Reading Africa into American Literature Keith Cartwright 2021-12-14 The literature often considered the most American is rooted not only in European and Western culture but also in African and American Creole cultures. Keith Cartwright places the literary texts of such noted authors as George Washington Cable, W.E.B. DuBois, Alex Haley, Zora Neale Hurston, Ralph Ellison, William Faulkner, Joel Chandler Harris, Herman Melville, Toni Morrison, and many others in the context of the history, spiritual traditions, folklore, music, linguistics, and politics out of which they were written. Cartwright grounds his study of American writings in texts from the Senegambian/Old Mali region of Africa. Reading epics, fables, and gothic tales from the crossroads of this region and the American South, he reveals that America's foundational African presence, along with a complex set of reactions to it, is an integral but unacknowledged source of the national culture, identity, and literature.

The Annotated Mrs. Dalloway Merve Emre 2021-08-31 Virginia Woolf's groundbreaking novel, in a lushly illustrated hardcover edition with illuminating commentary from a brilliant young Oxford scholar and critic. "Mrs. Dalloway said she would buy the flowers herself." So begins Virginia Woolf's much-

beloved fourth novel. First published in 1925, Mrs. Dalloway has long been viewed not only as Woolf's masterpiece, but as a pivotal work of literary modernism and one of the most significant and influential novels of the twentieth century. In this visually powerful annotated edition, acclaimed Oxford don and literary critic Merve Emre gives us an authoritative version of this landmark novel, supporting it with generous commentary that reveals Woolf's aesthetic and political ambitions—in Mrs. Dalloway and beyond—as never before. Mrs. Dalloway famously takes place over the course of a single day in late June, its plot centering on the upper-class Londoner Clarissa Dalloway, who is preparing to throw a party that evening for the nation's elite. But the novel is complicated by Woolf's satire of the English social system, and by her groundbreaking representation of consciousness. The events of the novel flow through the minds and thoughts of Clarissa and her former lover Peter Walsh and others in their circle, but also through shopkeepers and servants, among others. Together Woolf's characters—each a jumble of memories and perceptions—create a broad portrait of a city and society transformed by the Great War in ways subtle but profound ways. No figure has been more directly shaped by the conflict than the disturbed veteran Septimus Smith, who is plagued by hallucinations of a friend who died in battle, and who becomes the unexpected second hinge of the novel, alongside Clarissa, even though—in one of Woolf's many radical decisions—the two never meet. Emre's extensive introduction and annotations follow the evolution of Clarissa Dalloway—based on an apparently conventional but actually quite complex acquaintance of Woolf's—and Septimus Smith from earlier short stories and drafts of Mrs. Dalloway to their emergence into the distinctive forms devoted readers of the novel know so well. For Clarissa, Septimus, and her other creations, Woolf relied on the skill of "character reading," her technique for bridging the gap between life and fiction, reality and representation. As Emre writes, Woolf's "approach to representing character involved burrowing deep into the processes of consciousness, and, so submerged, illuminating the infinite variety of sensation and perception concealed therein. From these depths, she extracted an unlimited capacity for life." It is in Woolf's characters, fundamentally unknowable but fundamentally alive, that the enduring achievement of her art is most apparent. For decades, Woolf's rapturous style and vision of individual consciousness have challenged and inspired readers, novelists, and scholars alike. The Annotated Mrs. Dalloway, featuring 150 illustrations, draws on decades of Woolf scholarship as well as countless primary sources, including Woolf's private diaries and notes on writing. The result is not only a transporting edition of Mrs. Dalloway, but an essential volume for Woolf devotees and an incomparable gift to all lovers of literature.

Kindred Octavia E. Butler 2004-02-01 From the New York Times bestselling author of *Parable of the Sower* and MacArthur "Genius" Grant, Nebula, and Hugo award winner *The Visionary* time-travel classic whose Black female hero is pulled through time to face the horrors of American slavery and explores the impacts of racism, sexism, and white supremacy then and now. "I lost an arm on my last trip home. My left arm." Dana's torment begins when she suddenly vanishes on her 26th birthday from California, 1976, and is dragged through time to antebellum Maryland to rescue a boy named Rufus, heir to a slaveowner's plantation. She soon realizes the purpose of her summons to the past: protect Rufus to ensure his assault of her Black ancestor so that she may one day be born. As she endures the traumas of

slavery and the soul-crushing normalization of savagery, Dana fights to keep her autonomy and return to the present. Blazing the trail for neo-slavery narratives like Colson Whitehead's *The Underground Railroad* and Ta-Nehisi Coates's *The Water Dancer*, Butler takes one of speculative fiction's oldest tropes and infuses it with lasting depth and power. Dana not only experiences the cruelties of slavery on her skin but also grimly learns to accept it as a condition of her own existence in the present. "Where stories about American slavery are often gratuitous, reducing its horror to explicit violence and brutality, *Kindred* is controlled and precise" (New York Times). "Reading Octavia Butler taught me to dream big, and I think it's absolutely necessary that everybody have that freedom and that willingness to dream." —N. K. Jemisin The series adaption from FX premieres December 13 on Hulu. Developed for television by writer/executive producer Branden Jacobs-Jenkins (*Watchmen*), executive producers also include Joe Weisberg and Joel Fields (*The Americans*, *The Patient*), and Darren Aronofsky (*The Whale*). Janicza Bravo (*Zola*) is director and an executive producer of the pilot. *Kindred* stars Mallori Johnson, Micah Stock, Ryan Kwanten, and Gayle Rankin.

