Book Details: 40 iconic quotes on unique coloring patterns Printed single-sided on bright white paper Hilarious Gordon Ramsay illustrations on reverse pages The perfect gag gift for special occasions For adults only (NOT FOR CHILDREN)

The Politics of Reproduction Katherine Paugh 2017-04-21 Many British politicians, planters, and doctors attempted to exploit the fertility of Afro-Caribbean women's bodies in order to ensure the economic success of the British Empire during the age of abolition. Abolitionist reformers hoped that a

homegrown labor force would end the need for the Atlantic slave trade. By establishing the ubiquity of visions of fertility and subsequent economic growth during this time, *The Politics of Reproduction* sheds fresh light on the oft-debated question of whether abolitionism was understood by contemporaries as economically beneficial to the plantation colonies. At the same time, Katherine Paugh makes novel assertions about the importance of Britain's Caribbean colonies in the emergence of population as a political problem. The need to manipulate the labor market on Caribbean plantations led to the creation of new governmental strategies for managing sex and childbearing, such as centralized nurseries, discouragement of extended breastfeeding, and financial incentives for childbearing, that have become commonplace in our modern world. While assessing the politics of reproduction in the British Empire and its Caribbean colonies in relationship to major political events such as the Haitian Revolution, the study also focuses in on the island of Barbados. The remarkable story of an enslaved midwife and her family illustrates how plantation management policies designed to promote fertility affected Afro-Caribbean women during the late eighteenth and early nineteenth centuries. *The Politics of Reproduction* draws on a wide variety of sources, including debates in the British Parliament and the Barbados House of Assembly, the records of Barbadian plantations, tracts about plantation management published by doctors and plantation owners, and missionary records related to the island of Barbados.

Netter's Anatomy Coloring Book John T. Hansen 2019 "Learn and master anatomy with ease, while having fun, through the unique approach of Netter's Anatomy Coloring Book, 2nd Edition. You can trace arteries, veins, and nerves through their courses and bifurcations ... reinforce your understanding of muscle origins and insertions from multiple views and dissection layers ... and develop a better understanding of the integration of individual organs in the workings of each body system throughout the human form. Whether you are taking an anatomy course or just curious about how the body works, let the art of Netter guide you!"--Publisher's website.

The Structure of Political Geography Roger E. Kasperson 2011 This volume seeks to provide a sense of purpose and order to the study of political geography. The editors devise a conceptual structure for the field, bringing political geography into line with trends in contemporary geography as a whole and with other social sciences. Not only do the selections contain a wide variety of contributions from other fields, but the introductory essays and annotated bibliographies suggest related research. The structure of the book enjoys close parallels in other social sciences. The organization of the book reflects the editors' definitions and structuring of political geography. Part I, "Heritage," includes works that have contributed to the theoretical development of the field. Part II, "Structure," comprises the concern to which political geographers have devoted most of their past attention. Parts III and IV, "Process" and "Behavior," form the subject where much future theoretical and practical effort is needed. Part V, "Environment," provides the context in which spatial structure, process, and behavior occur. "The Structure of Political Geography" includes selections from sociobiology, history, international relations, political economy, political science, social psychology, and sociology. The classics in the field are an essential inclusion since the book would be incomplete without them. The selections in the volume, originally published in 1971, remain useful and pertinent to political geographers of diverse persuasion and to social scientists interested in geographical approaches. The fact that there is a clear focus and conceptual interdependence in political geography is the volume's greatest contribution.

Andy Warhol Coloring Book Mudpuppy 2016-01-19 Mudpuppy's Andy Warhol Coloring Book features the iconic pop artist's greatest hits ready to be colored in and customized by young artists. The Reverse Coloring Book™ Kendra Norton 2021-08-31 Coloring books became a thing when adults discovered how relaxing and meditative they were. Jigsaw puzzles roared back into popularity as an

immersive activity, not to mention a great alternative to television. How exciting is it, then, to introduce an activity that tops them both: reverse coloring, which not only confers the mindful benefits of coloring and puzzling but energizes you to feel truly creative, even when you're weary and just want to zone out. It's so simple, yet so profoundly satisfying. Each page in *The Reverse Coloring Book* has the colors, and you draw the lines. Created by the artist Kendra Norton, these beautiful and whimsical watercolors provide a gentle visual guide so open-ended that the possibilities are limitless. Trace the shapes, draw in figures, doodle, shade, cover an area with dots. Be realistic, with a plan, or simply let your imagination drift, as if looking at clouds in the sky. Each page is an invitation to slow down, let go, and thoughtfully (or thoughtlessly) let your pen find its way over the image. *The Reverse Coloring Book* includes 50 original works of art, printed on sturdy paper that's single-sided and perforated. And unlike with traditional coloring books, all you need is a pen.

