONAL: The author's biting funny, wildly imaginative dating personas of a wide variety of animals includes factual explanations of their oft-astounding mating habits. AS FUNNY AS IT IS GROSS: This R-rated yet informational book will make a laugh-out-loud gift for animal lovers and comedy fans everywhere. GREAT BIRTHDAY OR VALENTINE'S GIFT: Whimsical and witty yet informative, *Sex and the Single Panda* makes a great gift for any animal lover, science lover, or comedy enthusiast. Perfect for: Animal lovers, Humor fans, Anyone who has dated or mated, Valentine's Day and gag gift shoppers, Fans of *The Bachelor* and its spin-offs

Large? Nordic Council of Ministers 2009-02 This report examines the relationship between the clothing sizes and the size labeling given in the garments, and how the consumers experience it. The research is based on three different sources: a consumer survey, clothing size measurements in shops and in-depth interviews. The data is collected from three Nordic Countries; Finland, Norway, and Sweden. The size measurement results and the survey

answers indicate that sizing systems are confusing and full of disparities. The European committee for standardization is developing a common European size code for garments, but they have experienced problems in reaching a system that indicates the sizes accurately, but still does not get too long and complicated for the consumers to understand or for the manufactures to use. A common and well-functioning size labeling system would be an advantage to many consumers, in particular to groups who find the size labeling insufficient, and for the consumers that are not able to try on clothes in the stores themselves. We also hope that a better understanding of the relationship between bodies, clothes and size labeling will be useful in future discussions, due to the growing focus on body and dieting, as well as the increased weight of the population. And finally, a diminishing number of mistake purchases will be beneficial for the environment as it decreases the disposal of textiles.

Concerning Beards Alun Withey 2022-08-25 "Through an exploration of the history of male facial hair in England, Alun Withey underscores its complex meanings, medical implications and socio-cultural significance from the mid-17th to the early 20th century. Withey charts the gradual shift in concepts of facial hair, and shaving - away from 'formal' medicine and practice - towards new concepts of hygiene and personal grooming"--

Journaling Journal Rudy Francis 2021-10-06 A blank journal for your everyday ideas, memories, affirmations or just everyday thoughts. Great for the budding writer or journalist! Journal Cover Vectors by Vecteezy

Talking to Alaska Anna Woltz 2021-04-15 A powerful story of two unlikely friends brought together by the love of a dog It only takes one day at their new school for Parker and Sven to become mortal enemies. Parker's had a terrible summer and just wants to be invisible, while Sven is desperate to make an impression and be known as anything other than "that boy with epilepsy." When Parker discovers her beloved dog Alaska - who she had to give away last year - now belongs to Sven, she's determined to steal Alaska back. Of course, that's easier said than done...

Simon's Cat Simon Tofield 2009-12-08 Simon Tofield's animations have taken YouTube by storm. Now, the feline Internet phenomenon makes his way onto the page in this first-ever book based on the popular animated series. Simon's Cat depicts and exaggerates the hilarious relationship between a man and his cat. The daily escapades of this adorable pet, which always involve demanding more food, and his exasperated but doting owner come to life through Tofield's charming and hilarious illustrations.

My Feelings and Me Holde Kreul 2018-04-03 Do you know your own feelings? Sometimes, we're happy, so we laugh and shout with glee. Other times, we're angry, and want to rage and roar. It is not easy to deal with our many contradictory emotions. To recognize our own feelings and deal with them responsibly is an important learning process for children, and a trial of limits. This vibrantly and expressively illustrated book invites children to talk about feelings. It takes readers through a range of potential emotions without ever calling them "good" or "bad," allowing children to recognize and examine their own emotional world.

ECEL 2020 19th European Conference on e-Learning Prof. Dr.-Ing. Carsten Busc, 2020-10-29

The Origins of the Universe for Dummies Stephen Pincock 2011-02-15 Do you want to learn about the physical origin of the Universe, but don't have the rest of eternity to read up on it? Do you want to know what scientists know about where you and your planet came from, but without the science blinding you? 'Course you do - and who better than For Dummies to tackle the biggest, strangest and most wonderful question there is! The Origins of the Universe For Dummies covers: Early ideas about our universe Modern cosmology Big Bang theory Dark matter and gravity Galaxies and solar systems Life on earth Finding life elsewhere The Universe's forecast

