*Safari 101 Hunting Africa: the Ultimate Adventure* David L. Brown 2012-04-01 Mbogo, the Black Death, which manifests itself in the African Cape buffalo, now stood less than 12 feet away from me. The cow and calf were too close for me to have time to be scared. I would only have time to react on instinct if they came closer. That is the type of excitement that every hunter dreams of and it is still possible in Africa today. It is also one that I was fortunate enough to experience without any permanent ill effects. Eighty percent or more of American hunters think that Africa is too expensive or off-limits and that they will never have a chance to experience their own, up-close-and-personal adventure in the African bushveld. Safari 101 proves just the opposite. Safari 101 is written for the hunter that has always considered Africa out of reach, someone who has a spark of desire just waiting to be fanned into a flame. American hunters spend thousands of dollars every year hunting at home. Almost none of them know that, for the price of a guided elk hunt in the western United States, they can take an African Safari. The myths of being too expensive and too difficult are firmly entrenched in many hunters minds. Safari 101 has forty-six hints dispersed throughout 11 chapters and proves these myths false. Personal experiences are used to illustrate the value of each hint and to make each one easy to remember. Safari 101 takes the author's experiences, and what he learned from professional hunters and outfitters, and puts the information in a logical progression that is entertaining as well as informative. Safari 101 will help fan the spark into a flame.

The Great Safari Adventure Kent R. Buckner 2011-10 Ten-year-old Coleman has always had plenty of imagination. In *The Great Safari Adventure*, he dreams that if he only has belief and faith, magical things can happen. His tale begins as he is separated from his family and friends in the jungle, making him face his greatest fear: being alone. The little boy enters an exciting world where an ancient and powerful "Blue Lulu" stone can turn ordinary ants and wild animals into human-like creatures. In the midst of a rainforest, desert prairies and the croc swamp, Coleman experiences untold adventure in his dream. With his newfound animal friends, he learns about confidence, strength, patience, and courage. *The Great Safari Adventure* also teaches Coleman about the value of friendship and trust, which will carry him through many adventures in life. The author hopes to motivate kids to be active and learn the world around them through exploration and physical activity.

**Coyote Peterson's Brave Adventures** Coyote Peterson 2017-09-12 #1 Bookscan in Juvenile Non-fiction! – Be Brave... Stay Wild! Animal Stories for Kids: Coyote Peterson's Brave Adventures: Wild Animals in a Wild World chronicles some of the wildest encounters Coyote Peterson has had over the course of his travels. The stories begin with his first snapping turtle catch as a kid and lead down a trail of incredible moments he and his camera crew have had while filming their Brave Wilderness shows. From a giant alligator that nearly caught Coyote in its bone crushing jaws, to an 800 pound Grizzly Bear

that helped him teach the audience what to do and NOT do if you ever encounter one of these enormous predators in the wild, every tale is laced with fast paced action and daring adventure. With the presence of danger often looming for Coyote, each story reminds the reader that animals rule the wild places of this planet, and if we respect them from a safe distance, even the most frightening creatures are more likely to be afraid of us than we should ever be of them. Exciting animal stories for kids of all ages: This collection of short stories aims to give the reader a first-person perspective into some of Coyote's most harrowing and heartwarming adventures.

**Safari** Dan Kainen 2012-10-16 A New York Times bestseller, Safari is a magical journey for the whole family. Readers, as if on African safari, encounter eight wild animals that come alive using never-before-seen Photoclear technology. Each full-color image is like a 3-D movie on the page, delivering a rich, fluid, immersive visual experience. The result is breathtaking. The cheetah bounds. The gazelle leaps. The African elephant snaps its ears. The gorilla munches the leaves off a branch. It's mesmerizing, as visually immediate as a National Geographic or Animal Planet special. Accompanying the images is Safari, the guide: It begins with an evocative journal of a safari along the Mara River in Kenya and interweaves the history of safaris. Then for each animal there is a lively, informative essay and an at-a-glance list of important facts. It's the romance of being on safari—and the thrill of seeing the animals in motion— in a book unlike any other.

**My Safari Notebook** Bamboo Books 2019-04-17 An ideal notebook for your safari trip in a convenient size of 5 x 8 inches (12.7 x 20.32 cm) dimensions. Portable paperback, suitable for briefcases or backpacks. My Safari Notebook has 100 blank lined white pages, perfect bound with a glossy cover. A great gift for every occasion.

