**Beneath the Lantern's Glow** Candace Rose Rardon 2013-06-21 Six weeks. Seven countries. One adventure with a sketchbook. Writer and sketch artist Candace Rose Rardon invites you on a serendipitous sketching journey through Southeast Asia and Japan. "Beneath the Lantern's Glow" includes twenty full-scene watercolor sketches and accompanying stories, as well as several resources for each country visited. Rardon's whimsical sketches are done on location and by direct observation, and charmingly capture those fleeting, layered moments that are the stepping stones of travel. The sketches are ordered chronologically, so that you might feel as if you are journeying through this fascinating corner of the world yourself: smelling apple shisha in Singapore, walking a sacred Buddhist pilgrimage on the Japanese island of Shodoshima, and standing in wonder before ancient ruins at Angkor Wat. Ultimately, the memorable encounters that unfold with each sketch will leave you open and inspired to seek connections in your own life; and when you least expect it, you too might find yourself beneath the lantern's glow.

*National Geographic Traveler Costa Rica* Christopher P. Baker 2021-02-23 This dazzling guidebook, written by Central America travel expert Christopher P. Baker, covers all the main cities, towns, and regions of Costa Rica, helping travelers negotiate one of the world's leading destinations for eco-travel. Travel tips for San José, Nicoya, and Guanacaste are all fully revised and updated for this latest edition. The book outlines detailed city walks and regional drives, complete with maps and reservation information. Also included are features on geography (life in the lowland rain forest and volcanoes); Costa Rica's diversity of wildlife (butterflies, marine turtles, and snakes); and adventure activities (white-water rafting and sportfishing).

**National Geographic Traveler Colombia** Christopher P. Baker 2017-01-03 From the storied capital of Bogotá to Medellín to the Amazon Basin, this guide to Colombia, South America, offers readers practical

advice on planning your trip and explains the country in the context of its history, culture, cuisine, landscape, and flora and fauna. Acclaimed travel writer Christopher Baker explores the Eastern Highlands, the Caribbean Lowlands, the Western and Southern Highlands, the Pacific & San Andrés, and Los Llanos & the Amazon Basin. Contemporary editorial features and experiential sidebars highlight every aspect of life and every activity under the Colombian sun: how emeralds are mined and marketed, the history of pirates off Colombia's shores, parrots and macaws, volcanoes, whale watching, and poison dart frogs. Gorgeous National Geographic photography and useful maps help you navigate your way around Colombia and its many landscapes: Take a walk through Bogotá's historic Candelaria district, take a drive through coffee country, follow in the footsteps of Gabriel García Márquez, or enjoy a drive around San Andrés.

Magdalena Wade Davis 2020-09-15 A captivating new book from Wade Davis--award-winning, best-selling author and National Geographic Explorer-in-Residence for more than a decade--that brings vividly to life the story of the great Río Magdalena, illuminating Colombia's complex past, present, and future. Travelers often become enchanted with the first country that captures their hearts and gives them license to be free. For Wade Davis, it was Colombia. Now in a masterly new book, Davis tells of his travels on the mighty Magdalena, the river that made possible the nation. Along the way, he finds a people who have overcome years of conflict precisely because of their character, informed by an enduring spirit of place, and a deep love of a land that is home to the greatest ecological and geographical diversity on the planet. As Gabriel García Márquez once wrote during his own pilgrimage on the river: "The only reason I would like to be young again would be the chance to travel again on a freighter going up the Magdalena." Only in Colombia can a traveler wash ashore in a coastal desert, follow waterways through wetlands as wide as the sky, ascend narrow tracks through dense tropical forests, and reach verdant Andean valleys rising to soaring ice-clad summits. This rugged and impossible geography finds its perfect coefficient in the topography of the Colombian spirit: restive, potent, at times placid and calm, in moments explosive and wild. Both a corridor of commerce and a fountain of culture, the wellspring of Colombian music, literature, poetry, and prayer, the Magdalena has served in dark times as the graveyard of the nation. And yet, always, it returns as a river of life. At once an absorbing adventure and an inspiring tale of hope and redemption, Magdalena gives us a rare, kaleidoscopic picture of a nation on the verge of a new period of peace. Braiding together memoir, history, and journalism, Wade Davis tells the story of the country's most magnificent river, and in doing so, tells the epic story of Colombia.

