What is the Gospel? Robert Charles Sproul 2020 "In What Is the Gospel?, Dr. R.C. Sproul writes on the most important thing in this life: the gospel of Jesus Christ. In twelve chapters, Dr. Sproul examines the defining features of the biblical gospel, which alone has the power to save. In order to define the gospel, Dr. Sproul begins by examining truth about God and the necessity for a Savior in Jesus Christ, who is both God and man and who made a perfect, representative sacrifice for the sins of His people. Dr. Sproul not only maps out our need for Christ and the historical realities of His coming but also the things His very death accomplished: the justification and salvation of His people. This entails that Christ has taken upon our sin and also had given us His righteousness, which is ours by faith. To finish this presentation of the gospel, Dr. Sproul also drives home the importance of sharing it with others"--

The Heart of Hebrews Leslie Powers 2018-08-08 Making the presence of God known in the world goes to the very heart of the church's purpose. Yet it is a formidable challenge. How can the church make the presence and glory of God a reality in a world that both denies God and hates the church? By the church bearing the image of Jesus Christ in the world through word and deed for, as the unknown author of Hebrews declares, Jesus is the radiance of God's glory and the exact representation of His being (Hebrews 1:3). It is not the primary purpose of the church to specialize in economic, social, or political issues but rather to proclaim the good news of what God has accomplished in and through Jesus Christ. When the church quits proclaiming Christ, to proclaim a message of love, acceptance, tolerance, and affirmation, then it ceases to effectively fulfill its purpose and loses its relevancy. Christ came into the world to proclaim the Gospel in the marketplace, and He did so while never surrendering His identity or sacrificing His purpose for the sake of relevancy. He

expects his church in every age to do likewise. The greatest need in the church today is exactly what the early church needed in the first century. In a church that is infected with a spiritual apathy, has forsaken her first love, has compromised truth, and is lukewarm, a new vision of the risen and glorified Christ dwelling in her midst is needed. The only method God designed to lead the church to recover the awareness of Christ's presence is prayer and preaching that focuses on Jesus Christ. Thus, "if the church is to flourish again, there is no greater need than a recovery of faithful, powerful, biblical preaching" whose subject is Christ and the new birth.

Predestination & Free Will David Basinger 2009-09-20 If God is in control, are people really free? This question has bothered Christians for centuries. And answers have covered a wide spectrum. Today Christians still disagree. Those who emphasize human freedom view it as a reflection of God's self-limited power. Others look at human freedom in the order of God's overall control. David and Randall Basinger have put this age-old question to four scholars trained in theology and philosophy. John Feinberg of Trinity Evangelical Divinity School and Norman Geisler of Dallas Theological Seminary focus on God's specific sovereignty. Bruce Reichenbach of Augsburg College and Clark Pinnock of McMaster Divinity College insist that God must limit his control to ensure our freedom. Each writer argues for his perspective and applies his theory to two practical case studies. Then the other writers respond to each of the major essays, exposing what they see as fallacies and hidden assumptions. A lively and provocative volume.

Biblical Theology James K. Mead 2007-01-01 In this, the first overview of biblical theology in nearly thirty years, James K. Mead addresses the core issues of biblical theology essential to both Old Testament and New Testament study. Can we draw theological principles from Scripture? What methods will give useful results for theological exploration of biblical texts? Aptly synthesizing classic and recent scholarship while asserting his own theological findings, Mead provides an excellent overview of the history of biblical theology and a thorough examination of its basic issues, methods, and themes.

John Swinton, University of Aberdeen "Wells and Quash have put together a wonderfully comprehensive survey of Christian ethics while at the same time offering a distinctive and fresh perspective ... With the array of primary texts and judicious and very well-informed commentary that the two volumes represent, they have succeeded in constructing an extremely valuable resource for teachers and students of Christian ethics." Michael S. Northcott, University of Edinburgh (of *Introducing Christian Ethics* and *Christian Ethics: An Introductory Reader*) *Christian Ethics: An Introductory Reader* provides a comprehensive anthology of primary documents and materials relating to the emergence and study of key approaches to Christian ethics. Caesar and the Lamb George Kalantzis 2012-09-24 Through the available patristic writings *Caesar and the Lamb* focuses on the attitudes of the earliest Christians on war and military service. Kalantzis not only provides the reader with many new translations of pre-Constantinian texts, he also tells the story of the struggle of the earliest Church, the communities of Christ at the margins of power and society, to bear witness to the nations that enveloped them as they transformed the dominant narratives of citizenship, loyalty, freedom, power, and control. Although Kalantzis examines writings on war and military service in the first three centuries of the Christian Church in an organized manner, the ways earliest Christians thought of themselves and the state are not presented here through the lens of antiquarian curiosity. With theological sensitivity and historical acumen this companion leads the reader into the world in which Christianity arose and asks questions of the past that help us understand the early character of the Christian faith with the hope that such an enterprise will also

help us evaluate its expression in our own time.

