Living in Democracy Rolf Gollob 2008-01-01

Conversion to Islam in the Balkans Anton Minkov 2004-01-01 By examining available demographic data and petitions submitted by non-Muslims for accepting Islam, this volume convincingly reconstructs the stages of the Islamization process in the Balkans and offers an insight to the motives and factors behind conversion.

Baudolino Umberto Eco 2014-08-28 An extraordinary epic, brilliantly-imagined, new novel from a world-class writer and author of *The Name of the Rose*. Discover the Middle Ages with *Baudolino* - a wondrous, dazzling, beguiling tale of history, myth and invention. It is 1204, and Constantinople is being sacked and burned by the knights of the fourth Crusade. Amid the carnage and confusion *Baudolino* saves a Byzantine historian and high court official from certain death at the hands of the crusading warriors, and proceeds to tell his own fantastical story.

The Palace of Dreams Ismail Kadare 1998 Translated from the Jusef Vrioni's French version of the Albanian original, this is the author's own vision of totalitarianism.

Queen of the Owls Barbara Linn Probst 2020-04-07 A chance meeting with a charismatic photographer will forever change Elizabeth's life. Until she met Richard, Elizabeth's relationship with Georgia O'Keeffe and her little-known Hawaii paintings was purely academic. Now it's personal. Richard tells Elizabeth that the only way she can truly understand O'Keeffe isn't with her mind—it's by getting into O'Keeffe's skin and reenacting her famous nude photos. In the intimacy of Richard's studio, Elizabeth experiences a new, intoxicating abandon and fullness. It never occurs to her that the photographs might be made public, especially without her consent. Desperate to avoid exposure—she's a rising star in the academic world and the mother of young children—Elizabeth demands that Richard dismantle the exhibit. But he refuses. The pictures are his art. His property, not hers. As word of the photos spreads, Elizabeth unwittingly becomes a feminist heroine to her students, who misunderstand her motives in posing. To the university, however, her actions are a public scandal. To her husband, they're a public humiliation. Yet Richard

has reawakened an awareness that's haunted Elizabeth since she was a child—the truth that cerebral knowledge will never be enough. Now she must face the question: How much is she willing to risk to be truly seen and known?

The Index for Inclusion Tony Booth 2016

Post-Communist Nostalgia Maria Todorova 2012 Although the end of the Cold War was greeted with great enthusiasm by people in the East and the West, the ensuing social and especially economic changes did not always result in the hoped-for improvements in people's lives. This led to widespread disillusionment that can be observed today all across Eastern Europe. Not simply a longing for security, stability, and prosperity, this nostalgia is also a sense of loss regarding a specific form of sociability. Even some of those who opposed communism express a desire to invest their new lives with renewed meaning and dignity. Among the younger generation, it surfaces as a tentative yet growing curiosity about the recent past. In this volume scholars from multiple disciplines explore the various fascinating aspects of this nostalgic turn by analyzing the impact of generational clusters, the rural-urban divide, gender differences, and political orientation. They argue persuasively that this nostalgia should not be seen as a wish to restore the past, as it has otherwise been understood, but instead it should be recognized as part of a more complex healing process and an attempt to come to terms both with the communist era as well as the new inequalities of the post-communist era.

Performatism, Or the End of Postmodernism Raoul Eshelman 2009 The author suggests that in this era following the postmodern we have entered a new, monist epoch in which aesthetically mediated belief replaces endless irony as the dominant force in culture. The book documents the "new monism" through an examination of popular films and novels such as *American Beauty*, *Life of Pi*, and *Middlesex* as well as in the work of major architects and artists such as Sir Norman Foster, Andreas Gursky, and Vanessa Beecroft. --book cover.

