

Nazis And The Occult

Thank you categorically much for downloading **nazis and the occult**. Maybe you have knowledge that, people have look numerous times for their favorite books once this nazis and the occult, but end occurring in harmful downloads.

Rather than enjoying a fine PDF like a mug of coffee in the afternoon, instead they juggled next some harmful virus inside their computer. **nazis and the occult** is easily reached in our digital library an online permission to it is set as public therefore you can download it instantly. Our digital library saves in complex countries, allowing you to get the most less latency period to download any of our books subsequently this one. Merely said, the nazis and the occult is universally compatible considering any devices to read.

The Nazis and the Occult Paul Roland 2019 This book reveals the true nature of the Third Reich's link with arcane influences and of evil itself, and helps explain how an ill-educated, psychologically unbalanced nonentity succeeded in mesmerizing an entire nation.

A Science for the Soul Corinna Treitel 2004-04-20 In *A Science for the Soul*, historian Corinna Treitel explores the appeal and significance of German occultism in all its varieties between the 1870s and the 1940s, locating its dynamism in the nation's struggle with modernization and the public's dissatisfaction with scientific materialism. Occultism, Treitel notes, served as a bridge between traditional religious beliefs and the values of an increasingly scientific, secular, and liberal society. Drawing on a wealth of archival materials, Treitel describes the individuals and groups who participated in the occult movement, reconstructs their organizational history, and examines the economic and social factors responsible for their success. Building on this foundation, Treitel turns to the question of how Germans used the occult in three realms of practice: Theosophy, where occult studies were used to achieve spiritual enlightenment the arts, where occult states of consciousness fueled the creative process of avant-garde painters, writers, and dancers and the applied sciences, where professionals in psychology, law enforcement, engineering, and medicine employed occult techniques to solve characteristic problems of modernity. In conclusion, Treitel considers the conflicting meanings occultism held for contemporaries by focusing on the anti-spiritualist campaigns mounted by the national press, the Protestant and Catholic Churches, local and national governments, and the Nazi regime, which after years of alternating between affinity and antipathy for occultism, finally crushed the movement by 1945.

[The Nazis and the Occult](#) Paul Roland 2021-09 'No one can deny Paul Roland is a complete master of his subject.' Colin Wilson, author of *The Occult and A Criminal History of Mankind* Why did the country which produced Goethe,

Beethoven, Bach, Schiller, Einstein, Kant and Hegel allow itself to be led to the precipice of self-destruction by a ragged collective of criminals, misfits, sadists and petty bureaucrats? Nazis and the Occult reveals the true nature of the Third Reich's link with arcane influences and of evil itself, as well as explaining how an illeducated, psychologically unbalanced nonentity succeeded in mesmerizing an entire nation. Forget what you have read, seen and heard. This is the real secret history of Nazi Germany and its dark Messiah - Adolf Hitler.

The Secret King Stephen E. Flowers 2007 The first book to explode many myths surrounding the popular idea of Nazi occultism, *The Secret King* presents the actual esoteric rituals used by Heinrich Himmler's SS under the influence of rune magician Karl-Maria Wiligut, the 'Secret King of Germany'. This seminal work also traces the troubled histories of those who promoted and espoused these twisted beliefs.

The Occult and the Third Reich Jean-Michel Angebert 1975

The Occult Roots of Nazism Nicholas Goodrick-Clarke 1992 Nearly half a century after the defeat of the Third Reich, Nazism remains a subject of extensive historical inquiry, general interest, and, alarmingly, a source of inspiration for resurgent fascism in Europe. Goodrick-Clarke's powerful and timely book traces the intellectual roots of Nazism back to a number of influential occult and millenarian sects in the Habsburg Empire during its waning years. These sects combined notions of popular nationalism with an advocacy of Aryan racism and a proclaimed need for German world-rule. This book provides the first serious account of the way in which Nazism was influenced by powerful millenarian and occult sects that thrived in Germany and Austria almost fifty years before the rise to power of Adolf Hitler. These millenarian sects (principally the Ariosophists) espoused a mixture of popular nationalism, Aryan racism, and occultism to support their advocacy of German world-rule. Over time their ideas and symbols, filtered through nationalist-racist groups associated with the infant Nazi party, came to exert a strong influence on Himmler's SS. The fantasies thus fueled were played out with terrifying consequences in the realities structured into the Third Reich: Auschwitz, Sobibor, and Treblinka, the hellish museums of Nazi apocalypse, had psychic roots reaching back to millennial visions of occult sects. Beyond what the *Times Literary Supplement* calls an intriguing study of apocalyptic fantasies, this bizarre and fascinating story contains lessons we cannot afford to ignore.