The Children of Africa in the Colonies Melanie J. Newton 2008-06 How emancipation transformed social and political relations in Barbados When a small group of free men of color gathered in 1838 to celebrate the end of apprenticeship in Barbados, they spoke of emancipation as the moment of freedom for all colored people, not just the former slaves. The fact that many of these men had owned slaves themselves gives a hollow ring to their lofty pronouncements. Yet in *The Children of Africa in the Colonies*, Melanie J. Newton demonstrates that simply dismissing these men as hypocrites ignores the complexity of their relationship to slavery. Exploring the role of free blacks in Barbados from 1790 to 1860, Newton argues that the emancipation process transformed social relations between Afro-Barbadians and slaves and ex-slaves. Free people of color in Barbados genuinely wanted slavery to end, Newton explains, a desire motivated in part by the realization that emancipation offered them significant political advantages. As a result, free people's goals for the civil rights struggle that began in Barbados in the 1790s often diverged from those of the slaves, and the tensions that formed along class, education, and gender lines severely weakened the movement. While the populist masses viewed emancipation as an opportunity to form a united community among all people of color, wealthy free people viewed it as a chance to better their position relative to white Europeans. To this end, free people of color refashioned their identities in relationship to Africa. Prior to the 1820s, Newton reveals, they downplayed their African descent, emphasizing instead their legal status as free people and their position as owners of property, including slaves. As the emancipation debate in the Atlantic world reached its zenith in the 1820s and 1830s and whites grew increasingly hostile and inflexible, elite free people allied themselves with the politics of the working class and the slaves, relying for the first time on their African heritage and the association of their skin color with slavery to openly challenge white supremacy. After emancipation, free people of color again redefined themselves, now as loyal British imperial subjects, casting themselves in the role of political protectors of their ex-slave brethren in an attempt to escape social and political disenfranchisement. While some wealthy men of color gained political influence as a result of emancipation, the absence of fundamental change in the distribution of land and wealth left most men and women of color with little hope of political independence or social mobility. Mining a rich vein of primary and secondary sources, Newton's study elegantly describes how class divisions and disagreements over labor and social policy among free and slave black Barbadians

led to political unrest and devastated the hope for an entirely new social structure and a plebeian majority in the British Caribbean.

Once We Were Slaves Laura Arnold Leibman 2021-07-12 An obsessive genealogist and descendent of one of the most prominent Jewish families since the American Revolution, Blanche Moses firmly believed her maternal ancestors were Sephardic grandees. Yet she found herself at a dead end when it came to her grandmother's maternal line. Using family heirlooms to unlock the mystery of Moses's ancestors, *Once We Were Slaves* overturns the reclusive heiress's assumptions about her family history to reveal that her grandmother and great-uncle, Sarah and Isaac Brandon, actually began their lives as poor Christian slaves in Barbados. Tracing the siblings' extraordinary journey throughout the Atlantic World, Leibman examines artifacts they left behind in Barbados, Suriname, London, Philadelphia, and, finally, New York, to show how Sarah and Isaac were able to transform themselves and their lives, becoming free, wealthy, Jewish, and--at times--white. While their affluence made them unusual, their story mirrors that of the largely forgotten population of mixed African and Jewish ancestry that constituted as much as ten percent of the Jewish communities in which the siblings lived, and sheds new light on the fluidity of race--as well as on the role of religion in racial shift--in the first half of the nineteenth century.

