William Shakespeare's Long Lost First Play (Abridged) Reed Martin 2018-06-20 Discovered in a treasure-filled parking lot in Leicester, England (next to a pile of bones that didn't look that important), an ancient manuscript proves to be the long-lost first play written by none other than seventeen-year-old William Shakespeare from Stratford. We are totally not completely making this up. WILLIAM SHAKESPEARE'S LONG LOST FIRST PLAY (abridged) is the literary holy grail: an actual manuscript in Shakespeare's own hand showing all his most famous characters and familiar speeches in a brand-new story. But because it's one hundred hours long and contains multiple unwieldy storylines, it was decided, as a public service, to abridge it down to a brief and palatable ninety-minute performance for this lost masterpiece. "Something wickedly funny this way comes!" The New York Times "A breathlessly irreverent, pun-filled romp!" The Washington Post "A top-notch comic deconstruction of Shakespeare!" The Stage--U K

The Intellectual Revolution of the Seventeenth Century (Routledge Revivals) Charles Webster 2012-10-12 Intellectual history and early modern history have always occupied an important place in Past and Present. First published in 1974, this volume is a collection of original articles and debates, published in the journal between 1953 and May 1973, dealing with many aspects of the intellectual history of the seventeenth century. Several of the contributions have been extremely influential, and the debates represent major standpoints in controversies over genesis of modern ideas. Although England is the focus of attention for most of the contributors, their themes have wider significance. Among the topics covered in the collection are the political thought of the Levellers and of James Harrington; radical social movements of the Puritan Revolution; the ideological context of physiological theories associated with William Harvey; the relationship between science and religion and the social relations of science; and the function of millenarianism and eschatology in the seventeenth century. The editor's Introduction indicates the context in which the articles were composed and provides valuable bibliographical information about the subjects discussed.

Driving Forwards Sophie L Morgan 2022-03-17 'A book that'll change your perspective on life. You'll not be able to put it down.' Fearn Cotton As seen on 'Living Wild; How to Change your Life' a two-part prime-time series on Channel 4 and The Great Celebrity Bake Off for SU2C On the precipice of starting her adult life, aged eighteen, Sophie, a rebellious and incorrigible wild child, crashed her car and was instantly paralysed from the chest down. Rushed to hospital, everything she had dreamed for her life was instantly forgotten and her journey to rediscover herself and build a different life began. But being told she would never walk again would come to be the least of her concerns. Over the next eighteen years, as she strived to come to terms with the change in her body, her relationships were put to the test; she has had to learn to cope with the many unexpected and unpredictable setbacks of living with paralysis; she has had to overcome her own and other people's perceptions of disability and explore the limits of her abilities, all whilst searching for love, acceptance, meaning, identity, and purpose. *Driving Forwards* is a remarkable and powerful memoir, detailing Sophie's life-changing injury, her recovery, and her life since. Strikingly honest, her story is unusual and yet relatable, inspiring us to see how adversity can be channelled into opportunity and how ongoing resilience can ultimately lead to empowerment.