The Dark History of the Occult Paul Roland 2011-09-01 Black magic murders, Satanic sex cults and demonic possession - these are the diabolical practices that grab the tabloid headlines and reinforce the myth that evil and an unhealthy obsession with the occult are to blame for our increasingly violent society. But is the truth even darker and more disturbing? This book includes detailed accounts of...

Supernatural is a gripping account of the magical thinking that dominated Nazi beliefs leading up to and including the Second World War. This book explores the Nazi obsession with the occult and symbols of arcane power, shedding new light on the most hated political movement in history, and revealing how occultism not only helped the Nazis but also hindered them, as opposition movements utilized its techniques. Particularly intriguing sections include the Vril Society, the New Teutonic Knights, Black Camelot, the Nazi 'Occult Bureau', Atlantis and Aryan science. Illustrated throughout with informative photographs, and featuring a wealth of new facts and conclusions, *The Nazis and the Supernatural* is a fascinating account of this hidden history.

Hammer of the Gods David Lührssen 2012 Public interest in Adolf Hitler and all aspects of the Third Reich continues to grow as new generations ponder the moral questions surrounding Nazi Germany and its historical legacy. One aspect of Nazism that has not received sufficient attention from historians of the Third Reich is the doctrine's origins in the Thule Society and its covert activities. A Munich occult group with a political agenda, the Thule Society was led by Rudolf von Sebottendorff, a German commoner who had been adopted by nobility during a sojourn in the Ottoman Empire. After returning to Europe, Sebottendorff embraced a form of theosophy that stressed the racial superiority of Aryans. The Thule Society attempted to establish an anti-Semitic, working-class front for disseminating its esoteric ideas and founded the German Workers' Party, which Hitler would later transform into the National Socialist German Workers' (Nazi) Party. Several of the society's members eventually assumed prestigious posts in the Third Reich. David Lührssen has written the first comprehensive study of the society's activities, its cultural roots, and its postwar ramifications in a historical-critical context. Both general readers and academics concerned with European cultural and intellectual history will find that *Hammer of the Gods* opens new perspectives on nineteenth- and twentieth-century Europe.

Nazi Mysticism Source Wikipedia 2013-09 Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Pages: 65. Chapters: Heinrich Himmler, Thule Society, Religious aspects of Nazism, Nazism and occultism, Ahnenerbe, Julleuchter, Vril, 1938-1939 German expedition to Tibet, Nazi archaeology, Esoteric Nazism, Karl Maria Wiligut, Nazi UFOs, Die Glocke, Karl Spiesberger, Friedrich Bernhard Marby, Irminenschaft, Karl Ernst Krafft, Jan Udo Holey, Johannes Balzli, The Occult Roots of Nazism, Ludwig Straniak, Siegfried Adolf Kummer, Theodor Berkelmann, Das Geheimnis der Runen, German Faith Movement, Sig, List of terms in Germanic mysticism, Wilhelm Wulff, Bruno Schweizer, Zodiac and Swastika, A. Frank Glahn, Wiligut runes, Occult Reich, Hitler and the occult. Excerpt: Heinrich Luitpold Himmler (pronounced 7 October 1900 - 23 May 1945) was Reichsführer of the SS, a military commander, and a leading member of the Nazi Party. As Chief of the German Police and later the Minister of the Interior, Himmler oversaw all internal and external police and security forces, including the Gestapo (Secret State Police). Serving as Reichsführer and later as Commander of the Replacement (Home) Army and General Plenipotentiary for the

entire Reichs administration (Generalbevollmächtigter für die Verwaltung), Himmler rose to become one of the most powerful men in Nazi Germany as well as one of the persons most directly responsible for the Holocaust. As overseer of the concentration camps, extermination camps, and Einsatzgruppen (literally: task forces, often used as killing squads), Himmler coordinated the killing of some six million Jews, between 200,000 and 500,000 Roma, many prisoners of war, and possibly another three to four million Poles, communists, or other groups whom the Nazis deemed unworthy to live or simply "in the way," including homosexuals, people with physical and mental disabilities, Jehovah's Witnesses and members of the Confessing...

