

# Oben Und Unten Abstieg Armut Auslander Was Deutsc

Right here, we have countless books **oben und unten abstieg armut auslander was deutsc** and collections to check out. We additionally find the money for variant types and also type of the books to browse. The satisfactory book, fiction, history, novel, scientific research, as skillfully as various supplementary sorts of books are readily nearby here.

As this **oben und unten abstieg armut auslander was deutsc**, it ends stirring inborn one of the favored book **oben und unten abstieg armut auslander was deutsc** collections that we have. This is why you remain in the best website to see the unbelievable book to have.

**Germany** Neil MacGregor 2015-09-29 For the past 140 years, Germany has been the central power in continental europe. Twenty-five years ago a new German state came into being. How much do we really understand this new Germany, and how do its people understand themselves? Neil MacGregor argues that, uniquely for any European country, no coherent, overarching narrative of Germany's history can be constructed, for in Germany both geography and history have always been unstable. Its frontiers have constantly shifted. Königsberg, home to the greatest German philosopher, Immanuel Kant, is now Kaliningrad, Russia; Strasbourg, in whose cathedral Wolfgang von Goethe, Germany's greatest writer, discovered the distinctiveness of his country's art and history, now lies within the borders of France. For most of the five hundred years covered by this book Germany has been composed of many separate political units, each with a distinct history. And any comfortable national story Germans might have told themselves before 1914 was destroyed by the events of the following thirty years. German history may be inherently fragmented, but it contains a large number of widely shared memories, awarenesses, and experiences; examining some of these is the purpose of this book. MacGregor chooses objects and ideas, people and places that still resonate in the new Germany—porcelain from Dresden and rubble from its ruins, Bauhaus design and the German sausage, the crown of Charlemagne and the gates of Buchenwald—to show us something of its collective imagination. There has never been a book about

Germany quite like it.

**CENTRUM** Peter Neitzke 2013-12-01 Architektur als Politik: Architektur als kulturelles Leitmedium: Beiträge von Reinhart Wustlich und Peter Neitzke. Aktuelle Projekte von Uwe Kiessler, Peter Kulka, Andreas Scheuring, Thomas van den Valentyn und Gernot Schulz. Arbeit, Architektur, Stadt (I) Städte der Moderne: Strukturbrüche und Lösungsversuche am Beispiel der norditalienischen Metropolen Mailand und Turin, sowie der spanischen Hafenstadt Bilbao. Konversion historischer Industriebauten: Projekte von Becker Gewers Kühn Kühn und OHM. Rückblick auf die Synthetik des retrospektiven Leitbilds der "Europäischen Stadt" Berlin am Beispiel des "Planwerks Innenstadt". Beiträge von Ado Franchini, Karl Ganser, Christian Kühn, Xavier Mozas, Werner Sewing und Reinhart Wustlich Arbeit, Architektur, Stadt (II) Die Stadt, die Georg Simmel als eine Art Pulverfaß beschrieben hat, die soziale Explosionen nur durch die Einhaltung strenger Distanzierungsregeln verhinderte und die Integration unterschiedlichster sozialer, ökonomischer, kultureller und ethnischer Differenzen nur durch Separation sicherte, die Stadt dieses Typus ist in Gefahr - und damit das Konzept einer Urbanität als Vielfalt in der Einheit. die "Integrationsmaschine Stadt" scheint am Ende des Jahrhunderts zu versagen: " Sieht man sich die Studien über die Zukunft der Arbeitsgesellschaft unter Arbeitsmärkte an, zeichnet sich das Bild einer ökonomisch stark fragmentierten, durch vielfältige Ausgrenzung gekennzeichneten Stadtgesellschaft ab, die sich zunehmend in einen Teil Gutverdienender auf sicheren Arbeitsplätzen und einen anderen - wachsenden - Teil mit wechselhaften, unsicheren und schlechtbezahlten Arbeitsmöglichkeiten ausdifferenziert" (Hartmut Häußermann): Arbeitslose, Arme, Wohnungslose und Migranten prägen das zunehmend belastete soziale Klima in vielen großen Städten. Beiträge von Elisabeth Blum, Hans Magnus Enzensberger, André Gorz, Peter Neitzke, Werner Sewing, Walter Siebel und Markus Wehner. Zitadelle vs. Ghetto (USA) Neil Smith üb