**Don't Run, Whatever You Do** Peter Allison 2011-01-11 In the tradition of Bill Bryson, a new writer brings us the lively adventures and biting wit of an African safari guide. Peter Allison works as a top safari guide in the Okavango Delta, an oasis of wetland in the middle of the Kalahari desert, rich with wildlife. As he caters to the whims of his wealthy clients, he often has to overcome the impulse to run as far away from them as he can, as these tourists are sometimes more dangerous than a pride of lions! Full of outrageous-but-true tales of the people and animals he has encountered -- the young woman who rejected the recommended safari-friendly khaki to wear a more fashionable hot pink ensemble; the drunk, half-naked missing tourist who happened to be a member of the British royal family; the squirrel that overdosed on malaria pills; the monkeys with an underwear fetish; and last, but by no means least, Spielberg the Japanese tourist who wanted a repeat performance of Allison's narrow escape from a pair of charging lionesses so he could videotape it -- these hilarious stories reveal Allison's good-natured scorn for himself, as well as others. Allison's humour is exceeded only by his love and respect for the animals, and his goal is to limit any negative exposure to humans by planning trips that are minimally invasive - unfortunately it doesn't always work out that way, as he and his clients discover to their cost when they find themselves up to their necks in a hippo-infested watering hole! Full of essential wisdom like don't run, whatever you do, and never stand behind a frightened zebra (they are prone to explosive flatulence when scared!), this is a wonderfully vivid portrait of what the life of a safari guide is really like. "Allison's writing is high on colour and is packed with engaging accounts of the sort of things that are just another day at the office for the average safari guide. If you love the thrill of safaris this book is for you. It is full of hair-raising stories of escape and adventure in the bush. Having worked for more than twenty years in Botswana, South Africa, Namibia and Mozambique, the stars of Allison's show are hungry lions and territorial hippos. There are some white-knuckle tales of dodging landmines too..." -- Sunday Telegraph "Peter is the perfect storyteller with the ability to poke fun at himself. Witty, exciting, and ultimately unmissable." -- Real Travel "He writes beautifully and viscerally about the rhythm of bush

life ... This is an absorbing book: as a reader you can't help but get caught up in the author's infectious enthusiasm for Africa's beauty and its beasts. On turning the last page, booking the first plane out to Botswana was most tempting." -- TNT

**Safari** Peter Hathaway Capstick 1984-09-15 From the master of African adventure writing, Peter Hathaway Capstick presents the first modern authoritative, comprehensive travel guide to African safari. Drawn from his years of experience as a professional hunter, Capstick's *Safari: The Last Adventure* explains the preparations and procedures involved in his African expeditions: how to select and book a safari; where and when to go; fees and licenses; the guns, ammo, and personal equipment needed. Chapters on each of the Big Five (lion, Cape buffalo, elephant, leopard, and rhino—the trophies most hunters want to take) describe the techniques, thrills, and dangers of hunting these clever and cunning animals. The other memorable delights of safari, like camp life, bird shooting, fishing, photography, and game viewing in wildlife parks, are also celebrated in this indispensable guide. Packed with solid advice and nuggets of campfire lore and hunting yarns, illustrated with thirty-four black and white photographs and six line drawings, this indispensable book is a classic work in its field, essential equipment for anyone going on safari or just dreaming of one...

*Sunrise On The Zambezi* Robert Berndt 2012-08-03 In the following write up I have recreated my experiences and adventures covering safaris over a dozen year period ranging from the Cape to the Caprivi in discovering Africa . It's a story that tries to capture the feel of safari, the smells, the sounds, and sights one experiences in the African bush. Despite all the game taken and the travel to remote and exotic locations, it was the experiences, the adventure, and most of all the memories created by the journeys that were the real essence of what an African hunt is all about. Someone once suggested that I should write a book about my safari adventures and my love affair with Africa. Well, I have. I take you along on my hunting adventures and experiences, some serious and some humorous, ranging from a charging angry 12,000 pound elephant to a battle with a little 30 pound bullet proof sharpes grysbok. Those who have hunted in Africa have many memories of their own from safari. In the following I share my memories so that both the African safari veteran and someone who is still dreaming of going on safari can share in my hunting experiences and the memories I have collected. The book is not just about shooting but it's about experiencing the feeling of hunting wild animals on their own turf, the unexpected events, and the dangers in the thick bush going face to face with a dangerous animal that can quickly turn the table making you the hunted, and to test yourself when a tough situation arises. But, most importantly, it's about collecting memories.

[African Safari Adventures](#) Thomas Walsh 2015-07-26 It was pure serendipity that we went on an African safari, but we are forever grateful that we did. We combined a visit with my brother and sister-in-law, a doctor and nurse volunteering at a hospital in Uganda with a safari to Rwanda, Kenya and Tanzania. Enjoy reading about what it was like to volunteer at a hospital in a small town in southwestern Uganda and the excitement and adventure of trekking mountain gorillas in Rwanda, camel rides in the rugged northern frontier of Kenya, safaris in the magical "Green Hills" of Africa in southeast Kenya, the lost world of the Ngorongoro Crater in Tanzania, the mysterious shifting sands of Tanzania, close encounters with wild animals on the Serengeti Plain and the iconic Great Wildebeest Migration. Meet the many different and interesting people we encountered on safari and learn about the fabulous eco-ldges we stayed at. Travel with us across East Africa in small planes and safari cars for the many wonderful experiences that made this the trip-of-a-lifetime for us and our friends.