Attack of the Enemy Tautz, Johannes 2014-10-07 The time of Nazi dictatorship in Germany (1933-45) consistently stimulates more interest than any other period of human history, as witnessed by the countless books and other media on Adolf Hitler and his leading henchmen. What is the basis for this enduring fascination? And, does the abundance of available material help us truly to understand the phenomenon? In this clear-sighted study, Tautz concludes that there is an existential need for the human psyche to come to terms with the forces of destruction that broke out during the era of National Socialism. In an attempt to get to the essence of the phenomenon, he employs the method of 'historical symptomatology', as developed by the philosopher and scientist Rudolf Steiner. Through these means, '... the historical process is perceived as the physiognomic expression of spiritual forces'. By viewing events as symptoms, the outer facts become transparent to the hidden influences that lie behind them, and occult aspects are revealed. Tautz focuses on the degenerate elements that inspired National Socialism – their meaning, nature and methods – and examines their manifestation in earthly events. He reveals the spiritual context in which these adversary, opposing forces erupted and attacked humanity – at a time when human consciousness had stepped over a new threshold. The Nazi functionaries and their spectral leader, whom he refers to as 'the Medium', willingly served these powers, whilst the bedazzled masses were largely passive. If we are serious about developing an egalitarian society today that corresponds to the present level of human evolution, he argues, we need to understand this period of tyranny in Germany at the deepest levels. In addition to Tautz's classic text, a new Appendix by Andreas Bracher brings the reader up to date with a survey of relevant literature on the theme as well as an insightful review of the Nazis' attitude to Rudolf Steiner and the anthroposophical movement he founded. Contemporary extracts from the *Völkische Beobachter* (the Nazi's house journal) indicate the viciousness and hatred directed towards Steiner and anthroposophy by the National Socialists.

Life in the Third Reich Paul Roland 2015-06-17 For Germans in the late 1920s and early 1930s, the allure of Adolf Hitler and the Nazi Party's promises for a better, brighter future promised so much. The reality was vastly different... Germany was a deeply divided nation when Adolf Hitler and the Nazi Party came to power in 1933. As the shadow of the swastika lengthened, its citizens quickly came to realize that the Nazis' brutal programme was not optional. Everyone was expected to play their part in "national revival", especially

those chosen as sacrificial victims. Much has been written about daily life during World War II from the perspective of the Allied nations, but little about life in Germany during the Third Reich. With the benefit of hindsight, questions have been raised as to why a civilized, cultured nation stood by and let the Nazi Party impose their rule in such inhumane fashion, and why so few individuals made any attempt to rebel. Life in the Third Reich draws on the recollections of those who actually experienced the rise and fall of this brutal and vicious regime: from the indoctrination of children to the disappearance of family, friends and neighbours and the effect of Kinder, Küche und Kirche [Children, Kitchen and Church] on the female population, to the defiance of the 'swing kids' and the resulting deprivation of the Nazi policy of 'Guns, not butter'. These are the stories of ordinary Germans caught up in an extraordinary time.

Invisible Eagle Alan Baker 2000 This work provides a comprehensive history of the curious occult belief systems that influenced the architects of National socialism and which became central to Nazi philosophy and propaganda. It also shows how these theories continued to flourish after World War II.

