Fake Photos Hany Farid 2019-09-10 A concise and accessible guide to techniques for detecting doctored and fake images in photographs and digital media. Stalin, Mao, Hitler, Mussolini, and other dictators routinely doctored photographs so that the images aligned with their messages. They erased people who were there, added people who were not, and manipulated backgrounds. They knew if they changed the visual record, they could change history. Once, altering images required hours in the darkroom; today, it can be done with a keyboard and mouse. Because photographs are so easily faked, fake photos are everywhere—supermarket tabloids, fashion magazines, political ads, and social media. How can we tell if an image is real or false? In this volume in the MIT Press Essential Knowledge series, Hany Farid offers a concise and accessible guide to techniques for detecting doctored and fake images in photographs and digital media. Farid, an expert in photo forensics, has spent two decades developing techniques for authenticating digital images. These techniques model the entire image-creation process in order to find the digital disruption introduced by manipulation of the image. Each section of the book describes a different technique for analyzing an image, beginning with those requiring minimal technical expertise and advancing to those at intermediate and higher levels. There are techniques for, among other things, reverse image searches, metadata analysis, finding image imperfections introduced by JPEG compression, image cloning, tracing pixel patterns, and detecting images that are computer generated. In each section, Farid describes the techniques, explains when they should be applied, and offers examples of image analysis.

A Dance in Donegal Jennifer Deibel 2021-02-02 "Deibel's descriptions of Ireland's landscape, enticing cuisine, sonorous language, and vibrant culture converge to form a spectacular background for the story."--BookPage starred review All of her life, Irish-American Moira Doherty has relished her mother's descriptions of Ireland. When her mother dies unexpectedly in the summer of 1920, Moira decides to fulfill her mother's wish that she become the teacher in Ballymann, her home village in Donegal, Ireland. After an arduous voyage, Moira arrives to a new home and a new job in an ancient country. Though a few locals offer a warm welcome, others are distanced by superstition and suspicion. Rumors about Moira's mother are unspoken in her presence but threaten to derail everything she's journeyed to Ballymann to

do. Moira must rely on the kindness of a handful of friends--and the strength of Sean, an unsettlingly handsome thatcher who keeps popping up unannounced--as she seeks to navigate a life she'd never dreamed of . . . but perhaps was meant to live. Jennifer Deibel's debut novel delights the senses, bringing to life the sights, sounds, smells, and language of a lush country and a colorful people. Historical romance fans will embrace her with open arms. "God's redemptive love is the highlight of this debut work . . . Fans of historical Christian romances in the vein of Kristi Ann Hunter and Jen Turano will want to keep an eye on Deibel."--Library Journal "Deibel's exemplarily executed debut is a touching tale of love and forgiveness that also beautifully captures the warmth and magic of 1920s Ireland. The author's flair for vivid characterization is especially striking in Moira, whose realistic struggles with her faith give her memorable depth and relatability."--Booklist