Bookmarks - A manual for combating hate speech online through human rights education 2014-05-13 The work of the Council of Europe for democracy is strongly based on education: education in schools, and education as a lifelong learning process of practising democracy, such as in non-formal learning activities. Human rights education and education for democratic citizenship form an integral part of what we have to secure to make democracy sustainable. Hate speech is one of the most worrying forms of racism and discrimination prevailing across Europe and amplified by the Internet and social media. Hate speech online is the visible tip of the iceberg of intolerance and ethnocentrism. Young people are directly concerned as agents and victims of online abuse of human rights; Europe needs young people to care and look after human rights, the life insurance for democracy. *Bookmarks* is published to support the No Hate Speech Movement youth campaign of the Council of Europe for human rights online. *Bookmarks* is useful for educators wanting to address hate speech online from a human rights perspective, both inside and outside the formal education system. The manual is designed for working with learners aged 13 to 18 but the activities can be adapted to other age ranges.

Teaching Controversial Issues in the Classroom Paula Cowan 2012-02-16 Paula Cowan and Henry Maitles provide a thorough exploration of current debates and controversies relating to teaching controversial issues in primary and secondary schools. They also investigate the changing nature of this type of

learning experience and explore its contribution to the curriculum, particularly history and citizenship education. Topics covered include:- What is the 'right' age to discuss controversial issues?- The Citizenship Agenda- Discussing Iraq with school students- Teaching the Holocaust in the multicultural classroom- IslamophobiaInternational case studies provide fresh insights and valuable student and teacher feedback into the teaching of what many perceive as sensitive and difficult areas. Reflective questions and activities encourage readers to really engage with the issues and annotated further reading suggestions provide links to useful resources. The supporting companion website provides more detailed additional information along with practical teaching resources for those looking to explore controversial issues in their own classroom.Essential reading for beginning teachers and teachers of citizenship and history, and education studies students exploring the teaching of controversial issues in the classroom.

Learning to Teach Geography in the Secondary School David Lambert 2012-08-21
Learning to Teach Geography in the Secondary School has become the widely recommended textbook for student and new teachers of geography. It helps them acquire a deeper understanding of the role, purpose and potential of geography within the secondary curriculum, and provides the practical skills needed to design, teach and evaluate stimulating and creative lessons. This fully revised and updated second edition takes account of new legislation and important developments in geography education, including literacy, numeracy, citizenship, and GIS. Brand new chapters in this edition provide essential guidance on fieldwork, and using ICT in the context of geography teaching and learning. Chapters on teaching strategies, learning styles and assessment place the learner at the centre stage, and direct advice and activities encourage successful practice. Designed for use as a core textbook Learning to Teach Geography in the Secondary School is essential reading for all student teachers of geography who aspire to become effective, reflective teachers. Praise for the first edition of Learning to Teach Geography in the Secondary School: 'This is a practical and visionary book, as well as being superbly optimistic. It has as much to offer the experienced teacher as the novice and could be used to reinvigorate geography departments everywhere. Practical activities and ideas are set within a carefully worked out, authoritative, conceptual framework.' - The Times Educational Supplement 'This is a modern, powerful, relevant and comprehensive work that is likely to become a standard reference for many beginning teachers on geography initial teacher training courses in England and Wales.' - Educational Review

Albanian Literature Robert Elsie 2005-07-29 The tender plant of Albanian literature grew in a rocky soil. It was late to evolve and its development, indeed its very existence, was threatened in many periods. "Albanian Literature: A Short History" tells the story of the survival and growth of Albanian creative writing beginning with the earliest thirteenth century texts of Theodor of Shkodra, tracing the development of the modern literature of Buzuku, Budi and Bogdani, the incorporation of the Muslim influences of Frakulla and Kycyku and continuing with the works of Cajupi and Kadare during the reign of King Zog and the Hoxha administration. A unique book that illuminates an under-researched subject, "Albanian Literature" is an essential reference guide for all those interested in Balkan cultures, in comparative literature and in European cultural history in general.

Metamorphosis Franz Kafka 2021-02-24 The *Metamorphosis* is a novella by Franz Kafka, first published in 1915. It has been cited as one of the seminal works of fiction of the 20th century and is studied in colleges and universities across the Western world. The story begins with a traveling salesman, Gregor Samsa, waking to find himself transformed (metamorphosed) into a large, monstrous insect-like creature. The cause of Samsa's transformation is never revealed, and Kafka himself never gave an explanation. The rest of Kafka's novella deals with Gregor's attempts to adjust to his new condition as he deals with being burdensome to his parents and sister, who are repulsed by the horrible, verminous creature Gregor has become.