Occult Secrets of the Third Reich Timothy Green Beckley 2017-12-13 SHOCKING REVELATIONS DETAIL HITLER'S FASCINATION WITH OCCULTISM AND THE SUPERNATURAL Some historians believe Hitler was uniquely evil, wicked beyond even the human capacity for wickedness. Many of the impressions regarding the Fuhrer's involvement with "demonic forces" can be attributed to such pop culture books such as "Morning of the Magicians," (1960) "The Spear of Destiny," (1972) and even such works of cinematography magic as "The Raiders of the Lost Ark." (1981) But what is the truth about the fire and fury surrounding the National Socialist movement which placed the "racially pure" Aryan race above the rest of the German population, as well as those citizens of other countries? Much has been written regarding the notion that Hitler and his hand picked echelon of SS officers were deeply influenced by occult ritualism and tradition. For the first time, we present the best procurable proof of a Nazi Supernatural Connection that called for the collection and veritable "worship" of powerful artifacts that supported their insane racist agenda. That included a highly dangerous effort to rewrite the history books and "re-program" the German people so that they could establish that this seemingly bizarre Nazi agenda was truly the fulfillment of European mystery traditions as taught in some Secret Societies. - ** It is said that Hitler possessed a religious artifact called the Spear of Destiny, believed to have been used to pierce the side of Christ as he hung dying on the cross. Hitler felt that the spear had come into his hands as a sign of his own destiny as the Antichrist as prophesied in the Book of Revelation and by Nostradamus. - ** Did Nordic-looking "star people" really make contact with German scientists and weapons designers? - ** Did some hidden race contact the Nordic beauties of the mediumistic Vril Society and provide them with the technology to travel through time and space? - ** Did the Nazis search for and perhaps even rediscover long lost cities where Aryan gods were said to dwell, that the Nazis occult undergirding was superior to the "merely mortal" strength and firepower of their enemies? Nothing Hitler did existed in

a moral vacuum. His unfathomable cruelty seems to have sprung full-blown from the bowels of hell and was not just a product of human hubris and madness. This book will tell you why that is so from the perspective of several different authors.

Nazis and the Occult Paul Roland 2018-04 Why did the country which produced Goethe, Beethoven, Bach, Schiller, Einstein, Kant and Hegel allow itself to be led to the precipice of self-destruction by a ragged collective of criminals, misfits, sadists and petty bureaucrats? Featuring rare archive photographs, *Nazis and the Occult* reveals the true nature of the Third Reich's link with arcane influences and of evil itself, as well as explaining how an ill-educated, psychologically unbalanced nonentity succeeded in mesmerizing an entire nation. Forget what you have read, seen and heard. This is the real secret history of Nazi Germany and its dark Messiah - Adolf Hitler. This book examines the evidence as to whether Hitler really did fall under the spell of black magicians and how likely it was that he entered the Second World War to honour his pact with Satanic forces. The twelve years during which the Nazi Party ruled Germany and much of Europe were governed by irrational thinking. You will be astounded at how much Hitler, Hess, Goering, Himmler, and other leaders were influenced by the occult. A masterful account of the full extent of Hitler's involvement with the occult and the Nazis' fascination with symbols of arcane power such as the Holy Grail and the Spear of Destiny.

Plunder Menachem Kaiser 2021-03-16 From a gifted young writer, the story of his quest to reclaim his family's apartment building in Poland--and of the astonishing entanglement with Nazi treasure hunters that follows Menachem Kaiser's brilliantly told story, woven from improbable events and profound revelations, is set in motion when the author takes up his Holocaust-survivor grandfather's former battle to reclaim the family's apartment building in Sosnowiec, Poland. Soon, he is on a circuitous path to encounters with the long-time residents of the building, and with a Polish lawyer known as "The Killer." A surprise discovery--that his grandfather's cousin not only survived the war, but wrote a secret memoir while a slave laborer in a vast, secret Nazi tunnel complex--leads to Kaiser being adopted as a virtual celebrity by a band of Silesian treasure seekers who revere the memoir as the indispensable guidebook to Nazi plunder. Propelled by rich original research, Kaiser immerses readers in profound questions that reach far beyond his personal quest. What does it mean to seize your own legacy? Can reclaimed property repair rifts among the living? *Plunder* is both a deeply immersive adventure story and an irreverent, daring interrogation of inheritance--material, spiritual, familial, and emotional.

The Occult Understanding of Hitler and the Nazis Cyril Scott 2005-12-01

The Nazis and the Occult Paul Roland 2016-09-08

political movement which had been attempting since the 1970s to fabricate a "Gay Holocaust" equivalent to that suffered by the Jews in Nazi Germany. Fifteen years have passed, but our research into this topic has never stopped.

Vril Edward Bulwer-Lytton 2012-06-01 This early science fiction novel offers a fascinating vision of a shadowy underworld populated by strange and beautiful creatures who closely resemble the angels described in Christian lore. These beings, known as Vril-ya, live underground, but are planning soon to claim the surface of the earth as their own -- destroying humankind in the process.

