Mice & Mendelson Joan Aiken 2015-12-01 The hilarious adventures of an elderly pony named Mr. Mendelson and his 2 piano-playing field mice friends In a wild, remote place called Midnight Park, there lives an elderly Orkney pony named Mr. Mendelson. He is only 3 feet tall, is black all over, and has a big, handsome head. For years, Mendelson has been ridden by Sam, who is now old enough to go away to boarding school. But before he leaves, Sam asks his grandfather to buy Mendelson a piano. Not for Mendelson, because everyone knows horses can't play the piano, but for Mendelson's friends Gertrude and Bertha—2 talented field mice who were taught to play by a musician who lives in the park. Delighted when the piano is placed under a large oak tree, the mice promise Mendelson a concert at 6 p.m. every night. With 7 enchanting tales, *Mice & Mendelson* takes readers into the rich world of these farmyard friends. In 1 story, the old pony gets a bad case of the hiccups. In another, he learns to tell time with the help of Gertrude and Bertha, who wind his watch every day. In further adventures, Mendelson saves the moon from drowning in the pond and the village Christmas trees from being stolen. But what Mendelson really wants is to learn how to fly, and surprisingly his wish almost comes true—no thanks to the wicked ways of the scheming gypsy Dan Sligo! This ebook features illustrations by Babette Cole and a personal history of Joan Aiken including rare images from the author's estate.

Imagology Manfred Beller 2007-01-01 How do national stereotypes emerge? To which extent are they determined by historical or ideological circumstances, or else by cultural, literary or discursive conventions? This first inclusive critical compendium on national characterizations and national (cultural or ethnic) stereotypes contains 120 articles by 73 contributors. Its three parts offer [1] a number of in-depth survey articles on ethnic and national images in European literatures and cultures over many centuries; [2] an encyclopedic survey of the stereotypes and characterizations traditionally ascribed to various ethnicities and nationalities; and [3] a conspectus of relevant concepts in various cultural fields and scholarly disciplines. The volume as a whole, as well as each of the articles, has extensive bibliographies for further critical reading. Imagology is intended both for students and for senior scholars, facilitating not only a first acquaintance with the historical development, typology and poetics of national stereotypes, but also a deepening of our understanding and analytical perspective by interdisciplinary and comparative contextualization and extensive cross-referencing.

Signs of the Apostles Walter J. Chantry 2014-04-17 This short work is written with clarity and vigour. It carefully distinguished some kinds of charismatically-inclined Christians from others. It poses questions with which every Church member is faced. Chantry's answers tally with those of the greatest leaders of the Church during the Christian centuries. From Psalm 85 he outlines the true character of revival, and closes the book with material drawn from the Great Awakening of the 18th century.

In the Circle of Time Margaret J. Anderson 2019-11-18 In this compelling time-slip novel, a girl and a boy from the present day are carried through the Circle of Time to the twenty-second century. There they are caught up in the struggle of a peace-loving people trying to protect their simple and humane way of life from the assaults of a barbaric mechanized society who would conquer and enslave them. Through rich layers of time and meaning, Margaret Anderson has woven an intriguing tale in which the present becomes the past and the future is now.