Anything But Khamosh: The Shatrughan Sinha Biography Bharathi S. Pradhan 2016 About the Book Every success story has its price to pay. So did Shatrughan Sinha (SS) who achieved the impossible twice over. The youngest and the most pampered in a family of academics and doctors where four sons were named after the four brothers of the Ramayan, SS stood out defiantly different. He was born for applause and the limelight; he was besotted with Raj Kapoor and cinema. In the face of stiff opposition from disciplinarian father Bhuvaneshwar Prasad Sinha, mother Shyama Devi's chhutki bauwa (little darling) set out for the Film Institute of India (now FTII) in Poona. Bombay was the next logical destination. Without Kapoorian good looks or any connection with the Hindi film industry, the unknown scarface from Patna went on to create history on celluloid. In politics too, with no known surname or family to power his entry, he set a record as the first film star from India to be sworn-in as a Cabinet Minister. Quotes Anything But Khamosh: The Shatrughan Sinha Biography, is a rivetingly honest read that retraces the hurrahs and heartaches of India's most popular Bihari Babu. "Do not attempt to change him. He is my guru" - Ambareesh, superstar & Minister for Housing, Karnataka "A person who joined the Jan Sangh or the BJP when it was in the Opposition, had to be gutsy. Shatrughan is" - LK Advani, Senior Leader, BJP "I would give him sanyam ki salaah (advice on patience)" - Sushma Swaraj, Minister for External Affairs "I find there's no chaploosi (sycophancy) in him. Our doors are open 24/7 to him" - Lalu Prasad Yadav, Leader, RJD "If the Bihari Babu is hurt, the whole of Bihar is hurt" - Nitish Kumar, Chief Minister, Bihar "If we had Shatrusaab on our side, we wouldn't need anybody else on our team" - Nawaz Sharif, Prime Minister, Pakistan About the Author Renowned columnist, critic and author Bharathi S Pradhan has written both fiction and non-fiction. mean streets of New Klondike, the Martian frontier town that sprang up forty years ago after Simon Weingarten and Denny O'Reilly discovered fossils on the Red Planet. Secret Wars Austin Carson 2020-06-09 *Secret Wars* is the first book to systematically analyze the ways powerful states covertly participate in foreign wars, showing a recurring pattern of such behavior stretching from World War I to U.S.-occupied Iraq. Investigating what governments keep secret during wars and why, Austin Carson argues that leaders maintain the secrecy of state involvement as a response to the persistent concern of limiting war. Keeping interventions “backstage” helps control escalation dynamics, insulating leaders from domestic pressures while communicating their interest in keeping a war contained. Carson shows that covert interventions can help control escalation, but they are almost always detected by other major powers. However, the shared value of limiting war can lead adversaries to keep secret the interventions they detect, as when American leaders concealed clashes with Soviet pilots during the Korean War. Escalation concerns can also cause leaders to ignore covert interventions that have become an open secret. From Nazi Germany's role in the Spanish Civil War to American covert operations during the Vietnam War, Carson presents new insights about some of the most influential conflicts of the twentieth century. Parting the curtain on the secret side of modern war, *Secret Wars* provides important lessons about how rival state powers collude and compete, and the ways in which they avoid outright military confrontations.

Talking Pictures Ransom Riggs 2012-10-16 With the candid quirkiness of *Awkward Family Photos* and the confessional intimacy of *PostSecret*, Ransom Riggs's *Talking Pictures* is a haunting collection of antique found photographs—with evocative inscriptions that bring these lost personal moments to life—from the author of the New York Times bestselling illustrated novel *Miss Peregrine's Home for Peculiar Children*. Each image in *Talking Pictures* reveals a singular, frozen moment in a person's life, be it joyful, quiet, or steeped in sorrow. Yet the book's unique depth comes from the writing accompanying each photo: as with the caption revealing how one seemingly random snapshot of a dancing couple captured the first dance of their 40-year marriage, each successive inscription shines like a flashbulb illuminating a photograph's particular context and lighting up our connection to the past.

Atlantic Wall Stephan Vanfleteren 2017-04 -A photographic monument, immortalizing the remains of Hitler's Atlantic Wall, which stretched across Europe's western coast During World War II, Adolf Hitler gave the order for a line of defense to be constructed along the coasts of the western front. Ranging from the French-Spanish border to the north of Norway, this Atlantic Wall is a series of bunkers, barricades and coastal batteries. Over the past year, Stephan Vanfleteren has photographed this 'wall' of more than 2600 kilometres in his trademark black-and-white style. He planted his tripod on various beaches in Belgium, the Netherlands and Germany, climbed cliff faces in France, sailed between the fjords of Norway and stood in the surf in Denmark to photograph the ruins of the largest military structure of the previous century. Vanfleteren shows his wonder for the untamed architectural beauty of these concrete structures, and the power of nature as it slowly reclaims a wall that were once considered impenetrable. Text in English and French. Contents: Stephan Vanfleteren: Pebblestones of history; Benoit Strubbe & Mathieu de Meyer: The Phenomenon of the Atlantic Wall

Guns & Thighs Ram Gopal Varma 2015-12-01 In these delightfully candid musings about his life and his cinema, RGV reveals the man behind pioneering Telugu and Hindi films such as Shiva, Rangeela, Satya, Sarkar, Bhoot and Company. Discussing a wide range of subjects, from the influences and circumstances that drew him to films to his cinematic techniques, his successful and unsuccessful films, his Bollywood idols, his relations with the media and the controversies dogging him, Guns & Thighs is as much about RGV's life and philosophy of life as about his films and the Indian film world. Characteristically, he pulls no punches, whether he's talking about movies, women or the media. Even when it comes to his own films, he embraces his failures as much his successes and dissects them with rare honesty and humility. Refreshingly contrarian and politically incorrect, this book discloses a perspective as colourful and larger than life as Indian films. It is not for RGV fans alone but for all those passionate about cinema and the people associated with it.

