Women & Politics in Uganda Aili Mari Tripp 2000 Uganda has attracted much attention and political visibility for its significant economic recovery after a catastrophic decline. In her groundbreaking book, Aili Mari Tripp provides extensive data and analysis of patterns of political behavior and institutions by focusing on the unique success of indigenous women's organizations. Tripp explores why the women's movement grew so dramatically in such a short time after the National Resistant Movement took over in 1986. Unlike many African countries where organizations and institutions are controlled by a ruling party or regime, the Ugandan women's movement gained its momentum by remaining autonomous.

An African Elegy Ben Okri 2015-04-30 Dreams are the currency of Okri's writing, particularly in this first book of poems, *An African Elegy*, but also in his books of short stories and prize-winning novel *The Famished Road*. Okri's dreams are made on the stuff of Africa's colossal economic and political problems, and reading the poems is to experience a constant succession of metaphors of resolution in both senses of the word. Virtually every poem contains an exhortation to climb out of the African miasma, and virtually every poem harvests the dream of itself with an upbeat restorative ending' - Giles Foden, *Times Literary Supplement*

published in 1960 in the Bantu (later, African) Treasury Series by the University of the Witwatersrand Press. Its plot is based on the events surrounding the assassination of Shaka, the mighty Zulu king, by his two half-brothers, Dingane and Mhlangana, aided and abetted by his paternal aunt, Mkabayi, in 1828. The play explores the classic theme of the tragic hero's fatal flaws: hubris and overconfidence. Shaka's ruthless ambition led him to overstep human boundaries, kill with impunity, bar his warriors from having families and force them into endless wars. His blind spot seems to have been to put the survival and expansion of the Zulu kingdom first and the welfare of his subjects second. Against this backdrop Mkabayi, whose ambitions for a remarkable Zulu nation were more tempered, played a decisive role in his downfall. Zondi explores arguments both in favor of and against Shaka's assassination in a way that allows the reader to sympathize with his greater vision and his thwarted plan to fight impending colonialism. His dramatization of the conflict between Shaka and Mkabayi highlights questions of leadership and nation-building that continue to be relevant today.

Peoples Differ Peter Sarpong 2002 This book shows how by a process of inculturation, the evangeliser can present the gospel to people of different cultures in a way which enriches their own cultures rather than alienating them from these cultural contexts. It details African conceptions of the human person and community drawing from the Akan people of Ghana and the Yoruba of Nigeria, and traditional African religions as background for evangelisation in Africa. It explains how inculturation cannot go against the teachings of the church, but seeks to utilise certain traditional and cultural elements to promote a better understanding of the Christian message and life. The author further argues that knowledge of sociology and anthropology aids an evangeliser in understanding the context of his mission.

South African Drama and Theatre from Pre-colonial Times to the 1990s: An Alternative Reading Mzo Sirayi 2012 Mzo Sirayi has embarked on a highly impressive and daring enterprise with the unflinching boldness of a scholar who is driven by a passionate pursuit to set the record straight. The book adopts a largely historicized, critical and analytical perspective, which strikingly approximates that of postcolonial theory. — Owen Seda This new and authoritative book is an excellent addition to the few existing books on black South African drama and theatre. *South African Drama and Theatre from Pre-colonial Times to 1990s: An Alternative Reading* takes the reader on a tour of the indigenous as well as the modern South African theatre zones. Beyond Memory Max Mojapelo 2008 "South Africa possesses one of the richest popular music traditions in the world - from marabi to mbaqanga, from boeremusiek to bubblegum, from kwela to kwaito. Yet the risk that future generations of South Africans will not know their musical roots is very real. Of all the recordings made here since the 1930s, thousands have been lost for ever, for the powers-that-be never deemed them worthy of preservation. If one peruses the books that exist on South African popular music, one still finds that their authors have on occasion jumped to conclusions that were not as foregone as they had assumed. Yet the fault lies not with them, rather in the fact that there has been precious little documentation in South Africa of who played what, or who recorded what, with whom, and when. This is true of all music-making in this country, though it is most striking in the music of the black communities. *Beyond memory: recording the history, moments and memories of South African music* is an invaluable publication because it offers a first-hand account of the South African music scene of the past decades from the pen of Max Thamagana Mojapelo, who was situated in the very thick of things, thanks to his job as a DJ at the South African Broadcasting Corporation. This book - astonishing for the breadth of its coverage - is based on his diaries, on interviews he conducted and on numerous other sources, and we find in it not only the well-known names of recent South African music but a countless host of others whose contribution must be recorded if we and future generations are to gain an accurate picture of South African music history of the late 20th and early 21st centuries"-- Publisher's description.

