The Custodian of Trust Rajnish Kumar 2021-10-18 He was silently managing the crisis in India's banking sector then. Now he shares these stories in his memoir. It began from a modest house in one of the narrowest lanes of the old city of Meerut. From being a probationary officer in the State Bank of India (SBI) in 1980 to its Chairman in 2017, Rajnish Kumar had an amazingly interesting journey in which he saw the many changes in India's banking sector that greatly impacted the country and its economy. As the Chairman of SBI, Kumar recounts, his term was rather momentous as the period-from 2017 to 2020-during which he shouldered this responsibility was rather unique under any circumstances. The Indian banking sector was going through one of its most tumultuous phases. The problem of non-performing loans (NPLs) had severely impacted the balance sheet and profitability of banks, especially those in the public sector. In the aftermath of demonetization, the YES Bank fiasco, the crisis in Jet Airways and NPLs, among others, *The Custodian of Trust* is a candid memoir by the former Chairman of India's largest commercial bank. Anecdotal, engaging and evocative, this book is an unputdownable memoir of a former banker.

Flamin' Hot Richard Montanez 2021-06-15 Read the story everyone is talking about: how a janitor struggling to put food on the table invented Flamin' Hot Cheetos in a secret test kitchen, breaking barriers and becoming the first Latino frontline worker promoted to executive at Frito-Lay. Richard Montañez is a man who made a science out of walking through closed doors, and his success story is an empowerment manual for anyone stuck in a dead-end job or facing a system stacked against them. Having taken a job mopping floors at Frito-Lay's California factory to support his family, Montañez took his future into his own hands and created the world's hottest snack food: Flamin' Hot Cheetos. This bold move not only disrupted the food industry with some much-needed spice, but also shook up a corporate culture in which everyone stayed in their lane. When a top food scientist at Frito-Lay sent out a memo telling sales and marketing to kill the new product before it made it to the store shelves—jealous that someone with no formal education beyond the sixth grade could do his job—Montañez was forced to go rogue once again to save his idea. Through creative thinking, community building, and a few powerful mindset shifts, he outsmarted the naysayers who tried to get in his way. Flamin' Hot proves that you can break out of your career rut and that your present circumstances don't have to dictate your future.
