The Cinema of Satyajit Ray Darius Cooper 2000-01-13 Satyajit Ray is India's greatest filmmaker and his importance in the international world of cinema has long been recognised. Darius Cooper's study of Ray is the first to examine his rich and varied work from a social and historical perspective, and to situate it within Indian aesthetics. Providing analyses of selected films, including those that comprise The Apu Trilogy, Chess Players, and Jalsaghar, among others, Cooper outlines Western influences on Ray's work, such as the plight of women functioning within a patriarchal society, Ray's political vision of the 'doubly colonised', and his attack and critique of the Bengali/Indian middle class of today. The most comprehensive treatment of Ray's work, The Cinema of Satyajit Ray makes accessible the oeuvre of one of the most prolific and creative filmmakers of the twentieth century.

The Unicorn Expedition Satyajit Ray 2004-06-21 Professor Shonku cannot dismiss without proof the possibility that unicorns do exist somewhere on earth. In fact, Charles Willard, a fellow scientist, claimed to have actually seen them in Tibet, but, unfortunately, died shortly afterwards. So, when Shonku learns that another expedition is starting off for Tibet, he jumps at the opportunity to trace Willard's route and find the unicorns. Tibet is just one of the exotic places Professor Shonku's exploits take him in this volume of stories. In the Sahara he comes face to face with a massive pyramid-like structure no one knew of earlier; he travels underwater in a submarine with two Japanese scientists to investigate the sudden appearance of deadly red fish that have taken to eating humans; in the caves of Bolivia he meets a primitive man who has been painting his dwelling with animal figures and strange mathematical formulae; and on a peculiar island which has appeared out of nowhere in the Pacific Ocean horrific plants suck out all his learning from his brain

Travails with the Alien Satyajit Ray 2018-04-25 Satyajit Ray was a master of science fiction writing. Through his Professor Shonku stories and other fiction and non-fiction pieces, he explored the genre from various angles. In the 1960s, Ray wrote a screenplay for what would have been the first-of-its-kind sci-fi film to be made in India. It was called *The Alien* and was based on his own short story "Bonkubabur Bandhu". On being prompted by Arthur C. Clarke, who found the screenplay promising, Ray sent the script to Columbia Pictures in Hollywood, who agreed to back it, and Peter Sellers was approached to play a prominent role. Then started the "Ordeals of the Alien" as Ray calls it, as even after a series of trips to the US, UK and France, the film was never made, and more shockingly, some fifteen years later, Ray watched Steven Spielberg's film *Close Encounters of the Third Kind* and later *E.T.: The Extra-Terrestrial*, and realized these bore uncanny resemblances to his script *The Alien*, including the way the ET was designed! A slice of hitherto undocumented cinema history, *Travails with the Alien* includes Ray's detailed essay on the project with the full script of *The Alien*, as well as the original short story on which the screenplay was based. These, presented alongside correspondence between Ray and Peter Sellers, Arthur C. Clarke, Marlon Brando, Hollywood producers who showed interest, and a fascinating essay by the young student at Columbia University's Graduate School of Journalism who broke the Spielberg story, make this book a rare and compelling read on science fiction, cinema and the art of adaptation.

Speaking of Films Satyajit Ray 2005 Presents India's greatest film-maker on the art and craft of films. *Speaking of Films* brings together some of Ray's most memorable writings on film and film-making. With the masterly precision and clarity that characterize his films, Ray discusses a wide array of subjects: the structure and language of cinema with special reference to his adaptations of Tagore and Bibhuti Bhushan Bandopadhyay, the appropriate use of background music and dialogue in films, the relationship between a film-maker and a film critic, and important developments in cinema like the advent of sound and colour. He also writes about his own experiences, the challenges of working with rank amateurs, and the innovations called for when making a film in the face of technological, financial and logistical constraints. In the process, Ray provides fascinating behind-the-scenes glimpses of the people who worked with him - the intricacies of getting Chhabi Biswas, who had no ear for music, to play a patron of classical music in Jalsaghar, the incredible memory of the seventy-five-year-old Chunibala Devi, Indir Thakrun of Pather Panchali, and her remarkable attention to details.

Satyajit Ray on Cinema Satyajit Ray 2013-04-02 Satyajit Ray, one of the greatest auteurs of twentieth century cinema, was a Bengali motion-picture director, writer, and illustrator who set a new standard for Indian cinema with his Apu Trilogy: *Pather Panchali* (Song of the Little Road) (1955), *Aparajito* (The Unvanquished) (1956), and *Apur Sansar* (The World of Apu) (1959). His work

was admired for its humanism, versatility, attention to detail, and skilled use of music. He was also widely praised for his critical and intellectual writings, which mirror his filmmaking in their precision and wide-ranging grasp of history, culture, and aesthetics. Spanning forty years of Ray's career, these essays, for the first time collected in one volume, present the filmmaker's reflections on the art and craft of the cinematic medium and include his thoughts on sentimentalism, mass culture, silent films, the influence of the French New Wave, and the experience of being a successful director. Ray speaks on the difficulty of adapting literary works to screen, the nature of the modern film festival, and the phenomenal contributions of Jean-Luc Godard and the Indian actor, director, producer, and singer Uttam Kumar. The collection also features an excerpt from Ray's diaries and reproduces his sketches of famous film personalities, such as Sergei Eisenstein, Charlie Chaplin, and Akira Kurosawa, in addition to film posters, photographs by and of the artist, film stills, and a filmography. Altogether, the volume relays the full extent of Ray's engagement with film and offers extensive access to the thought of one of the twentieth-century's leading Indian intellectuals.