Genesis Guido Tonelli 2021-04-13 A breakout bestseller in Italy, now available for American readers for the first time, Genesis: The Story of How Everything Began is a short, humanistic tour of the origins of the universe, earth, and life—drawing on the latest discoveries in physics to explain the seven most significant moments in the creation of the cosmos. Curiosity and wonderment about the origins of the universe are at the heart of our experience of the world. From Hesiod's Chaos, described in his poem about the origins of the Greek gods, Theogony, to today's mind-bending theories of the multiverse, humans have been consumed by the relentless pursuit of an answer to one awe inspiring question: What exactly happened during those first moments? Guido Tonelli, the acclaimed, award-winning particle physicist and a central figure

in the discovery of the Higgs boson (the "God particle"), reveals the extraordinary story of our genesis—from the origins of the universe, to the emergence of life on Earth, to the birth of human language with its power to describe the world. Evoking the seven days of biblical creation, Tonelli takes us on a brisk, lively tour through the evolution of our cosmos and considers the incredible challenges scientists face in exploring its mysteries. Genesis both explains the fundamental physics of our universe and marvels at the profound wonder of our existence.

Love in Case of Emergency Daniela Krien 2021-04-06 "Fans of Sarah Dunn, Elisabeth Egan, and Isabel Gillies will relate to the multifaceted lives of Krien's characters, brilliantly rendered in her vivid voice." -- Booklist Writing with the wry realism of Sally Rooney, one of Germany's most promising literary talents demonstrates her incisive understanding of the complexities of relationships and the depths of the human heart in this witty and compulsively readable novel about five very different women whose lives intersect. What happens when women fulfill their roles as wives, mothers, friends, lovers, sisters, and daughters? What comes next? Award-winning author Daniela Krien explores these questions in this powerful novel of friendship, love, loss, and everything in between. Krien explores the hopes, ambitions, challenges, and disappointments that shape modern women's lives, offering intimate insights on motherhood and childlessness, bereavement, infidelity, and divorce. At the heart of the novel are five very different women who find themselves hurtling towards a new way of living without knowing quite how they got there. A fresh take on women's lives, *Love in Case of Emergency* is a punchy yet sensitive novel that takes the notion of aspiring to find happiness and connection to new and exhilarating heights. Translated from the German by Jamie Bulloch

Australian Shepherd Training: Dog Training for Your Australian Shepherd Puppy Claudia Kaiser 2020-08-16 Australian Shepherd Training - Dog Training for your Australian Shepherd puppy The training of dogs is often... .. confused with classical dog training drills ... only considered necessary for demanding dogs ... mocked by other dog owners ... replaced by anti-authoritarian methods ... considered too difficult to achieve without experience. What constitutes dog training and what is it good for? And how can you and your Australian Shepherd profit from it without having any experience? The most important thing is to understand how a dog sees his world, what is "normal" for him and how you can use this to your advantage. In addition, the characteristics of each breed are significant when you get beyond the basic training phase. Your Australian Shepherd will show characteristics which are different to those of a Husky, for example, and this is predominantly what you need to consider during training. This book is vol. 1 of the Australian Shepherd training books. Vol. 2 for your grown up Australian Shepherd is also available with the title "Australian Shepherd Training Vol. 2: Dog Training for your grown-up Australian Shepherd" Author Claudia Kaiser says about her book: "It was my desire to let other dog owners profit from the knowledge I have gained over many years, and after making many mistakes. I love my dog and know how important it is to adapt the training to suit each breed. It is exactly this desire that prompted me to write this book. My aim is to help every beginner, not only to understand his dog better, but also to know exactly how to get the best results, step-by-step, so that you can achieve a close, positive and trusting human-dog relationship." Quench your curiosity to know about background information, read reports on other experiences and obtain step-by-step instructions and secret tips which are tailor-made for your Australian Shepherd. Get your copy of this book today and experience... .. how your Australian Shepherd sees his world ... and how

you can progressively train your dog to receive the best results. Your Australian Shepherd will appreciate it... .. so this is my advice: Don't hesitate to buy this book! Content of this book: About the Author Preface What you need to know about your Australian Shepherd Cornerstones of training puppies Before the puppy arrives The first few weeks The first commands Training basic knowledge Special Chapter - The hunting instinct Check list for the start Conclusion

