Color Me Orange Nancy McLoughlin 2011-08 Owen Orange discovers that he's disliked by the owner of his crayon box, so he is never selected to help make beautiful pictures. Because he is relegated to life lived only in his crayon box house, he is unable to join in on the fun coloring activities going on in the classroom. Even though his color friends describe the classroom, the lovely pictures, the teacher, and the children for him, it's just not the same as seeing them for himself. One day, though, he meets Madeline, and he discovers that he is just as special as all the other crayons in his box.

Looking Good . . . Every Day Nancy Nix-Rice 2014-09-01 Any woman can look and feel lovely, regardless of her age, bank balance, or pant size, and *Looking Good . . . Every Day* defines a simple yet sophisticated standard for women to determine exactly which clothes and accessories will showcase their unique beauty. The “points of connection” method explains that the more characteristics that exist in common between a woman and her outfit, the more lovely she will look. It shifts emphasis from hiding her perceived figure challenges and focuses on spotlighting her personal assets. By choosing wardrobe additions in this way, everything in her closet will work together. She has more outfits from fewer garments, allowing her to buy higher-quality garments without increasing her budget. Photography of real women—ranging from 22 to 80 years old and from size 4 to 24—illustrates the universal impact “points of connection” make in their appearance.

The Warren Commission Report President's Commission on the Assassination of President Kennedy 2020-07-03 Warren Commission Report is the result of the investigation regarding the assassination of United States President John F. Kennedy. The U.S. Congress passed Senate Joint Resolution 137 authorizing the Presidential appointed Commission to report on the assassination of President John F. Kennedy, mandating the attendance and testimony of witnesses and the production of evidence. After eleven months of the investigation the Commission presented its findings in 888-page final report. The key findings presented in this report were that President Kennedy was assassinated by Lee Harvey Oswald, that Oswald acted entirely alone and that Jack Ruby also acted alone when he killed Oswald two days later. The Commission's findings have proven controversial and have been both challenged and supported by later studies.

One Day and One Amazing Morning on Orange Street Joanne Rocklin 2011-04-01 When a mysterious man arrives one day on Orange Street, the children who live on the block try to find out who he is and why he's there. Little do they know that his story—and the story of a very old orange tree—connects to each of their personal worries in ways they never could have imagined. From impressing friends to dealing with an expanding family to understanding a younger sibling's illness, the characters' storylines come together around that orange tree. Taking place over the course of a day and a half, Joanne Rocklin's masterful novel deftly builds a story about family, childhood anxieties, and the importance of connection. In the end the fate of the tree (and the kids who care for it) reminds us of the magic of the everyday and of the rich history all around us. Praise for *One Day and One Amazing Morning on Orange Street* STARRED REVIEWS "Unfolding in one day's time, the story recounts how secrets are revealed, curiosity is satisfied and wishing becomes hope because the spirit and ties of friendship and community are resilient and strong. Fully realized characters and setting definitely make this one morning on Orange Street amazing." -Kirkus Reviews, starred review "Fascinating and thought-provoking, the writing has a gentle cadence, richness in detail, and is charged with emotion. The book, like the oranges on the Orange Street tree, presents segments of life that are both sweet and tart and sure to satisfy." -School Library Journal, starred review "A touching story, beautifully told in multiple viewpoints." -Booklist "Each chapter focalizes the third-person narration through a particular child, and the book weaves the singular tales into a larger story about a community that is pleasingly quirky but still believable. Readers and parents looking for some wholesome sweetness will want to make a visit to Orange Street." -The Bulletin of the Center for Children's Books AWARD: Pennsylvania School Librarians Association (PSLA) Young Adult Top Forty list

Colours of the Soul June Mcleod 2012-09-21 Colors are all around us, but also within us. We not only have our favorite colours, our auras have their own color. Our chakras have their different colors. Tuning in to our colors rebalances our selves with nature and each other. Finding our right color has implications for the way we dress, how we decorate our homes, even the food we eat. Use the color inset and the exercises in this book to find the right colors for you in different situations. Become color intelligent, and live a glorious life of kaleidoscopic color rather than a monochrome existence.

Color Him Orange Scott Pitoniak 2011-11-01 In "Color Him Orange: The Jim Boeheim Story," award-winning sports columnist and best-selling author Scott Pitoniak identifies the sources of Basketball Hall of Fame coach Jim Boeheim's fierce competitive drive and loyalty to Syracuse. The book also examines the people who shaped Boeheim as a person and a coach, the great players he has coached, and his incredible devotion to raising money in hopes of eradicating cancer--which claimed both of his parents' lives, and has also victimized Boeheim himself.

10 Essential Foods Lalitha Thomas 2015-02-25 Well-balanced, nutritious foods are an important focus for healthy lifestyles. Thomas has narrowed her focus to 10 essential foods for optimal health and well-being. She lists them early in her book and discusses each food's reason for being a part of the list. Each food listed is significant in its ability to provide healthy dosages of either beta carotene, essential amino acids, disease-preventing phytochemicals, calcium, and vitamin B-12, among others. Thomas' writing is factual and straightforward, with a touch of humor to make the book more palatable. She provides a wealth of information on each of her chosen ten essential foods, and then provides an additional chapter on meat, poultry, and dairy. While her focus is primarily on a vegetarian lifestyle, she does give healthy possibilities for those still desiring to include these foods as part of their diet. Two other positive additions to each chapter include a "Lalitha Rants" section where she shares stories in an exasperated nature about health concerns she feels are either misdiagnosed or misinformed to the general public. Much can be learned from her tirades! Also, each chapter includes kid-friendly recipes so that children can incorporate healthy eating habits at a young age. Finally, a useful bibliography lists relevant sources quoted in the book and gives suggestions for other helpful cookbooks and resources. Medical clinics, supplies, recommended products, health accessories, ten essential snacks, and survival choice listings are also listed, making this book thorough and highly informative. Much talk about the importance of organic vegetables and fruits is discussed. This is a follow-up to 10 Essential Herbs, also regarded by many as a valid guidebook for health.