I Love My Hair Andrea Pippins 2015-11-10 For fans of Johanna Basford's *Secret Garden* and *Enchanted Forest* comes a hip, gorgeous doodle coloring book about all things hair. Unlike other adult coloring books, which depict nature scenes and cityscapes, this title celebrates strong, confident women with a passion for style, design, and fashion. Revel in the mesmerizing patterns and intricate details of Andrea Pippins's delicate pen-and-ink illustrations, ready for you to color, complete, and embellish. Lose yourself in page after page of bold hairstyles and accessories, from rows of braids, to Mohawks, to sweeping updos, to cascades of ribbons and beads. Be transported to another world as you ink in Medusa's slithering coiffure, Cleopatra's elaborate headdress, and Marie Antoinette's towering bouffant. Perfect for experienced color-inners and newcomers alike. Coloring enthusiasts of all ages will love this empowering and stylish book. So go ahead--let your hair down, grab some pens or pencils, and add some color to your life. "Pippins's imaginative images will inspire your inner artist and fashionista." --The Huffington Post "The girl power stress-reliever we all needed." --Bustle

Caribbean Islands Romel Hernandez 2015-01-01 Thousands of islands, large and small, are scattered throughout the warm waters of the Caribbean Sea. The largest of these islands are Cuba, Jamaica, Hispaniola (shared by Haiti and the Dominican Republic), and Puerto Rico; together, they are known as the Greater Antilles. Smaller islands include Barbados and Dominica; groups of islands include the Bahamas, the British and U.S. Virgin Islands, and the Leeward and Windward Islands. Approximately 42 million people live in the Caribbean. The culture of the region is a fascinating blend of native, European, and African influences that can vary widely from island to island. Readers of this book are invited to discover the countries of the Caribbean: their history, natural features, economies, people and cultures, and important cities. There's a lot to discover about the Caribbean! Each title in this series contains color photos, maps, a chronology of events related to the country, recipes, list of festivals, ideas for projects and reports, and back matter including: an index, further reading lists for books and internet resources, and a series glossary. Mason Crest's editorial team has placed Key Icons to Look for throughout the books in this series in an effort to encourage library readers to build knowledge, gain awareness, explore possibilities and expand their viewpoints through our content rich non-fiction books. Key Icons are as follows: Words to Understand are shown at the front of each chapter with definitions.

These words are then used in the prose throughout that chapter, and are emboldened, so that the reader is able to reference back to the definitions- building their vocabulary and enhancing their reading comprehension. Sidebars are highlighted graphics with content rich material within that allows readers to build knowledge and broaden their perspectives by weaving together additional information to provide realistic and holistic perspectives. Text Dependent Questions are placed at the end of each chapter. They challenge the reader's comprehension of the chapter they have just read, while sending the reader back to the text for more careful attention to the evidence presented there. Research Projects are provided at the end of each book and provide readers with suggestions for projects and reports that encourage deeper research and analysis. A Series Glossary of Key Terms is included in the back matter contains terminology used throughout the series. Words found here broaden the reader's knowledge and understanding of terms used in this field.

Bible Book for People of Color Deborah Thornton 2007-07-01 This beautiful book is intended to teach you who you are, where you come from, and where you are going. This book will also teach you how to love yourself and others regardless of race, religion, creed, or color. This book is not about racism, but about love. Let's obey God's law. Love if the law of God, and each of us is made in the image and likeness of our Heavenly Father. We are all his children. It is time for all of God's children to come together. Our future lies in the hands of our youth. Let's teach them how to love and get along with others. Believe it or not, there are a lot of ignorant people who believe that it is OK to hate someone based only on the color of their skin. Well it's not OK. Never judge anyone based on the color of their skin. Judge them by their personality. The Bible teaches us never to judge according to appearance. God created this world for all of us, not just for one race. We all need God, God doesn't need us. We are all a part of God's rainbow. We are all God's offspring.

