Johann Rist (1607-1667) Johann Anselm Steiger 2015-06-15 The studies collected in this volume examine previously undervalued and undiscovered aspects of Rist's multi-faceted oeuvre. In a series of essays, renowned authors from the fields of literary and music history, church history, and the history of science and hymnology assess Rist's role as a communicator while revealing the heterogeneity of his creative work and the wide range of his influence.

Beyond Bach Andrew Talle 2017-04-07 Reverence for J. S. Bach's music and its towering presence in our cultural memory have long affected how people hear his works. In his own time, however, Bach stood as just another figure among a number of composers, many of them more popular with the music-loving public. Eschewing the great composer style of music history, Andrew Talle takes us on a journey that looks at how ordinary people made music in Bach's Germany. Talle focuses in particular on the culture of keyboard playing as lived in public and private. As he ranges through a wealth of documents, instruments, diaries, account ledgers, and works of art, Talle brings a fascinating cast of characters to life. These individuals--amateur and professional performers, patrons, instrument builders, and listeners--inhabited a lost world, and Talle's deft expertise teases out the diverse roles music played in their lives and in their relationships with one another. At the same time, his nuanced recreation of keyboard playing's social milieu illuminates the era's reception of Bach's immortal works.

Yahweh Fighting from Heaven Martin Klingbeil 1999

Socialism Ludwig Von Mises 2012-05-01 2012 Reprint of 1962 Edition. Exact facsimile of the original edition, not reproduced with Optical Recognition Software. This masterwork is much more than a refutation of the economics of socialism (although on that front, nothing else compares). It is also a critique of the entire intellectual apparatus that accompanies the socialist idea, including the implicit religious doctrines behind Western socialist thinking, a cultural critique of socialist teaching on sex and

marriage, a refutation of syndicalism and corporatism, an examination of the implications of radical human inequality, an attack on war socialism, and refutation of collectivist methodology. In short, Mises set out to refute socialism, and instead pulled up the socialist mentality from its very roots. For that reason, Socialism led dozens of famous intellectuals, including a young F.A. Hayek, into a crisis of faith and a realist/libertarian political orientation. All the collectivist literature combined cannot equal the intellectual achievement of this one volume.

Erfahren, Erzählen, Erinnern Hartwin Brandt 2012

A Latter-Day Saint Commentary on the Old Testament Ellis T. Rasmussen 1993

The Doctrine and Covenants Joseph Smith (Jr.) 1876

From Enoch to Tobit Devorah Dimant 2017-08-23 Publisher's description: The volume assembles twenty previously published studies by Devorah Dimant, which have been re-edited, updated, and furnished with an introductory essay written especially for this collection. The studies survey and analyze Jewish works composed in Hebrew, Aramaic or Greek during the Second Temple period, and discuss their contents, ideas, and connections to the Dead Sea Scrolls. Particular attention is paid to central issues, such as the apocalyptic worldview and literature and its relationship to the Dead Sea Scrolls. Among others, specific themes related to the Aramaic Tobit and 1 Enoch are analyzed as well as the links detected between the Hebrew Qumran writings Pseudo-Ezekiel and the Apocryphon of Jeremiah and the later apocalyptic works 4 Ezra and 2 Baruch. The introductory essay provides a general framework and pertinent terminology for discussing the literature in question. Together these essays offer a broad and fresh perspective of the Jewish literary scene in antiquity, with special attention to the one nurtured in the land of Israel.

The Myth of Rebellious Angels Stuckenbruck, Loren T. 2017-02-17 The mythical story of fallen angels preserved in 1 Enoch and related literature was profoundly influential during the Second Temple period. In this volume renowned scholar Loren Stuckenbruck explores aspects of that influence and demonstrates how the myth was reused and adapted to address new religious and cultural contexts. Stuckenbruck considers a variety of themes, including demonology, giants, exorcism, petitionary prayer, the birth and activity of Jesus, the Holy Spirit, the conversion of Gentiles, "apocalyptic" and the understanding of time, and more. He also offers a theological framework for the myth of fallen angels through which to reconsider several New Testament texts the Synoptic Gospels, the Gospel of John, Acts, Paul's letters, and the book of Revelation."

Heaven and Hell Emanuel Swedenborg 1758

The Restoration of All Things Joseph Fielding Smith 1973

Amor Divino - Amor Profano Alexandra Ziane 2011 Preliminary Material -- Vorwort -- Musik und die bildenden Künste. Über den interdisziplinären Ansatz -- Musikalisches Repertoire und Aufführungskontext. Geistliche Musik ausserhalb der Liturgie -- Affetti amorosi spirituali -- Schlussbemerkung -- Musikverzeichnis -- Literaturverzeichnis.