**Die Seele Im Technischen Zeitalter** Arnold Gehlen 1967

**Disease Concept of Alcoholism** E. M. Jellinek 2010-06 Reprint of 1960 Edition. Jellinek was the founder of the Yale Center of Alcohol Studies and several other research centers. Jellinek coined the expression "the disease concept of alcoholism," and significantly accelerated the movement towards the medicalization of

drunkenness and alcohol habituation. This book was considered the most careful and penetrating analysis of its theme up to its time of publication. In 1960 he left Yale to develop work on alcoholism for the World Health Organization and other research centers concerned with the study of alcoholism. The Disease Concept of Alcoholism is now considered a classic work in the field.

**Spw 1993**

**Rechtspopulismus, Arbeitswelt und Armut** Christoph Butterwegge 2008-01-23 Der Aufstieg der extremen Rechten in vielen europäischen Ländern des letzten Jahrzehnts hat die Forschung vor neue Herausforderungen gestellt. Weit verbreitet ist die „Modernisierungsverlierer“- These, wonach insbesondere von Nachteilen des ökonomischen und sozialen Wandel betroffene Personen für rechtspopulistische oder -extreme Slogans anfällig sind. Bislang mangelte es an empirischen Untersuchungen, diese These zu bestätigen oder zu widerlegen. Das Buch nimmt dieses Problem in den Blick. Den objektiven Veränderungen in der Arbeitswelt und politischen Interessen der gesellschaftlichen Eliten an einer Popularisierung extrem rechter Einstellungen wird ebenso Rechnung getragen wie den subjektiven Reaktionen auf die Umbrüche in der Arbeitswelt. Das Buch untersucht die Situation in Deutschland, Österreich und der Schweiz.

**Life in Poverty Neighbourhoods** Jürgen Friedrichs 2013-09-13 In contemporary European and American urban policy and politics and in academic research it is typically assumed that spatial concentrations of poor households and/or ethnic minority households will have negative effects upon the opportunities to improve the social conditions of those who are living in these concentrations. Since the level of concentration tends to be correlated with the level of spatial segregation the 'debate on segregation' is also linked to the social opportunity discussion. This book explores the central questions in urban and housing studies: Do poor neighbourhoods make their residents poorer? Does the neighbourhood structure exert an effect on the residents (behavioural, attitudinal, or psychological) even when controlling for individual characteristics of the residents? This issue has offered a locus for multi-disciplinary investigations on both sides of the Atlantic, and this volume demonstrates the rich geographical, sociological, economic and psychological dimensions of this issue. This book was previously published as

a special issue of the journal *Housing Studies*.

*The Metaphorical Society* Daniel Rigney 2001-03-21 This book introduces the novice reader to modern social theory through the creative exploration of eight major metaphors that have shaped Western understandings of human society. Rigney vividly yet concisely examines each major theoretical perspective in sociology, including functionalism, conflict theory, rational choice, and symbolic interactionism. He shows how each of these theories is rooted in a particular metaphorical tradition. Over decades and centuries, Rigney argues, social theorists have variously likened societies to organisms and living systems, to machines, battlefields, legal systems, marketplaces, games, theatrical productions, and discourses. Most interestingly, Rigney deftly shows how nearly all Western social theories fit with one or more of the metaphors. He emphasizes a humanistic understanding of society with an emphasis on the creative agency of social actors and communities. The book offers students a rich understanding of social theory, yet it is simultaneously concise and broad ranging, allowing instructors to further pursue detailed exploration of any perspectives they choose.