Hitler's Master of the Dark Arts Bill Yenne 2010-10-14 At the heart of the evil of Nazism was Hitler's "witch doctor," Heinrich Himmler, and his peculiar and deadly organization with the mundane name Schutzstaffel, literally "protective squadron." Undoubtedly you know them better as the feared SS, the very essence of Nazism. Their threatening double lightning bolt is perhaps the most dreaded symbol of the Third Reich. The facts of the SS's origins are truly stranger than fiction. If you thought Raiders of the Lost Ark was an inspired Hollywood fiction, think again. Hitler's Master of the Dark Arts reveals the hidden "truths" of the SS in full and morbidly fascinating detail.

Hitler's Occult War Michael FitzGerald 2009 "First published in Great Britain 1990 as Storm-Troopers of Satan"--T.p. verso.

Between Occultism and Nazism Peter Staudenmaier 2014-04-03 Peter Staudenmaier's study *Between Occultism and Nazism* examines the controversial history of Rudolf Steiner's anthroposophist movement in Nazi Germany and Fascist Italy as a case study in the political significance of esoteric and alternative spiritual groups.

Unholy Alliance Peter Levenda 2019 In June of 1979, Peter Levenda flew to Chile - then under martial law - to investigate claims that a mysterious colony and torture center in the Andes Mountains held a key to the relationship between Nazi ideology and its post-war survival on the one hand, and occult ideas and practices on the other. He was detained there briefly and released with a warning: "You are not welcome in this country." The people who warned him were not Chileans but Germans, not government officials but agents of the assassination network Operation Condor. They were also Nazis, providing a sanctuary for men like Josef Mengele, Hans-Ulrich Rudel, and Otto Skorzeny. In other words: ODESSA. Published in 1995, *Unholy Alliance* was the first book in English on the subject of Nazi occultism to be based on the captured Nazi archives themselves, as well as on the author's personal investigations and interviews, often conducted under dangerous conditions. The book attracted the attention of historians and journalists the world over and has been translated into six languages. A later edition boasts the famous foreword by Norman Mailer. How did occultism come to play such an important role in the development of Nazi political ideology? What influence did such German and Austrian occult leaders as Lanz von Liebenfels and Guido von List have over the fledgling Nazi party? What was the Thule Gesellschaft, and who was its creator,

Baron von Sebottendorf? Did the Nazi high command really believe in occultism? In astrology? In magic and reincarnation? This is a new and expanded edition of the original text, with much additional information on the rise of extremist groups in Europe, Latin America, Asia, and the United States and the esoteric beliefs that are at their foundations. It is the first book in a trilogy that includes *Ratline* and *The Hitler Legacy*. This is where it all began.

The Nazi Occult Kenneth Hite 2013-06-20 In the dark dungeons beneath Nazi Germany, teams of occult experts delved into ancient and forbidden lore, searching for lost secrets of power. This book tells the complete history of the Nazi occult programs, from their quests for the Ark of the Covenant, the Spear of Destiny, and the Holy Grail, through their experiments with lycanthrope and zero-point energy. It also includes information on the shadow war fought in the dying days of the Reich as the Nazis deployed strange flying saucers that battled to save their final stronghold in the Antarctic. For years, the Allied governments worked to keep this information from reaching the public, and sought to discredit those few who dared to seek the truth. Now, using a combination of photography and artwork reconstructions, the true story of the most secret battles of World War II can finally be told.

Himmler's Crusade Christopher Hale 2013-02-18 In 1938, on the eve of war, a Nazi expedition set out through British India on a mission sponsored by Himmler himself. Its aim was to trace the origins of the Aryan race, high in the sacred mountains of Tibet. The expedition was led by two complex individuals - Ernst Schäfer, a swashbuckling, gun-toting naturalist for whom Nazism promised a short-cut to personal glory, and Bruno Beger, an anthropologist whose racial theories were taken to their logical conclusion in Auschwitz. Schäfer and Beger soon found themselves battling hostility from the British, being manipulated by the Tibetans and struggling with the primitive conditions in the holy city of Lhasa. Every detail of the expedition was recorded in diaries, letters and secret reports. It was also documented in thousands of extraordinary photographs (some of which are reproduced here for the first time in decades) and on film. Despite this abundant documentation, the full story of Schäfer's ill-fated expedition has never been told. This encounter between the British and the Nazis so close to the Second World War forms a 'picture in little' of the conflict to come. *HIMMLER'S CRUSADE* explores the ideological roots of the Nazis' obsession with racial theory and the occult. Using the wealth of primary material as well as his own interviews with Bruno Beger, Christopher Hale has written a fascinating and thought-provoking book that brilliantly evokes this little-known prelude to the unimaginable horror of war.

