Talk a Lot Elementary Book 1 Matt Purland 2014-10-07 From the introduction: Talk a Lot is a great new way to learn spoken English, and quite a departure from the standard ELT course book. Instead of spending hours reading and writing, students have the opportunity to engage in challenging and fun speaking and listening activities with their friends. On this course students learn how to think in English as well as Talk a Lot! The Talk a Lot course objectives are very simple: * Every student talking in English * Every student listening to and understanding English * Every student thinking in English, and * Every student taking part in class Talk a Lot is structured so that every student can practise and improve English grammar, vocabulary, pronunciation, intonation, word and sentence stress, and interpersonal skills, by working in pairs, groups, and one to one with the teacher.

The Workbook with Key offers additional consolidation activities and a Reading and Writing Portfolio for extra skills practice.

Talk a Lot Elementary Book 2 Matt Purland 2014-10-10 From the introduction: This book is a companion volume to Book 1 and features ten exciting new lesson topics: Crime, Sport, Music, Weather, Animals, Cars, The Human Body, Colours and Numbers, Life Events, and Nature. The lesson topics in this book can be used alongside those in Book 1, according to your needs. For example, it is now possible for you to plan a longer Talk a Lot course, using lesson material from both books! A great new feature in Book 2 is the inclusion of information exchange activities. For more details see page 14. Once again, the aim of this book is to teach students to think in English and Talk a Lot! The Talk a Lot course objectives are very simple: * Every student talking in English * Every student listening to and understanding English * Every student thinking in English, and * Every student taking part in class Talk a Lot is structured so that every student can practise and improve English grammar, vocabulary, pronunciation, intonation, word and sentence stress, and interpersonal skills, by working in pairs, groups, and one to one with the teacher.

New Total English Elementary Teacher's Book and Teacher's Resource CD Pack Fiona Gallagher 2011 'Total English' responds directly to the needs of today's English teachers, providing solutions for the English classroom. The course offers teachers choice and flexibility, a complete range of resources and engaging material.

New Headway English Course John Soars 2000 *New Headway Pre-Intermediate* extends and revises many of the structures covered at Elementary level. This new edition keeps to the successful framework of the original, but has been transformed by fresh material throughout, a more accessible feel, and a completely new design. The majority of the reading and listening texts have been replaced with vibrant new material on up-to-date topics with a more global outlook than before. There is now a higher proportion of speaking activities, maintaining the balance between communicative and more traditional approaches. At this level, related areas of grammar are explored and then practised in discriminatory exercises. All of the main tenses are included, and their uses are compared and contrasted where appropriate. Integrated skills work continues to be an important feature, with skills work becoming more challenging. As at Elementary level, an emphasis on thorough practice is retained, ranging from the very controlled to freer tasks. The vocabulary syllabus continues to be developed through a variety of approaches to lexical input and integrated pronunciation work. A new 'Starter' section at the beginning of each unit has a warm-up activity, often personalized, to lead into the topic and grammar of the unit. A new, separate Teacher's Resource Book is available with photocopiable games and activities to supplement the main course material.

Innovations Elementary - Teacher Resource Text Morgan Lewis 2005-05 Teachers Photocopiable Book to accompany INNOVATIONS ELEMENTARY. It provides photocopiable activities for additional controlled practice or fluency work.

New English file Clive Oxenden 2004-05-06 Containing ideas and photocopyables, this book helps students by providing them with a student package including Workbook, MultiROM, and website, all working together and cross-referenced by a study link.

English File Christina Latham-Koenig 2019 The English File fourth edition Students Book is packed full of interesting content to keep students of all abilities fully engaged and motivated. The English File fourth edition Workbook reinforces what is learned in each English File lesson, and can be used as extra practice during class, or set as homework.

English File 2 Clive Oxenden 2000-08-01 The course that gets students talking.

The Grammar of the English Tense System 2006-01-01 The Grammar of the English Tense System forms the first volume of a four-volume set, The Grammar of the English Verb Phrase. The other volumes, to appear over the next few years, will deal with mood and modality, aspect and voice. The book aims to provide a grammar of tense which can be used both as an advanced reference grammar (for example by MA-level or postgraduate students of English or linguistics) and as a scientific study which can act as a basis for and stimulus to further research. It provides not only a wealth of data but also a unique framework for the study of the English tense system, which achieves great predictive and explanatory power on the basis of a limited number of relatively simple rules. The framework provided allows for an analysis of the semantics of individual tenses which reflects the role of tenses not only in locating situations in time relative to speech time but also in relating situations in time relative to one another to form temporally coherent discourse. Attention is paid to the relations between tenses. On the one hand, we can identify sets of tenses linked to particular temporal areas such as the past or the future. These sets of tenses provide for the expression of a system of temporal relations in a stretch of discourse in which all the situations are

located within the same temporal area. On the other hand, there are many contexts in which speakers might in theory choose between two or more tenses to locate a situation (e.g., when we choose between the past tense and the present perfect to locate a situation before speech time), and the book examines the difference that a choice of one or the other tense may make within a discourse context. The book moves from a detailed exploration of the meaning and use of individual tenses to a thorough analysis of the way in which tenses can be seen to function together as sets, and finally to a detailed examination of tenses in, and tenses interacting with, temporal adverbials. Original data is used frequently throughout the book to illustrate the theory discussed.