*Divercities* Stijn Oosterlynck 2020-02-03 This book explores the ways in which residents of deprived and mixed neighborhoods live with diversity, and the active and creative ways in which diversity is micro-regulated. Though diversity can frequently lead to tension and conflict, residents tend to look for--and often find--ways to address those conflicts on a day-to-day basis. Offering case studies from cities around the world, the book also shows how national and local contexts shape living in diversity.

**Maid** Stephanie Land 2019-01-24 NOW A NETFLIX SERIES STARRING MARGARET QUALLEY & ANDY MACDOWELL. BARACK OBAMA'S SUMMER READING PICK, 2019. BBC RADIO 4 BOOK OF THE WEEK. Educated meets Nickel and Dimed in Stephanie Land's memoir about working as a maid. A beautiful and gritty exploration of poverty in the western world. Includes a foreword by international bestselling author Barbara Ehrenreich. 'My daughter learned to walk in a homeless shelter.' As a struggling single mum, determined to keep a roof over her daughter's head, Stephanie Land worked for years as a maid, working long hours in order to provide for her small family. In Maid, she reveals the dark truth of what it takes to survive and thrive in today's inequitable society. As she worked hard to climb her way out of poverty as a single parent, scrubbing the toilets of the wealthy, navigating domestic labour jobs as a cleaner whilst also juggling higher education, assisted housing, and a tangled web of government assistance, Stephanie wrote. She wrote the true stories that weren't being told. The stories of the overworked and underpaid. Written in honest, heart-rending prose and with great insight, Maid explores the underbelly of the upper-middle classes and the reality of what it's like to be in service to them. 'I'd become a nameless ghost,' Stephanie writes. With this book, she gives voice to the 'servant' worker, those who fight daily to scramble and scrape by for their own lives and the lives of their children.

**Contexts of Justice** Rainer Forst 2002-02-27 This text offers an intervention into the debate between communitarianism and liberalism. It argues for a theory of "contexts of justice" that leads beyond the confines of the debate as it has been understood and posits the possibility of a new conception of social and political justice.

**Bloodlands** Timothy Snyder 2012-10-02 From the author of the international bestseller On Tyranny, the definitive history of Hitler's and Stalin's politics of mass killing, explaining why Ukraine has been at the center of Western history for the last century. Americans call the Second World War "the Good War." But before it even began, America's ally Stalin had killed millions of his own citizens—and kept killing them during and after the war. Before Hitler was defeated, he had murdered six million Jews and nearly as many other Europeans. At war's end, German and Soviet killing sites fell behind the Iron Curtain, leaving the history of mass killing in darkness. Assiduously researched, deeply humane, and utterly definitive, Bloodlands is a new kind of European history, presenting the mass murders committed by the Nazi and

Stalinist regimes as two aspects of a single story. With a new afterword addressing the relevance of these events to the contemporary decline of democracy, Bloodlands is required reading for anyone seeking to understand the central tragedy of modern history and its meaning today.

**Society of Fear** Heinz Bude 2017-12-08 From the rise of terrorism to the uncertainties associated with economic crisis and recession, our age is characterized by fear. Fear is the expression of a society on unstable foundations. Most of us feel that our social status is under threat and our future prospects in jeopardy. We are overwhelmed by a sense of having been catapulted into a world to which we no longer belong. Tracing this experience of fear, Heinz Bude uncovers a society marked by disturbing uncertainty, suppressed anger and quiet resentment. This is as true in our close relationships as it is in the world of work, in how we react to politicians as much as in our attitudes towards bankers and others in the financial sector. Bude shows how this fear is not derived so much from a 'powerful other' but rather from the seemingly endless range of possibilities which we face. While this may seem to offer us greater autonomy and freedom, in reality the unknown impact and meaning of each option creates a vacuum which is filled by fear. What conditions lead people to feel anxious and fearful for themselves and others? How can individuals withstand fear and develop ways of making their fears intelligible? Probing these and other questions, Bude provides a fresh analysis of some of the most fundamental features of our societies today.

