Legal Aspects of Emergency Services Gregory West 2021-05-05 "Legal Aspects of Emergency Services is designed to provide responders with some basic legal knowledge so that, when faced with a legal quandary, they may remember the core principles discussed throughout this book and recognize the need to seek qualified legal advice. The law affects everything responders do in their daily activity, especially when functioning as an agent of a fire or EMS department. Fire fighters are calculated risk takers. They risk a lot to save a lot, and conversely risk nothing to save nothing, and they often find themselves operating within the gray area of those two extremes. Having an understanding of the law as it applies in different situations allows the prudent fire fighter, EMT, supervisor, manager or officer to manage legal exposure. There

are times when it may be necessary to assume greater legal risk because it is the right thing to do. There are other times when a legal risk is not worth any potential benefit. As a result, it is important for those in fire and EMS disciplines to have a passing knowledge of the law and how it affects them in their profession"--

An Introductory Guide to EC Competition Law and Practice Valentine Korah 1994

Historic Treasures of New Haven Laura A. Macaluso 2013-03-26 For more than two hundred years, New Haven, Connecticut, has had a particular proclivity for marking the passage of time. Residents of the Elm City celebrate their heritage in historic fashion, and they have carefully preserved fascinating relics from their city's past in local museums. Examine the first commemorative medal made for New Haven's 200th anniversary in 1838, which set the standard for Elm City celebrations. Other artifacts in the city's collections include a needlework picture mourning the death of George Washington, Noah Webster's dictionary notes for the letters "A" and "B" and the buckskin coat worn by explorer Henry Eld. Author Laura A. Macaluso chronicles the history of New Haven celebrations and prized artifacts in order to piece together the city's unique identity.

Employment Law for Human Resource Practice David J. Walsh 2018-10-03 Packed with cutting-edge cases and hands-on applications, Walsh's EMPLOYMENT LAW FOR HUMAN RESOURCE PRACTICE, 6E explains the major issues and rules of employment law in understandable terms. Readers learn how laws impact careers for both managers and employees. The book addresses legal issues for each stage of employment, from hiring and managing to firing. Current news stories and real cases help readers understand how legal concepts apply to today's actual workplace. Each chapter ends with a summary of practical advice for managers. Coverage addresses the most important topics of employment law including the latest legislation, regulations and case law. Readers learn how to prevent discrimination and harassment, accommodate disabled employees, provide family and medical leave, comply with wage and hour laws, and avoid wrongful

terminations and other common legal issues. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954 United States. Internal Revenue Service 2004

Constitutional Law Jacqueline Kanovitz 2014-09-19 Presents an up-to-date analysis of critical constitutional issues. Special attention is given to issues of greatest concern to criminal justice personnel – detention, arrest, search and seizure, interrogations and confessions, self-incrimination, due process, and right to counsel. Also includes constitutional aspects of criminal and civil liabilities of justice personnel, and constitutional and civil rights in the workplace. Part II presents key cases to assist in interpreting the constitutional provisions.

Resolving Labor and Employment Disputes Ross E. Davies 2012-08-01 In today's political and economic climate, broad and easy agreement with the basic premise of labor law – to stimulate the economy by putting more money into the pockets of working people – is not likely. Bad economic times are generally not good for labor organization and labor standards. There is, of course, still an important for labor and employment and good practices to help resolve employment disputes. New York University's venerable and prestigious Center for Labor and Employment Law has always been dedicated to the underlying principles of labor law as expressed in the National Labor Relations Act seventy-five years ago, despite recent economic challenges unforeseen at that time. The Center's 2010 conference (the 63rd in this highly influential series) was built around a stocktaking of the current condition of labor law in the United States, focusing on the continuities and disparities that characterize practice in the field today. This volume contains papers presented at that meeting, all here updated to reflect recent developments. Extending beyond the NLRA itself, contributors discuss the effects of later legislation such as the Wagner and Taft-Hartley Acts of 1947, agencies such as the Equal Employment Opportunity Commission and the Office of Federal Contract Compliance Programs, and proliferating connections between labor relations law and intellectual property law. Experts from both the practicing bar and academia – eighteen in all – call on their unique strengths to address such issues as the following: new applications of the § 10(j) injunction; remedies for unlawful discharges in organizing campaigns; confidentiality agreements; "legitimate employer interests"; reasonableness standard for enforcement of covenants not to compete; criminal prosecutions under the Computer Fraud and Abuse Act; the role of statistical evidence in systemic discrimination cases; certification for class actions; cultivating a "plan/prevent/protect" culture of compliance; and employee representation election regulation. The contributors emphasize the ways in which labor law and policy can be part of the great conversation about how to restore prosperity, encourage business, and create good jobs. Dedicated to ensuring a realistic and fair national labor policy for the future, this important publication offers definitive current scholarship toward that goal.

Italian American Experience in New Haven, The Anthony V. Riccio 2009-01-08
Using interviews and photographs, Anthony Riccio provides a vital supplement to our understanding of the Italian immigrant experience in the United States. In conversations around kitchen tables and in social clubs, members of New Haven's Italian American community evoke the rhythms of the streets and the pulse of life in the old ethnic neighborhoods. They describe the events that shaped the twentieth century—the Spanish Flu pandemic, the Great Depression, and World War II—along with the private histories of immigrant women who toiled under terrible working conditions in New Haven's shirt factories, who sacrificed dreams of education and careers for the economic well-being of their families. This is a compelling social, cultural, and political history of a vibrant immigrant community.
