**Sex, Politics, and Religion in Star Wars** Douglas Brode 2012-07-02 In 1977, Star Wars blazed across the screen to become one of the highest grossing and most beloved movies of all time, spawning an unprecedented merchandising phenomenon. It was followed by two sequels and three prequels, all of which became blockbusters. Comic books, novels, graphic novels, and magazines devoted to the films added to the mythology of George Lucas's creation. Despite the impact of the franchise on popular culture, however, discussion of the films from a scholarly perspective has not kept pace with the films. In *Sex, Politics, and Religion in Star Wars: An Anthology*, Douglas Brode and Leah Deyneka have assembled a provocative collection of essays exploring some of the more intriguing aspects of the Star Wars phenomenon. Contributors to the volume tackle such hot topics as race and racism in the Star Wars galaxy, Judeo-Christian and Eastern religious themes, homosexual romance, and philosophical and political implications—both earthbound and otherworldly. These essays interpret the Star Wars universe from a variety of perspectives—including feminist and Freudian—offering insights from writers who bring a new passion to the subject. A companion volume to *Myth, Media, and Culture in Star Wars*, *Sex, Politics, and Religion in Star Wars* is an authoritative anthology incorporating scholarly analysis with engaging insights. It will engross readers, both fans and scholars alike.

Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Reader's Guide to Periodical Literature Supplement 1914 These vols. contain the same material as the early vols. of Social sciences & humanities index.

**The Bookseller** 1919 Official organ of the book trade of the United Kingdom.

**Ambiguity in »Star Wars« and »Harry Potter«** Christina Flotmann 2014-03-31 The study combines theories of myth, popular culture, structuralism and poststructuralism to explain the enormous appeal of »Star Wars« and »Harry Potter«. Although much research already exists on both stories individually, this book is the first to explicitly bring them together in order to explore their set-up and the ways in which their structures help produce ideologies on gender and ethnicity. Hereby, the comparison yields central insights into the workings of modern myth and uncovers structure as integral to the success of the popular genre. It addresses academic audiences and all those wishing to approach the tales from a fresh angle.

*Growth into Manhood* Alan Medinger 2009-09-30 A breakthrough plan for males to re-enter the world of men. What happens when a boy grows physically into an adult male but misses some of the experiences and relationships that help form complete manhood? Alan Medinger writes for such men and for those who care about them. Within the context of his own release from homosexuality and his growth into "confident and comfortable" manhood, Medinger offers hope to others. For homosexually oriented men, such growth is an essential but often overlooked step in the process of healing. This ground-breaking study could well change many lives.

Stories of French school life, by Ascott R. Hope Ascott Robert Hope Moncrieff 1871

Culture, Identities and Technology in the Star Wars Films Carl Silvio 2014-11-26 Released in May 1977, the original Star Wars movie inaugurated the age of the movie blockbuster. It also redefined the use of cinematic special effects, creating a new textual universe that now stretches through three decades, two trilogies and generations of fascinated viewers. The body of critical analysis that has developed from this epic focuses primarily on the Star Wars universe as a contemporary myth. However, like any fiction, it must also be viewed—and consequently analyzed—as a product of the culture which created it. The essays in this book analyze the Star Wars trilogies as a culturally and historically specific phenomenon. Moving away from the traditional myth-based criticism of the films, the essayists employ a cultural studies model to examine how this phenomenon intersects with social formations such as economics, technology, race and gender. Critical approaches are varied and include political and economic analysis informed by feminism, contemporary race theory, Marxism, new media studies and post-humanism. Among the topics covered are the connections between the trilogies and our own cultural landscape; the problematic issues of race and gender; and the thematic implications of Lucas' presentation of technology. Instructors considering this book for use in a course may request an examination copy [here](#).

Eastern Approaches to Western Film Stephen Teo 2019-07-11 *Eastern Approaches to Western Film: Asian Aesthetics and Reception in Cinema* offers a renewed critical outlook on Western classic film

directly from the pantheon of European and American masters, including Alfred Hitchcock, George Lucas, Robert Bresson, Carl Dreyer, Jean-Pierre Melville, John Ford, Leo McCarey, Sam Peckinpah, and Orson Welles. The book contributes an "Eastern Approach" into the critical studies of Western films by reappraising selected films of these masters, matching and comparing their visions, themes, and ideas with the philosophical and paradigmatic principles of the East. It traces Eastern inscriptions and signs embedded within these films as well as their social lifestyle values and other concepts that are also inherently Eastern. As such, the book represents an effort to reformulate established discourses on Western cinema that are overwhelmingly Eurocentric. Although it seeks to inject an alternative perspective, the ultimate aim is to reach a balance of East and West. By focusing on Eastern aesthetic and philosophical influences in Western films, the book suggests that there is a much more thorough integration of East and West than previously thought or imagined.

*Public Opinion* 1895

**The Collapse of Constitutional Remedies** Aziz Z. Huq 2021 "This book describes and explains the failure of the federal courts of the United States to act and to provide remedies to individuals whose constitutional rights have been violated by illegal state coercion and violence. This remedial vacuum must be understood in light of the original design and historical development of the federal courts. At its conception, the federal judiciary was assumed to be independent thanks to an apolitical appointment process, a limited supply of adequately trained lawyers (which would prevent cherry-picking), and the constraining effect of laws and constitutional provision. Each of these checks quickly failed. As a result, the early federal judicial system was highly dependent on Congress. Not until the last quarter of the nineteenth century did a robust federal judiciary start to emerge, and not until the first quarter of the twentieth century did it take anything like its present form. The book then charts how the pressure from Congress and the White House has continued to shape courts behaviour-first eliciting a mid-twentieth-century explosion in individual remedies, and then driving a five-decade long collapse. Judges themselves have not avidly resisted this decline, in part because of ideological reasons and in part out of institutional worries about a ballooning docket. Today, as a result of these trends, the courts are stingy with individual remedies, but aggressively enforce the so-called "structural" constitution of the separation of powers and federalism. This cocktail has highly regressive effects, and is in urgent need of reform"--

**Poole's Index to Periodical Literature: 1892-1896** William Frederick Poole 1897

**An Unpromising Hope** Thomas R. Gaulke 2021-09-21 Written in a theo-poetic key, this book challenges Christian reliance on the motif of promise, especially where promise is regarded as a prerequisite for the experience of hope. It pursues instead an unpromising hope available to the agnostic or belief-fluid members and leaders of faith communities. The book rejects any theological judgement about doubt and hopelessness being sinful. It also rejects any hope which is grounded in a sense of Christian supremacy. Chapter 1 focuses on Ernst Bloch's antifascist concept of utopian surplus, putting Bloch in conversation with queer theorist José Esteban Muñoz and womanist theologian M. Shawn Copeland. Chapter 2

on November 26, 2022 by guest

explores the saudadic and theopoetic hope of Rubem Alves. Chapter 3 turns to the womanist theologies of Delores Williams, Emilie Townes, and A. Elaine Brown Crawford. Finally, chapter 4 engages the post-colonial eschatology of Vitor Westhelle, framing hope as nearby in space, rather than nearby in time. Each chapter offers an unpromising hope that may be tapped into by those who wish to affirm belief-fluidity in their own communities, and by those who wish to speak of hope honestly, whether or not, at any given moment, they believe in God or in the promises of a god.