**Wir sollten reden!** Michael Hübler 2022-02-09 Wie wir Meinungsverschiedenheiten aushalten und Konflikte meistern Unsere Gesellschaft ist polarisiert, zerstritten – oder sogar gespalten. Streitgespräche und Debatten über die Corona-Maßnahmen, kulturelle Veränderungen oder auch den Klimawandel werden erbittert und mit wenig Toleranz geführt. Der raue Ton im Internet verschärft die allgemeine Gereiztheit.

Warum sind wir so überempfindlich geworden und haben ständig das Gefühl, uns positionieren oder abgrenzen zu müssen? Wie kommen wir einander wieder näher? Die Antwort ist eigentlich einfach: zuhören, aushalten, verstehen, reden. Doch die Voraussetzung dafür ist, die eigenen Werte und Erwartungen zu kennen, sich im Klaren darüber zu sein, was einen ärgert und warum. Wir sollten reden! beschäftigt sich mit der persönlichen Konfliktfähigkeit und den eigenen Prägungen. Es zeigt, wie wir mit Aggressionen und Vorurteilen umgehen können, in Konflikten neue Zugänge finden und welche Rahmenbedingungen konfliktlösungsförderlich sind. Mithilfe von Reflexionsfragen lassen sich die Lösungsansätze auf individuelle Situationen übertragen. Ziel ist es, bei Auseinandersetzungen die Ruhe zu bewahren, Andersdenkenden offen und ehrlich zu begegnen und vor allem wieder respektvoll zu streiten.

Der Kampf um die Würde Michael Steinbrecher 2019-09-18 "Die Würde des Menschen ist unantastbar." So steht es schon im Grundgesetz. Das klingt absolut und unverrückbar. Aber ist es das? Michael Steinbrecher erzählt in diesem Buch die Geschichten von Menschen, die den Kampf um ihre Würde nicht aufgeben. Ein aufrüttelndes und zutiefst politisches Buch, das zeigt, wie zerrissen unsere Gesellschaft wirklich ist und was man vom wahren Leben lernen kann. Seit fast fünf Jahren ist Michael Steinbrecher Gastgeber der renommierten SWR-Talkshow "Nachtcafé". Woche für Woche kommt er hier mit scheinbar ganz normalen Menschen ins Gespräch, denen er den Raum gibt, über das eigene Leben zu erzählen, von Schicksalsschlägen zu berichten, von zerplatzten Träumen und Hoffnungen. Und immer wieder stellt sich die Frage nach einem würdevollen Leben. Da ist die alleinerziehende Frau mit vier Kindern, an Krebs erkrankt, die dennoch weiterkämpft; oder der Musikmanager, der in den beruflichen Abgrund stürzt und dort sein soziales Engagement entdeckt; oder die Rentnerin, die aus der Wohnung geworfen wird, in der sie ihr ganzes Leben lebte. Steinbrecher begegnet Menschen, die in Armut aufwachsen müssen, die ihre Arbeit verlieren und denen ihr Recht auf Wohnung verweigert wird. Menschen, die vergeblich versuchen, in Würde zu altern und die um einen würdevollen Tod kämpfen – Lebensstationen, die wir alle erleben können. Steinbrecher kommt zu dem Ergebnis: Der Kampf um die eigene Würde ist längst kein Randphänomen mehr, er ist in der Mitte unserer Gesellschaft angelangt. Doch was sind die Gründe dafür, dass jeder von uns befürchten muss, in eine würdelose Situation zu geraten? Was ist los mit unserer Gesellschaft, deren Basis doch eigentlich die Würde des Menschen ist? Diese Fragen stehen im Zentrum

von Michael Steinbrechers ebenso klugen wie bewegenden Buchs. Er ist überzeugt: "Wenn wir beginnen, unwürdige Zustände eines gewissen Prozentsatzes unserer Gesellschaft als hinnehmbare Begleiterscheinung einer Wohlstandsgesellschaft zu sehen, in der es den meisten doch gut geht, hat sie ihre innere Integrität verloren." Der Autor spendet sämtliche Erlöse an die Kinderhilfsaktion Herzenssache.