Veterinary Anatomy Coloring Book Baljit Singh 2015-03-12 Color your way to a complete mastery of veterinary anatomy with *Veterinary Anatomy Coloring Book*, 2nd Edition. Approximately 400 easy-to-color illustrations and corresponding anatomical descriptions guide you through the head, neck, back, thorax, abdomen, extremities, reproductive organs, and many more body parts of dogs, cats, horses, pigs, cows, goats, and birds. Plus, a new section on exotics takes you through the anatomy of ferrets, rodents, rabbits, snakes, and lizards to ensure you are well versed in all potential household pets. With this vivid change-of-pace study tool, you have the freedom to master veterinary anatomy in a fun and memorable way. Over 400 easy-to-color illustrations created by expert medical illustrators shows anatomy in detail and makes it easy to identify specific structures for an entertaining way to learn veterinary anatomy. Regional section organization (the head and ventral neck; neck, back, and vertebral column; thorax; abdomen; pelvis and reproductive organs; forelimb; and hindlimb) allows students to easily compare the anatomy of multiple species. Numbered lead lines clearly identify structures to be

colored and correspond to a numbered list beneath the illustration. NEW! Section on exotics covers the anatomy of ferrets, rodents, rabbits, snakes and lizards in addition to the anatomy of dogs, cats, horses, pigs, cows, goats, and birds.

Start Exploring: Gray's Anatomy Freddy Stark 2011-05-03 Winner: Parents' Choice "Doing and Learning" Award For those who find the human body to be a fascinating biological machine, look no further! Ruby Charm Colors Big Book of Color Charts Susan Carlson 2020-10-08 The Ruby Charm Colors Big Book of Color Charts is ideal for: Keeping your swatches organized Choosing the perfect hue or color combo Tracking what you have & what you need This colored pencil chart book for adult coloring book and colored pencil enthusiasts is useful for those wanting all of their coloured pencils, pastels, inks, watercolor pencils, gel pens and markers swatched in one handy book. 27 pre-labeled charts for popular colored pencil brands Pre-labeled charts for pastel pencils, ink, watercolor pencils & markers Blank charts by color family (reds, oranges, etc.) Blanks charts for extra brands & color combos Black black charts for swatching light colors Room for notes A few fun designs to color Basic color theory (inside) with color wheel (back cover) COLORED PENCIL BRAND CHARTS: Arteza Expert Black Widow Blick Studio Bruynzeel Design Caran d'Ache Luminance Caran d'Ache Pablo Castle Arts Cezanne Chameleon Color Tones Derwent Artists Derwent Coloursoft Derwent Drawing Derwent Lightfast Derwent Procolour Derwent Studio Faber-Castell Polychromos Holbein Koh-I-Noor Polychrome Lyra Rembrandt Polychrome Marco Raffine Marco Renoir Mitsubishi Uni Prismacolor Premier + Verithin Schpirerr Farben Tombow Irojiten Special Luminance & Lightfast Combo PASTEL PENCIL CHARTS: Caran d'Ache; Derwent; Faber-Castell; Koh-I-Noor; Stabilo INK CHARTS: Dr. Ph. Martin and Tim Holtz Distressed WATERCOLOR PENCIL CHARTS: Arteza; Bruynzeel; Caran d'Ache Museum, Neocolor II & Supracolor; Derwent Graphitint; Derwent Inktense; Derwent Watercolor; Faber-Castell Albrecht Dürer MARKER CHARTS: Arteza Real Brush Pens; Copics; Faber-Castell Pitt Artist Pens; Spectrum Noir Illustrator Markers; Tombow Dual Brush Pens Charts organized by color family let you swatch all your reds on one page, blues on another, etc. which is helpful when looking for the perfect hue regardless of brand. IMPORTANT: watercolor and marker pages have black-backed pages to minimize bleed-through. The paper in this book (depending on where it was printed) is fairly tough, but obviously thinner than watercolor paper. Colors can look splotchy until completely dry. We recommend using a sheet of card stock or plastic to help protect the pages underneath from colors bleeding through as well as potential rub-through of pencil pigments while swatching. You can make PERSONAL COPIES of the charts you plan to use onto your favorite paper or card stock if the paper in this book feels too thin for your needs, or, if you just want to put those pages of the charts you are using into a ring binder for safe keeping. You can also deconstruct this book for ease of use, so feel free to take it apart, keep the pages you are using in one binder, and store the rest in case you need them later. Many office supply stores (and FedEx service centers) will remove the spine and even spiral-bind or punch holes in the book for you for a small fee. If you choose to do it yourself, I have a step-by-step tutorial using another book (Creative Companion Book Binding DIY) on my blog at rubycharmcolors.com. Or keep it as is--the choice is yours!

Downloaded from avenza-dev.avenza.com