*Follow My Footsteps* Sara Safari 2016-05-25 In *Follow My Footsteps*, Sara Safari and Jeffrey Kottler recount the thrilling tale of Sara's climb to the top of Mount Everest for a cause: bringing awareness to the plight of marginalized girls and victims of child sex trafficking around the world. As a young girl in Iran after the Islamic Revolution, Sara experienced firsthand the oppressive, restrictive environment that enables the sex-trafficking trade to thrive. She found herself with little personal freedom and few rights under the law, and she knew there had to be something better. As an adult, Sara wanted to empower children who'd been cast aside by society, so she set out on a journey fraught with obstacles and life-threatening peril. She'd never before understood the quest for the glory that came with standing atop the world. But what better way to show these young girls that they can do anything they put their minds to? Her own heartbreaking past makes the story of her determination all the more inspirational. The trials she faced changed her forever and helped her discover a strength she didn't know she had.

**My First African Safari** K. Q. Myers 2019-01-11 This African safari adventure is the first of a series for young readers focusing on wildlife throughout the world from a kids-eye view. The earth is home to a wide variety of fascinating creatures that make their homes in every kind of habitat imaginable. Exploring the natural history of our world is fundamental to understanding how we are all connected to each other and the wondrous place we all call home. Wee Trek Adventures focus on introducing young children - babies, preschoolers, and kindergarteners - to a variety of animals and places using photography-based art to see wildlife in situ. Each adventure includes a brief section at the end with hints for specific science concepts - such as survival adaptations - that parents and teachers can use while reading the book with younger readers. Come with us on these journeys - at the intersection of science and curiosity, the most amazing things can happen!

[The Elephant-Shrew](#) Anthony Irvin 2010 The second in the well-received African Safari Adventure

Series, *The Elephant-Shrew* follows the adventures of Lucy, Kal and Ellie as they help Craig, the manager of the Simba wildlife ranch in Tanzania, to translocate a rare but dangerous antelope. Caught in a violent rainstorm, the group's plane is forced to make an emergency landing and the children find themselves spending the night in a cave, a cave with a mysterious message scrawled on the wall. The discovery of further messages takes them, together with Matata, their Maasai friend and Fupi the terrier, into the murky past of the East African slave trade. Follow the children as they make a gruesome discovery in the Cave of the Rock Cod. What will the man whom only Lucy sees reveal about the hidden secrets of the forest? "I want to inspire young readers to learn more about wild Africa," says Anthony, who has set the book in a beautiful coastal region. Readers can join in the children's adventures whilst learning about coastal wildlife, African animals and the dark past of slavery in East Africa.

**Sammy's Big Adventure** Pete J. Mravetz 2011-09-18 Sammy, as depicted in Amy Gant's superb illustrations, was my beloved pet for 8 years. In my grieving process after his loss, the idea to write a book honoring him became more and more apparent. Thus, Sammy's great adventure series was designed, with the first book theme depicting a "safari" adventure of his day. In addition, Sammy and his family include a simple chore chart, with the ultimate free time to play soccer after the chores are completed. Sammy's friend (in real life as well) finishes his chores and joins Sammy for some serious soccer. Mom & Dad fix lunch and send them out to play. Later on, Steve goes home and Sammy gets ready for bed, remembering to thank everyone who helped him on his "safari" and especially his young readers, who are inspired to read more in the series about Sammy and his next big adventure.

**Safari in South Africa** Amanda Lumry 2009-05-01 Nine-year-old Riley travels to South Africa to help his Uncle Max, a conservation biologist, track and count wild animals.

*Murder on the Safari Star: Adventures on Trains #3* M. G. Leonard 2022-02-22 In this third book of the middle-grade *Adventures on Trains* series by M. G. Leonard and Sam Sedgman, amateur sleuth Hal Beck travels to South Africa with his uncle to ride a famous train...and stumbles onto a murder mystery! Following his adventure on the California Comet, artist and amateur sleuth Hal Beck is looking forward to another railway journey with Nat, his journalist uncle—this time riding the historic Safari Star through South Africa. Then the already eventful journey becomes even more so when one of their fellow passengers dies on board! Accident . . . or murder? With help from a new friend, Winston (and his mongoose, Chip), Hal is determined to figure out if a murder has really taken place and, if so, who among a long list of suspects is the killer—all before the Safari Star arrives at its final destination.

*A Bear Grylls Adventure 8: The Safari Challenge* Bear Grylls 2018-05-03 Ready for some real adventure? Evie likes new experiences - except for being extremely fussy about what she eats. Suddenly she finds herself on a sun-baked safari with Bear Grylls, where food and water are scarce and dangerous wild animals prowl the plains. To survive, Evie must eat what she can, when she can ... even if it seems absolutely disgusting! Each book in this fun new 12-book series from BEAR GRYLLES follows a different child on an outdoor activity camp. Once they are given a magical compass, they meet the inspirational adventurer in an amazing place and learn new skills and facts they can take with them back to their real life.
