Funny Weather: Art in an Emergency Olivia Laing 2020-05-12 "One of the finest writers of the new nonfiction" (Harper's Bazaar) explores the role of art in our tumultuous modern era. In this remarkable, inspiring collection of essays, acclaimed writer and critic Olivia Laing makes a brilliant case for why art matters, especially in the turbulent political weather of the twenty-first century. Funny Weather brings together a career's worth of Laing's writing about art and culture, examining their role in our political and emotional lives. She profiles Jean-Michel Basquiat and Georgia O'Keeffe, reads Maggie Nelson and Sally Rooney, writes love letters to David Bowie and Freddie Mercury, and explores loneliness and technology, women and alcohol, sex and the body. With characteristic originality and compassion, she celebrates art as a

force of resistance and repair, an antidote to a frightening political time. We're often told that art can't change anything. Laing argues that it can. Art changes how we see the world. It makes plain inequalities and it offers fertile new ways of living.

Olivia Manning Deirdre David 2013-01-10 Olivia Manning: A Woman at War is the first literary biography of the twentieth-century novelist Olivia Manning. It tells the story of a writer whose life and work were shaped by her own fierce ambition, and, like many of her generation, the events and aftermath of the Second World War. From the time she left Portsmouth for London in the mid-1930s determined to become a famous writer, through her wartime years in the Balkans and the Middle East, and until her death in London in 1980, Olivia Manning was a dedicated and hard-working author. Married to a British Council lecturer stationed in Bucharest, Olivia Manning arrived in Romania on the 3rd September 1939, the fateful day when Allied forces declared war on Germany. For the duration of World War Two, she kept one step ahead of invading German forces as she and her husband fled Romania for Greece, and then Greece for the Middle East, where they stayed until the end of the war. These tumultuous wartime years are the subject of her best-known and most transparently autobiographical novels, The Balkan Trilogy and The Levant Trilogy. Olivia Manning refused to be labelled a 'feminist,' but her novels depict with cutting insight and sardonic wit the marginal position of women striving for independent identity in arenas frequently controlled by men, whether on the frontlines of war or in the publishing world of the 1950s. However, she did not just write about World War Two and women's lives. Amongst other things, Manning published fiction about making do in Britain's post-war Age of Austerity, about desecration of the environment through uncontrolled development, and about the painful adjustment to post-war British life for young men. As the author of thirteen published novels, two volumes of short stories, several works of non-fiction, and a regular reviewer of contemporary fiction, she was a visible presence on the British literary scene throughout her life and her work provides a detailed insight into the period. Grounded in thorough research and enriched by discussion of previously unexamined manuscripts and letters, *Olivia Manning: A Woman at War* is a timely study of Olivia Manning's remarkable life. Deirdre David integrates incisive critical analysis of Manning's writing with extensive discussion of the historical contexts of her fiction.

Every Frenchman Has One Olivia de Havilland 2016-06-28 Back in print for the first time in decades—and featuring a new interview with the author, in celebration of her centennial birthday—the delectable escapades of Hollywood legend Olivia de Havilland, who fell in love with a Frenchman—and then became a Parisian In 1953, Olivia de Havilland—already an Academy Award-winning actress for her roles in *To Each His Own* and *The Heiress*—became the heroine of her own real-life love affair. She married a Frenchman, moved to Paris, and planted her standard on the Left Bank of the River Seine. It has been fluttering on both Left and Right Banks with considerable joy and gaiety from that moment on. Still, her transition from Hollywood celebrity to parisienne was anything but easy. And in *Every Frenchman Has One*, her skirmishes with French customs,

French maids, French salesladies, French holidays, French law, French doctors, and above all, the French language, are here set forth in a delightful and amusing memoir of her early years in the "City of Light." Paraphrasing Caesar, Ms. de Havilland says, "I came. I saw. I was conquered."

Victorian Domesticity Charles Strickland 2002-08-06 The subject of Victorian Domesticity is family life in America. The life and works of Louisa May Alcott served as the vehicle for exploring and analyzing this subject. Although Alcott was deeply influenced by popular currents of sentimentality, her own experience exposed her to the confusions and contradictions generated when sentiment confronted the reality of life in 19th-century America. In the first chapter Strickland outlines the ways in which sentimentality colored the perception of 19th-century Americans about such issues as courtship, marriage, the relationship between the sexes, generational relationships, and the relationship between the nuclear family and the community outside the family. Chapters two and three trace Alcott's childhood and adolescent experiences, exploring the tensions that developed between Louisa and her father, and detailing the ways in which she carried the double burden of being both poor and female as she sought her identity as a writer. The following six chapters treat the varieties of family life that appear in Alcott's stories, the impact of feminism on her life, and her emphasis on the importance of child nurture. In the final two chapters the author treats the relationships that Alcott perceived between the family and the world around it and assesses the legacy of the Victorian family idea.