Theological Ethics of the Old Testament Eckert Otto 2010-06 The work proposed is an English translation of the original German edition: (Theologische Ethik des Alten Testaments). Key Features: *

Downloaded from avenza-dev.avenza.com
on December 3, 2022 by guest

The most thorough and comprehensive testament of the ethics of the Old Testament available in the English language. * Focused on the Law as the basis and source of all later ethical teaching in the Old Testament. * Written by an internationally scholar on the subject. Key Benefits: * The reader will gain comprehensive understanding of the ethics of the Old Testament. * The reader will gain a profound understanding of the foundational position and crucial importance of Law in Hebrew scripture. * Professors will find the sort of single-volume textbook they have been seeking for classroom use.

Game Over? Christophe Chalamet 2017-09-11 Modern science informs us about the end of the universe: "game over" is the message which lies ahead of our world. Christian theology, on the other hand, sees in the end not the cessation of all life, but rather an invitation to play again, in God's presence. Is there a way to articulate together such vastly different claims? Eschatology is a theological topic which merits being considered from several different angles. This book seeks to do this by gathering contributions from esteemed and fresh voices from the fields of biblical exegesis, history, systematic theology, philosophy, and ethics. How can we make sense, today, of Jesus' (and the New Testament's) eschatological message? How did he, his early disciples, and the Christian tradition, envision the "end" of the world? Is there a way for us to articulate together what modern science tells us about the end of the universe with the biblical and Christian claims about God who judges and who will wipe every tear? Eschatology has been at the heart of Christian theology for 100 years in the West. What should we do with this legacy? Are there ways to move our reflection forward, in our century? Scholars and other interested readers will find here a wealth of insights.

SpaceTime of the Imperial Holt Meyer 2016-11-07 This volume works through spatio-temporal concepts to be found in imperial practices and their representations in a wide range of media. The individual cases investigated in the volume cover a broad spectrum of historical periods from ancient times up to the present. Well-known international scholars treat special cases of the topic, using cutting-edge theory and approaches stemming from historical, cartographic, religious, literary, media studies, as well as ethnography.

Rome the Cosmopolis Catharine Edwards 2006-11-02 Rome stands today for an empire and for a city. The essays gathered in this volume explore some of the many ways in which the two were interwoven. Rome was fed, beautified and enriched by empire just as it was swollen, polluted, infected and occupied by it. Empire was paraded in the streets of Rome, and exhibited in the city's buildings. Empire also made the city ineradicably foreign, polyglot, an alien capital, and a focus for un-Roman activities. The city was where the Roman cosmos was most concentrated, and so was most contested. Deploying a range of methodologies on materials ranging from Egyptian obelisks to human skeletal remains, via Christian art

and Latin poetry, the contributors to this volume weave a series of pathways through the world-city, exploring the different kinds of centrality Rome had in the empire. The result is a startlingly original picture of both empire and city.

Aischylos Ulrich von Wilamowitz-Moellendorff 1914

A Woman's Voice in Baroque Music: Mariane von Ziegler and J.S. Bach Mark A. Peters 2017-07-05 At the end of his second year in Leipzig, J.S. Bach composed nine sacred cantatas to texts by Leipzig poet Mariane von Ziegler (1695-1760). Despite the fact that these cantatas are Bach's only compositions to texts by a female poet, the works have been largely ignored in the Bach literature. Ziegler was Germany's first female poet laureate, and the book highlights her significance in early eighteenth-century Germany and her commitment to advancing women's rights of self-expression. Peters enriches and enlivens the account with extracts from Ziegler's four published volumes of poetry and prose, and analyses her approach to cantata text composition by arguing that her distinctive conception of the cantata as a genre encouraged Bach's creative musical realizations. In considering Bach's settings of Ziegler's texts, Peters argues that Bach was here pursuing a number of compositional procedures not common in his other sacred cantatas, including experimentation with the order of movements within a cantata, with formal considerations in arias and recitatives, and with the use of instruments, as well as innovative approaches to Vox Christi texts and to texts dealing with speech and silence. *A Woman's Voice in Baroque Music* is the first book to deal in depth with issues of women in music in relation to Bach, and one of the few comprehensive studies of a specific repertory of Bach's sacred cantatas. It therefore provides a significant new perspective on both Ziegler as poet and cantata librettist and Bach as cantata composer.