Germany's Hidden Crisis Oliver Nachtwey 2018-11-27 One of the German-speaking world's leading young sociologists lays out modern Germany's social and political crisis and its implications for the future of the European hegemon. Upward social mobility represented a core promise of life under the old West German welfare state, in which millions of skilled workers upgraded their VWs to Audis, bought their first homes, and sent their children to university. Not so in today's Federal Republic, however, where the gears of the so-called elevator society have long since ground to a halt. In the absence of the social mobility of yesterday, widespread social exhaustion and anxiety have emerged across mainstream society. Oliver Nachtwey analyses the reasons for this social rupture in post-war German society and investigates the conflict potential emerging as a result, concluding that although the country has managed to muddle through the Eurocrisis largely unscathed thus far, simmering tensions beneath the surface nevertheless threaten to undermine the German system's stability in the years to come. Nachtwey's book was recipient of the Friedrich Ebert Foundation's 2016 Hans-Matthofer-Preis for Economic Writing.

Wolfhilde's Hitler Youth Diary 1939-1946 Wolfhilde von König 2013-01-15 Wolfhilde's Hitler Youth Diary is the chronicle of a girl growing up in Munich during the most volatile time in world history. WHAT OTHERS HAVE SAID ABOUT THE DIARY For an in depth review of The Diary, please visit The Herald Palladium. Initially, the material upset me emotionally in an unexpected way. It took me some time to re-read the diary entries one by one to gain a calmer perspective. Of course, for 60 years or longer I have been aware of the strategies and tactics, the techniques and methods applied and utilized by the Nazi regime to contaminate and poison the minds and souls of people—beginning with children from the age of 10—with its fierce, all-embracing ideology. Never, before reading Wolfhilde's Hitler Youth Diary, have I been confronted with such massive, monstrous evidence as to what the Nazi regime was doing to us—and how they did it. What is presented here in the diary of a girl from 13 through 21 years of age is a textbook example—concrete evidence—of how they did it. Wolfgang Schleich, 1928- Journalist. Retired since 1990

from Radio Free Europe, where he worked for almost 35 years as a reporter, editor, traveling correspondent and head of the network's Berlin Bureau.

*Affective Societies* Jan Slaby 2019-01-21 Affect and emotion have come to dominate discourse on social and political life in the mobile and networked societies of the early 21st century. This volume introduces a unique collection of essential concepts for theorizing and empirically investigating societies as Affective Societies. The concepts promote insights into the affective foundations of social coexistence and are indispensable to comprehend the many areas of conflict linked to emotion such as migration, political populism, or local and global inequalities. Adhering to an instructive narrative, *Affective Societies* provides historical orientation; detailed explication of the concept in question, clear-cut research examples, and an outlook at the end of each chapter. Presenting interdisciplinary research from scholars within the Collaborative Research Center "Affective Societies," this insightful monograph will appeal to students and researchers interested in fields such as affect and emotion, anthropology, cultural studies, and media studies.

Ungeheuerliche Neuigkeiten Frank Schirrmacher 2015-05-11 Die wichtigsten Texte Frank Schirrmachers in einem Band Frank Schirrmacher war bis zu seinem viel zu frühen Tod einer der wirkmächtigsten und debattenfreudigsten Intellektuellen der vergangenen Jahrzehnte. Als Redakteur und später Herausgeber der Frankfurter Allgemeinen Zeitung sowie als Buchautor initiierte und prägte er Diskurse wie kaum ein anderer zu den aktuellsten gesellschaftspolitischen Themen. Der vorliegende Band versammelt seine wichtigsten Texte aus drei Jahrzehnten. Herausgegeben und mit einem Vorwort von Jakob Augstein. "Frank Schirrmacher war eine zentrale Kraft, vielleicht die eine zentrale Kraft, welche die deutsche Öffentlichkeit am Leben und in Wachheit hielt." Hans Ulrich Gumbrecht