Eugénie Grandet Honoré de Balzac 1887

School Bullying Sonia Sharp 2002-11 Gives a succinct and authoritative account of research into the nature and extent of bullying in schools, evaluating the success of different approaches to the problem.

The Ghost Rider Ismail Kadare 2010-05-20 An old woman is awoken in the dead of night by knocks at her front door. The woman opens it to find her daughter, Doruntine, standing there alone in the darkness. She has been brought home from a distant land by a mysterious rider she claims is her brother Konstandin. But unbeknownst to her, Konstandin has been dead for years. What follows is chain of events which plunges a medieval village into fear and mistrust. Who is the ghost rider?

Mind in Society L.S. Vygotsky 1980-10-15 The great Russian psychologist L. S. Vygotsky has long been recognized as a pioneer in developmental psychology. But his theory of development has never been well understood in the West. *Mind in Society* corrects much of this misunderstanding. Carefully edited by a group of outstanding Vygotsky scholars, the book presents a unique selection of Vygotsky's important essays.

The Media Teacher's Handbook Elaine Scarratt 2012-03-15 The *Media Teacher's Handbook* is an indispensable guide for all teachers, both specialist and non-specialist, delivering Media Studies and media education in secondary schools and colleges. It is the first text to draw together the three key elements of secondary sector teaching in relation to media study - the theoretical, the practical and the professional - in order to support media teachers throughout their careers: Section One: Contexts explores the history of, rationale for, and justification of studying the media from 1900 to the present day, and considers the tensions implicit in the subject caused by opposing views of culture. Section Two: Curriculum comprises seven chapters that focus on studying the media from Key Stages 3 and 4 in English, through GCSE and A Level Media Studies. It also explores approaches to teaching the Creative and Media Diploma, media and citizenship, and practical media production. Section Three: Career Development is designed to support those establishing and leading Media Studies departments and those who are charged with the initial preparation and professional development of teachers. Written by experts involved in the teaching, training and examination of Media Studies, this one-stop resource is packed with illustrative case studies and exemplar schemes of work which can be easily adapted for your own needs. Suggested Reading and Recommended Resources sections at the end of each chapter list additional books, films, DVDs, groups, agencies, organisations, contact details, websites and other materials which will support your teaching even further. The *Media Teacher's Handbook* is an essential guide to the theory, pedagogy, and practice of media education that

will enable you to teach your subject expertly and with confidence.

The Successor Ismail Kadare 2011-04-18 A powerful political novel based on the sudden, mysterious death of the man who had been handpicked to succeed the hated Albanian dictator Enver Hoxha. Did he commit suicide or was he murdered? That is the burning question. The man who died by his own hand, or another's, was Mehmet Shehu, the presumed heir to the ailing dictator, Enver Hoxha. So sure was the world that he was next in line, he was known as The Successor. And then, shortly before he was to assume power, he was found dead. THE SUCCESSOR is simultaneously a mystery novel, an historical novel-based on actual events and buttressed by the author's private conversations with the son of the real-life Mehmet Shehu-and a psychological novel (How do you live when nothing is sure?). Vintage Kadare, THE SUCCESSOR seamlessly blends dream and reality, legendary past, and contemporary history. Skyhorse Publishing, as well as our Arcade, Yucca, and Good Books imprints, are proud to publish a broad range of books for readers interested in fiction-novels, novellas, political and medical thrillers, comedy, satire, historical fiction, romance, erotic and love stories, mystery, classic literature, folklore and mythology, literary classics including Shakespeare, Dumas, Wilde, Cather, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

1001 IDIOMS TO MASTER YOUR ENGLISH DRITA SKILJA 2013-10 This collection of 1,001 English idioms is a highly useful tool for students of the English language. The Idioms are divided into eighteen relevant topics: Food, Body, Animals, Money, Comparison, Nature, Colors, Numbers, Love and War, Clothes, Home, Work, World, School, Sports, People, and Country. Each unit consists of a wide selection of idioms that are explained and used in great examples to clearly illustrate the true point of each idiom. Each unit is followed by practice exercises to help the students reinforce the use and meaning of the idioms. This book is also a highly reference tool for teachers of English as a second language.

