Do you dream about meeting a mysterious man with singular tastes? Or a rising star who will give you the world? How about a man who says he's just an idle rich nobody, but his alter ego is famous? How about all three of those guys, and their stories are interconnected, richly woven, and just more than your average romance novel? Together for the first time! Here's the complete stories of Wulf von Hannover, Theo Valencia, and Alexandre Valentine, all wrapped up in a special boxed set just for you. This special boxed set includes the novels plus the short stories and epilogues for all three series, and they're all in correct reading order. These layered, intricate stories will have you gasping from surprise . . . and more. "The chemistry Wulf and Raegan have is amazing and the fact that they are both so stubborn makes their relationship funny at times. The series covers everything from finding out about the good, bad, and ugly of each other to meeting the family. There are raw emotions in these books." ~~Random Musesomy Book Blog This [Theo and Lizzy] series just takes my breath away. Breathless!!!! That's how this book made me feel from beginning to end. It was one of those books I just couldn't put down until some of my questions were answered. I was constantly on the edge of my seat anxiously hoping it would turn out the way I hoped. I had this same sense of anxious excitement from the very first book of this series and it has not left me yet. This is not your typical cliched romance novel, where you can tell practically from the first page what is going to happen. Oh no! This book has you waiting with bated breath to see what happens next. I cannot wait for the next book. Ms Babylon is a genius, who proves every skeptic who says all romance novels are alike, wrong! All I can say is they have never read an erotic romance Blair Babylon style. ~~Karen R.

The 100 Greatest Metal Guitarists Joel McIver 2008-12-15 The 100 Greatest Metal Guitarists is a controversial and much-needed guide to the world of metal guitar, featuring the most accomplished performers from the vast legions of metal. As well as celebrating the classic metal musicians who have defined the scene since the 1970s, author Joel McIver delves deep into the modern thrash metal, death metal, black metal, doom metal, power metal and battle metal movements to unearth those players for whom no tremolo divebomb is too high and no tuning is too low. This book is no mere list for geeks, though. McIver's objective in writing this book is to recognise the incredible skills that these players possess. Moreover, although they're all masters of sweep picking, fretboard tapping and the other tricks of the modern shredder, these players are far from simple speed freaks: The 100 Greatest... makes a point of featuring players whose feel and instinct for the values of metal outweigh mere technical mastery. If you've ever wielded a tennis racket in anger in front of a bedroom mirror, or even if you're a metal musician yourself, you need this book: the world of the overdriven guitar will never look the same again.