A History of Saudi Arabia Madawi al-Rasheed 2002-07-11 Saudi Arabia is a wealthy and powerful country which wields influence in the West and across the Islamic world. Yet it remains a closed society. Its history in the twentieth century is dominated by the story of state formation. After the collapse of the Ottoman Empire, Ibn Sa'ud fought a long campaign to bring together a disparate people from across the Arabian peninsula. In 1932 the Kingdom of Saudi Arabia was born. Madawi al-Rasheed traces its extraordinary history from the age of emirates in the nineteenth century, through the 1990 Gulf War, to the present day. She fuses chronology with analysis, personal experience with oral histories, and draws on local and foreign documents to illuminate the social and cultural life of the Saudis. This is a rich and rewarding book which will be invaluable to students, and to all those trying to understand the enigma of Saudi Arabia.

Atonement Ian McEwan 2009-03-19 From the Booker Prize winning author of Amsterdam, a brilliant new novel. On the hottest day of the summer of 1935, thirteen-year-old Briony Tallis sees her sister Cecilia strip off her clothes and plunge into the fountain in the garden of their country house. Watching her is

Robbie Turner, son of the Tallis's cleaning lady, whose education has been subsidized by Cecilia's and Briony's father, and who, like Cecilia, has recently come down from Cambridge. By day's end, their lives will be changed - irrevocably. Robbie and Cecilia will have crossed a boundary they had not imagined at its start. And Briony will have witnessed mysteries, seen an unspeakable word, and committed a crime for which she will spend the rest of her life trying to atone... Brilliant and utterly enthralling in its depiction of love and war and class and childhood and England, *An Atonement* is a profound - and profoundly moving - exploration of shame and forgiveness, of atonement and of the possibility of absolution.

Rescued by a Feminist Saloni Chopra 2020-12-28 Saloni Chopra is an actor by choice and a writer by accident. While one helps her serotonin, the other helps her mortgage*. Raised in Australia, but firmly believes it's not where she "grew up", because that happened in the heart of Mumbai, an over-populated city where she ironically learnt to take up more space by fighting for rights she didn't even know she would need one day. From falling into a puddle of quicksand and staying calm enough to not get sucked in, to the art of finding her own voice in a patriarchal society - she learnt everything in her early 20s the hard way (only one of the above is true). There came a point when Saloni realised that if she was going to keep living a life that was such a dramatic page-turner, she may as well write a book about it. * And she doesn't even have a mortgage

Red Carpet Erich Schwartzel 2022-02-08 "This is a fascinating book. It will educate you. Schwartzel has done some extraordinary reporting." — The New York Times Book Review "In this highly entertaining but deeply disturbing book, Erich Schwartzel demonstrates the extent of our cultural thrall to China. His depiction of the craven characters, American and Chinese, who have enabled this situation represents a significant feat of investigative journalism. His narrative is about not merely the movie business, but the new world order." —Andrew Solomon, author of *Far from the Tree* and *The Noonday Demon* An eye-opening and deeply reported narrative that details the surprising role of the movie business in the high-stakes contest between the U.S. and China From trade to technology to military might, competition between the United States and China dominates the foreign policy landscape. But this battle for global influence is also playing out in a strange and unexpected arena: the movies. The film industry, Wall Street Journal reporter Erich Schwartzel explains, is the latest battleground in the tense and complex rivalry between these two world powers. In recent decades, as China has grown into a giant of the international economy, it has become a crucial source of revenue for the American film industry. Hollywood studios are now bending over backward to make movies that will appeal to China's

citizens—and gain approval from severe Communist Party censors. At the same time, and with America's unwitting help, China has built its own film industry into an essential arm of its plan to export its national agenda to the rest of the world. The competition between these two movie businesses is a Cold War for this century, a clash that determines whether democratic or authoritarian values will be broadcast most powerfully around the world. *Red Carpet* is packed with memorable characters who have—knowingly or otherwise—played key roles in this tangled industry web: not only A-list stars like Matt Damon, Angelina Jolie, and Richard Gere but also eccentric Chinese billionaires, zany expatriate filmmakers, and starlets who disappear from public life without explanation or trace. Schwartzel combines original reporting, political history, and show-biz intrigue in an exhilarating tour of global entertainment, from propaganda film sets in Beijing to the boardrooms of Hollywood studios to the living rooms in Kenya where families decide whether to watch an American or Chinese movie. Alarming, occasionally absurd, and wildly entertaining, *Red Carpet* will not only alter the way we watch movies but also offer essential new perspective on the power struggle of this century.