Broken April Ismail Kadare 1990 Gjorg, a young Albanian mountaineer who has fulfilled his duty by killing his brother's murderer, realizes that after a thirty-day truce, he will be the next victim in a never-ending blood feud

How All Teachers Can Support Citizenship and Human Rights Education Peter Brett 2009-01-01 This publication sets out the core competences needed by teachers to put democratic citizenship and human rights into practice in the classroom, throughout the school and in the wider community. It is intended for all teachers, not only specialists but teachers in all subject areas, and teacher educators working in higher-education institutions or other settings, both in pre- and in-service training. Some 15 competences are presented and grouped into four clusters. Each cluster of competences corresponds to one chapter, within which the competences are described in detail and exemplified. The reader will find progression grids and suggested developmental activities for each competence: these grids, featuring focusing, developing, established and advanced practice, aim to help teachers and teacher educators determine the level to which their professional practice corresponds, and thus identify specific and practical improvements upon which they can focus.

Ethics in Public Service for the New Millennium Richard Chapman 2019-07-12 This title was first published in 2000: The focus of this analysis is that of moral standards in public service, with special attention to the role(s) of officials. It presents discussion of some of the issues that seem to the contributors to be of pressing importance and that seem to have relevance for public service in the new millennium. It concentrates in particular on public officials, and the constraints imposed on them by the political environment in liberal democracies.

Chronicle in Stone Ismail Kadare 2011-07-01 Masterful in its simplicity, *Chronicle in Stone* is a touching coming-of-age story and a testament to the perseverance of the human spirit. Surrounded by the magic of beautiful women and literature, a boy must endure the deprivations of war as he suffers the hardships of growing up. His sleepy country has just thrown off centuries of tyranny, but new waves of domination inundate his city. Through the boy's eyes, we see the terrors of World War II as he witnesses fascist invasions, allied bombings, partisan infighting, and the many faces of human cruelty—as well as the simple pleasures of life. Evacuating to the countryside, he expects to find an ideal world full of extraordinary things, but discovers instead an archaic backwater where a severed arm becomes a talisman and deflowered girls mysteriously vanish. Woven between the chapters of the boy's story are tantalizing fragments of the city's history. As the devastation mounts, the fragments lose coherence, and we perceive firsthand how the violence of war destroys more than just buildings and bridges.

The Last Lecture Randy Pausch 2008-04-08 "We cannot change the cards we are dealt, just how we play the hand."---Randy Pausch A lot of professors give talks titled "The Last Lecture." Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave--"Really Achieving Your Childhood Dreams"--wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of

others, of seizing every moment (because "time is all you have...and you may find one day that you have less than you think"). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

The Siege Ismail Kadare 2010-02-12 From Ismail Kadare, winner of the inaugural Man Booker International Prize - a novelist in the class of Coetzee, Pamuk, Márquez, and Rushdie - the stunning new translation of one of his major works. In the early fifteenth century, as winter falls away, the people of Albania know that their fate is sealed. They have refused to negotiate with the Ottoman Empire, and war is now inevitable. Soon enough, dust kicked up by Turkish horses is spotted from a citadel. Brightly coloured banners, hastily constructed minarets, and tens of thousands of men fill the plain below. From this moment on, the world is waiting to hear that the fortress has fallen. The Siege tells the enthralling story of the weeks and months that follow - of the exhilaration and despair of the battlefield, the constantly shifting strategies of war, and those whose lives are held in the balance, from the Pasha himself to the artillerymen, astrologer, blind poet, and harem of women who accompany him. "Believe me," the general said. "I've taken part in many sieges but this," he waved towards the castle walls, "is where the most fearful carnage of our times will take place. And you surely know as well as I do that great massacres always give birth to great books. You really do have an opportunity to write a thundering chronicle redolent with pitch and blood, and it will be utterly different from the graceful whines composed at the fireside by squealers who never went to war." Brilliantly vivid, as insightful as it is compelling, The Siege is an unforgettable account of the clash of two great civilisations, and a portrait of war that will resonate across the centuries.