Thirteen Ways of Looking at a Black Man Henry Louis Gates, Jr. 2011-06-08 "This is a book of stories," writes Henry Louis Gates, "and all might be described as 'narratives of ascent.'" As some remarkable men talk about their lives, many perspectives on race and gender emerge. For the notion of the unitary black man, Gates argues, is as imaginary as the creature that the poet Wallace Stevens conjured in his poem "Thirteen Ways of Looking at a Blackbird." James Baldwin, Colin Powell, Harry Belafonte, Bill T. Jones, Louis Farrakhan, Anatole Broyard, Albert Murray -- all these men came from modest circumstances and all achieved preeminence. They are people, Gates writes, "who have shaped the world as much as they were shaped by it, who gave as good as they got." Three are writers -- James Baldwin, who was once regarded as the intellectual spokesman for the black community; Anatole Broyard, who chose to hide his black heritage so as to be seen as a writer on his own terms; and Albert Murray, who rose to the pinnacle of literary criticism. There is the general-turned-political-figure Colin Powell, who discusses his interactions with three United States presidents; there is Harry Belafonte, the entertainer whose career has been distinct from his fervent activism; there is Bill T. Jones, dancer and choreographer, whose fierce courage and creativity have continued in the shadow of AIDS; and there is Louis Farrakhan, the controversial religious leader. These men and others speak of their lives with candor and intimacy, and what emerges from this portfolio of influential men is a strikingly varied and profound set of ideas about what it means to be a black man in America today.

Dreaming Out Loud Horace Porter 2015-04-15 *Dreaming Out Loud* brings together essays by many of the most well-known and respected African American writers of the twentieth and twenty-first centuries, discussing various aspects of the vocation, craft, and art of writing fiction. Though many of the writers included here are also accomplished poets, essayists, and playwrights, this collection and the essays it contains remains focused on the novel as a genre and an art form. Some essays explore the challenges

of being an African American writer in the United States, broadly addressing aesthetic and racial prejudice in American publishing and literature and its changing face over the decades. Others are more specific and personal, recounting how the authors came to be a reader and writer in a culture that did not always encourage them to do so. Some are more general and focus on practice and craft, while still other essays offer detailed behind-the-scenes accounts of how famous novels, such as *Native Son*, *Invisible Man*, *The Autobiography of Miss Jane Pittman*, and *The Color Purple*, came to life. Ranging from the Harlem Renaissance, through the Civil Rights movement, and into the twenty-first century, this anthology explores what it has meant to be an African American novelist over the past hundred years. Found within are essays by twenty-one African American novelists, including Nobel Prize-winner Toni Morrison, National Book Award-winners Ralph Ellison and Charles Johnson, Pulitzer Prize-winners Alice Walker and James Alan McPherson, and well-known canonical writers such as W. E. B. Du Bois, James Weldon Johnson, Langston Hughes, Richard Wright, Zora Neale Hurston, and Margaret Walker. *Dreaming Out Loud* seeks to inspire writers and readers alike, while offering a fascinating and important portrait of novelists at work in their own words. CONTRIBUTORS James Baldwin, Arna Bontemps, W. E. B. Du Bois, Ralph Ellison, Ernest Gaines, Chester Himes, Langston Hughes, Zora Neale Hurston, Charles Johnson, James Weldon Johnson, Gayl Jones, Terry McMillan, James Alan McPherson, Toni Morrison, Walter Mosley, Ishmael Reed, Martha Southgate, Alice Walker, Margaret Walker, John Edgar Wideman, Richard Wright

Talma Gordon Pauline E. Hopkins 2021-04-23 Talma Gordon (1900) is a short story by Pauline E. Hopkins. Recognized as the first African American mystery story, Talma Gordon was originally published in the October 1900 edition of The Colored American Magazine, America's first monthly periodical covering African American arts and culture. Combining themes of racial identity and passing with a locked room mystery plot, Hopkins weaves a masterful tale of conspiracy, suspicion, and murder. "When the trial was called Jeannette sat beside Talma in the prisoner's dock; both were arrayed in deepest mourning, Talma was pale and careworn, but seemed uplifted, spiritualized, as it were. [...] She had changed much too: hollow cheeks, tottering steps, eyes blazing with fever, all suggestive of rapid and premature decay." When Puritan descendant Jonathan Gordon is discovered murdered under suspicious circumstances, the ensuing trial implicates his own daughter Talma. Despite being declared innocent, the townsfolk are determined to believe that Talma conspired to have her father killed after he discovered her mixed racial heritage. Freed from the prospect of imprisonment, Talma is left with only her sister's protection against the anger and violence of her neighbors. With this thrilling tale of murder and racial tension, Hopkins proves herself as a true pioneer of American literature, a woman whose talent and principles afforded her the vision necessary for illuminating the injustices of life in a nation founded on slavery and genocide. With a beautifully designed cover and professionally typeset manuscript, this edition of Pauline E. Hopkins' Talma Gordon is a classic work of African American literature reimagined for modern readers.