Coffee Pests, Diseases and Their Management J. M. Waller 2007 Price collapse and oversupply have made coffee a high-profile crop in recent years: never has efficient production and crop protection been more important for reducing costs and increasing quality. Packed with illustrations, this book covers the origins, botany, agroecology and worldwide production statistics of coffee, and the insect pests, plant pathogens, nematodes and nutrient deficiencies that afflict it. With emphasis on integrated crop management, this book reviews control measures suitable for any coffee pest or disease and will enable agriculturists to design and implement sustainable pest management systems.

**Moon Havana** Christopher P. Baker 2015-05-12 In Moon Havana, award-winning travel writer Christopher P. Baker highlights Havana's most fascinating and unique features, including the Plaza de la Catedral, the enchanting Habana Vieja (Old Havana), and the Museo Ernest Hemingway. *Crossing Boundaries* Aziz Abu Sarah 2020-07-14 "Aziz Abu Sarah rightly reminds us that it's not more travel we should be after, but the right kind of travel—one that treads lightly, highlights multiple perspectives (including traditionally marginalized ones), and fosters personal transformation, which is the key to a better world." —Norie Quintos, Editor at Large, National Geographic Travel Media How can we bring together a world polarized by so many seemingly intractable conflicts? Through tourism? Yes, but a different kind of tourism, one that harnesses the power of travel to create a more connected and peaceful world. Aziz Abu Sarah argues that it's through one-on-one contact that we'll begin to heal divides. And he knows this firsthand. A former Palestinian radical, he cofounded a tour agency with a Jewish American that originated the Dual Narrative Tours, which are co-led by guides from different communities, including Israel and Palestine, Ireland, Vietnam, Colombia, and many other countries. A guide for going beyond museums and monuments to more transformative, sustainable, and responsible travel experiences, this book is for both the first-timer and seasoned veteran. Starting with his own moving story of creating connections across his divided hometown of Jerusalem and expanding to stories from all over the world, Abu Sarah offers tips on how to meet people naturally and safely, design an inclusive itinerary, shop to support the local economy, deal with setbacks, and much more. He shows that if you put down your phone and strike up a conversation, you can break through the walls that separate us. You'll discover shared values, build lasting relationships, and realize that ultimately far more unites us than divides us.

**The Great Global Bucket List** Robin Esrock 2016-09-20 For over a decade, renowned travel journalist, bestselling author, and TV host Robin Esrock scoured the globe in search of one-of-a-kind, bucket list-worthy experiences. During his remarkable journey to over 100 countries on seven continents, Esrock uncovered unique adventures, fascinating history, cultural spectacles, natural wonders, hilarious situations and unforgettable characters—proving that modern travel is so much more than just over-trafficked tourist attractions. From the Amazon jungle to the beaches of Zanzibar, The Great Global Bucket List presents a world we don't hear much about in the news. A world that is strikingly beautiful, thought-provoking, incredibly diverse and sometimes, just very, very funny. With his trademark wit, photography and insight, Esrock introduces the inspiring experiences you'll be talking and dreaming about for many years to come. Get ready to cage dive with crocodiles in South Africa; float in Colombia's Mud Volcano of youth; cheer for a masked wrestling hero in Mexico; discover the reality of space tourism in Russia's Star City; zip line off the Great Wall of China; swim with sunken treasures in Papua, New Guinea; and camp on the ice in Antarctica ... and that's just the tip of the proverbial metaphor! Whether you're looking for ideas for your next trip, or simply entertainment from your armchair, Esrock is more than just your experienced travel guide. Each chapter unlocks an online companion site with practical information, videos, photo galleries, polls, forums, reading suggestions, a bonus blog and more. Some items on Esrock's bucket list are certainly not for everybody, but this beautifully illustrated, easy-to-navigate book offers something for everyone. The world has never seemed so fun, inviting and inspirational. For a trail-blazing book rooted in things to do before you die, The Great Global Bucket List is

packed with experiences that make life worth living.