Young Children's Rights Priscilla Alderson 2008 Published in association with Save the Children Priscilla Alderson examines the often overlooked issue of the rights of young children, starting with the question of how the 1989 UN Convention on the Rights of the Child applies to the youngest children, from birth to eight years of age. The question of finding a balance between young children's rights to protection, to provision (resources and services) and to participation (expressing their views, being responsible) is discussed. The author suggests that, in the belief we are looking after their best interests, we have become overprotective of children and deny them the freedom to be expressive, creative and active, and that improving the way adults and children communicate is the best way of redressing that balance. This second edition has been updated and expanded to include the relevance of UNCRC rights of premature babies, international examples such as the Chinese one-child policy, children's influence on regional policies, and the influence on young children's lives of policies such as Every Child Matters and those of the World Bank, IMF, OECD and UNICEF. This readable, informative and thought-provoking book is a compelling invitation to rethink our attitudes to young children's rights in the light of new theories, research and practical evidence about children's daily lives. It will be of interest to anyone who works with young children.

Special Education Marilyn Friend 2013-06-04 This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. NOTE: Used books, rentals, and purchases made outside of Pearson If purchasing or renting from companies other than Pearson, the access codes for the Enhanced Pearson eText may not be

included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase. This package includes the Enhanced Pearson eText with MyEducationLab and the loose-leaf version *The Fourth Edition of Marilyn Friend's Special Education: Contemporary Perspectives for School Professionals* gives the most authentic, current, research-based introductory account on the field of special education to date. Advocating real teachers, real families and students, real classrooms, and real research, this comprehensive resource emphasizes contemporary concepts and evidence-based practices that prepare teachers and other education professionals for their evolving roles in education and the well-being of students with disabilities. Combining current research with practical information, the text offers structure and predictability for novices to the field of special education and for educators working in this challenging age of high standards and accountability. Thoroughly revised and updated and throughout to provide a multi-dimensional view of the field, with a mix of key concepts and immediately applicable information, the new edition emphasizes: the specific disability areas, the historical background and characteristics of special education students, prevalence data, assessment, service delivery, research-based instructional practices, parent perspectives, issues related to the disability area, curriculum access, inclusive practices, professional collaboration, student diversity, RTI, technological advancements, and now the text is written to reach a broader range of professionals working in the field. Because special education is made up of real children and real professionals, the author helps to put a "face" on the field to enliven and authenticate the information for novices. Each chapter features stories of individuals with disabilities, from the parents of children with disabilities, and from professionals who work in the field. Readers of this truly exceptional resource will come away with the best understanding of the expectations for educators and students, and learn how critical concepts translate into educational practices. The Enhanced Pearson eText features embedded video. Improve mastery and retention with the Enhanced Pearson eText The Enhanced Pearson eText with MyEducationLab provides a rich, interactive learning environment designed to improve student mastery of content. The Enhanced Pearson eText is: Engaging. The new interactive, multimedia learning features were developed by the authors and other subject-matter experts to deepen and enrich the learning experience. Convenient. Enjoy instant online access from your computer or download the Pearson eText App to read on or offline on your iPad® and Android® tablet.* Affordable. Experience the advantages of the Enhanced Pearson eText along with all the benefits of print for 40% to 50% less than a print bound book. *The Pearson eText App is available on Google Play and in the App Store. It requires Android OS 3.1-4, a 7" or 10" tablet, or iPad iOS 5.0 or later.

The Secret Rescue Cate Lineberry 2013-05-07 The compelling untold story of a group of stranded U.S. Army nurses and medics fighting to escape Nazi-occupied Europe. When 26 Army nurses and medics—part of the 807th Medical Air Evacuation Transport Squadron—boarded a cargo plane for transport in November 1943, they never anticipated the crash landing in Nazi-occupied Albania that would lead to their months-long struggle for survival. A drama that captured the attention of the American public, the group and its flight crew dodged bullets and battled blinding winter storms as they climbed mountains and fought to survive, aided by courageous villagers who risked death at Nazi hands to help them. A mesmerizing tale of the courage and heroism of ordinary people, *The Secret Rescue* tells not only a new story of struggle and endurance, but also one of the daring rescue attempts by clandestine American and British organizations amid the tumultuous landscape of the war.