The Twisted Cross Joseph J. Carr 1985-01-01

Aleister & Adolf Douglas Rushkoff 2021-02-02 Media theorist and documentarian Douglas Rushkoff weaves a mind-bending tale of iconography and mysticism against the backdrop of a battle-torn Europe. In a story spanning generations, and featuring some of the most notable and notorious idealists of the 20th century, legendary occultist Aleister Crowley develops a powerful and dangerous

new weapon to defend the world against Adolf Hitler's own war machine spawning an unconventional new form of warfare that is fought not with steel, but with symbols and ideas. Unfortunately, these intangible arsenals are much more insidious and perhaps much more dangerous than their creators could have ever conceived. "Rushkoff is a cultural treasure and an eccentric author of big, strange ideas, never less than fascinating and always entertaining." -Warren Ellis, author of *Gun Machine*, *Red, Trees*, and *Transmetropolitan* "Douglas has been one of my personal heroes, and I've been a most attentive reader of anything he cares to put between covers, knowing that his combination of a cold eye and a warm heart is guaranteed to astonish and embolden my own thinking about what's possible in the world--about what's possible to enact in the space between one human being and another. He occupies the ground of our most immediate perplexities, and his reports of what he finds are breaking news." - Jonathan Lethem, author of *The Best American Comics* and *The Fortress of Solitude*

Black Sun Nicholas Goodrick-Clarke 2003-07 The Unpredictable Constitution brings together a distinguished group of U.S. Supreme Court Justices and U.S. Court of Appeals Judges, who are some of our most prominent legal scholars, to discuss an array of topics on civil liberties. In thoughtful and incisive essays, the authors draw on decades of experience to examine such wide-ranging issues as how legal error should be handled, the death penalty, reasonable doubt, racism in American and South African courts, women and the constitution, and government benefits. Contributors: Richard S. Arnold, Martha Craig Daughtry, Harry T. Edwards, Ruth Bader Ginsburg, Betty B. Fletcher, A. Leon Higginbotham, Jr., Lord Irvine of Lairg, Jon O. Newman, Sandra Day O'Connor, Richard A. Posner, Stephen Reinhardt, and Patricia M. Wald.

The Coming Race, Or, the New Utopia Edward Bulwer Lytton Baron Lytton 1883

Spear of Destiny Trevor Ravenscroft 1982-06-01 An account of the legendary spear which pierced the side of Christ which has been invested with occult powers. It tells the story of the chain of men who possessed the spear, from Herod to Adolf Hitler, and how they sought to change the face of history by wielding its good and evil powers.

The Nazi Occult War Michael FitzGerald 2013-07-05 The Nazi Occult War is a gripping account of the supernatural and magical thinking that dominated Nazi beliefs leading up to and including the Second World War. This book explores the Nazi obsession with the occult and symbols of arcane power shedding new light on the most hated political movement in history, and revealing how occultism not only helped the Nazi's but also hindered them, as opposition movements utilised its techniques. Particularly intriguing sections include the Vril Society, the New Teutonic Knights, Black Camelot, the Nazi 'Occult Bureau', Atlantis and Aryan science. Illustrated throughout with informative photographs, and featuring a wealth of new facts and conclusions, The Nazi Occult War is a proud addition to any history lover's bookshelf.