Beyond the World of Apu John W. Hood 2008 In this new work, John W. Hood makes a thoroughly informed critique of all twenty-nine feature films of Satyajit Ray. Structured along themes which the author has identified in Ray's movies, this reassessment analyses each film on the basis of its individual merits and lapses. Having taken us through the two ends of the spectrum of excellence and mediocrity that comprise Ray's work, Hood concludes his incisive study by affirming that what makes Ray ascend into the realms of the great is his profound sense of humanity. A highly accessible work on arguably the finest filmmaker India has ever produced, this book will engage not only serious readers of cinematic texts but also be a valuable leaning resource for students of film studies, all over the world.

Feluda @ 50 Boria Majumdar 2016-01-10 A quintessential fan tribute and a celebration of Feluda on the occasion of the sleuth's fiftieth anniversary In 1965, Satyajit Ray, drawing from the detective tradition made popular by characters such as Sherlock Holmes and Hercule Poirot, created a character who would go on to influence Bengalis of an entire generation: Feluda. And when Soumitra Chatterjee played the dapper detective in the film *Sonar Kella*, a cult was born. Fifty years later, the cult endures. Every new Feluda film has the box office in a tizzy. Feluda@50 seeks to explore the phenomenon. What makes Feluda tick? What is it that we love about this man? Why is it that every Feluda film continues to run to packed houses for weeks and months on end in an otherwise struggling Bengali film industry? What is the way forward for the franchise in the years to come? What role do Feluda's sidekicks, Topshe and Lalmohan-babu, play? The book also delves deep into Ray's motivations for keeping Feluda cocooned from contemporary politics and never allowing him to have a love interest. Also including in-depth interviews with the three stars who have played Feluda onscreen, this is the quintessential fan tribute and a celebration of Feluda on the occasion of the sleuths fiftieth anniversary.

Also included here is 'The Magical Mystery', a brand new Feluda story discovered amongst Ray's papers after his death, and several tales featuring Uncle Tarini, the master storyteller who appears in translation for the first time. Satyajit Ray Andrew Robinson 2005-10-07 Satyajit Ray's work put India on the map of world cinema and led Akira Kurosawa to say of him: "Not to have seen the cinema of Ray means existing in the world without seeing the sun or the moon." Beginning with *Pather Panchali*, released fifty years ago this year, Ray won almost every major prize, including an Oscar for lifetime achievement. What makes him unparalleled in cinema is that he was personally responsible for all aspects of his films—from script to music. Published as a lavish album, the hundreds of illustrations in this book include drawings by Ray, film stills and photographs by Nemai Ghosh, who accompanied Ray and observed his work for nearly twenty-five years.

Satyajit Ray's Shatranj Ke Khilari Biswadeep Chakraborty 2019-08 Lucknow is a city with magnificent history, architecture, culture and literature where once great musicians, poets and artists were patronized by the rich city elites and Nawabs, who made it the mecca of Hindustani art and culture. This book speaks of the rich tradition, history and culture during the final days of Lucknow's last Nawab, Wajid Ali Shah, through Satyajit Ray's major motion picture *Shatranj Ke Khiladi* or *The Chess Players*. In this book, Ray's narrative and socio-cultural representation of Lucknow are pitched against the original work of Munshi Premchand's short story by the same name, from which it was inspired. This work attempts to study Satyajit Ray's *Shatranj Ke Khiladi* in light of the actual historical events of nineteenth-century Lucknow, just before its annexation by the Raj. This work will analyze that period as depicted by Ray on celluloid, and the theme broadly highlights or rather studies the 'Imperial Manliness and Colonial Effeminacy', 'Politics of Annexation', 'Decadent Royalty' and 'Evolution of Performing Arts' during the reign of Wajid Ali Shah.

My Adventures with Satyajit Ray Suresh Jindal 2017-10-10 For those who know their Indian cinema, *Shatranj Ke Khilari* is film-maker Satyajit Ray's only feature film in Hindi/Urdu and also his most expensive film, employing lavish stage design and stars of both Mumbai and Western cinema. A period piece set in nineteenth-century Lucknow, capital of the state of Oudh, the film revolves around the court of the flamboyant artist-king Wajid Ali Shah against the backdrop of the East India Company's avaricious annexation of Oudh in 1856. Jindal, Ray's young and artistically committed producer of *Shatranj Ke Khilari*, looks back on the gripping story of how Ray came to direct the film despite his unequivocal declaration that he would never write and direct a film that was not in Bengali. Quoting extensively from Ray's fascinating unpublished letters to Jindal, it evokes the driving passion, original historical research and trademark devotion to detail that Ray brought to every aspect of the production.