Heavenly Journeys Mary Dean-Otting 1984 The motif of heavenly journey is a common one in world literature. Seven non-canonical Jewish texts, I and II Enoch, The Testament of Levi, The Greek Apocalypse of Baruch, The Testament of Abraham, IV Ezra and The Apocalypse of Abraham are either devoted to the motif completely or contain examples thereof. A close study of each of these texts reveals the variety of uses to which the motif has been put. Having examined each text individually, the author is able to draw forth the characteristics common to Hellenistic Jewish treatments of the motif; thus the uniqueness of the use of the theme in Jewish literature is demonstrated.

The History of Antiquity Max Duncker 1881

Music for a Mixed Taste Steven Zohn 2015 Georg Philipp Telemann gave us one of the richest legacies of instrumental music from the eighteenth century. Though considered a definitive contribution to the genre during his lifetime, his concertos, sonatas, and suites were then virtually ignored for nearly two centuries following his death. Yet these works are now among the most popular in the baroque repertory. In *Music for a Mixed Taste*, Steven Zohn considers Telemann's music from stylistic, generic, and cultural perspectives. He investigates the composer's cosmopolitan "mixed taste"--a blending of the French, Italian, English, and Polish national styles--and his imaginative expansion of this concept to embrace mixtures of the old (late baroque) and new (galant) styles. Telemann had an equally remarkable penchant for generic amalgamation, exemplified by his pioneering role in developing hybrid types such as the sonata in concerto style ("Sonate auf Concertenart") and overture-suite with solo instrument ("Concert en ouverture"). Zohn examines the extramusical meanings of Telemann's "characteristic" overture-suites, which bear descriptive texts associating them with literature, medicine, politics, religion, and the natural world, and which acted as vehicles for the composer's keen sense of musical humor. Zohn then explores Telemann's unprecedented self-publishing enterprise at Hamburg, and sheds light on

the previously unrecognized borrowing by J.S. Bach from a Telemann concerto. Music for a Mixed Taste further reveals how Telemann's style polonaise generates musical and social meanings through the timeless oppositions of Orient-Occident, urban-rural, and serious-comic.

SlaveCity Joep van Lieshout 2008 the albion gallery, london presents a large show of ink on canvas drawings made by joep van lieshout, the founder of atelier van lieshout, along with several large models, made by atelier van lieshout. the show is all about life and work in slavecity, a dystopian metropolis. joep van lieshout has been developing this project since 2005.together with the exhibition a publication of new and recent drawings of joep van lieshout will be presented. it is the first publication of drawings of joep van lieshout (19 color and 64 b&w illustrations). the book features a conversation between joep van lieshout and winy maas, architect and one of the founders of architect office MVRDV, based in rotterdam.

Egypt - Temple of the Whole World Sibylle Meyer 2004-03-01 The essays in this volume, all written by friends and disciples of the renowned Egyptologist Jan Assmann, reflect his tremendous impact on the scholarly world and encompass a wealth of cultural and religious themes both within and beyond Ancient Egypt.

The Wisdom of Life - Scholar's Choice Edition Arthur Schopenhauer 2015-02-20 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work.As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Economic Calculation in the Socialist Commonwealth

Experiencing Ethics with Sterne and Musil Jorge Estrada 2019-11-18 Experiencing ethics not only refers to being confronted with a situation in which one must choose a course of action; it also makes reference to giving a narrative account of the circumstances and chain of events leading to such crossroads. Between both there is a chasm, a space of indeterminacy into which R. Musil and L. Sterne delve with aesthetic means. Their poetics move in opposite directions, but by following them to their last critical consequences this study reveals a kindred ethical stance. This interpretation sheds light on the ethics revolving around character construction by examining the constraints thwarting any attempt to complete a biographical account or convey a protagonist that led his or her life. Neither Musil nor Sterne posit a narrative agenda that could reach a last chapter or lead to a groundwork determining their ethics. A closer look into their tight-knit prose reveals that both rely on the narrating, on a skill that must be

incessantly cultivated through a digressive or essayistic style. Equipped with a vast theoretical repertoire, this approach makes a strong case for a new constellation in comparative literature.

Christus Militans Gabriella Gelardini 2016-01-27 In Christus Militans knüpft Gabriella Gelardini an Interpretationen an, die das Markusevangelium im Kontext des jüdisch-römischen Krieges und des Aufstiegs der Flavii interpretieren. Von Interesse sind darin aber nicht nur „ideologische Macht- oder Herrschaftsdiskurse,“ sondern insbesondere auch die militärischen Zusammenhänge und die Kriegssemantik im engeren Sinn. Dies erfolgt eingedenk der großen Bedeutung, die das Militär und der Krieg für die Herstellung und Aufrechterhaltung von Herrschaft in der Antike hatten, besonders bei Dynastiewechseln.