The Return of Odin Richard Rudgley 2018-03-13 A controversial examination of the influence and presence of the Norse god Odin in contemporary history and culture • Documents Odin's role in the rise of Nazi Germany, the 1960s counterculture revolution, nationalist and ecological political movements, and the occult revival • Examines the spiritual influence of Odin in relation to Jesus Christ • Profiles key individuals instrumental in the rise of the modern pagan renaissance Exploring the influence of the Norse god Odin in the modern world, Richard Rudgley reveals Odin's central role in the pagan revival and how this has fueled a wide range of cultural movements and phenomena, including Nazi Germany, the 1960s counterculture revolution, the Lord of the Rings, the ecology movement, and the occult underground. Rudgley argues that it is Odin and not Jesus Christ who is the single most important spiritual influence in modern Western civilization. He analyzes the Odin archetype--first revealed by Carl Jung's famous essay on Wotan--in the context of pagan religious history and explains the ancient idea of the Web--a cosmic field of energies that encompasses time, space, and the hidden potentials of humanity--the pagan equivalent to the Tao of Eastern tradition. The author examines the importance of the concept of *wyrd*, which corresponds to "fate" or "destiny," exploring techniques to read destiny such as the Runes as well as the existence of yoga in prehistoric and pagan Europe, which later produced the Norse *Utiset*, an ancient system of meditation. Rudgley documents how the Odin archetype came into play in Nazi Germany with the rise of Hitler and the pagan counterculture of the 1960s. He examines how the concept of subterranean and mythic realms, such as the Hollow Earth, Thule, and Agartha, and mysterious energies like *Vril* were manifested in both occult and profane ways and investigates key occult figures like Madame Blavatsky, Guido von List, and Karl Wiligut. He provides pagan analyses of Tolkien and the Lord of the Rings and documents the impact the Odin archetype has had on nationalist and fascist groups in America and Europe. Examining pagan groups in Europe and America that use the Norse template, Rudgley reveals true paganism as holistic and intimately connected with the forces at work in the life of the planet. Showing how this "green" paganism can be beneficial for dealing with the adverse consequences of globalization and the ongoing ecological crisis, he explains how, when repressed, the Odin archetype is responsible for regressive tendencies and even mass-psychosis--a reflection of the unprecedented chaos of Ragnarok--but if embraced, the Odin archetype makes it possible for like-minded traditions to work together in the service of life.

Unholy Alliance Peter Levenda 2019-11-15 In June of 1979, Peter Levenda flew to Chile--then under martial law--to investigate claims that a mysterious colony and torture center in the Andes Mountains held a key to the relationship between Nazi ideology and its post-war survival on the one hand, and occult ideas and practices on the other. He was detained there briefly and released with a warning: "You are not welcome in this country." Hitler's Monsters Eric Kurlander 2017-06-06 "A dense and scholarly book about . . . the relationship between the Nazi party and the occult . . . reveals stranger-than-fiction truths on every page."—Daily Telegraph The Nazi fascination with the occult is legendary, yet today it is often dismissed as Himmler's personal obsession or wildly overstated for its novelty. Preposterous though it was, however, supernatural thinking was inextricable from the Nazi project. The regime enlisted astrology and the paranormal, paganism, Indo-Aryan mythology, witchcraft, miracle weapons, and the lost kingdom of Atlantis in reimagining German politics and society and recasting German science and religion. In this eye-opening history, Eric Kurlander reveals how the Third Reich's relationship to the supernatural was far from straightforward. Even as popular occultism and superstition were intermittently rooted out, suppressed, and outlawed, the Nazis drew upon a wide variety of occult practices and esoteric sciences to gain power, shape propaganda and policy, and pursue their dreams of racial utopia and empire. "[Kurlander] shows how swiftly irrational ideas can take hold, even in an age before social media."—The Washington Post "Deeply researched, convincingly authenticated, this extraordinary study of the magical and supernatural at the highest levels of Nazi Germany will astonish."—The Spectator "A trustworthy [book] on an extraordinary subject."—The Times "A fascinating look at a little-understood aspect of fascism."—Kirkus Reviews "Kurlander provides a careful, clear-headed, and exhaustive examination of a subject so lurid that it has probably scared away some of the serious research it merits."—National Review

Occult Nazi Germany Patrick Walzen 2013-09-13 The study of Nazi occultism is crucial to fully understand the history of the Third Reich. This aspect is unfortunately too often neglected by main stream historians. This is wrong since high ranking Nazis, especially those from the dreaded Schutzstaffel (SS), did believe in these myths and theories, no matter how sensational they may sound to modern ears. It does not add anything though to the credibility of such stories to spoil them with material that cannot be verified or, even worse, with lies fabricated in order to please all the fans of paranormal

