Canadian Cases in the Philosophy of Law - Fifth Edition Keith C. Culver 2018-05-15 This is a collection of Canadian legal decisions, primarily from the Supreme Court of Canada, along with international cases that have bearing on Canadian law. The selected cases raise and respond to current and controversial issues in political and legal philosophy. Cases have been edited to present key legal principles and methods of judicial reasoning in action, showing not only what was decided but also how the decisions were made. Topics include: constitutional law, fundamental freedoms, equality rights, civil and criminal responsibility, and sovereignty. This new fifth edition adds over two dozen new cases, including new sections on Indigenous issues and international law. A helpful glossary of common legal terms has also been added as an appendix.

Labor Relations in the Public Sector, Fifth Edition Richard C. Kearney 2014-01-17 Since publication of the fourth edition of Labor Relations in the Public Sector, public sector unions have encountered strong headwinds in many parts of the U.S. Membership is falling in some jurisdictions, public opinion has shifted against the unions, and political forces are leaning against them. Retaining the structure that made the previous editions so popular, this fifth edition incorporates a complete round of updates, particularly sections on recent trends in membership figures, new legislation, and new politics as they influence bargaining rights. See What's New in the Fifth Edition: Up to date examination and analysis of public sector labor relations and collective bargaining Important changes in the public labor relations and unionization landscape Updated analysis of the financial and human resource outcomes of collective bargaining in the public sector Collective bargaining institutions and processes in government Completely updated in terms of the scholarly and professional literature and relevant events, the new edition identifies and explains the implications of the new collective bargaining environment, including financial and human resource management issues and outcomes. As in previous editions, collective bargaining and labor relations are addressed at all levels of government, with comparisons to the private and nonprofit sectors. Designed to be classroom friendly, it includes discussions of the most recent literature and case studies as well as end-of-chapter assignments and quizzes. Practical tips and advice are offered for those engaged in collective bargaining and labor relations.

Debating the Presidency Richard J. Ellis 2017-01-02 Editors Richard J. Ellis and Michael Nelson have once again assembled a cadre of top presidential scholars to offer a series of pro/con essays that will inspire spirited debate in *Debating the Presidency: Debating the Presidency: Conflicting Perspectives on the American Executive, Fourth Edition* offers a compelling yet concise view of contemporary topics relevant to the American executive. Each pair of debate-resolution style essays is written specifically for this volume, and offers a compelling yet concise view of a topic relevant to the American executive. Editors Richard Ellis and Michael Nelson offer brief chapter introductions that provide context. In this edition, several new arguments are presented on topics such as executive orders (Pro: Gene Healy, Con: Andrew Rudalevige); abolishment of the vice presidency (Pro: Douglas L. Kriner, Con: Joel K. Goldstein); and the effect of new media on the public's view of the presidency (Pro: Matthew R. Kerbel, Con: Jeffrey E. Cohen).

Asset Protection in Florida The Florida Bar Continuing Legal Education 2015-11-10 *Asset Protection in Florida* covers all facets of asset preservation for Florida residents. The Fourth Edition manual provides comprehensive analysis of the many steps available to protect assets from creditors' claims, both during your lifetime and at death. Among the many topics covered are homestead, trusts (both domestic and offshore), business planning, planning for dissolution of marriage, protection of retirement and education accounts, and the ethical aspects of advising clients on asset protection issues. Bankruptcy issues and tax planning are prominently featured throughout the text. The eBook versions of this title feature links to Lexis Advance for further legal research options.

leading one-volume work on the subject. This area of the law has grown and matured significantly over the years and is now recognized as a distinct body of law that is the basis of thousands of lawsuits filed over the last decade. Written for both lenders' and borrowers' attorneys, Lender Liability discusses the basics and more advanced issues relating to lender liability. Topics include 1) an extended analysis of where and how lender liability problems arise, 2) common law and statutory theories of liability, 3) bankruptcy concerns and 4) lawsuits against failing or failed financial institutions. A sample complaint, request for production of documents, interrogatories and jury instructions are included on CD for easy use. The work also includes as well tables of state and federal cases and statutes, rules and regulations. This brand new edition has been completely revised, reorganized and updated. It conforms now to the evolution and maturity of Lender Liability as an accepted, cited and well litigated area of commercial and consumer litigation. "Lender Liability" as a body of law has evolved from traditional contract and tort theories, to include causes of action based in the Uniform Commercial Code; including the covenant of good faith and fair dealing. This handy reference work is ideal for either the experienced practitioner or the neophyte involved in representing an institution or client whose interests involve bank liability.