Justice and the Politics of Difference Iris Marion Young 2011-09-11 In this classic work of feminist political thought, Iris Marion Young challenges the prevailing reduction of social justice to distributive justice. The starting point for her critique is the experience and concerns of the new social movements

that were created by marginal and excluded groups, including women, African Americans, and American Indians, as well as gays and lesbians. Young argues that by assuming a homogeneous public, democratic theorists fail to consider institutional arrangements for including people not culturally identified with white European male norms. Consequently, theorists do not adequately address the problem of an inclusive participatory framework. Basing her vision of the good society on the culturally plural networks of contemporary urban life, Young makes the case that normative theory and public policy should undermine group-based oppression by affirming rather than suppressing social group differences. Danielle Allen's new foreword contextualizes Young's work and explains how debates surrounding social justice have changed since — and been transformed by — the original publication of *Justice and the Politics of Difference*.

The Fair Fight Anna Freeman 2015-04-14 NAMED A BEST BOOK OF THE YEAR BY BOOKPAGE AND LIBRARY JOURNAL *The Crimson Petal and the White* meets *Fight Club*: A page-turning novel set in the world of female pugilists and their patrons in late eighteenth-century England. Moving from a filthy brothel to a fine manor house, from the world of street fighters to the world of champions, *The Fair Fight* is a vivid, propulsive historical novel announcing the arrival of a dynamic new talent. Born in a brothel, Ruth doesn't expect much for herself beyond abuse. While her sister's beauty affords a certain degree of comfort, Ruth's harsh looks set her on a path of drudgery. That is until she meets pugilist patron George Dryer and discovers her true calling—fighting bare knuckles in the prize rings of Bristol. Manor-born Charlotte has a different cross to bear. Scarred by smallpox, stifled by her social and romantic options, and trapped in twisted power games with her wastrel brother, she is desperate for an escape. After a disastrous, life-changing fight sidelines Ruth, the two women meet, and it alters the perspectives of both of them. When Charlotte presents Ruth with an extraordinary proposition, Ruth pushes dainty Charlotte to enter the ring herself and learn the power of her own strength. A gripping, page-turning story about people struggling to transcend the circumstances into which they were born and fighting for their own places in society, *The Fair Fight* is a raucous, intoxicating tale of courage, reinvention, and fighting one's way to the top.

The Washing Of The Spears Donald R Morris 2017-07-06 In 1879, armed only with their spears, their rawhide shields, and their incredible courage, the Zulus challenged the might of Victorian England and, initially, inflicted on the British the worst defeat a modern army has ever suffered at the hands of men without guns. This is the definitive account of the rise of the Zulu nation under the great ruler Shaka and its fall under Cetshwayo. The story is studded with tales of drama and heroism: the Battle of Isandhlwana, where the Zulu army wiped out the major British column; and Rorke's Drift, where a handful of British troops beat off thousands of Zulu warriors and won eleven Victoria Crosses. Acclaimed for its scholarship, its monumental range, and its spellbinding readability, *The Washing of the Spears* is a gripping portrait of not just the Zulu War of 1879, but also of Britain's colonial policy at this moment.