**Colombia - Culture Smart!** Kate Cathey 2019-06-24 Colombia has a spectacular and variant landscape, embracing tropical beaches, highland plateaus, the rugged, snow-capped peaks of the Andes, arid deserts, and dense Amazonian jungle. Colombian society is equally diverse. Stylish, cosmopolitan cities coexist with poverty in the beautiful countryside. As a result of the 16th-century Spanish conquest, modern Colombia's multiethnic society is a synthesis of Spanish, indigenous, and African traditions—evident in the music, in the food, and in Barranquilla's famous Carnival. The Colombian people are emerging from decades of crushing civil war and lawlessness with their spirits unbroken. Animated, lighthearted, and ever ready to enjoy the moment, they are looking to the future with hope and are eager to share their rich and beautiful country with the outside world. This pocket-sized book reveals Colombia's key customs and traditions, examines life at home and at work, and introduces some distinct and delicious culinary quirks. There is also advice on safe travel, vital information on how business is done, and how to communicate effectively across the cultural divide.

**You, Fascinating You** Germaine Shames 2012 In the final weeks of 1938, in the shadow of Kristallnacht and imminent war, a heartsick Italian maestro wrote a love song called "Tu Solamente Tu." Its lyrics lamented his forced separation from his wife, the Hungarian ballerina Margit Wolf, in the wake of Mussolini's edict banishing foreign Jews from Italy. The song, first recorded by Vittorio de Sica in 1939, catapulted to the top of the Hit Parade and earned its composer the moniker "the Italian Cole Porter." The German version, "Du Immer Wieder Du," would be performed by Zarah Leander, the foremost film star of the German Reich, and its English counterpart, "You, Fascinating You," by the Glenn Miller Army Air Force Band. Twenty-two years would pass before the maestro and his ballerina again met face-to-face. *You, Fascinating You* begins as a backstage romance and ends as an epic triumph of the human spirit. Editor's Choice, Historical Novel Society: "FAULTLESS."

**Four Seasons of Travel** National Geographic Society (U.S.) 2013 Building on the success of National Geographic's *Journeys of a Lifetime* series, a sumptuously photographed, detailed tour of hundreds of the world's most alluring locations and activities is seasonally organized to profile everything from the cherry-blossom temples of Kyoto to Rockefeller Center's ice-skating rink.

**A Guide to the Birds of Colombia** Steven L. Hilty 1986 Describing all of Colombia's birds, Steven Hilty and William Brown bring together information on one of the world's largest avifaunas—nearly 1,700 species. Over half of all the species of birds in South America are included, thus making the book useful in regions adjacent to Colombia, as well as in the country itself. The primary purpose of the work is to enable observers to identify the birds of the region, but it also provides detailed species accounts and will serve as an important handbook and reference volume. Fifty-six lavish color plates, thirteen halftone plates, and ninety-nine line drawings in the text illustrate over 85% of the species, including most of the resident birds. Notes on the facing-page of each plate, and range maps of 1,475 species, facilitate identification. Written with the field observer in mind, the text gives special attention to comparisons of similar species, transcriptions of voices, and comments on behavior, status, and habitat. It also provides ranges, breeding data, and references. Notes outline taxonomic problems and briefly describe species that eventually may be found in Colombia. Introductory chapters and photographs highlight Colombia's geography, climate, and vegetation, and discuss migration and conservation questions, and the history of Colombian ornithology. Appendices contain a large bibliography, a section on birding locations, and coverage of two of Colombia's far-flung island territories, Isla San Andrés and Providencia. Maps depicting vegetation zones, political boundaries, national parks, and the most text localities are included.

