Classical Traditions in Modern Fantasy Assistant Professor of Classics Brett M Rogers 2017-01-23

Classical Traditions in Modern Fantasy is the first collection of essays in English focusing on how fantasy draws deeply on ancient Greek and Roman mythology, philosophy, literature, history, art, and cult practice. Presenting fifteen all-new essays intended for both scholars and other readers of fantasy, this volume explores many of the most significant examples of the modern genre-including the works of H. P. Lovecraft, J. R. R. Tolkien's *The Hobbit*, C. S. Lewis's *Chronicles of Narnia*, J. K. Rowling's *Harry Potter* series, George R. R. Martin's *Game of Thrones* series, and more-in relation to important ancient texts such as Aeschylus' *Oresteia*, Aristotle's *Poetics*, Virgil's *Aeneid*, and Apuleius' *The Golden Ass*. These

varied studies raise fascinating questions about genre, literary and artistic histories, and the suspension of disbelief required not only of readers of fantasy but also of students of antiquity. Ranging from harpies to hobbits, from Cyclopes to Cthulhu, and all manner of monster and myth in-between, this comparative study of Classics and fantasy reveals deep similarities between ancient and modern ways of imagining the world. Although antiquity and the present day differ in many ways, at its base, ancient literature resonates deeply with modern fantasy's image of worlds in flux and bodies in motion.

Wonders and the Order of Nature, 1150-1750 Lorraine Daston 2001 A rich exploration of how European naturalists used wonder and wonders (oddities and marvels) to envision and explain the natural world.

Stages of Evil Robert Lima 2005-01-01 “The evil that men do” has been chronicled for thousands of years on the European stage, and perhaps nowhere else is human fear of our own evil more detailed than in its personifications in theater. In *Stages of Evil*, Robert Lima explores the sociohistorical implications of Christian and pagan representations of evil and the theatrical creativity that occultism has engendered. By examining examples of alchemy, astronomy, demonology, exorcism, fairies, vampires, witchcraft, hauntings, and voodoo in prominent plays, *Stages of Evil* explores American and European perceptions of occultism from medieval times to the modern age.

The Secret Teachings of All Ages Manly P. Hall 2021-11-11 Originally published in 1928, *The Secret Teachings of All Ages* is Manly P. Hall's celebrated 20th century tome, where readers delight in discussions about ancient symbolism, rituals, and mythology. Manly P. Hall was a Canadian Author of over 150 published works, the best known of which are *Initiates of the Flame*, *The Story of Healing*, *The Divine Art*, *Aliens Magic and Sorcery* *The Secret Teachings of All Ages*, and *An Encyclopedic Outline of Masonic, Hermetic, Qabbalistic Rosicrucian Symbolical Philosophy*. Symbolism is the language of the Mysteries; in fact it is the language not only of mysticism and philosophy but of all Nature, for every law and power active in universal procedure is manifested to the limited sense perceptions of man through the medium of symbol. Every form existing in the diversified sphere of being is symbolic of the divine activity by which it is produced. By symbols men have ever sought to communicate to each other those thoughts which transcend the limitations of language. This book is often hailed as an encyclopedia for all things hidden, ancient, and arcane, and it explores a vast array of topics, from secret societies and the Zodiac to Mystic Christianity and William Shakespeare's identity. Despite some of the outdated and controversial ideas it poses now in the 21st century, it continues to fascinate students of the cryptic and mysterious.

The Ascetic Imperative in Culture and Criticism Geoffrey Galt Harpham 1992-02-15 In this bold interdisciplinary work, Geoffrey Galt Harpham argues that asceticism has played a major role in shaping Western ideas of the body, writing, ethics, and aesthetics. He suggests that we consider the ascetic as "the 'cultural' element in culture," and presents a close analysis of works by Athanasius, Augustine, Matthias, Grünewald, Nietzsche, Foucault, and other thinkers as proof of the extent of asceticism's resources. Harpham demonstrates the usefulness of his findings by deriving from asceticism a "discourse of resistance," a code of interpretation ultimately more generous and humane than those currently available to us.

The Aramaic Bible Derek R. G. Beattie 1994-08-01 The twenty-six essays in this volume represent the papers read at the international Conference on the Aramaic Bible held in Dublin (1992). The purpose of the Conference was to bring together leading specialists on the Targums and related topics to discuss issues in the light of recent developments, for instance Second Temple interpretation of the Scriptures, Qumran Literature, targumic and Palestinian Aramaic, new Genizah manuscripts, Jewish tradition, Origen's Hexapla, Pseudepigrapha, Apocrypha and the Christian West. The papers are arranged under

seven headings: Targum Texts and Editions; The Aramaic Language: The Targums and Jewish Biblical Interpretation; Targums of the Pentateuch; Targums of the Hagiographa; Targums and New Testament; Jewish Traditions and Christian Writings. The international team, drawn from nine countries, is as follows (following the order of the papers); M. Klein, S. Reif, L. Diez Merino, R. Gordon, M. McNamara, S.A. Kaufman, E. Cook, M. Hengel, O. The Primer of Humor Research Victor Raskin 2008-11-06 The book is intended to provide a definitive view of the field of humor research for both beginning and established scholars in a variety of fields who are developing an interest in humor and need to familiarize themselves with the available body of knowledge. Each chapter of the book is devoted to an important aspect of humor research or to a disciplinary approach to the field, and each is written by the leading expert or emerging scholar in that area. There are two primary motivations for the book. The positive one is to collect and summarize the impressive body of knowledge accumulated in humor research in and around *Humor: The International Journal of Humor Research*. The negative motivation is to prevent the embarrassment to and from the "first-timers," often established experts in their own field, who venture into humor research without any notion that there already exists a body of knowledge they need to acquire before publishing anything on the subject-unless they are in the business of reinventing the wheel and have serious doubts about its being round! The organization of the book reflects the main groups of scholars participating in the increasingly popular and high-powered humor research movement throughout the world, an 800 to 1,000-strong contingent, and growing. The chapters are organized along the same lines: History, Research Issues, Main Directions, Current Situation, Possible Future, Bibliography-and use the authors' definitive credentials not to promote an individual view, but rather to give the reader a good comprehensive and condensed view of the area.

The Voynich Manuscript M. E. D'Imperio 1978 In spite of all the papers that others have written about the manuscript, there is no complete survey of all the approaches, ideas, background information and analytic studies that have accumulated over the nearly fifty-five years since the manuscript was discovered by Wilfrid M. Voynich in 1912. This report pulls together all the information the author could obtain from all the sources she has examined, and to present it in an orderly fashion. The resulting survey will provide a

firm basis upon which other students may build their work, whether they seek to decipher the text or simply to learn more about the problem.

The Targum of Lamentations Philip S. History of Jewish Christianity R' Yaakov Bar Yosef 2015-09-21 Among histories of Christianity there has long existed a gap, which either has passed unnoticed or has been deemed of little consequence by Christian scholars. It is only where this gap is at its narrowest, in the early days of the Church, that any consideration has been paid to it, and then the treatment of the subject involved, the life and faith of primitive Jewish Christianity, has been of the most partial character. A common judgment has been expressed by the late Dr. Hort in his lectures on Judaistic Christianity. He describes the Jewish Church as; “a natural product of the circumstances of the Apostolic Age, living on for some generations, and that probably not without times of revival, but becoming more and more evidently a futile anachronism as the main body of the Church grew up into a stately tree in the eyes of all men; and at length dying naturally away.”