Black in Latin America Henry Louis Gates, Jr. 2012-08-01 12.5 million Africans were shipped to the New World during the Middle Passage. While just over 11.0 million survived the arduous journey, only about 450,000 of them arrived in the United States. The rest-over ten and a half million-were taken to the Caribbean and Latin America. This astonishing fact changes our entire picture of the history of slavery in the Western hemisphere, and of its lasting cultural impact. These millions of Africans created new and

vibrant cultures, magnificently compelling syntheses of various African, English, French, Portuguese, and Spanish influences. Despite their great numbers, the cultural and social worlds that they created remain largely unknown to most Americans, except for certain popular, cross-over musical forms. So Henry Louis Gates, Jr. set out on a quest to discover how Latin Americans of African descent live now, and how the countries of their acknowledge-or deny-their African past; how the fact of race and African ancestry play themselves out in the multicultural worlds of the Caribbean and Latin America. Starting with the slave experience and extending to the present, Gates unveils the history of the African presence in six Latin American countries-Brazil, Cuba, the Dominican Republic, Haiti, Mexico, and Peru-through art, music, cuisine, dance, politics, and religion, but also the very palpable presence of anti-black racism that has sometimes sought to keep the black cultural presence from view.

Sweetgum & Lightning Rodney Terich Leonard 2021-02-15 "An intersection of jazz and the written word: poems to be experienced and felt Sweetgum & Lightning lets us into an extraordinary poetic universe, shaped by a vernacular rooted in the language of self, one's origins, and music. In poems that are deeply sensual in nature, Rodney Terich Leonard considers gender and sexuality, art, poverty, and community. Imagery expands through unexpected lexical associations and rumination on the function of language; words take on new meaning and specificity, and the music of language becomes tantamount to the denotations of words themselves. Through extensive webs of connotation, Leonard's narratives achieve a sense of accuracy and intimacy. The nuanced lens of these poems is indicative of the honesty of expression at work in the collection-one that affirms the essentiality of perception to living and memory"--

Cane Jean Toomer 2021-01-26 A series of vignettes exploring African American life as it relates to social, political and family dynamics. For many, Cane is considered a literary masterpiece from visionary writer, Jean Toomer. He presents a diverse collection of tales with distinct and vibrant characters who populate a world that's all too familiar. HEADLINE: Jean Toomer delivers a vivid depiction of America in the early twentieth century that centers the Black experience, consisting of family, religion, romance and race. It's a detailed work of fiction that's closely rooted in reality. A collection of disparate stories illustrating the challenges and motivations of Black people in the United States. The author uses poetry and imagery to create a world that's recognizable but also unique. In "Seventh Street," the narrative follows the happenings of a historic neighborhood with links to World War I and Prohibition. There's also "Blood Burning Moon," which highlights a volatile love triangle that leads to tragic results. It's an insightful read that introduces outsiders to a different point of view. Jean Toomer's Cane is highly revered for its unique structure and compelling storytelling. It presents a brilliant contrast of rural and urban living, while acknowledging the racial disparities of both. This modern classic was crucial in establishing and cementing Toomer's literary legacy. With an eye-catching new cover, and professionally typeset manuscript, this edition of Cane is both modern and readable.

Behold the Land James Smethurst 2021-04-27 In the mid-1960s, African American artists and intellectuals formed the Black Arts movement in tandem with the Black Power movement, with creative luminaries like Amiri Baraka, Gwendolyn Brooks, Toni Cade Bambara, and Gil Scott-Heron among their number. In this follow-up to his award-winning history of the movement nationally, James Smethurst investigates the origins, development, maturation, and decline of the vital but under-studied Black Arts movement in the South from the 1960s until the early 1980s. Traveling across the South, he chronicles the movement's radical roots, its ties to interracial civil rights organizations on the Gulf Coast, and how it thrived on college campuses and in southern cities. He traces the movement's growing political power as well as its disruptive use of literature and performance to advance Black civil rights. Though recognition of its influence has waned, the Black Arts movement's legacy in the South endures through many of its

initiatives and constituencies. Ultimately, Smethurst argues that the movement's southern strain was perhaps the most consequential, successfully reaching the grassroots and leaving a tangible, local legacy unmatched anywhere else in the United States.