Crime and the American Dream Steven F. Messner 2012-06-14 Authored by Steven Messner and Richard Rosenfeld, both highly respected scholars and researchers, CRIME AND THE AMERICAN DREAM, 5th Edition is the seminal work in a major segment of criminological theory. The foundation of the book is institutional anomie theory (an offshoot of Mertonian anomie theory), which the authors posit helps to explain why America's over-emphasis on the pursuit of materialistic gain contributes to the country's high rate of violent crime. Featuring a very clear and accessible writing style, this is a theory book that students will actually understand. Drafting LLC Operating Agreements, 5th Edition Cunningham, Nelson 2021-02-10 Drafting Limited Liability Company Operating Agreements is the only limited liability company ("LLC") formbook and practice manual that addresses in a comprehensive and sophisticated manner the entire process of planning, negotiating, and drafting LLC operating agreements and handling LLC formations. The book is written both for lawyers who are inexperienced in LLC formation practice and for those who are LLC experts. The book contains 71 chapters on LLC formation issues and related issues, 29 general-purpose model operating agreements, four special-purpose model operating agreements (including, for example, model operating agreements for series LLCs), and dozens of "plug-in provisions" to tailor operating agreements to the unique legal and tax needs of specific LLC members and managers. Changes in the Fifth Edition of Drafting Limited Liability Company include: Thoroughly updated content rewritten to suit modern trends and needs Complete reorganization to chapters making it easier to find the content you need Streamlined content for online purposes All forms previously available on the CD-ROM of this book have been updated and moved online for easy viewing and downloading Note: Online subscriptions are for three-month periods.

Business Law Nickolas James 2020-01-21 Business Law, 5th Edition (James et al.) is written for business students to provide a clear and accessible introduction to the legal system. Business law courses are the first exposure to law for many business students and the first time they are obliged to think deeply about the discipline. This updated edition presents business law in a practical context rather than the doctrinal context that many major legal publishers use. The Business Law interactive e-text features a range of instructional media content designed to provide students with an engaging learning experience. This includes practitioner videos from Herbert Smith Freehills, animated work problems and questions with immediate feedback. This new edition is a unique resource that can form the basis of a blended learning solution for lecturers.

Marbury V. Madison William Edward Nelson 2000 We take for granted today the tremendous power of the Supreme Court to interpret our laws and overrule any found in conflict with the Constitution. Yet our nation was a quarter-century old before that power of "judicial review" was fully articulated by the Court itself in *Marbury v. Madison* (1803). William Nelson's concise study of that landmark case provides an insightful and readable guide for students and general readers alike. On the surface, the case itself seems a minor one at best. William Marbury, a last-minute judicial appointee of outgoing Federalist president John Adams, demanded redress from the Supreme Court when his commission was not delivered. But Chief Justice John Marshall could clearly see the danger his demand posed for a weak court filled with Federalist judges. Wary of the Court's standing with the new Republican administration of Thomas Jefferson, Marshall hit upon a solution that was both principled and pragmatic. He determined that while Marbury was justified in his suit, the law on which his claim was based was in conflict with the Constitution. It was the first time that the Court struck down an act of Congress as unconstitutional, thus establishing the doctrine of judicial review, which designates the Court as chief interpreter of the Constitution. Nelson relates the story behind Marbury and explains why it is a foundational case for understanding the Supreme Court. He reveals how Marshall deftly avoided a dangerous political confrontation between the executive and judicial branches by upholding the rule of law. He also shows how Marshall managed to shore up the Court's prestige and power rather than have it serve partisan political agendas. Nelson clarifies how the Marshall court sought to preserve what was best in eighteenth-century constitutionalism while accommodating nineteenth-century political realities and also traces the gradual transformation of Marbury-style judicial review since Marshall's time. Although the Supreme Court did not assert its power of judicial review for another fifty-four years after Marbury, it has since then invalidated numerous acts of Congress. From Marshall's modest bid for consensus to what some consider the modern Court's "activist" excesses, judicial review has been a cornerstone in the edifice of the federal judiciary. Nelson's analysis helps us better understand how this fundamental principle emerged and why it still matters.