Gradido □ Natural Economy of Life Bernd Hückstädt 2013-03-01 Gradido - Natural Economy of Life is a monetary and economic model patterned on nature. It provides a basic income for every person, an ample national budget for every country and an additional Equalisation and Environment Fund for decontaminating the environment. The self-regulating system keeps the money supply, and hence prices, stable. The gentle equalisation of the hitherto poor countries and the industrialised nations promotes

peace. Learn about the encouraging results of economic bionics research! Nature is brilliant. When we act in harmony with nature we will experience worldwide prosperity and peace. This is the core message of this consistently positive instruction manual for the future. Information at: <http://gradido.net/Book>

**After Their Establishment** Florian Hartleb 2011-04-29 PDF available for free on:

<http://martenscentre.eu/publications/after-their-establishment-right-wing-populist-parties-europe> Right-wing populist parties have developed into a stable institution and a long-term feature of European politics.

Again and again they prove themselves capable of gaining electoral success at national level. Yet right-wing populist parties rarely succeed in coming into government, and even if they actually manage it, they predominantly function only as junior partners. This paper assesses how these parties have emerged, their main characteristics and how traditional parties can respond to their rise.

**Links oder rechts?** Jakob Augstein 2016-10-11 Jakob Augstein gegen Nikolaus Blome, links gegen liberal-konservativ, visionär versus vernünftig: In diesem Buch liefern sich die beiden wortgewandten Journalisten mehr als drei Dutzend Streitgespräche zu den großen Themen, die Deutschland bewegen. Ein spritziger, provokanter Schlagabtausch von Merkels Macht und der Flüchtlingswelle in Deutschland über die Euro-Krise bis zur Homo-Ehe, dem richtigen Frauenbild und dem neuen Rechtspopulismus. Für alle, die mitreden und mitstreiten wollen.

**Scarcity** Sendhil Mullainathan 2014-09-04 Why can we never seem to keep on top of our workload, social diary or chores? Why does poverty persist around the world? Why do successful people do things at the last minute in a sudden rush of energy? Here, economist Sendhil Mullainathan and psychologist Eldar Shafir reveal that the hidden side behind all these problems is that they're all about scarcity. Using the new science of scarcity, they will change the way you think about both the little everyday tasks and the big issues of global urgency. 'It's the scarcity trap, and you need to know about it.' New Scientist, Books of the Year 'The finest combination of heart and head that I have seen.' Daniel Kahneman, author of Thinking, Fast and Slow 'A captivating book, overflowing with new ideas, fantastic stories, and simple suggestions that just might change the way you live.' Steven D. Levitt, coauthor of Freakonomics 'A highly original and easily readable book that is full of intriguing insights. What does a single mom trying to make

partner at a major law firm have in common with a peasant who spends half her income on interest payments? The answer is scarcity. Read this book to learn the surprising ways in which scarcity affects us all.' Richard Thaler, co-author of Nudge 'Extraordinarily illuminating, important, novel and immensely creative.' Cass R. Sunstein, New York Review of Books 'Ultimately humane and very welcome.' Oliver Burkeman, Guardian

Survey Methods in Multinational, Multiregional, and Multicultural Contexts Janet A. Harkness 2010-04-30

A unique collaboration featuring the latest methodologies and research on multi- and cross-national surveys Over the past two decades, the relevance of cross-national and cross-cultural methodologies has heightened across various fields of study. Responding to increasing cultural diversity and rapid changes in how research is conducted, Survey Methods in Multinational, Multiregional, and Multicultural Contexts addresses the need for refined tools and improved procedures in cross-cultural and cross-national studies worldwide. Based on research submitted to the International Conference on Multinational, Multicultural, and Multiregional Survey Methods (3MC), this book identifies important changes in comparative methodology approaches, outlines new findings, and provides insight into future developments in the field. Some of the world's leading survey researchers gather in this volume to address the need for a standard framework that promotes quality assurance and quality control in survey research, and its impact on various stages of the survey life cycle, including study design and organization, cross-national sampling, testing and pretesting, data collection, and input and output variable harmonization. Self-contained chapters feature coverage of various topics, such as: Question and questionnaire design, from both global and study-specific perspectives The construction and evaluation of survey translations and instrument adaptations The effects of cultural difference on the perception of question and response categories Non-response issues Analysis in comparative contexts, featuring discussion of polytomous item response theory, categorization problems, and Multi-Trait-Multi-Methods (MTMM) The significance of evolving methodologies for current international survey programs, including the European Social Survey, the International Social Survey Programme, and the Gallup World Poll Survey Methods in Multinational, Multiregional, and Multicultural Contexts is a valuable supplement for courses on comparative survey methods at the upper-undergraduate and graduate levels. It also serves as an insightful reference for professionals who design, implement, and analyze comparative research in the areas of business, public

