While trading, have you ever wondered:1.What is market going to do next?2.How can you position yourself around that so that probability of profit is maximum?3.What should be the ideal position-sizing so that you do not lose big.4.What should be the ideal option strategy, Risk: Reward, probability of winning?5.How to handle worst-case scenarios and come out unscathed. Definitive Guide to Advanced Option Trading is answer to all these questions. When we execute a trade, it can result in: Big Win, Small Win, Break-Even, Small Loss & BIG LOSS. This book teaches you how to avoid the Big Loss and you automatically become profitable in the long run.

Option Trading For Everyone Javier Domínguez Jiménez 2020-09-10 The world of Financial Options can be quite confusing when facing with the different concepts that abound in it. However, due to the enormous versatility that exists, it has been proven that trading with financial options is one of the most profitable ways to trade.Options are a fundamental tool that we must know if we want to be truly successful in the market, since they perfectly complement stocks, creating the opportunity to carry out

spectacularly profitable strategies. For example, did you know that with options, it is possible to face half the risk in a trade compared to the one that a shareholder is exposed to? Also, did you know that there are ways to collect a profit when you have a portfolio of stocks that are not producing the results you expected? Unfortunately, a shareholder who is not familiar with this market does not have access to information of this caliber, which can be extremely useful and productive. This and much more is precisely what you will learn in this volume.