Mobilizing for the Common Good Peter Slade 2013-07-11 Born into a sharecropping family in New Hebron, Mississippi, in 1930, and only receiving a third-grade education, John M. Perkins has been a pioneering prophetic African American voice for reconciliation and social justice to America's white evangelical churches. Often an unwelcome voice and always a passionate, provocative clarion, Perkins persisted for forty years in bringing about the formation of the Christian Community Development Association—a large network of evangelical churches and community organizations working in America's poorest communities—and inspired the emerging generation of young evangelicals concerned with releasing the Church from its cultural captivity and oppressive materialism. John M. Perkins has received surprisingly little attention from historians of modern American religious history and theologians. *Mobilizing for the Common Good* is an exploration of the theological significance of John M. Perkins. With contributions from theologians, historians, and activists, this book contends that Perkins ushered in a paradigm shift in twentieth-century evangelical theology that continues to influence Christian community development projects and social justice activists today.

Connecting Larry Crabb 2005-03-20 In his most significant book to date, Dr. Larry Crabb expands on his lifelong work in the field of psychotherapy to adopt a groundbreaking, but biblical, approach to healing the deep wounds of the soul—an approach that centers around building intimate, healing mini-communities in our lives and churches. Dr. Crabb envisions a day when communities of God's people—ordinary Christians whose lives connect as husband to wife, brother to sister, friend to friend—will accomplish most of the healing that we now depend on mental health professionals to provide. God has deposited within us the power to heal soul-disease and that power is released to do its work as we relate to each other in revolutionary new ways. In challenging, practical language, Dr. Crabb shows us how. This revised and updated edition now includes a full workbook for those who want to better learn how to connect with the hearts and souls of those around them.

Encountering the Book of Hebrews (Encountering Biblical Studies) Donald A. Hagner 2002-08-01 Although the Book of Hebrews "is not exactly what most of us would regard as a user-friendly book," notes Donald Hagner, "Hebrews has always been popular among Christians." Encountering the Book of Hebrews was written to help students more fully appreciate the complexities of this favorite section of Scripture. Hagner begins by exploring introductory issues (e.g., historical backgrounds, author, audience, date, purpose, structure, genre) and overarching themes (e.g., heavenly archetypes and earthly copies, the use of the Old Testament, the attitude toward Judaism). The heart of the book then offers a chapter-by-chapter exposition of Hebrews. Unlike commentaries, it does not try to be exhaustive--examining all details and answering all questions--but instead guides students to the issues that are most important for their study of this difficult book. Hagner concludes with a final look at the contribution of Hebrews to the New Testament, New Testament theology, the church, and the individual Christian. As with other volumes in the Encountering Biblical Studies series, Encountering the Book of Hebrews is designed for classroom use and includes a number of helpful features, including further-reading sections, key terms, chapter objectives, and outlines along with numerous sidebars and illustrations.

Advancing the Mission Margaret Ann Crain 2021-03 Crain contends that the order of deacon clarifies that service and transformation of the world is at the center of the church's purpose and that leaders should be ordained to lead that work. This puts deacons at the leading edge of the church's mission of making disciples for the transformation of the world. It also shows how the Church can attract future leaders who have a vocation of ministry but who may not see themselves necessarily ministering in local churches. Using qualitative research and interviewing key people, Crain candidly addresses issues that are raised by the office of deacon as she recounts the history and "so what" of this office of clergy. She couches her discussion in the broader conversation concerning the failure of Christianity to adequately respond to social injustice and inequality worldwide. The year 2021 marks the 25th anniversary of the institution of the order of Deacon by The United Methodist Church. This milestone offers the opportunity for the Church to reflect on the ministry of deacons as the author takes readers behind the curtain to learn how, in 1996, the decision to create the order of deacon came to be-a decision that is still controversial. UM deacons, around the world, still struggle with sexism and patriarchal assumptions that hamper the ministries and security of deacons, and they spend too much energy justifying their existence and explaining who they are and what they do.

Time and Difference in Rabbinic Judaism Sarit Kattan Gribetz 2020-11-17 How the rabbis of late antiquity used time to define the boundaries of Jewish identity The rabbinic corpus begins with a question—"when?"—and is brimming with discussions about time and the relationship between people, God, and the hour. Time and Difference in Rabbinic Judaism explores the rhythms of time that animated the rabbinic world of late antiquity, revealing how rabbis conceptualized time as a way of constructing difference between themselves and imperial Rome, Jews and Christians, men and women, and human and divine. In each chapter, Sarit Kattan Gribetz explores a unique aspect of rabbinic discourse on time. She shows how the ancient rabbinic texts artfully subvert Roman imperialism by offering "rabbinic time" as an alternative to "Roman time." She examines rabbinic discourse about the Sabbath, demonstrating how the weekly day of rest marked "Jewish time" from "Christian time." Gribetz looks at gendered daily rituals, showing how rabbis created "men's time" and "women's time" by mandating certain rituals for men and others for women. She delves into rabbinic writings that reflect on how God spends time and how God's use of time relates to human beings, merging "divine time" with "human time." Finally, she traces the legacies of rabbinic constructions of time in the medieval and modern periods. Time and Difference in Rabbinic Judaism sheds new light on the central role that time played in the construction of Jewish identity, subjectivity, and theology during this transformative period in the history of Judaism.