**The German Chambers of Commerce and Industry** Eberhard Sasse 2021 This open access book examines a particular factor in the enduring international success of German companies. Beyond industrial specialization, peaceful labor relations, local financial markets and the "miracle of the Mittelstand", it focuses on a characteristic aspect of governance within the German economy: The Chambers of commerce and industry. Important characteristics of the Chamber system are emphasized - including obligatory membership for firms as well as participatory rules of their self-administration. In turn, the book examines the institution's self-governance, its services, and its mission regarding the general representation of interests. Moreover, the book also identifies the advancement of the dual system of professional education as a central element of the Chamber system. Following an introduction about how the Chamber system works, interviews, case studies and historical explanations help to exemplify the true spirit inherent to this form of representation. In particular, they reveal the essence of how the Chambers contribute to the global success of German companies and foster their corporate responsibility in a practical way. Given its scope, the book will be of particular interest to professionals, policymakers and researchers concerned with how institutional organization can support commerce and industry for the public good. The book was developed in collaboration with Laura Sasse and the Practical Wisdom Society.--

**Slum Upgrading and Participation** Ivo Imperato 2003-01-01 The UN currently estimates that there are about 837 million urban slum dwellers worldwide, and this figure is likely to rise to 1.5 billion by 2020 if current trends are not reversed. This book offers five geographically and institutionally diverse case studies from Latin America, where some of the longest-running and most successful programmes in this field have been conducted. These programmes, involving a wide variety of funding arrangements and agencies, demonstrate the positive impact that community participation and people-oriented service solutions can have on slum upgrading efforts in low income urban areas.

**Walking the Americas** Levison Wood 2018-03-06 A trek through Central America from the author of *Walking the Himalayas*, “just the kind of guy you want with you on an adventure” (The Washington Post). Beginning in the Yucatán—and moving south through Belize, Guatemala, Honduras, Nicaragua, Costa Rica, and Panama—Wood’s journey takes him from sleepy barrios to glamorous cities to Mayan ruins lying unexcavated in the wilderness. Wood encounters indigenous tribes in Mexico, revolutionaries in a Nicaraguan refugee camp, fellow explorers, and migrants heading toward the United States. The relationships he forges along the way are at the heart of his travels—and the personal histories, cultures, and popular legends he discovers paint a riveting history of Mexico and Central America. While contending with the region’s natural obstacles like quicksand, flashfloods, and dangerous wildlife, he also partakes in family meals with local hosts, learns to build an emergency shelter, negotiates awkward run-ins with policemen, and witnesses the surreal beauty of Central America’s landscapes, from cascading waterfalls and sunny beaches to the spectacular ridgelines of the Honduran highlands. Finally, Wood attempts to cross one of the world’s most impenetrable borders: the Darién Gap route from Panama into South America, a notorious smuggling passage and the wildest jungle he has ever navigated. A Sunday Times bestseller and longlisted for the Banff Mountain Book Award for adventure travel, *Walking the Americas* is a thrilling personal tale, an accomplished piece of cultural reportage, and a breathtaking journey across some of the most diverse and unpredictable regions on earth. “A thrilling narrative trek . . . [Wood] elevates this already fascinating landscape with lively prose that combines travel journal with history lessons, memoir, and survivalist handbook.”—Booklist

Magdalena Wade Davis 2020-05-19 An enthralling journey down Colombia's great Rio Magdalena braiding an ancient past and culture into the wondrous story of a people and country finding healing and rebirth after decades of conflict and war, cocaine cartels and drug lords such as Pablo Escobar. At once an absorbing, intrepid narrative and an inspiring, powerful story of hope and redemption, it is a hymn to a mythic place- the Magdalena, the artery of Colombia. The great river has driven the nation's life, its stories, its history and trade, its shamanistic traditions, and is at the heart of its literature and music. Yet, as the country suffered through decades of violence in the 20th century, the great river suffered too, becoming the graveyard of the nation, an environmental catastrophe and a human dumping ground for all sides of the conflict. In 2015, Wade returned to the secretive place he had explored as a young ethnobotanist, to lead the first of several expeditions along the giant river; we discover with him the violent, sorrow-filled past and a new present as Colombia embarks on what had previously seemed to the world an impossible change- a life-affirming healing, spiritually and politically, alongside its Indigenous peoples; heart-warming portraits of unforgettable people; the beauty of forests, the power of the river. This is the magnificent, definitive story of Colombia itself, from the conquistadors to the corruption of the 20th century to the new years of long-hoped for peace and stability.