activities. These fabrications are usually re-written in a thousand ways on the internet, by authors who end up adding their own personal touch or interpretation, feeding on each other as makeshift sources. They do not bother with historical truth, never mention their sources "in order to protect them". On the contrary, they produce only science-fiction and horror stories, full of Nazi zombies, undead necromancers, multi-dimensional devices like the now famous Bell (Die Glocke), Hitler's underground lairs in Antarctica and UFOs ready to fly out of the Hollow earth to start a Fourth Reich. But is Nazi occultism just pure fantasy because the subject was tackled in Spielberg's Indiana Jones? Though historians do still avoid the occult aspect of Nazism, there are nonetheless hard facts about its historical existence. There is a link in the history of mystic and political thought between late 19th century racist ariosophists, the Thule Society and the birth of the National-Socialist Party after WWI. Furthermore, nobody denies nowadays that Himmler liked very much esotericism and thought of himself as a reincarnation of the Germanic king Henry the Fowler. He also founded a pseudo-scientific institute called the Ahnenerbe that was in charge of expeditions as far as Tibet and even searched for the Holy Grail in the South of France. Last but not the least, Himmler was very much interested in the persecution of witches during the Middle Ages, since he counted one of them among his ancestors. After WWII, there were a few fanatic people who managed, by their writings and teachings, to develop a kind a semi-religious version of Nazism that is the basis until these days for neo-Nazi movements throughout the world. We shall therefore also deal with such themes as the Black Sun, the Vril force and other less known Nazi New Age creeds. This book aims at separating historical facts, how occult and strange they can be, from Post War fabrications. The amateur of mysteries and dark secrets will not be disappointed though since in this quest reality is often stranger than fiction.

The Nazis and the Occult Paul Roland 2018-02-20 'No one can deny Paul Roland is a complete master of his subject.' Colin Wilson, author of *The Occult and A Criminal History of Mankind* Why did the country which produced Goethe, Beethoven, Bach, Schiller, Einstein, Kant and Hegel allow itself to be led to the precipice of self-destruction by a ragged collective of criminals, misfits, sadists and petty bureaucrats? *The Nazis and the Occult* reveals the true nature of the Third Reich's link with arcane influences and of evil itself, as well as explaining how an illeducated, psychologically unbalanced nonentity succeeded in mesmerizing an entire nation. Forget what you have read, seen and heard. This is the real secret history of Nazi Germany and its dark Messiah - Adolf Hitler.

The Nazis and the Occult Dusty Sklar 1989

Revisiting the "Nazi Occult" Monica Black 2015 New collection of essays promising to re-energize the debate on Nazism's occult roots and legacies and thus our understanding of German cultural and intellectual history over the past century.

Adolf Hitler The Insider Freddy Ramoon 2021-10-31 Contrary to many historians who prefer to ignore the Nazis' interest in the occult, the author argues that one cannot analyse the political action of the Nazis without taking into account the particularities of Nazi occultism. Long before being a political vision of Germany and the world, Nazism was a mysticism. It is quite normal to speak of a Nazi mysticism, insofar as Nazism had as its foundation a set of beliefs and practices that had as their object a union of man and the principle of being. The principle of being here is neither divinity nor nature, but the idea of the supremacy of a race, the Aryan race; the idea of the world domination of a people, the Germanic people. Adolf Hitler was an initiate, the Nazis were enthusiasts of the occult. An initiate can be defined as a man who by hard work of inner transformation strives to raise the vibrations of his spirit. According to many esotericists, including Samael Aun Weor, the great master of the Gnostics, Hitler experienced the spiritual initiation of the Enlightenment, but later deviated when he met a black magician from Tibet. Hitler was not just a megalomaniacal politician without spiritual knowledge. It is difficult to see Hitler as an enlightened initiate, so dark are his works. It would not be an exaggeration to say that before being a genius politician, Hitler was first and foremost an initiate of darkness, a black magician. From Alexander the Great to Napoleon Bonaparte, via Genghis Khan, can a man decide to conquer the world without calling upon the forces of the spirit? Adolf Hitler was not a madman who wanted to conquer the world, he knew perfectly well the forces with which he had made a pact. It is important to remember the words of Dietrich Eckart, Hitler's mentor, who on his deathbed said: "Follow Hitler. He will dance, but I wrote the music. We opened his eyes, and gave him the means to communicate with them. Don't mourn me: I will have influenced history more than any other German. When Dietrich Eckart says "We opened his eyes, and gave him the means to communicate with Them". What exactly did he mean? And who were these people with whom Hitler could now communicate? Get this book and discover the other side of Hitler, find out how occultism and black magic were the basis of the Nazi doctrine and the destiny of the Third Reich, and discover many anecdotes about the esoteric practices of the Nazi leaders.