Mary Elizabeth Braddon Anne-Marie Beller 2012-10-18 An important figure in the development of crime fiction, Mary Elizabeth Braddon (1835-1915) wrote more than 80 novels, numerous plays, poems, essays and short stories, and edited two magazines during her 55-year literary career. Her bestselling *Lady Audley's Secret* secured her reputation as a leading "sensation novelist." Mnemosyne Larry L. Franklin 2013-07 Memory is our most treasured asset. Seldom has such a complex subject been presented in a compelling narrative, where the intellect, the curious, and the recipient of horrific memories can grasp its meaning. *Mnemosyne: A Love Affair with Memory* is such a story. The two main characters, Larry L. Franklin and Richard Semon, lived in different centuries on opposite sides of the world, with memory as the common obsession that ties the two stories together. Franklin was diagnosed with post traumatic stress disorder brought on by physical and sexual childhood abuse. He had lived for decades without knowing the cause of his misery. If not for his mother's revelations, he might never have seen the memories that nearly cost him his sanity. Long-term therapy, self-exploration, and an able psychotherapist brought him back from the dark side. Richard Semon was a world-renowned nineteenth-century evolutionary biologist. His reputation crumbled when he fell in love with a fellow professor's wife, who chose to leave her husband and children for a life with Richard. The university fired Richard, his peers turned away, and the one-time-professor turned private-thinker/philosopher dedicated the remainder of his life to the study of memory. Peer rejection and the later death of his wife drove Richard into a deep depression followed by suicide. This is a work of creative nonfiction written in the form of a hybrid memoir. The complexities of memory, together with the mysteries of a spiritual journey, yearned for an approach different from the strictly fact-based, nonmetaphorical strategies most common in nonfiction. Long before the written word, the ancient Greeks conveyed the complications of mortal life and left veiled advice for future generations through stories, myths, and legends. They brought human qualities and quests to life through the exploits of an assortment of gods, goddesses, and other mythological creatures. Even now, artists sometimes use Greek mythology to explain the seemingly unexplainable. I chose *Mnemosyne*, the goddess of memory, as a conduit for the deeper, more abstract aspects of my own and Richard Semon's navigation of the spiritual world. Personifying memory as the Greeks did seemed appropriate to my quest, as it was to Richard Semon's. Writers of memoir depend on their relationship to memory, are smitten with it, are obsessed by it, and chase it down the halls of recollection, always in pursuit of an entity that disappears around every next corner, much like an elusive lover who bids the beloved to come hither, but who then flees, disappearing and reappearing in a seemingly endless chase. When memory finally turns to face the one chasing her, the embrace can be both wonderful and terrible. This was so for Richard Semon, and it was so for me. Memory reaches back in time and challenges the accuracy of what one recalls in

that embrace. I wrote what I remember; nothing more, nothing less.

Everybody: A Book about Freedom Olivia Laing 2021-05-04 "Astute and consistently surprising critic" (NPR) Olivia Laing investigates the body and its discontents through the great freedom movements of the twentieth century. The body is a source of pleasure and of pain, at once hopelessly vulnerable and radiant with power. In her ambitious, brilliant sixth book, Olivia Laing charts an electrifying course through the long struggle for bodily freedom, using the life of the renegade psychoanalyst Wilhelm Reich to explore gay rights and sexual liberation, feminism, and the civil rights movement. Drawing on her own experiences in protest and alternative medicine, and traveling from Weimar Berlin to the prisons of McCarthy-era America, Laing grapples with some of the most significant and complicated figures of the past century—among them Nina Simone, Christopher Isherwood, Andrea Dworkin, Sigmund Freud, Susan Sontag, and Malcolm X. Despite its many burdens, the body remains a source of power, even in an era as technologized and automated as our own. Arriving at a moment in which basic bodily rights are once again imperiled, *Everybody* is an investigation into the forces arranged against freedom and a celebration of how ordinary human bodies can resist oppression and reshape the world.

The Charisma Myth Olivia Fox Cabane 2013-03-26 What if charisma could be

taught? The charisma myth is the idea that charisma is a fundamental, inborn quality—you either have it (Bill Clinton, Steve Jobs, Oprah) or you don't. But that's simply not true, as Olivia Fox Cabane reveals. Charismatic behaviors can be learned and perfected by anyone. Drawing on techniques she originally developed for Harvard and MIT, Cabane breaks charisma down into its components. Becoming more charismatic doesn't mean transforming your fundamental personality. What I Had Before I Had You Sarah Cornwell 2014-01-07 A woman must face the truth about her past in this luminous, evocative novel of parents and children, guilt and forgiveness, memory and magical thinking. Olivia Reed was fifteen when she left her hometown of Ocean Vista on the Jersey Shore. Two decades later, divorced and unstrung, she returns with her teenage daughter, Carrie, and nine-year-old son, Daniel, recently diagnosed with bipolar disorder. Distracted by thoughts of the past, Olivia fails to notice when Daniel disappears from her side. Her frantic search for him sparks memories of the summer of 1987, when she exploded out of the cocoon of her mother's fierce, smothering love and into a sudden, full-throttle adolescence, complete with dangerous new friends, first love, and a rebellion so intense that it utterly recharted the course of her life. Olivia's mother, Myla, was a practicing

psychic whose powers waxed and waned along with her mercurial moods. Myla raised Olivia to be a guarded child, and also to believe in the ever-present infant ghosts of her twin sisters, whom Myla took care of as if they were alive—diapers, baby food, an empty nursery kept like a shrine. At fifteen, Olivia saw her sisters for the first time, not as ghostly infants but as teenagers on the beach. But when Myla denied her vision, Olivia set out to learn the truth—a journey that led to shattering discoveries about herself and her family. Sarah Cornwell seamlessly weaves together the past and the present in this riveting debut novel, as she examines the relationships between mothers and daughters, and the powerful forces of loss, family history, and magical thinking.