Biblical Counseling Manual Adam A. Pulaski 2004 All that was done to us, what we have done to others, the failures, the ills, the violations of our persons, the brutalities, the perversions of life, rejections, death of loved ones, tragedies, loneliness, abandonment, Jesus paid the penalty for all these sins, and provided the means to handle the tragedies of life. We do not need to deal with these violations and tragedies on our own. Christ is in us to work out our salvation daily (Phil. 2:12-13; Gal. 2:20; 2 Cor. 5:21; Rom. 6:3-6; Ezek. 18:20). Being in Christ, we are new creatures and we are to deal with life now from the biblical perspective. Our problem is not with Satan, not with people, not with the circumstances of life, but our problem lies in our relationship with God. Our focus is to change from a concern about self, to a concern about God's glory and that is accomplished by our godly responses to others and life in general (Rom. 5:17; Cor. 5:21). Thus, the answer to healing the soul lies here: loving God by obeying His commands (John 14:21), and dealing with unresolved actions of the past in a spirit of repentance and reconciliation (Matt. 7:5).

Vocation across the Academy David S. Cunningham 2017-01-11 Although the language of vocation was born in a religious context, the contributors in this volume demonstrate that it has now taken root within the broad framework of higher education and has become intertwined with a wide range of concerns. This volume makes a compelling case for vocational reflection and discernment in undergraduate education today, arguing that it will encourage faculty and students alike to venture out of their narrow disciplinary specializations and to reflect on larger questions of meaning and purpose. In conversation with a growing range of scholarly resources, these essays advance the cause of vocational reflection and discernment well beyond its occasional mention in general education courses and career placement offices. The book's thirteen contributors all work in higher education, but they do so as biologists and musicians, sociologists and engineers, doctors and lawyers, college presidents and deans, and scholars of history, literature, and business administration. Together, they demonstrate that vocation has an important role to play across the entire range of traditional academic

disciplines and applied fields. Regardless of major, all undergraduates need to consider their current and future responsibilities, determine the stories they will live by, and discover resources for addressing the tensions that will inevitably arise among their multiple callings. Vocation across the Academy will help to reframe current debates about the purpose of higher education. It underscores the important role that colleges and universities can play in encouraging students to reflect more deeply on life's most persistent questions and to consider how they might best contribute to the common good.

Evaluating the Church Growth Movement 2010-06-01 Gaining form and momentum over the second half of the 20th century, the Church Growth movement has become an enormous shaping force on the Western church today. You may love it, you may hate it, but you can't deny its impact. But what exactly is Church Growth? In what ways has the movement actually brought growth to the church, and how effective has it been in doing so? What are its strengths and weaknesses? This timely book addresses such questions. After providing a richly informative history and overview, it explores—in a first-ever roundtable of their leading voices—five main perspectives, both pro and con, on the classic Church Growth movement:• Effective Evangelism View (Elmer Towns)• Gospel in Our Culture View (Craig Van Gelder)• Centrist View (Charles Van Engen)• Reformist View (Gailyn Van Rheenan)• Renewal View (Howard Snyder)As in other Counterpoints books, each view is first presented by its proponent, then critiqued by his co-contributors. The book concludes with reflections by three seasoned pastors who have grappled with the practical implications of Church Growth.The interactive and fair-minded nature of the Counterpoints format allows the reader to consider the strengths and weaknesses of each view and draw informed, personal conclusions.The Counterpoints series provides a forum for comparison and critique of different views on issues important to Christians. Counterpoints books address two categories: Church Life and Exploring Theology. Complete your library with other books in the Counterpoints series.

Signs of Belonging Mary E. Hinkle 2003 Signs of Belonging: Luther's Marks of the Church and the Christian Life explores Luther's teaching on the seven marks of the church: possession of the Word, Baptism, Sacrament of the Altar, Office of the Keys, Office of Ministry, Discipleship, and the cross (suffering on account of one's faith). How do these "marks" define the corporate body of Christ and connect with the lives of individual Christians?

The Christian Counselor's Manual Jay E. Adams 2010-09-21 The Christian Counselor's Manual is a companion and sequel to Dr. Jay Adams' influential *Competent to Counsel*, which first laid out a vision of "nouthetic" counseling—a strictly biblical approach to behavioral counseling and therapy. This practical guide takes the approach of nouthetic counseling introduced in the earlier volume and applies it to a wide range of issues, topics, and techniques in counseling, including: Who is qualified to be a counselor? How can counselees change? How does the Holy Spirit work? What role does hope play in therapy? What is the function of language in a counseling session? How do we ask the right questions? What often lies behind depression? How do we deal with anger? What is schizophrenia? These and hundreds more questions are answered and explained from a biblical perspective in this comprehensive resource for the Christian counselor. A full set of indexes, a detailed table of contents, and a full complement of diagrams and forms make this an outstanding

reference book for and Christian counselor.