health, and the social and behavioral sciences.

*Oben und unten* Jakob Augstein 2019-02-25 Augstein und Blome in Bestform: provokant, kontrovers und immer unterhaltsam Zum ersten Mal seit Jahrzehnten machen sich die Abgehängten und die Vergessenen ernsthaft bemerkbar: die, die sich nur so fühlen, und die, die es tatsächlich sind. Ihre Ängste und ihre Wünsche handeln von sozialer Gerechtigkeit, aber, und das ist neu, auch von nationaler Identität. Oben und Unten ist heute mehr als der Streit um Hartz IV, Niedriglohn oder Vermögensteuer. Die neue Frage »Wer gehört dazu?« ist inzwischen genauso wichtig wie die alte Frage »Wer hat was?«. Damit ist in diesem Buch eine Debatte eröffnet, die sich nicht mehr klar mit den Positionen »links« oder »rechts« verhandeln lässt.

**Umweltgerechtigkeit, Public Health und soziale Stadt** Werner Maschewsky 2001

*Oben und unten* Jakob Augstein 2020-04-13

**Im Zweifel links** Jakob Augstein 2019-09-16 Jakob Augsteins Kult-Kolumnen – jetzt endlich als Buch! Jakob Augstein gehört zu den meistgelesenen und einflussreichsten Journalisten der Gegenwart. Unter dem Motto »Im Zweifel links« hat er in seinen Kolumnen auf SPIEGEL ONLINE beinahe ein Jahrzehnt lang eine Chronik unserer Zeit verfasst. Es war eine Epoche, in der sich unsere Gesellschaft drastisch verändert hat: Der Westen und seine Werte sind kompromittiert und geschwächt. Der Sozialstaat steckt in seiner tiefsten Krise. Die dramatische Ungerechtigkeit, mit der Reichtum und Chancen verteilt sind, nimmt immer weiter zu. Die Lüge und das Vorurteil triumphieren über die Vernunft. Jakob Augstein hat für diese Ausgabe seine streitbaren Texte thematisch zusammengestellt und neu kommentiert.

*Nähe, die beschämt* Marlis Winkler 2010

Economic Calculation in the Socialist Commonwealth

Socialism Ludwig Von Mises 2012-05-01 2012 Reprint of 1962 Edition. Exact facsimile of the original

edition, not reproduced with Optical Recognition Software. This masterwork is much more than a refutation of the economics of socialism (although on that front, nothing else compares). It is also a critique of the entire intellectual apparatus that accompanies the socialist idea, including the implicit religious doctrines behind Western socialist thinking, a cultural critique of socialist teaching on sex and marriage, a refutation of syndicalism and corporatism, an examination of the implications of radical human inequality, an attack on war socialism, and refutation of collectivist methodology. In short, Mises set out to refute socialism, and instead pulled up the socialist mentality from its very roots. For that reason, Socialism led dozens of famous intellectuals, including a young F.A. Hayek, into a crisis of faith and a realist/libertarian political orientation. All the collectivist literature combined cannot equal the intellectual achievement of this one volume.

Ending Child Poverty Combat Poverty Agency 2005

WSI Mitteilungen Deutscher Gewerkschaftsbund. Wirtschafts- und Sozialwissenschaftliches Institut 2009