Breed Predispositions to Dental and Oral Disease in Dogs Brook A. Niemiec 2021-03-19 BREED PREDISPOSITIONS TO DENTAL AND ORAL DISEASE IN DOGS A practical resource to the differences between small and large dogs related to dental treatment Breed Predispositions to Dental and Oral Disease in Dogs is an accessible guide to hereditary oral and dental disease. The text is designed to help veterinarians make informed clinical decisions and better communicate with clients. Comprehensive in scope, the book provides a thorough understanding of the differences between large and small dogs as related to effective dental treatment. The book includes specific information for treating small and toy breed dogs, small breed brachycephalic dogs, and brachycephalic dogs. It contains key details of clinical conditions more likely to be faced in specific breeds. To enhance the text, the book is filled with high quality clinical photographs and dental radiographs that demonstrate the concepts discussed. Breed Predispositions to Dental and Oral Disease in Dogs is a useful resource for any clinician dealing with oral disease in dogs and: Offers a practical guide to the considerations in treating dental disease in specific dog breeds Helps veterinarians make decisions about dental therapy and communicate with clients Offers an understanding of breed predispositions to dental disease Explores the myths about the dangers of anesthetizing small breed as well as brachycephalic dogs and provides balanced information on anesthesia In addition, there are chapters on the welfare implications of breed specific problems as well as how to address brachiocephalic syndrome. Written for veterinary practitioners, students, technicians and nurses, Breed Predispositions to Dental and Oral Disease in Dogs is a useful patient-side reference for veterinary professionals.

Silva's Diagnostic Renal Pathology Xin J. Zhou 2017-03-02 An algorithmic approach to interpreting renal pathology, updated in light of recent advances in understanding and new classification schemes.

Top Five Regrets of the Dying Bronnie Ware 2019-08-13 Revised edition of the best-selling memoir that has been read by over a million people worldwide with translations in 29 languages. After too many years of unfulfilling work, Bronnie Ware began searching for a job with heart. Despite having no formal qualifications or previous experience in the field, she found herself working in palliative care. During the time she spent tending to those who were dying, Bronnie's life was transformed. Later, she wrote an Internet blog post, outlining the most common regrets that the people she had cared for had expressed. The post gained so much momentum that it was viewed by more than three million readers worldwide in its first year. At the request of many, Bronnie subsequently wrote a book, *The Top Five Regrets of the Dying*, to share her story. Bronnie has had a colourful and diverse life. By applying the lessons of those nearing their death to her own life, she developed an understanding that it is possible for everyone, if we make the right choices, to die with peace of mind. In this revised edition of the best-selling memoir that has been read by over a million people worldwide, with translations in 29 languages, Bronnie expresses how significant these regrets are and how we can

positively address these issues while we still have the time. The Top Five Regrets of the Dying gives hope for a better world. It is a courageous, life-changing book that will leave you feeling more compassionate and inspired to live the life you are truly here to live.

Chromatin and Epigenetics Colin Logie 2020-01-29 Genomics has gathered broad public attention since Lamarck put forward his top-down hypothesis of 'motivated change' in 1809 in his famous book "Philosophie Zoologique" and even more so since Darwin published his famous bottom-up theory of natural selection in "The Origin of Species" in 1859. The public awareness culminated in the much anticipated race to decipher the sequence of the human genome in 2002. Over all those years, it has become apparent that genomic DNA is compacted into chromatin with a dedicated 3D higher-order organization and dynamics, and that on each structural level epigenetic modifications exist. The book "Chromatin and Epigenetics" addresses current issues in the fields of epigenetics and chromatin ranging from more theoretical overviews in the first four chapters to much more detailed methodologies and insights into diagnostics and treatments in the following chapters. The chapters illustrate in their depth and breadth that genetic information is stored on all structural and dynamical levels within the nucleus with corresponding modifications of functional relevance. Thus, only an integrative systems approach allows to understand, treat, and manipulate the holistic interplay of genotype and phenotype creating functional genomes. The book chapters therefore contribute to this general perspective, not only opening opportunities for a true universal view on genetic information but also being key for a general understanding of genomes, their function, as well as life and evolution in general.

The Why Cafe John P. Strelecky 2006-04-11 In a small diner at a location so remote that it stands in the middle of the middle of nowhere, John—a man in a hurry—is at a literal and figurative crossroads. Intent only on refueling before moving along on his road trip, John finds sustenance of an entirely different kind: in addition to the specials of the day, the menu lists three questions that all diners are encouraged to consider: Why are you here? Do you fear death? Are you fulfilled? With the guidance of three people he meets at the cafe, John embarks on a quest for answers that metaphorically takes him from the executive suites of the advertising world to the surf of Hawaii's coastline. Along the way, he discovers a new way to look at his life and relationships... and just how much you can learn from a green sea turtle. The Why Cafe will get readers young and free and older and entrenched to rethink their personal yardstick for success. Charming, simple, and inspiring, it will change lives.

Dentists Mary Meinking 2020-08 Open wide! Dentists care for people's teeth. Give readers the inside scoop on what it's like to be a dentist. Readers will learn what dentists do, the tools they use, and how people get this exciting job.
